## **INDEPENDENT AUDITORS' REPORT**

Board of Trustees  
Wyandot Retirement Savings Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We were engaged to perform audits of the financial statements of Wyandot Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Disclaimer of Opinion**

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

### **Basis for Disclaimer of Opinion**

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 2 to the financial statements, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field

Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America (U.S. GAAP) require that these accounts and the related income and distributions be included in the accompanying financial statements.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

### **Other Matter**

#### ***Supplemental Schedule Required by ERISA***

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

WYANDOT RETIREMENT SAVINGS PLAN  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2024

1 - Description of the Plan

The following description of the Wyandot Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan organized under Section 403(b) of the Internal Revenue Code and covers employees of Wyandot Behavioral Health Network, Inc. (the Company) including PACES Inc., Kim Wilson Housing, Inc., Rainbow Services, Inc., and Wyandot Center, Inc. Employees are eligible to make elective deferrals beginning on their hire date. The Plan excludes employees who normally work less than 20 hours per week unless they complete 1,000 hours of service in a year. Employees are eligible to receive employer discretionary match contributions once they have completed one month of service and reached the age of nineteen. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company's Board of Trustees is responsible for oversight of the Plan. Management of the Plan determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Contributions

Each year, participants may contribute a percentage of their pretax annual compensation, as defined by the Plan. Participants may elect to have their salary deferrals as pre-tax contributions, or on an after-tax basis as a Roth deferral. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make a discretionary matching contribution equal to a percentage of elective deferral contributions. The 2024 discretionary match was 33% of employee deferrals up to 6% of employee compensation. Discretionary matching contributions are participant-directed. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of the Company's discretionary matching contributions, if applicable, and Plan earnings and is charged for any withdrawals or distributions made by the participant and the participant's share of administrative fees and expenses paid out of the Plan, if any. Allocations are based on participant earnings, specific participant transactions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the Company's discretionary contributions plus actual earnings thereon.

WYANDOT RETIREMENT SAVINGS PLAN  
NOTES TO FINANCIAL STATEMENTS  
(Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum of \$ 50,000 or 50 percent of their vested account balance, whichever is less. A participant may not request a loan for less than \$ 1,000 and may have no more than two loans outstanding at any time. The loans are secured by the vested interest in the participant's account and bear interest at local prevailing rates at the time the loan application is submitted. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service, a participant with an account balance less than \$ 5,000 will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. A participant with an account balance greater than \$ 5,000 may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or receive installment payments.

Certain participants may make withdrawals prior to termination of employment. Hardship withdrawals are available to Plan participants, as defined by the Plan Adoption Agreement and permitted by the Internal Revenue Code. Hardship withdrawals are limited to the participant's salary reduction account. Participants who have obtained the age of 59½ may also elect to receive a distribution of all or any portion of their vested account balances in a single lump sum payment.

Forfeitures

At December 31, 2024 and 2023, there were no forfeited nonvested accounts and no forfeitures were used during the year ended December 31, 2024.

Administrative Expenses

Certain Plan administrative expenses are paid out of the Plan as a reduction in each participant's account. The Company provides administrative services and pays most administrative expenses on behalf of the Plan. As the Plan does not reimburse the Company for the cost of such services, they are not included in these financial statements. Expenses relating to specific participant transactions (i.e., loan setup, distribution request, etc.) are charged directly against the appropriate participant's account. Investment related expenses are included in net appreciation of fair value of investments.

Unallocated Assets

At December 31, 2024 and 2023, unallocated cash remitted to the custodian totaled \$ 3,407 and \$ 52,277, respectively.

