Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: MALONEY NOVOTNY LLC

(2) EIN: 34-0677006

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

Independent Auditors' Report

The Administrative Committee
Atlas Steel Products Co. Employee Savings and Profit Sharing Plan
Twinsburg, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Atlas Steel Products Co. Employee Savings and Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified to by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified to by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the Atlas Steel Products Co. Employee Savings and Profit Sharing Plan (the "Plan") provides general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

- A. General – The Plan is a defined contribution plan consisting of a 401(k) component and an Employee Stock Ownership Plan (the "ESOP") component covering all eligible full-time domestic employees of Atlas Steel Products Co. and its participating subsidiaries (the "Company" or "Plan Sponsor") who have completed at least six months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.
- B. Contributions – Generally, participants may make pre-tax contributions of an amount not less than 1% and not more than 50% of their compensation, subject to certain Internal Revenue Service ("IRS") limitations. The Plan states that participants may receive a non-elective contribution and other matching and discretionary contributions as approved by the Company. The Company makes a safe harbor matching contribution of 100% of participants' pre-tax contributions from 1%-3% and 50% of contributions from 4%-5%.

Company non-elective ESOP contributions can be made in cash or in shares of the Company's common stock. The trustee uses any such cash contributions to purchase shares of common stock from the Company or its shareholders. In 2024, non-elective cash contributions of \$225,876 were made by the Company. At December 31, 2024, a Company contribution of 927.73 shares valued at \$1,317,375 was receivable to the Plan. These contributions are included on the statement of changes in net assets available for benefits as contributions into the non-participant directed portion of the Plan. Additionally, the contribution of shares is included on the statement of net assets available for benefits as a receivable to the non-participant directed portion of the Plan as of December 31, 2024.

- C. Participant Accounts – Each participant's account is credited with the employee's contributions, the Company's contributions, if applicable, and related earnings, and charged with an allocation of administrative expenses as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants who terminate employment with the Company are not permitted to hold Company stock under the Bylaws. Shares of Company stock held in accounts of participants who have terminated employment with the Company will be segregated into cash by the Plan as soon as administratively feasible.
- D. Notes Receivable From Participants – The Plan allows for participant loans, as defined by the Plan document.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1. Description of Plan (Continued)

- E. Vesting – Participants have a 100% and non-forfeitable vested interest in their employee deferral account balance, rollover contribution account, the employer safe harbor matching contribution and the ESOP account, plus the earnings thereon. Participants become vested in the other discretionary matching and non-elective contributions component of the Plan after five years of service as presented in the following:

	<u>Vesting Percentage</u>
< 1 year of service	0%
1 year of service	20%
2 years of service	40%
3 years of service	60%
4 years of service	80%
5+ years of service	100%

Participants become fully vested in all balances in the event of death, disability or upon reaching normal retirement age.

- F. Forfeitures – Forfeitures from the Plan are generally used to reduce Company contributions or pay Plan expenses. Unapplied forfeitures were \$753 and \$-0- at December 31, 2024 and 2023, respectively. \$18,146 of forfeitures were utilized for the year ended December 31, 2024.

- G. Payment of Benefits – A participant or his or her beneficiary, upon termination, disability, death or retirement, is eligible to receive the vested interest in his or her participant account in the form of a single lump-sum payment or installments subject to Plan provisions. Additionally, the Plan has provisions for an active participant to make withdrawals from his/her participant-directed account, subject to limitations and restrictions.

Distributions from the ESOP accounts generally will not be made until a participant reaches retirement age, retires, dies (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representatives), becomes disabled, diversifies or otherwise terminates employment with the Company. Distributions are made in cash.

The repurchase receivable from the Company at December 31, 2024 and 2023 was \$1,047,059 and \$14,179,967, respectively. The repurchase receivable represents the obligation of the Company to repurchase shares held by the Plan which were formerly allocated to participants. The proceeds to the Plan are then utilized to fund participant distributions.

- H. Diversification – Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least ten years of participation in the Plan may elect to diversify a portion of their ESOP accounts. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the ESOP shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. During the year ended December 31, 2024, \$59,054 was diversified into the participant-directed portion of the Plan and is included in transfers on the statement of changes in net assets available for benefits.

Note 2. Summary of Accounting Policies

Basis of Accounting:

The accompanying financial statements have been prepared on the accrual basis and in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition:

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies relative to the participant-directed investments by utilizing information provided by the investment advisers and trustee.

