(1) Name: CBIZ CPAS P.C.

(2) EIN: 43-1947695

**d** The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1)  This form is filed for a CCT, PSA, DCG or MTIA. (2)  It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

**Part IV Compliance Questions**

**4** CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
<b>a</b> Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
<b>b</b> Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? ## Independent Auditors' Report

**To the Plan Administrator  
Primera Engineers ESOP Plan  
Chicago, Illinois**

### ***Opinion***

We have audited the financial statements of the Primera Engineers ESOP Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits-modified cash basis as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits-modified cash basis for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year then ended in accordance with modified cash basis of accounting described in Note 2.

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with modified cash basis of accounting described in Note 2, and for the determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## ***Other Matter - Supplemental Schedules Required by ERISA***

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at year end) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

***Other Matter - Supplemental Schedules Required by ERISA***

As described in Note 2, these financial statements were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

**NOTE 1 - DESCRIPTION OF PLAN**

The following is a brief description of the Primera Engineers ESOP Plan (the "Plan") and provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions, which is available from the plan administrator.

**General**

The Plan was formed effective January 1, 2018, by Primera Engineers, Ltd. (the "Employer", "Company", and "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is an employee stock ownership plan, which is a stock bonus plan designed to satisfy the requirements of sections 401 and 4975(e)(7) of the Code (as herein defined).

The Plan will purchase Company common stock using funds received from the Company. The common stock is held in a trust established under the Plan. As the Plan purchases common stock, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the Code. As of December 31, 2024, all assets have been allocated to participants.

**Eligibility**

Employees of the Company are eligible to participate in the Plan at age 21 and after completing 30 days of continuous service in the Plan year. Entry into the Plan is the first of January or the first of July nearest to the completion of the eligibility requirements. Participants who do not have at least 30 days of continuous service during such Plan year or are not employed on the last working day of a Plan year are generally not eligible for an allocation of Company contributions for such year.

**Contributions**

All contributions are to be invested in Primera Engineers, Ltd., common stock. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Contributions are subject to certain limitations. The Company made contributions of \$463,481 for the year ended December 31, 2024. During the year, the Company made a contribution to the Plan to purchase 40.0 shares of common stock at a cost of \$452,443, along with an additional cash contribution of \$11,038.

**Participant Accounts**

Each participant's account is credited with an allocation of (a) Company contributions, (b) Plan earnings, and (c) Administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account with respect to the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, or sale of substantially all assets, and is notified by the Trustee prior to the time that such rights are to be exercised. Otherwise, the Board of Directors will direct the Trustee as to matters of voting of Company stock.

**Investment Options**

All contributions into the Plan are invested in Primera Engineers Ltd., common stock.

Distributions will be paid out depending on what the participant's employment status is as of the date of distribution.

**Forfeitures**

For the year ended December 31, 2024, \$0 in forfeited shares were reallocated to the remaining participants. There were no forfeitures available for future use as of December 31, 2024 and 2023.

**Vesting**

Vesting of the Employer's discretionary contributions plus earnings thereon is based on various years of service. The vested portion of participant accounts containing discretionary employer contributions will be determined in accordance with the following schedule based upon years of service with the Employer through the date of termination of employment with the Employer:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 Years	0%
2 Years	20%
3 Years	40%
4 Years	60%
5 Years	80%
6 Years	100%

**Diversification**

During a Qualified Participant's first five (5) annual election Periods, each Qualified Participant shall be permitted to make an investment diversification election under the Plan of up to twenty-five percent (25%) of the number of shares of Company Stock credited to his Stock Account (including shares previously cashed out pursuant to an election under this Section); provided, however, a Qualified Participant may make an investment diversification election of up to fifty percent (50%) of the number of shares of Company Stock credited to his Stock Account (including shares previously cashed out pursuant to an election under this Section) in the sixth (6th) Annual Election Period. Each Qualified Participant may make such investment diversification elections in five percent (5%) increments, up to the maximum percentage allowable for the applicable Plan Year during the Qualified Election Period. Provided, however, the Board of Directors from year-to year may determine whether the Company or the ESOP have sufficient assets to allow Qualified Participants to elect a greater percentage of investment diversification than otherwise provided in this Section.

**Put Option**

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting**

The financial statements of the Plan are prepared using the modified cash basis of accounting. Therefore, with the exception of appreciation or depreciation in the fair value of investments, income and expense items are recognized only as cash is received or paid, and receivables, payables, and accrued expenses are not reflected. One exception is for Company contributions applicable to each year that are generally not received until the subsequent Plan year. These contributions are included in the additions for the year in which they apply.

**Use of Estimates**

The preparation of financial statements in conformity with the modified cash basis method of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**Investment Valuation and Income Recognition**

The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

**Contributions**

Contributions to the Plan are recorded in the year in which they are received.

**Payment of Benefits**

Benefits are recorded when paid.

**NOTE 3 - FAIR VALUE MEASUREMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification (ASU) Topic 820 are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in inactive markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability; and
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, then the Level 2 input must be observable for substantially the full term of the asset or liability.

**NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)**

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024.

*Primera Engineers, LTD. Common Stock:* The fair value of the Company common stock is based on an annual independent appraisal. This appraisal was based on a combination of the market and income valuation approaches. The appraiser took into account historical and projected cash flow and net earnings, weighted average cost of capital, market comparable, and applicable discounts and premiums. The Trustees, under the supervision of the Company's Board of Directors, determines the fair value measurement policies and procedures in consultation with the Company's President and CFO. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At the time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	<b>As of December 31, 2024</b>		<b>As of December 31, 2023</b>	
	<b>Level 3</b>	<b>Total</b>	<b>Level 3</b>	<b>Total</b>
Common stock	\$ 2,714,659	\$ 2,714,659	\$ 3,011,674	\$ 3,011,674
Total assets at fair value	<u>\$ 2,714,659</u>	<u>\$ 2,714,659</u>	<u>\$ 3,011,674</u>	<u>\$ 3,011,674</u>

The appraiser utilized three valuation techniques to determine the fair market value per share.

The appraiser weighted the valuation techniques as follows:

*Discounted Cash Flow Method:* Weighted as 1/2 of enterprise value.

*Guideline Public Company Method:* Weighted as 1/2 of enterprise value.

**NOTE 4 - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS**

Plan assets are invested in the stock of Primera Engineers, LTD., the Plan Sponsor. Transactions in these investments qualify as exempt party-in-interest transactions.

**NOTE 5 - PLAN TERMINATION**

Although they have not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time. In the event of Plan termination, participants will become 100% vested in their account balances. Upon termination of the Plan, the ESOP Benefits Committee should direct the Trustee to pay all liabilities and expenses of the trust fund and to sell shares of financed common stock held in the loan suspense account to the extent it determines such sales to be necessary in order to repay the loan.

**NOTE 6 - TAX STATUS**

The Company is currently in the process of applying for an opinion letter with the Internal Revenue Service. The Plan administrator believes the Plan is designed and is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Authoritative accounting standards require the Plan to examine its tax positions for uncertain positions. Management is not aware of any tax positions that are more likely than not to change in the next 12 months or that would not sustain an examination by applicable taxing authorities. The Plan's policy is to recognize penalties and interest as incurred in its statement of changes in net assets available for benefits.

**NOTE 7 - RISKS, UNCERTAINTIES, AND CONCENTRATIONS**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

As of December 31, 2024 and 2023, approximately 91% and 95% of total plan assets were invested in the Company's stock.

**NOTE 8 - SUBSEQUENT EVENTS**

The Plan has evaluated subsequent events through October 3, 2025, the date on which the financial statements were available to be issued.
