To the Plan Sponsor and Participants of the
Whiting Door Manufacturing Corp. 401(k) Retirement Plan
Akron, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Whiting Door Manufacturing Corp. 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements of information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section –

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with

auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA section 103(a)(3)(C).

Whiting Door Manufacturing Corp. 401 (k) Retirement Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Whiting Door Manufacturing Corp. 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General– The Plan is a defined contribution plan covering substantially all employees of Whiting Door Manufacturing Corp. (the “Plan Sponsor” or “Plan Administrator”). An employee must complete 1,000 hours of service and be of age eighteen or older to become a participant in the Plan and begin making elective deferrals. Nonresident aliens, leased employees, and independent contractors are excluded from the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan was originally established January 1, 1984 as the Whiting Door Manufacturing Corp. 401(k) Retirement Plan for Non-Bargaining Unit Employees (“Non-Bargaining Plan”). Prior to the merger discussed below, the Non-Bargaining Plan was most recently amended and restated on July 15, 2022 to adopt the Principal Financial Group Pre-Approved Document for Savings Plans, Basic Plan No. 2.

Plan Merger– Effective January 1, 2024, the Whiting Door Manufacturing Corp. 401(k) Retirement Plan for Bargaining Unit Employees (“Bargaining Plan”) merged into the Non-Bargaining Plan. The merged plans were renamed as the Whiting Door Manufacturing Corp. 401(k) Retirement Plan (the “Plan”). Plan assets totaling \$7,297,783 transferred from the Bargaining Plan to the Plan on January 8, 2024. Each participant in the Bargaining Plan is entitled to receive future benefits from the Plan.

As described in Note 1, there are some differences in Plan provisions for bargaining (hourly) employees compared to non-bargaining (salaried) employees.

Setting Every Community Up for Retirement Enhancement (SECURE) Act– In response to the impacts of the COVID-19 (Coronavirus) pandemic, the Plan implemented regulations available to employee benefit plans under the SECURE Act during the year ended December 31, 2020. The regulations temporarily waived all required minimum distributions (“RMDs”) for calendar year 2020 and increased the required beginning date for RMDs from 70½ to 72. Plan management effectuated a Plan amendment on July 20, 2020 to allow for the aforementioned relief options.

On December 29, 2022, the SECURE 2.0 Act was signed into law to address additional retirement issues. SECURE 2.0 Act includes provisions to help participants increase retirement savings and simplify and clarify certain retirement plan rules. SECURE Act 2.0 increases the age for RMDs to age 73, effective January 1, 2023, and increases it to age 75 by 2033. Plan management is currently reviewing SECURE 2.0 provisions and will amend the plan as required.

Notes to Financial Statements (continued)

1. Description of Plan (continued)

The Plan has not implemented any changes or amendments related to the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act.

Contributions – When eligible, bargaining employees are automatically enrolled to defer 2% of pay which automatically increases each January 1 by 1% up to a maximum percentage of 10%. There are no auto-enrollment or auto-escalation features for non-bargaining employees. Participants may elect to contribute between 1% and 100% of their annual compensation as a pre-tax or Roth contribution, subject to Internal Revenue Code (the “Code”) limitations. Participants may also contribute rollover amounts representing distributions from other qualified retirement plans. Additionally, participants age 50 or older may elect to make a catch-up contribution limited to the amount imposed by law.

Plan Sponsor matching contributions are made for both bargaining and non-bargaining employees. The non-bargaining matching contribution is calculated as 50% of the first 6% of eligible compensation, up to a maximum matching contribution of 3% of eligible compensation. The bargaining matching contribution is calculated as the lesser of one-half of the participant’s elective deferral contributions or 1% of the participant’s eligible compensation for the Plan year.

The Plan provides for Plan Sponsor qualified nonelective contributions for non-bargaining employees, otherwise referred to as a safe harbor contribution. The safe harbor contribution is equal to 3% of the participants’ eligible compensation.

The Plan also provides for Plan Sponsor discretionary contributions for bargaining employees and is calculated as 3% of the participant’s eligible compensation.

The total annual additions to the Plan, as defined by the amount of participant contributions and Plan Sponsor contributions made in one year, is limited to the lesser of \$69,000 (\$76,500 including catch-up contributions) as defined by Section 415 of the Internal Revenue Code or 100% of the participant’s annual covered compensation.

Participant Accounts – Individual accounts are maintained for each Plan participant. Participants direct the investment of their elective, Plan Sponsor and rollover contributions into various investment options offered by the Plan. Participant accounts are increased by participant contributions, Plan Sponsor contributions and the participant’s share of Plan earnings. Participant accounts are decreased by participant distributions and each participant’s share of Plan expenses and losses. The allocation of earnings and losses to participant accounts is based upon the value of an individual account in relation to the total assets of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Whiting Door Manufacturing Corp. 401(k) Retirement Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Vesting – Participants are immediately vested in their 401(k) salary deferral, rollover and Plan Sponsor safe harbor contributions plus actual earnings thereon. Vesting in the Plan Sponsor’s matching contributions and discretionary contributions plus actual earnings thereon is based on years of vesting service in which the participant worked at least 1,000 hours, as follows:

Vesting Years	Vesting %
Less than 2 years	0
2 years	20
3 years	70
4 years	90
5 or more years	100

Participants may also become fully vested while employed by the Plan Sponsor upon their death, reaching age 65, or becoming totally disabled.

Notes Receivable from Participants – Participant loans are not permitted.