The investment in Atlas Steel Products Co. common stock is valued at fair value as determined annually by an independent appraisal from EideBailly as of the last business day of the year. This appraisal was based upon a combination of the market and income techniques consistent with prior years. Principal Trust Company (the "Trustee") has concluded that an ESOP participant would recognize a discount for lack of marketability. See Notes 6 and 7 for further discussion of fair value measurements and the guaranteed investment contract.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date, which was June 30, 2024 relative to the Company common stock. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants:

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon terms of the Plan document.

Benefit Payments:

Benefit payments are recorded when paid to participants.

Administrative Expenses:

All expenses of the Plan are paid by the Plan, or the Company, at the Company's discretion.

Subsequent Events:

The Company has evaluated subsequent events through October 7, 2025, the date the financial statements were available to be issued.

Note 3. Unaudited Information

The Plan's management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, management received a certification from Principal Trust Company, the Trustee of the Plan, acknowledging the completeness and accuracy of all participant-directed investments and notes receivable from participants reflected in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023, the supplemental schedule of assets (held at year end) as of December 31, 2024, the related participant-directed investment and loan interest activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2024, and the participant-directed investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

Note 4. Investments

Investments of the ESOP account are carried at fair value and consist of common stock of Atlas Steel Products Co. The appraised fair value per share of Atlas Steel Products Co.'s stock is \$1,420 and \$1,144 at December 31, 2024 and 2023, respectively.

The following is a summary of the ESOP account's stock activity:

	Shares Allocated/ Unencumbered
Balance, December 31, 2023 (including repurchase receivables)	97,971.718
Stock contribution	708.856
Shares redeemed by the Company, net	<u>(12,343.456)</u>
Balance, December 31, 2024 (including repurchase receivables)	<u>86,337.118</u>

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 6. Fair Value Measurements

The Plan estimates the fair value instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities
- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Unobservable inputs in which little or no market data exists

The following is a description of the valuation methodologies used for Plan assets measured at fair value:

- The fair values of mutual funds are determined based on their quoted closing market prices in active markets for identical investments and are classified as Level 1.
- The fair values of the investments held in the pooled separate accounts are valued on their reported net asset value ("NAV"). The NAV is based primarily on observable inputs and the market value of the underlying investments and is classified as Level 2.
- The fair value of the common stock of Atlas Steel Products Co. is determined by an annual independent appraisal that is based upon commonly used market and income valuation techniques and is classified as Level 3. The appraisers obtain information including business, general economic and other market conditions that reasonably could be evaluated in determining the fair value of the Company. In addition, historical information based on audited financial statements is obtained and considered by the appraisers.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	Fair Value at December 31, 2024	Quoted Prices in Active Markets for Identical Instruments (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Reference Note 4 for transactions related to purchases of Level 3 investments.

Note 7. Guaranteed Investment Contract

The Plan holds an investment contract which meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus interest, less participant withdrawals and any administrative expenses.

The investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a semiannual basis for resetting and may not be less than 3.0%. The contract cannot be terminated before the scheduled maturity date.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan document (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 8. Federal Income Tax Status

The Prototype document on which the Plan is based has obtained an opinion letter dated June 30, 2020, in which the Internal Revenue Service stated that the document was in compliance with applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since adopting the prototype document, however, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Plan management has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

Note 9. Voting Rights

For certain significant transactions involving the Company stock, each participant is entitled to exercise voting rights attributable to those shares allocated to his or her account and is notified by the trustees of the Plan prior to the time that such rights are to be exercised. For these transactions, the trustees are not permitted to vote any allocated shares of the Company stock for which instructions have not been given by a participant.

Note 10. Risks and Uncertainties

The Plan invests in Company stock and various other investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks as well as valuation assumptions. Due to the level of risk associated with certain investment securities and to risks inherent in estimates and assumptions, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 11. Related Party and Party-in-Interest Transactions

The Plan invests in Company common stock and in pooled separate accounts managed by an affiliate of Principal Trust Company, the Plan Trustee. These transactions qualify as party-in-interest transactions. In addition, the Plan paid \$8,905 in fees to the Trustee during 2024.

Note 12. Reconciliation to Form 5500

The following reconciles the reported value of the employer common stock from the financial statements to the Form 5500:

	<u>2024</u>	<u>2023</u>
Employer common stock per the Form 5500	\$ 122,598,707	\$ 112,079,645
Reclassification for repurchase receivable	<u>(1,047,059)</u>	<u>(14,179,967)</u>
