Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Kirkwood Pharmacy Group 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required By ERISA

The supplemental schedule of assets held at end of year as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KIRKWOOD PHARMACY GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 And 2023

1. Description Of The Plan

The following description of Kirkwood Pharmacy Group 401(k) Plan (formerly known as Town & Counrty Pharmacies, Inc. 401(k) Plan) (the Plan) provides only general information. Participants should refer to the Plan Document for more complete information.

General

The Plan is a defined contribution plan with a 401(k) provision covering all employees of Kirkwood Pharamcy Group, LLC or any affiliate who has adopted the Plan (the Company or Plan Administrator). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan's trustee and group annuity contract issuer are Great-West Trust Company LLC and Great-West Life & Annuity Insurance Company (collectively, Great-West), respectively. Benefit Plans Plus is the Plan's third-party administrator (TPA).

Eligibility

Employees will become eligible to make elective deferral contributions and receive matching contributions, safe harbor contributions and profit sharing contributions after completing six months of service (1,000 hours) and attaining age 21. Eligible employees enter the Plan on the first day of each calendar quarter.

The Plan also provides for automatic enrollment. Upon satisfying the eligibility requirements, employees will be automatically enrolled at a default contribution rate of 3%. Employees may opt out of the Plan or elect a different contribution percentage at any time.

Contributions

Participants may make salary deferral contributions up to 100% of compensation, not to exceed Internal Revenue Service (IRS) limits. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions to the Plan, which represent distributions from other qualified plans. Participants may also designate all or a portion of their elective deferral contributions as Roth contributions.

The Plan provides for a safe harbor nonelective contribution equal to 3% of the eligible compensation which amounted to \$238,964 and \$206,380 in 2024 and 2023, respectively.

KIRKWOOD PHARMACY GROUP 401(k) PLAN

Notes To Financial Statements (*Continued*)

The Plan also provides for discretionary matching and profit sharing contributions to be determined by the Company. There were no discretionary matching contributions made for 2024 or 2023. There were no profit sharing contributions in 2024 or 2023.

Notes Receivable From Participants

A participant may borrow from their account a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Notes are for a period not to exceed five years, unless used to purchase a primary residence, then the notes may be for a period of ten years. Notes are secured by the participants' account balances and bear interest at the Wall Street Journal Prime Rate plus 1%. Principal and interest are repaid through payroll withholdings.

Vesting

Participants are immediately vested in their salary deferral contributions, rollover contributions, and Company safe harbor nonelective contributions plus actual earnings thereon.

For the Company discretionary matching and profit sharing contributions, a participant is 100% vested after three years of service.

Forfeitures

Participants who terminate their employment and are less than 100% vested will forfeit the nonvested portion of their account. Forfeited nonvested accounts may be used to reduce future Company contributions or pay Plan expenses or reallocated to participants as an additional Company contribution. Forfeitures available for future use amounted to \$5,318 and \$5,244 as of December 31, 2024 and 2023, respectively. There were no forfeitures used during the years ended December 31, 2024 or 2023.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and an allocation of the Plan's earnings and expenses. The allocation of earnings is determined by the earnings of the participant's investment selection based on each participant's account balance, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

KIRKWOOD PHARMACY GROUP 401(k) PLAN

Notes To Financial Statements (*Continued*)

Payment Of Benefits

A participant is eligible to receive a distribution from their vested account upon termination of employment, death, becoming disabled, or attaining normal retirement age (65).

In-Service Withdrawals

Active participants who experience a qualifying financial hardship may withdraw all or part of their salary deferral and Roth accounts. Hardship withdrawals will be approved only if they conform to the Plan and established IRS safe harbor provisions. In addition, upon attainment of age 59-1/2, a participant may also withdraw all or a portion of their vested account balance.

Administrative Expenses

The Company and the Plan share in the expenses of the Plan. The Plan primarily pays contract administration and investment fees.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Income Recognition

Investments, other than fully benefit-responsive investment contracts, are reported at fair value. Fair value is the price that would be received in an asset sale or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

KIRKWOOD PHARMACY GROUP 401(k) PLAN

Notes To Financial Statements (*Continued*)

Interest income is recorded as earned on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. The net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment contracts held by a defined contribution plan that are fully benefit-responsive investment contracts are reported at contract value, rather than fair value, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's investment in the Key Guaranteed Portfolio Fund is a fully benefit-responsive investment contract and is reported at contract value in the Statement Of Net Assets Available For Benefits.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions Receivable And Credit Loss Policy

Amounts due for contributions are stated at the amount that management expects to collect from outstanding balances less an allowance for expected credit losses. The expected credit losses amount reflects management's best estimate of amounts that will not be collected. This assessment considers historical experience, current conditions, and when appropriate, reasonable and supportable forecasts.

The Plan has concluded that no allowance for current expected credit losses was necessary at December 31, 2024 or 2023.

Payment Of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates subsequent events through the date the financial statements are available for issue, which is the date of the Independent Auditors' Report.

