To the Plan Administrator  
Poly-Med, Inc. 401(k) Retirement Plan  
Anderson, SC 29625

We have audited the financial statements of the Poly-Med, Inc. 401(k) Retirement Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”) for the year ended December 31, 2024, and issued our report thereon dated September 23, 2025. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fidelity Management Trust Company, the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated July 28, 2025. Professional standards also require that we communicate to you the following information related to our audit.

### Significant Audit Findings

#### *Qualitative Aspects of Accounting Practices*

You are responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note B to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2024. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The most sensitive estimate affecting the financial statements were the estimated fair values of investments held by the Plan. Such estimates were certified by the trustees and thus not audited by us as discussed in the first paragraph of this letter.

The financial statement disclosures are neutral, consistent, and clear.

*Form 5500 Procedures*

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

*Difficulties Encountered in Performing the Audit*

We encountered no significant difficulties in performing and completing our audit.

*Corrected and Uncorrected Misstatements*

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management.

*Disagreements with Management*

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

*Other Matters*

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of Plan Administrator and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

## INDEPENDENT AUDITORS' REPORT

To the Plan Administrator  
Poly-Med, Inc. 401(k) Retirement Plan  
Anderson, South Carolina

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Poly-Med, Inc. 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion on the Financial Statements**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter - Supplemental Schedules Required by ERISA**

The supplemental Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Notes to Financial Statements**

**NOTE A. DESCRIPTION OF PLAN**

The following description of the Poly-Med, Inc. (“Company” or “Plan Sponsor”) 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

1. *General* – The Plan is a defined contribution plan covering all employees (as defined) of the Company who have completed three months of service and are age twenty-one or older. This Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
2. *Contributions* – Each year, participants may contribute up to the maximum amount allowed under IRS regulations. Participants also may contribute amounts representing distributions (“rollovers”) from other qualified defined benefit or defined contribution plans. Participants can make contributions on a pre-tax or post-tax (i.e., Roth) basis.

The Plan provides for Company discretionary matching contributions for participants that have reached three months of service. For the year ended December 31, 2024, the discretionary match was 100% match of amounts representing the first 3% of a participant’s deferrals. In addition, the Plan provides for nonelective employer contributions (i.e., profit sharing) to participants who are employed on the last day of the Plan year and earned at least 1,000 hours of service during the Plan year. Contribution decisions may be changed at any time by participants and are subject to certain limitations under the Internal Revenue Code (“IRC”).

3. *Participant Accounts* – Each participant’s account is credited with their contribution and respective discretionary Company matching contribution and allocations of (a) the Company’s nonelective contribution, if any, and (b) Plan earnings. Only self-directed accounts are charged expenses that are not paid by the Plan Sponsor; thus, no other expenses are allocated. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.
4. *Vesting* – Participants are vested immediately in their contributions. Vesting in the Company’s discretionary matching and nonelective contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested in the Company’s profit-sharing and matching contributions after five years of credited service. (20% end of year one, 40% end of year two, 60% end of year three, 80% end of year four, etc). Upon death, disability, or attainment of retirement age (age 60 for the Plan), all Company contributions allocated to a participant account vest 100%.
5. *Investment Options* – Upon enrollment in the Plan, a participant may direct their contributions in investment options offered by the Trustee, Fidelity Management Trust Company (the “Trustee”), or elect to use the self-directed brokerage option to direct contributions in investment options in active markets. Participants may change their investment options at any time by directly contacting the Plan Trustee via the internet or telephone.

**Poly-Med, Inc. 401(k) Retirement Plan**  
**Notes to Financial Statements**

**NOTE A. DESCRIPTION OF PLAN (continued)**

6. *Loans and Withdrawals* – The Plan does not permit participant loans but does permit in-service withdrawals of employee contributions and hardship withdrawals (as defined) from participants' contributions and vested amounts of Company matching and nonelective contributions and earnings thereon.
7. *Payment of Benefits* – Upon termination of service, including death, disability, or retirement (normal or early), a participant or the participant's beneficiary, as the case may be, may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or roll over the value of the participant's interest in their account.
8. *Forfeitures* – Forfeited amounts are held in the Plan to offset Plan expenses or future Company contributions, at the Company's discretion. Forfeited balances as of December 31, 2024 and 2023 totaled \$2,144 and \$47,139, respectively, and are included in investments (cash equivalents) at both year ends. Forfeitures of \$64,228 were used to fund employer contributions during the year ended December 31, 2024.

**NOTE B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

1. *Basis of Accounting* – The financial statements of the Plan are prepared using the accrual method of accounting.
2. *Estimates* – The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.
3. *Investment Valuation and Income Recognition* – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for more information regarding fair value measurements.

The Plan purchases and sells securities through the Trustee. The Trustee records purchases and sales of investments in the Plan's investment accounts daily, based on information and/or contributions received from Plan participants and/or the Plan Sponsor.

