Independent Auditor's Report

Board of Trustees
Gulf Coast Pipe Trades Retirement Savings Plan
Vanceleave, Mississippi

Opinion

We have audited the accompanying financial statements of Gulf Coast Pipe Trades Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Gulf Coast Pipe Trades Retirement Savings Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis For Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Gulf Coast Pipe Trades Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Gulf Coast Pipe Trades Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities For The Audit Of The Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Gulf Coast Pipe Trades Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Gulf Coast Pipe Trades Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required By ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held for investment purposes at end of year are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1. Description Of Plan

The following description of the Gulf Coast Pipe Trades Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan was established by the Board of Trustees effective September 1, 2014. The Plan is administered by the Board.

General

The Plan was created by collective bargaining between the United Association of Journeymen and Apprentices of the Plumbing and Pipe Fitting Industry of the United States and Canada (the Union), the Gulf Coast Multistate Pipe Trades Council, District Council No.1 and various employers, who employ employees represented by the union, who are contractually obligated to make contributions to the Gulf Coast Pipe Trades Retirement Savings Plan, and certain individual Trustees who represent such employers. The Plan is a multi-employer plan subject to the provisions of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA).

The assets of the Plan were held by Gulf Coast Bank & Trust Company (the Custodian) until December 11, 2023. The funds were deposited on January 4, 2024 to Nationwide Financial Services, Inc. (the Trustee) and a 401(k) plan was established.

The Plan was amended effective January 1, 2023 to permit participants to self-direct the investments in their accounts and to permit a 401(k) feature. The 401(k) feature was started in January 2024.

Eligibility

Eligible employees are those who are employed by any employer bound by a collective bargaining agreement providing payment to the Plan including payments with respect to employees represented by the Union and an employer which has by agreement with the international union agreed to make payments into the Plan for work performed within the jurisdiction of the Union.

Note 1. Description Of Plan (continued)

Contributions

Each of the employers will contribute on behalf of each employee in covered employment. These contributions will be in the manner and within the time limits required by; a) the Collective Bargaining Agreement or other written agreement; b) the Trust Agreement; c) the Plan; d) any rules adopted by the Trustees in connection with the Plan; and e) applicable federal law. Beginning in January 2024, employees can contribute to their accounts. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants.

Total contributions to the Plan by employers and employees was \$360,531 for the year ended December 31, 2024.

Participant Accounts

The amount of each individual account will be the total of the following:

- a) The amount in the individual account as of the last previous valuation date; plus
- b) The investment yield determined by the Trustees to be applicable to the individual account on a uniform basis, in accordance with Section 4.03(b); minus
- c) The administrative expenses of the Plan assessed since the previous valuation date (adjusted for any reserves set aside and maintained for the payment of administrative expenses) which shall be allocated to the individual account on a uniform basis in accordance with Section 4.03(e); plus
- d) Contributions received from contributing employers by the Plan and allocated to the participant during the period since the previous valuation date; minus
- e) Any benefit payments made from the individual account since the previous valuation date.
- f) Elective deferrals contributed by participants.
- g) Rollover contribution amounts representing distributions from other qualified defined benefit or contribution plans.

Vesting

Participants are vested immediately in contributions made on their behalf. Participants can only withdraw funds from the plan 24 months after the last contribution to the plan or once a participant retires or becomes disabled.

Year Ended December 31, 2024

Note 1. Description Of Plan (continued)

Notes Receivable from Participants

Participant loans are not allowed under the Plan.

Payment of Benefits

Upon termination of covered employment, a participant will receive a lump-sum amount equal to the value of the participant's account.

Note 2. Summary Of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting. Employer contributions are recognized in the period in which the participant is compensated for services performed. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 3 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2. Summary Of Significant Accounting Policies (continued)

Payment of Benefits

Benefits are recorded when paid.

Expenses

All fees and expenses incurred in connection with the Plan and its Trust shall be paid from the assets comprising the Plan, unless otherwise provided by the Trustees.

Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or by other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair

Notes To Financial Statements
Year Ended December 31, 2024

Note 3. Fair Value Measurements (continued)

value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. The funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Total</u>
Mutual funds	\$ 744,842	\$ 744,842
Total investments at Fair Value	<u>\$ 744,842</u>	<u>\$ 744,842</u>

Note 4. Plan Termination

This Trust Agreement may be terminated by a document in writing adopted by a majority of all of the Trustees if any one or more of the following events occur:

- a) If, in the opinion of the Trustees, the Plan is not adequate to carry out the intent and purpose of this Trust Agreement, or is not adequate to meet the payments due or which may become due under the Plan of Benefits;
- b) If there are no individuals living who can qualify as employees or beneficiaries under the Trust Agreement;
- c) If collective bargaining requiring contributions to the Plan are no longer in force and effect.

Procedure on Termination

If the trust agreement is terminated, the trustees will:

- a) Provide for payment out of the Plan of expenses incurred up to the date of termination of the Plan and the expenses in connection with the termination;

Notes To Financial Statements
Year Ended December 31, 2024

Note 4. Plan Termination (continued)

- b) Arrange for a final audit and report of their transactions and accounts for the purpose of terminating their Trusteeship;
- c) Give any notice and prepare and file any reports which may be required by law; and
- d) Apply the Plan in accordance with the provision of the Plan of Benefits until the funds are disbursed.

Upon termination of the Plan, the trustees will promptly notify the Union, employers and all other interested parties.

Note 5. Related-Party Transactions And Party-In-Interest Transactions

Plan investments were managed by Sentinel Pension, the Plan's third party administrator. These transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Fees incurred by the plan for investment management services are included in investment income, as they are paid through revenue sharing, rather than direct payment.

Note 6. Tax Status

The Internal Revenue Service has determined and informed the Plan sponsor by a letter dated November 14, 2016, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended and restated since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified and the related trust is tax-exempt.

The Fund has adopted *Accounting for Uncertainty in Income Taxes*. Using that guidance, as of December 31, 2024, the Plan believes it has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. Also, the Plan's federal income tax return is subject to possible examination by the taxing authorities until the expiration of the related statutes of limitations on those returns. In general, both the federal and state income tax returns have a three year statute of limitations.

Note 7. Risk And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8. Subsequent Events

In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through October 6, 2025, the date that the financial statements were available to be issued.