KIRKWOOD PHARMACY GROUP 401(k) PLAN

Notes To Financial Statements (*Continued*)

3. Certified Investment Information

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information certified by Great-West, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Great-West that the information provided to the Plan Administrator related to the following information is complete and accurate.

Accordingly, as permitted by CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets as of December 31:

	<u>2024</u>	<u>2023</u>
Mutual funds	\$ 4,745,299	\$ 4,031,633
Collective trust fund	207,444	173,732
Fully benefit-responsive investment contract at contract value	28,362	25,571
Notes receivable from participants	142,215	113,906

Great-West also certified to the completeness and accuracy related the following investment income and interest income on notes receivable from participants for the years ended December 31:

	<u>2024</u>	<u>2023</u>
Interest and dividends	\$ 121,738	\$ 87,997
Net change in fair value of investments	446,340	557,332
Interest income on notes receivable from participants	12,442	5,370

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

KIRKWOOD PHARMACY GROUP 401(k) PLAN

Notes To Financial Statements (*Continued*)

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. The funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

KIRKWOOD PHARMACY GROUP 401(k) PLAN

Notes To Financial Statements (Continued)

Collective Trust Fund

The collective trust fund is valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. This fund files as a Direct Filing Entity.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of:

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,745,299	\$ —	\$ —	\$ 4,745,299
Investment measured at NAV (a)				207,444
Total assets at fair value				\$ 4,952,743

	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,031,633	\$ —	\$ —	\$ 4,031,633
Investment measured at NAV (a)				173,732
Total assets at fair value				\$ 4,205,365

- (a) Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

KIRKWOOD PHARMACY GROUP 401(k) PLAN

Notes To Financial Statements (Continued)

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2024 and 2023:

Investment Type	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2024	2023			
Collective Trust Fund					
Equity Index Fund	\$ 207,444	\$ 173,732	None	Daily	None

There have been no changes in the valuation methodologies used at December 31, 2024 or 2023.

5. Transactions With Parties In Interest

The Plan invests in a mutual fund and investment contract managed by Great-West. The Plan also paid fees to Great-West for certain administrative expenses. Certain participants have outstanding loans with the Plan as of December 31, 2024 and 2023. These transactions qualify as exempt party in interest transactions under ERISA.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

KIRKWOOD PHARMACY GROUP 401(k) PLAN

Notes To Financial Statements *(Continued)*

8. Income Tax Status

The Plan uses a prototype plan document sponsored by the TPA. The TPA obtained an opinion letter dated June 30, 2020 in which the IRS stated that the prototype plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan itself did not receive a determination letter. The Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan and the related trust are tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Independent Auditors' Report

Plan Administrator
Kirkwood Pharmacy Group 401(k) Plan
St. Louis, Missouri

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Kirkwood Pharmacy Group 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required By ERISA

The supplemental schedule of assets held at end of year as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KIRKWOOD PHARMACY GROUP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 And 2023

1. Description Of The Plan

The following description of Kirkwood Pharmacy Group 401(k) Plan (formerly known as Town & Counrty Pharmacies, Inc. 401(k) Plan) (the Plan) provides only general information. Participants should refer to the Plan Document for more complete information.

General

The Plan is a defined contribution plan with a 401(k) provision covering all employees of Kirkwood Pharamcy Group, LLC or any affiliate who has adopted the Plan (the Company or Plan Administrator). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan's trustee and group annuity contract issuer are Great-West Trust Company LLC and Great-West Life & Annuity Insurance Company (collectively, Great-West), respectively. Benefit Plans Plus is the Plan's third-party administrator (TPA).

Eligibility

Employees will become eligible to make elective deferral contributions and receive matching contributions, safe harbor contributions and profit sharing contributions after completing six months of service (1,000 hours) and attaining age 21. Eligible employees enter the Plan on the first day of each calendar quarter.

The Plan also provides for automatic enrollment. Upon satisfying the eligibility requirements, employees will be automatically enrolled at a default contribution rate of 3%. Employees may opt out of the Plan or elect a different contribution percentage at any time.

Contributions

Participants may make salary deferral contributions up to 100% of compensation, not to exceed Internal Revenue Service (IRS) limits. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions to the Plan, which represent distributions from other qualified plans. Participants may also designate all or a portion of their elective deferral contributions as Roth contributions.

The Plan provides for a safe harbor nonelective contribution equal to 3% of the eligible compensation which amounted to \$238,964 and \$206,380 in 2024 and 2023, respectively.

KIRKWOOD PHARMACY GROUP 401(k) PLAN

Notes To Financial Statements (*Continued*)

The Plan also provides for discretionary matching and profit sharing contributions to be determined by the Company. There were no discretionary matching contributions made for 2024 or 2023. There were no profit sharing contributions in 2024 or 2023.

Notes Receivable From Participants

A participant may borrow from their account a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Notes are for a period not to exceed five years, unless used to purchase a primary residence, then the notes may be for a period of ten years. Notes are secured by the participants' account balances and bear interest at the Wall Street Journal Prime Rate plus 1%. Principal and interest are repaid through payroll withholdings.

