INDEPENDENT AUDITOR'S REPORT

To the Plan Committee
Weintraub Tobin Chediak Coleman Grodin
Law Corporation Salary Deferral Plan
Sacramento, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Weintraub Tobin Chediak Coleman Grodin Law Corporation Salary Deferral Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and assets held at year end, as of and for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LAW CORPORATION SALARY DEFERRAL PLAN**

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1: DESCRIPTION OF PLAN

The following description of the Weintraub Tobin Chediak Coleman Grodin Law Corporation Salary Deferral Plan (the "Plan") provides only summarized general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established October 1, 1984 to provide benefits for employees of Weintraub Tobin Chediak Coleman Grodin Law Corporation (the "Plan Sponsor") and the employees' beneficiaries. The Plan is a defined contribution plan covering all employees excluding collectively bargained and leased employees who have attained the age of eighteen years. There is no service requirement for full-time employees, and part-time employees become eligible after one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is administered by a committee appointed by the Plan Sponsor. MG Trust Company, dba Matrix Trust Company, served as the Plan trustee through June 27, 2024.

Effective June 27, 2024, the Plan was amended and restated with the adoption of Voya Retirement Insurance and Annuity Company non-standardized defined contribution plan. In connection with the adoption of the Voya plan, the Plan transferred all assets and Voya Institutional Trust Company became Plan trustee. As part of the June 27, 2024 adoption, the Plan was amended to exclude non-resident aliens from eligibility.

Plan Year

The Plan year begins January 1st and ends December 31st.

Contributions

The Plan allows for the following types of contributions:

- **Employee Salary Deferral 401(k) Contributions**
The Plan includes an elective salary deferral arrangement pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). Employees may voluntarily contribute from 1% to 100% of their regular wages allowable, subject to various nondiscrimination tests and limitations prescribed by the Code. Employee salary deferrals include pre-tax elective deferrals and Roth after-tax elective deferrals.
- **Discretionary Employer Matching Contributions**
The Plan Sponsor may make a matching contribution equal to a percentage of the participants' elective deferrals up to a percentage of eligible compensation for the Plan year. The Plan Sponsor made matching contributions of \$345,150 and \$321,329 in 2024 and 2023, respectively.
- **Safe Harbor Non-Elective Employer Contribution**
The Plan Sponsor may make a safe harbor contribution equal to 3% of the participants' eligible compensation for the Plan year determined by the Plan Sponsor each plan year. The Plan Sponsor made safe harbor contributions of \$448,900 and \$752,467 in 2024 and 2023, respectively.
- **Discretionary Employer Profit Sharing Contribution**
The Plan Sponsor may contribute a discretionary amount as a profit sharing contribution. The Plan Sponsor made discretionary profit sharing contributions of \$809,777 and \$386,000 in 2024 and 2023, respectively.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

Contributions (Continued)

- **Qualified Non-Elective Contributions**

The Plan Sponsor may make a discretionary qualified non-elective contribution (QNEC) in order to correct a failed ADP or ACP test. If made, the contribution is allocated pro-rata to all non-highly compensated employees.

- **Rollover Contributions**

Participants may make rollover contributions from another qualified plan.

Participant Accounts and Allocations

Each participant's account is credited with the participant's contributions, rollover contributions, the Plan Sponsor's matching, safe harbor and discretionary profit sharing contributions, an allocation of plan earnings, and an allocation of certain plan expenses, as defined by the Plan. The yield (interest, dividends, and net realized and unrealized gains and losses) on investments is allocated to each participant's account based on each participant's pro-rata share of the total investments in the particular fund. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's vested account.

Vesting

Participants are always 100% vested in their deferral, rollover, QNEC and safe harbor employer contributions. Employer matching, employer profit sharing contributions and gains/losses credited thereon vest as follows:

Less than 2 years credited service	0%
After 2 years credited service	20%
After 3 years credited service	40%
After 4 years credited service	60%
After 5 years credited service	80%
After 6 years credited service	100%

For vesting purposes, a year of service is equivalent to 1,000 hours of service during the Plan year.