Payment of Benefits – Upon termination of service, retirement or death, a participant may elect to receive a lump-sum or partial withdrawal amounts equal to the value of the participant’s vested interest in his or her account. The Plan permits in-service distributions for participants older than 59½. Hardship withdrawals as defined by the Internal Revenue Code are available to participants younger than age 59½ only from the vested portion of their account.

Forfeitures – Forfeitures may be used to fund Plan Sponsor contributions or pay administrative expenses. The Plan used forfeitures amounting to \$50,500 to offset Plan Sponsor contributions for the year ended December 31, 2024. Forfeited non-vested accounts amounted to \$12,671 as of December 31, 2024.

Income Taxes – Effective January 1, 2024, the Plan Sponsor adopted the Principal Financial Group Pre-Approved Document for Savings Plans, Basic Plan No. 4 which received an advisory letter issued by the Internal Revenue Service (“IRS”) as evidence that the Plan is qualified under Code Section 401. Accordingly, no provision for income taxes has been included in the accompanying financial statements. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the requirements of the Code. Prior to the January 1, 2024 merger, the Plan was operating under a different pre-approved plan document that was qualified under Code Section 401.

Whiting Door Manufacturing Corp. 401(k) Retirement Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Plan Termination – Although the Plan Sponsor has expressed no intent to do so, it has the right under the Plan to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting – These financial statements are prepared under the accrual method of accounting in accordance with U.S. GAAP.

Investment Valuation and Income Recognition – The Plan's investments in mutual funds and collective investment trusts are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. There are no reserves against investment values for credit risk. See Note 4 for discussion of fair value measurements.

The Plan's investment in the Principal Life Insurance Company Fixed Income Guaranteed Option is reported at contract value. The contract value equals the accumulated cash contributions and transfers to the option, plus interest credited, less any withdrawals and transfers out of the option and charges deducted.

The Plan presents in the accompanying statement of changes in net assets available for benefits the net appreciation in the fair value of its investments, which includes both realized gains and losses and unrealized appreciation (depreciation) in the fair value of investments. Realized gains and losses on disposition of investments were based upon actual costs and selling prices.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Administrative Expenses – Certain accounting and administrative expenses necessary to administer the Plan are paid for by the Plan Sponsor. Expenses relating to investment activity are paid by the Plan.

Party-In-Interest Transactions – Certain Plan investments are managed by Principal Trust Company, which also serves as the trustee of the Plan. Accordingly, transactions involving these investments qualify as party-in-interest transactions. Fees paid to the Trustee for custodial and investment management services for the year ended December 31, 2024 totaled \$38,536.

Whiting Door Manufacturing Corp. 401(k) Retirement Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Risks and Uncertainties – Investments are exposed to various risks, such as interest rate and market risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amount reported in the accompanying financial statements.

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

Subsequent Events – The Plan Administrator has evaluated subsequent events, for recognition and disclosure through September 25, 2025, the date the accompanying financial statements were available to be issued, and determined that no additional recognition or disclosure was necessary.

3. Information Certified by the Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the investments included in the accompanying financial statements and related supplementary information are complete and accurate at December 31, 2024 and 2023, respectively.

The Trustee also certified interest and dividend income totaling \$198,387 and net appreciation in fair value of investments of \$3,638,494 for the year ended December 31, 2024.

4. Fair Value Measurements

ASC 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- **Level 1** – Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that are accessible at the measurement date.

Whiting Door Manufacturing Corp. 401(k) Retirement Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

- **Level 2** – Quoted prices for similar assets or liabilities in active markets or quoted prices identical or similar assets or liabilities in markets that are not active.
- **Level 3** – Pricing inputs are unobservable for the asset or liability. That is, inputs that reflect the reporting entity’s own assumptions about the assumptions that market participants would use in pricing the asset or liability. There were no assets of the Plan that were valued using Level 3 inputs at December 31, 2024 and 2023.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024 and 2023:

	2024	2023
Level 1		
Mutual funds	\$ 11,564,363	\$ 9,242,726
Level 2		
Collective investment trusts	21,799,674	12,195,131
Total investments at fair value	\$ 33,364,037	\$ 21,437,857

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Shares of mutual funds are valued at quoted market prices which represent the net asset value (“NAV”) of shares held by the Plan at year end.

Collective Investment Trusts (“CITs”): Collective investment trusts invest in a variety of separate investments and mutual funds, and are valued daily based on the market value of the underlying assets. No unfunded commitments exist on these investments at December 31, 2024.

Whiting Door Manufacturing Corp. 401(k) Retirement Plan

Notes to Financial Statements (continued)

5. Fixed Income Guaranteed Insurance Contract with Principal

Principal Fixed Income Guaranteed Option is a fully benefit-responsive insurance contract (the "Contract") issued by Principal Life Insurance Company. The account is credited with earnings on the underlying investments and charged with participant withdrawals and administrative expenses. The Contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the Contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Contract. Contract value, as reported to the Plan by Principal, represents contributions made under the Contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is contractually guaranteed by Principal. Principal guarantees that the crediting interest rate will never be less than 0%. Such interest rates are reviewed semiannually for resetting.

Certain events limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: 1) amendments to the Plan agreements including complete or partial Plan termination or merger with another plan; 2) premature termination of the Contract; 3) changes to the Plan's prohibition on competing investment options; 4) bankruptcy of the Plan Sponsor or other Plan Sponsor events that significantly affect the Plan's normal operations; or 5) the failure of Principal to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.
