Plan Administrator  
DataVox Inc. 401(k) Profit Sharing Plan & Trust  
Houston, Texas

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the DataVox Inc. 401(k) Profit Sharing Plan & Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

August 15, 2025  
DataVox Inc. 401(k) Profit Sharing Plan & Trust

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions and maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

August 15, 2025  
DataVox Inc. 401(k) Profit Sharing Plan & Trust

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

August 15, 2025  
DataVox Inc. 401(k) Profit Sharing Plan & Trust

### **Other Matter - Supplemental Schedule Required by ERISA**

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**DATAVOX INC. 401(k) PROFIT SHARING PLAN & TRUST**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

**Note 1 - Plan Description**

The following description of the DataVox Inc. 401(k) Profit Sharing Plan & Trust (the Plan) is provided for general information only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

**General**

The Plan is a defined contribution plan which was established on August 1, 1997 for eligible employees of DataVox, Inc. (the Company) and related employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Reliance Trust Company serves as the Plan's trustee. An employee of the Company is appointed to serve as the plan administrator and responsible for the oversight of the operation and administration of the Plan.

**Eligibility**

The plan is provided for all eligible employees, as defined, who are at least 18 years of age and have completed three months of service. Members of a union or a collective bargaining unit are not eligible for the Plan. Employees may enter the Plan on the first day of the month coinciding or following the completion of the eligibility requirements. The Plan includes a savings feature designed to permit the employee and the Company to contribute to the Plan at amounts allowable under Section 401(k) of the Internal Revenue Code (IRC).

**Contributions**

Employee pre-tax and Roth contributions are made to the Plan by electing to contribute a portion of the employee's eligible compensation, as defined, subject to the maximum limits allowed by law. Eligible employees who have attained age 50 before the close of the plan year are eligible to make catch-up contributions subject to the limitations of the IRC.

The Company makes safe harbor matching contributions to all eligible participants, as defined, equal to 100% of an employee's elective deferrals up to a total of 4% of compensation.

The Company also has the option to make employer non-elective discretionary contributions. For the year ended December 31, 2024, the Company did not make non-elective discretionary contributions.

**Participant Accounts**

Separate accounts are maintained for each participant. Upon enrollment in the Plan, participants may direct the investment of their accounts into various investment options offered by the Plan. Participants may change their investment options daily. Under the Plan, earnings and losses are allocated to the participants' accounts daily based on their respective balances in the investments.

See independent auditor's report.

**DATAVOX INC. 401(k) PROFIT SHARING PLAN & TRUST**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**  
**December 31, 2024 and 2023**

**Vesting and Forfeitures**

Participants are always fully vested in their contributions and any safe harbor matching contributions and actual earnings thereon. Employer nonelective discretionary contributions are vested 20% after the first year of service, and then vest 20% each year following, with full vesting occurring after five years of service.

Forfeitures can be used to pay plan expenses or to reduce Company contributions. As of December 31, 2024, and 2023, there were \$4,860 and \$4,680 of available forfeitures, respectively. For the year ended December 31, 2024, no forfeitures were utilized to offset Company contributions or pay plan expenses.

**Benefit Payments**

Distributions may be made to participants or their beneficiaries upon termination of employment, retirement, disability or death. The distribution may be made as a lump-sum payment, partial withdrawal, or installment payments. Under certain circumstances, plan participants may withdraw the value of their account while still employed for reasons of financial hardship, upon the attainment of age 59½, or for other reasons as permitted by the plan document. Upon termination, participants with an account balance of \$1,000 or less receive an automatic lump sum distribution from the Plan. For participants who terminate with an account balance of more than \$1,000 but less than \$7,000, the plan administrator makes a direct rollover into an individual retirement account. Upon withdrawal from the Plan or termination of employment, participants may be subject to federal income taxes on contributions and income earned.

**Notes Receivable from Participants**

Notes receivable from participants are loans to participants secured by the vested portion of their respective accounts. Participants may borrow from their accounts up to a maximum amount equal to the lesser of \$50,000 reduced by any outstanding loan balance, if any, during the previous twelve months or 50% of their vested interest in the Plan. The minimum loan is \$1,000. Loans bear interest at the Prime rate plus 1.00%. Principal and interest are generally repaid through payroll deductions. Loans are to be repaid within five years unless the purpose of the loan is to acquire a principal residence, which could then be extended to 30 years. A participant may only have one loan outstanding at any given time.

**DATAVOX INC. 401(k) PROFIT SHARING PLAN & TRUST**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**  
**December 31, 2024 and 2023**

**Note 2 - Accounting Policies**

**Basis of Accounting**

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

**Investment Valuation and Income Recognition**

Investments held by the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes realized gains or losses on investments sold during the year as well as unrealized gains or losses on the investments held at the end of the year.

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2024 or 2023, as the notes are collateralized by the participants' account balances. In general, notes receivable from participants are placed into default in the calendar quarter following the quarter in which no payment on the note is made and such defaults are recognized as distributions based upon the terms of the plan document when a distributable event has occurred.

**Benefit Payments**

Benefit payments are recorded when paid.

**Administrative Expenses**

Administrative expenses incurred in connection with the operation of the Plan are paid by the Plan, unless paid by the Company, at its discretion.

**Use of Estimates**

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

See independent auditor's report.

**DATAVOX INC. 401(k) PROFIT SHARING PLAN & TRUST**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**  
**December 31, 2024 and 2023**

**Risks and Uncertainties**

The Plan provides for investment in various investment securities. Investment securities, in general, are exposed to certain risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the financial statements.

**Subsequent Events**

Management of the Plan evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through August 15, 2025, which is the date the financial statements were available to be issued.

**Note 3 - Information Certified by the Trustee**

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from Reliance Trust Company as of December 31, 2024 and 2023, and for the year ended December 31, 2024, that all of the information provided is complete and accurate. Information included in the financial statements and accompanying notes to the financial statements as to investments, notes receivable from participants, investment income, interest income on notes receivable from participants and all of the related information in the supplemental schedule is presented in reliance solely upon these certifications.

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements, the accompanying notes and the supplemental schedule.

**DATAVOX INC. 401(k) PROFIT SHARING PLAN & TRUST**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**  
**December 31, 2024 and 2023**

**Note 4 - Fair Value Measurements**

GAAP provides a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual Funds:* These funds are valued daily based upon their quoted market prices.

*Common/Collective Trust Fund:* This fund is valued at the net asset value (NAV) of units held by the plan at year-end. The NAV is used as a practical expedient to estimate fair value. The NAV is determined by the custodian of the fund and is based on the fair value of the underlying assets held by the fund. The practical expedient is not used when it is determined to be probable that the investment will be sold for an amount different than the reported NAV.

*Self-Directed Brokerage Account:* This account consists primarily of an interest-bearing cash account and common stocks that are valued daily based on their quoted market prices.

See independent auditor's report.

**DATAVOX INC. 401(k) PROFIT SHARING PLAN & TRUST**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**  
**December 31, 2024 and 2023**

**Note 5 - Federal Income Tax**

The pre-approved plan document adopted by the Plan received an opinion letter from the Internal Revenue Service (IRS) dated October 6, 2020, stating that the pre-approved plan document was in compliance with the applicable requirements of the IRC. The pre-approved plan document has been amended since receiving its IRS letter; however, the plan administrator, through its adoption of the pre-approved plan document, believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**Note 6 - Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions.

**Note 7 - Party-in-Interest Transactions**

Notes receivable from participants qualify as party-in-interest transactions. These transactions are covered by an exemption from the "prohibited transaction" provisions of ERISA and the IRC.