Vesting

Participants are immediately vested in their salary deferral contributions, rollover contributions, and Company safe harbor nonelective contributions plus actual earnings thereon.

For the Company discretionary matching and profit sharing contributions, a participant is 100% vested after three years of service.

Forfeitures

Participants who terminate their employment and are less than 100% vested will forfeit the nonvested portion of their account. Forfeited nonvested accounts may be used to reduce future Company contributions or pay Plan expenses or reallocated to participants as an additional Company contribution. Forfeitures available for future use amounted to \$5,318 and \$5,244 as of December 31, 2024 and 2023, respectively. There were no forfeitures used during the years ended December 31, 2024 or 2023.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and an allocation of the Plan's earnings and expenses. The allocation of earnings is determined by the earnings of the participant's investment selection based on each participant's account balance, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

KIRKWOOD PHARMACY GROUP 401(k) PLAN

Notes To Financial Statements (*Continued*)

Payment Of Benefits

A participant is eligible to receive a distribution from their vested account upon termination of employment, death, becoming disabled, or attaining normal retirement age (65).

In-Service Withdrawals

Active participants who experience a qualifying financial hardship may withdraw all or part of their salary deferral and Roth accounts. Hardship withdrawals will be approved only if they conform to the Plan and established IRS safe harbor provisions. In addition, upon attainment of age 59-1/2, a participant may also withdraw all or a portion of their vested account balance.

Administrative Expenses

The Company and the Plan share in the expenses of the Plan. The Plan primarily pays contract administration and investment fees.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Income Recognition

Investments, other than fully benefit-responsive investment contracts, are reported at fair value. Fair value is the price that would be received in an asset sale or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

KIRKWOOD PHARMACY GROUP 401(k) PLAN

Notes To Financial Statements (*Continued*)

Interest income is recorded as earned on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. The net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment contracts held by a defined contribution plan that are fully benefit-responsive investment contracts are reported at contract value, rather than fair value, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's investment in the Key Guaranteed Portfolio Fund is a fully benefit-responsive investment contract and is reported at contract value in the Statement Of Net Assets Available For Benefits.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions Receivable And Credit Loss Policy

Amounts due for contributions are stated at the amount that management expects to collect from outstanding balances less an allowance for expected credit losses. The expected credit losses amount reflects management's best estimate of amounts that will not be collected. This assessment considers historical experience, current conditions, and when appropriate, reasonable and supportable forecasts.

The Plan has concluded that no allowance for current expected credit losses was necessary at December 31, 2024 or 2023.

Payment Of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates subsequent events through the date the financial statements are available for issue, which is the date of the Independent Auditors' Report.

3. Certified Investment Information

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information certified by Great-West, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Great-West that the information provided to the Plan Administrator related to the following information is complete and accurate.

Accordingly, as permitted by CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets as of December 31:

	<u>2024</u>	<u>2023</u>
Mutual funds	\$ 4,745,299	\$ 4,031,633
Collective trust fund	207,444	173,732
Fully benefit-responsive investment contract at contract value	28,362	25,571
Notes receivable from participants	142,215	113,906

Great-West also certified to the completeness and accuracy related the following investment income and interest income on notes receivable from participants for the years ended December 31:

	<u>2024</u>	<u>2023</u>
Interest and dividends	\$ 121,738	\$ 87,997
Net change in fair value of investments	446,340	557,332
Interest income on notes receivable from participants	12,442	5,370

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

KIRKWOOD PHARMACY GROUP 401(k) PLAN

Notes To Financial Statements (*Continued*)

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. The funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

KIRKWOOD PHARMACY GROUP 401(k) PLAN

Notes To Financial Statements (Continued)

Collective Trust Fund

The collective trust fund is valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. This fund files as a Direct Filing Entity.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of:

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,745,299	\$ —	\$ —	\$ 4,745,299
Investment measured at NAV (a)				207,444
Total assets at fair value				\$ 4,952,743

	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,031,633	\$ —	\$ —	\$ 4,031,633
Investment measured at NAV (a)				173,732
Total assets at fair value				\$ 4,205,365

- (a) Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

KIRKWOOD PHARMACY GROUP 401(k) PLAN

Notes To Financial Statements (Continued)

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2024 and 2023:

Investment Type	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2024	2023			
Collective Trust Fund					
Equity Index Fund	\$ 207,444	\$ 173,732	None	Daily	None

There have been no changes in the valuation methodologies used at December 31, 2024 or 2023.

5. Transactions With Parties In Interest

The Plan invests in a mutual fund and investment contract managed by Great-West. The Plan also paid fees to Great-West for certain administrative expenses. Certain participants have outstanding loans with the Plan as of December 31, 2024 and 2023. These transactions qualify as exempt party in interest transactions under ERISA.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

KIRKWOOD PHARMACY GROUP 401(k) PLAN

Notes To Financial Statements *(Continued)*

8. Income Tax Status

The Plan uses a prototype plan document sponsored by the TPA. The TPA obtained an opinion letter dated June 30, 2020 in which the IRS stated that the prototype plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan itself did not receive a determination letter. The Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan and the related trust are tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