4. *Payment of Benefits* – Benefits paid to participants of the Plan are recorded by the Trustee when paid.
5. *Administrative Expense* – Generally, the administrative expenses of the Plan are paid by the Company. These costs are not included in the accompanying financial statements and constitute exempt party-in-interest transactions. However, fees associated with participant directed brokerage accounts and expenses associated with distributions are charged to the respective Plan participant. Investment-related expenses are included in net appreciation in the fair value of investments.

**Poly-Med, Inc. 401(k) Retirement Plan**  
**Notes to Financial Statements**

**NOTE B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

6. *Uncertain Tax Positions* – The Plan evaluates all significant tax positions as required by generally accepted accounting principles in the United States. As of December 31, 2024, the Plan does not believe that it has taken any tax positions that would require the recording of any additional tax liability nor does it believe that there are any unrealized tax benefits that would either increase or decrease within the next twelve months. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress for the three years ended December 31, 2024.

**NOTE C. RECORDKEEPING AND PARTICIPANT ACCOUNTS**

The Plan Sponsor engaged Fidelity Management Trust Company as the Trustee and Recordkeeper of the Plan. As such, the Recordkeeper maintains all financial information regarding the Plan and participant accounts. All Plan earnings, contributions, and deductions are posted to the Plan’s records, including participant records, by the Recordkeeper.

The Recordkeeper provides information to the Plan participants regarding transactions and balances in their accounts quarterly. The information is in printed form but also is available at any time to the participants via internet or telephone. The Recordkeeper posts participant and Company contributions to a participant’s account based on information received from the Company. The allocation of the contributions to the appropriate investment options, or transfers of investment amounts is participant directed and can be initiated directly with the Trustee via internet or telephone access.

Plan withdrawals are initiated through the Plan Administrator, located at the Plan Sponsor, but benefit payments are made to the participants by the Trustee. The Plan Administrator also notifies the Trustee of deaths, disabilities, retirements, or terminations of participants. The Trustee initiates any transactions with respect to these notifications directly with the participant or the participant’s beneficiary, as applicable.

**NOTE D. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE**

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Trustee for the years ended December 31:

	<u>2024</u>	<u>2023</u>
Investments:	\$ 10,231,171	\$ 8,895,380

For the year ended December 31, 2024:

Net investment appreciation	\$ 1,264,805
Dividends	234,905

**Poly-Med, Inc. 401(k) Retirement Plan**  
**Notes to Financial Statements**

**NOTE E. FAIR VALUE MEASUREMENTS**

ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023.

Mutual funds: Valued at quoted market prices, which represent net asset value ("NAV") of shares held by the Plan at year end.

Self-directed participant brokerage accounts: Valued at quoted market prices of the investments held in the brokerage account. Equity securities held in the brokerage account are valued at quoted market prices reported on the active market on which the individual securities are traded on the last business day of the Plan year.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate, and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**Poly-Med, Inc. 401(k) Retirement Plan**  
**Notes to Financial Statements**

**NOTE E. FAIR VALUE MEASUREMENTS (continued)**

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024:

Investment Category	Fair Value	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs
Mutual funds	\$ 10,025,158	\$ 10,025,158	\$ -	\$ -
Self-directed participant brokerage accounts	206,013	206,013	-	-
<b>Total</b>	<b>\$ 10,231,171</b>	<b>\$ 10,231,171</b>	<b>\$ -</b>	<b>\$ -</b>

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2023:

Investment Category	Fair Value	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs
Mutual funds	\$ 8,781,262	\$ 8,781,262	\$ -	\$ -
Self-directed participant brokerage accounts	114,118	114,118	-	-
<b>Total</b>	<b>\$ 8,895,380</b>	<b>\$ 8,895,380</b>	<b>\$ -</b>	<b>\$ -</b>

**NOTE F. PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions to the Plan at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all Company contributions credited to their accounts.

**NOTE G. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

The Company provides certain administrative support to the Plan, including the funding of audit services for the Plan. The Company does not believe the costs of such services are significant.

Certain Plan investments are managed by the Trustee and, therefore, these transactions qualify as party-in-interest transactions.

Delinquent participant contributions represent non-exempt party-in-interest transactions. Plan management identified certain instances of delinquent participant contributions related to the year ended December 31, 2022. As reported on Form 5500 Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ending December 31, 2022, certain participant contributions totaling \$60,180 were not remitted to the trust within the period specified by the Department of Labor’s Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Plan and the Company. Such contributions were corrected during the year ending December 31, 2024.

**Poly-Med, Inc. 401(k) Retirement Plan**  
**Notes to Financial Statements**

**NOTE H. TAX STATUS**

The Plan is based on a standardized, prototype plan offered by the Trustee. The prototype plan, as amended, obtained its determination letter from the Internal Revenue Service on June 30, 2020, stating that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan administrator believes that the Plan is designed and is currently operated in compliance with the applicable requirements of the IRC, based on reliance of the Trustee regarding the prototype plan.