2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

WYANDOT RETIREMENT SAVINGS PLAN  
NOTES TO FINANCIAL STATEMENTS  
(Continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The investment advisor and Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 4 for discussion of fair value measurements and Note 5 for discussion of contract value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments, and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

403(b) Legacy Contract

The Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The amounts of those accounts in those custodial accounts are unable to be determined. Further, investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

WYANDOT RETIREMENT SAVINGS PLAN  
NOTES TO FINANCIAL STATEMENTS  
(Continued)

Prior to 2002, Plan assets were maintained with various custodians. During 2002, the Plan changed custodian to American United Life Insurance Company (AUL). The Plan assets for those participants choosing to continue making elective salary deferrals and receiving sponsor matching contributions were required to transfer their plan assets to AUL. Since the transfer of assets to AUL was elective at the participants' option, Plan management cannot represent that all Plan assets are maintained with AUL. Such omitted amounts could materially affect the determination of net assets available for benefits and the changes in net assets available for benefits. Accordingly, the Plan's net assets available for benefits as of December 31, 2024 and 2023 and changes in net assets available for benefits for the year ended December 31, 2024 are not complete.

Subsequent Events

Subsequent events have been evaluated by management of the Plan through the date of the independent auditors' report, which is the date the financial statements were available to be issued.

3 - Certified Investment Information

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and supplemental schedule, obtained by management and agreed to or derived from information certified as complete and accurate by Matrix Trust Company (Matrix), a qualified institution:

	2024	2023
Investments, at fair value	\$ 10,326,636	\$ 9,085,160
Investments, at contract value	65,722	67,691
Notes receivable from participants	144,253	136,705
Cash	3,407	52,277

Matrix also certified to the completeness and accuracy of \$ 781,055 of net appreciation in fair value of investments, \$ 10,029 of interest on notes receivable, \$ 420,905 of interest and dividends, and \$ 966 of other income related to the aforementioned plan assets for the year ended December 31, 2024.

4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

WYANDOT RETIREMENT SAVINGS PLAN  
NOTES TO FINANCIAL STATEMENTS  
(Continued)

- Level 1            Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2            Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3            Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2024 and 2023:

Assets at Fair Value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,326,636	\$ -	\$ -	\$ 10,326,636
Total assets at fair value	\$ 10,326,636	\$ -	\$ -	\$ 10,326,636

Assets at Fair Value as of December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,085,160	\$ -	\$ -	\$ 9,085,160
Total assets at fair value	\$ 9,085,160	\$ -	\$ -	\$ 9,085,160

WYANDOT RETIREMENT SAVINGS PLAN  
NOTES TO FINANCIAL STATEMENTS  
(Continued)

5 - Fully Benefit-Responsive Guaranteed Investment Contract

The Plan has a fully benefit-responsive guaranteed investment contract with AUL totaling \$ 65,722 and \$ 67,691 as of December 31, 2024 and 2023, respectively. AUL maintains the contributions in the AUL Stable Value Account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting. For the years ended December 31, 2024 and 2023, the crediting rate was 1.75% and 1.25%, respectively. The guaranteed investment contract does not permit AUL to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletions of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the Trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

6 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023 to the Form 5500:

	2024	2023

Net assets available for benefits per Form 5500	\$ 10,620,306	\$ 9,364,740

The following is a reconciliation of corrective distributions per the financial statements for the year ended December 31, 2024 to Form 5500:

Corrective distributions per the financial statements	\$ -
Add: Plan test corrections recorded as corrective distributions rather than return of contributions	4,219
Corrective distributions per Form 5500	\$ 4,219

The following is a reconciliation of participant contributions per the financial statements for the year ended December 31, 2024 to Form 5500:

Participant contributions per the financial statements	\$ 859,665
Add: Plan test corrections recorded as corrective distributions rather than return of contributions	4,219
Participant contributions per Form 5500	\$ 863,884

7 - Related Party and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds and a guaranteed investment contract managed by Matrix. Matrix is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Some investment management and administrative fees are paid by the Company. Fees paid by the Plan were \$ 6,181 for the year ended December 31, 2024.

WYANDOT RETIREMENT SAVINGS PLAN  
NOTES TO FINANCIAL STATEMENTS  
(Continued)

8 - Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, no further contributions will be made to the Plan.

9 - Tax Status

The Company has adopted a volume submitter plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated November 22, 2017, stating that the form of the volume submitter plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the volume submitter plan document, the Plan Administrator and the Plan's Tax Counsel believe the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