**NOTE I. RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**NOTE J. SUBSEQUENT EVENTS**

The Plan has evaluated events and transactions occurring subsequent to the balance sheet date of December 31, 2024, for items that should potentially be recognized or disclosed in these financial statements. The evaluation was conducted through September 23, 2025 the date these financial statements were available to be issued.

## INDEPENDENT AUDITORS' REPORT

To the Plan Administrator  
Poly-Med, Inc. 401(k) Retirement Plan  
Anderson, South Carolina

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Poly-Med, Inc. 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion on the Financial Statements**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter - Supplemental Schedules Required by ERISA**

The supplemental Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Notes to Financial Statements**

**NOTE A. DESCRIPTION OF PLAN**

The following description of the Poly-Med, Inc. (“Company” or “Plan Sponsor”) 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

1. *General* – The Plan is a defined contribution plan covering all employees (as defined) of the Company who have completed three months of service and are age twenty-one or older. This Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
2. *Contributions* – Each year, participants may contribute up to the maximum amount allowed under IRS regulations. Participants also may contribute amounts representing distributions (“rollovers”) from other qualified defined benefit or defined contribution plans. Participants can make contributions on a pre-tax or post-tax (i.e., Roth) basis.

The Plan provides for Company discretionary matching contributions for participants that have reached three months of service. For the year ended December 31, 2024, the discretionary match was 100% match of amounts representing the first 3% of a participant’s deferrals. In addition, the Plan provides for nonelective employer contributions (i.e., profit sharing) to participants who are employed on the last day of the Plan year and earned at least 1,000 hours of service during the Plan year. Contribution decisions may be changed at any time by participants and are subject to certain limitations under the Internal Revenue Code (“IRC”).

3. *Participant Accounts* – Each participant’s account is credited with their contribution and respective discretionary Company matching contribution and allocations of (a) the Company’s nonelective contribution, if any, and (b) Plan earnings. Only self-directed accounts are charged expenses that are not paid by the Plan Sponsor; thus, no other expenses are allocated. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.
4. *Vesting* – Participants are vested immediately in their contributions. Vesting in the Company’s discretionary matching and nonelective contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested in the Company’s profit-sharing and matching contributions after five years of credited service. (20% end of year one, 40% end of year two, 60% end of year three, 80% end of year four, etc). Upon death, disability, or attainment of retirement age (age 60 for the Plan), all Company contributions allocated to a participant account vest 100%.
5. *Investment Options* – Upon enrollment in the Plan, a participant may direct their contributions in investment options offered by the Trustee, Fidelity Management Trust Company (the “Trustee”), or elect to use the self-directed brokerage option to direct contributions in investment options in active markets. Participants may change their investment options at any time by directly contacting the Plan Trustee via the internet or telephone.

**Poly-Med, Inc. 401(k) Retirement Plan**  
**Notes to Financial Statements**

**NOTE A. DESCRIPTION OF PLAN (continued)**

6. *Loans and Withdrawals* – The Plan does not permit participant loans but does permit in-service withdrawals of employee contributions and hardship withdrawals (as defined) from participants' contributions and vested amounts of Company matching and nonelective contributions and earnings thereon.
7. *Payment of Benefits* – Upon termination of service, including death, disability, or retirement (normal or early), a participant or the participant's beneficiary, as the case may be, may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or roll over the value of the participant's interest in their account.
8. *Forfeitures* – Forfeited amounts are held in the Plan to offset Plan expenses or future Company contributions, at the Company's discretion. Forfeited balances as of December 31, 2024 and 2023 totaled \$2,144 and \$47,139, respectively, and are included in investments (cash equivalents) at both year ends. Forfeitures of \$64,228 were used to fund employer contributions during the year ended December 31, 2024.

**NOTE B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

1. *Basis of Accounting* – The financial statements of the Plan are prepared using the accrual method of accounting.
2. *Estimates* – The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.
3. *Investment Valuation and Income Recognition* – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for more information regarding fair value measurements.

The Plan purchases and sells securities through the Trustee. The Trustee records purchases and sales of investments in the Plan's investment accounts daily, based on information and/or contributions received from Plan participants and/or the Plan Sponsor.

4. *Payment of Benefits* – Benefits paid to participants of the Plan are recorded by the Trustee when paid.
5. *Administrative Expense* – Generally, the administrative expenses of the Plan are paid by the Company. These costs are not included in the accompanying financial statements and constitute exempt party-in-interest transactions. However, fees associated with participant directed brokerage accounts and expenses associated with distributions are charged to the respective Plan participant. Investment-related expenses are included in net appreciation in the fair value of investments.

**Poly-Med, Inc. 401(k) Retirement Plan**  
**Notes to Financial Statements**

**NOTE B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

6. *Uncertain Tax Positions* – The Plan evaluates all significant tax positions as required by generally accepted accounting principles in the United States. As of December 31, 2024, the Plan does not believe that it has taken any tax positions that would require the recording of any additional tax liability nor does it believe that there are any unrealized tax benefits that would either increase or decrease within the next twelve months. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress for the three years ended December 31, 2024.

**NOTE C. RECORDKEEPING AND PARTICIPANT ACCOUNTS**

The Plan Sponsor engaged Fidelity Management Trust Company as the Trustee and Recordkeeper of the Plan. As such, the Recordkeeper maintains all financial information regarding the Plan and participant accounts. All Plan earnings, contributions, and deductions are posted to the Plan’s records, including participant records, by the Recordkeeper.

The Recordkeeper provides information to the Plan participants regarding transactions and balances in their accounts quarterly. The information is in printed form but also is available at any time to the participants via internet or telephone. The Recordkeeper posts participant and Company contributions to a participant’s account based on information received from the Company. The allocation of the contributions to the appropriate investment options, or transfers of investment amounts is participant directed and can be initiated directly with the Trustee via internet or telephone access.

Plan withdrawals are initiated through the Plan Administrator, located at the Plan Sponsor, but benefit payments are made to the participants by the Trustee. The Plan Administrator also notifies the Trustee of deaths, disabilities, retirements, or terminations of participants. The Trustee initiates any transactions with respect to these notifications directly with the participant or the participant’s beneficiary, as applicable.

**NOTE D. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE**

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Trustee for the years ended December 31:

	<u>2024</u>	<u>2023</u>
Investments:	\$ 10,231,171	\$ 8,895,380

For the year ended December 31, 2024:

Net investment appreciation	\$ 1,264,805
Dividends	234,905

**Poly-Med, Inc. 401(k) Retirement Plan**  
**Notes to Financial Statements**

**NOTE E. FAIR VALUE MEASUREMENTS**

ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023.

Mutual funds: Valued at quoted market prices, which represent net asset value ("NAV") of shares held by the Plan at year end.

Self-directed participant brokerage accounts: Valued at quoted market prices of the investments held in the brokerage account. Equity securities held in the brokerage account are valued at quoted market prices reported on the active market on which the individual securities are traded on the last business day of the Plan year.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate, and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**Poly-Med, Inc. 401(k) Retirement Plan**  
**Notes to Financial Statements**

**NOTE E. FAIR VALUE MEASUREMENTS (continued)**

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024:

Investment Category	Fair Value	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs
Mutual funds	\$ 10,025,158	\$ 10,025,158	\$ -	\$ -
Self-directed participant brokerage accounts	206,013	206,013	-	-
<b>Total</b>	<b>\$ 10,231,171</b>	<b>\$ 10,231,171</b>	<b>\$ -</b>	<b>\$ -</b>

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2023:

Investment Category	Fair Value	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs
Mutual funds	\$ 8,781,262	\$ 8,781,262	\$ -	\$ -
Self-directed participant brokerage accounts	114,118	114,118	-	-
<b>Total</b>	<b>\$ 8,895,380</b>	<b>\$ 8,895,380</b>	<b>\$ -</b>	<b>\$ -</b>

**NOTE F. PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions to the Plan at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all Company contributions credited to their accounts.

**NOTE G. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

The Company provides certain administrative support to the Plan, including the funding of audit services for the Plan. The Company does not believe the costs of such services are significant.

Certain Plan investments are managed by the Trustee and, therefore, these transactions qualify as party-in-interest transactions.

Delinquent participant contributions represent non-exempt party-in-interest transactions. Plan management identified certain instances of delinquent participant contributions related to the year ended December 31, 2022. As reported on Form 5500 Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ending December 31, 2022, certain participant contributions totaling \$60,180 were not remitted to the trust within the period specified by the Department of Labor’s Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Plan and the Company. Such contributions were corrected during the year ending December 31, 2024.

**Poly-Med, Inc. 401(k) Retirement Plan**  
**Notes to Financial Statements**

**NOTE H. TAX STATUS**

The Plan is based on a standardized, prototype plan offered by the Trustee. The prototype plan, as amended, obtained its determination letter from the Internal Revenue Service on June 30, 2020, stating that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan administrator believes that the Plan is designed and is currently operated in compliance with the applicable requirements of the IRC, based on reliance of the Trustee regarding the prototype plan.

**NOTE I. RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**NOTE J. SUBSEQUENT EVENTS**

The Plan has evaluated events and transactions occurring subsequent to the balance sheet date of December 31, 2024, for items that should potentially be recognized or disclosed in these financial statements. The evaluation was conducted through September 23, 2025 the date these financial statements were available to be issued.