Additionally, a participant's interest in their respective account becomes 100% vested when the employee (a) attains the age of normal retirement, (b) becomes disabled while employed by the Plan Sponsor, or (c) dies while employed by the Plan Sponsor.

Forfeitures

Forfeitures may be used for payment of plan expenses and to reduce employer contributions. Forfeitures of \$0 and \$3,345 were used to pay plan expenses in 2024 and 2023, respectively. Forfeitures of \$708 and \$0 were used to reduce employer contributions in 2024 and 2023, respectively. Forfeiture amounts totaling \$247,822 and \$18,045 were available to be used to pay plan expenses or reduce employer contributions, as of December 31, 2024 and 2023, respectively.

Retirement

Normal retirement under the Plan is the later of age sixty-five or the employee's 5th anniversary of joining the Plan. Effective June 2024, retirement is when a participant attains age 65.

Payment of Benefits

Payment of benefits may be made at the following times under the Plan: 1) normal retirement, 2) termination of employment of the participant, 3) death or disability of the participant, 4) reasons of proven financial hardship, or 5) in-service withdrawals after the age of 59 ½. Participants' vested accounts that do not exceed \$5,000 are distributed upon severance from employment. The form of benefit payments may be in a single lump sum or in periodic installments.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

The Plan allows participants to borrow from their accounts while employed by the Plan Sponsor. Participants may borrow an amount equal to 50% of their vested balance up to a maximum of \$50,000. Borrowings bear interest at Prime plus 2% and are due within five years or ten years if for the acquisition of a principal residence. Loans are secured by the balance in participants' accounts.

Administrative Expenses

All administrative expenses of the Plan are paid by the Plan or the Plan Sponsor. Expenses related to specific participant transactions are charged to the respective participant's account.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are maintained on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Allocation

Investments in mutual funds, collective investment trusts, money market funds, and the common collective trust are stated at fair market value using quoted market prices when available. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Increases in the value of investments are reflected in each participant's self-directed account. Investments are valued daily.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses had been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits to participants are recorded when paid.

Income Taxes

The Plan has adopted a non-standardized pre-approved salary deferral plan which obtained a favorable opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan is acceptable under Section 401 of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has determined that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine examinations by taxing authorities; however, there are currently no examinations for any tax periods in progress.

Estimates and Assumptions

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Excess Contributions

The Plan is subject to annual contribution limits set by the Internal Revenue Service. In cases where employee contributions exceed these IRS-prescribed limits, excess contributions are identified, reported, and refunded to affected employees as soon as administratively feasible. Excess contributions are refunded in compliance with IRS regulations to prevent tax penalties for participants and to maintain the qualified status of the Plan.

NOTE 3: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 4: INFORMATION CERTIFIED BY THE TRUSTEES

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Matrix Trust Company and Voya Institutional Trust Company, as of and for the years ended December 31, 2024 and 2023, respectively:

	<u>2024</u>	<u>2023</u>
Mutual funds	\$ 21,664,672	\$ 17,674,400
Money market funds	\$ 316,537	\$ -
Collective investment trusts	\$ 33,587,459	\$ 33,697,866
Common collective trust	\$ 4,146,951	\$ 4,393,684
Non-interest bearing cash	\$ -	\$ 367,379
Net appreciation in fair value of investments	\$ 5,976,091	\$ 7,168,527
Interest and dividends	\$ 617,233	\$ 703,327

NOTE 5: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) ASC 820 provides a framework for measuring fair value. That framework provides a three-tier hierarchy that prioritizes the inputs to valuation techniques used for measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs are unadjusted quoted prices for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, model-based valuation techniques for which all significant assumptions are observable in the market, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 5: FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds: Underlying short-term investments with quoted prices in active markets to preserve the value of the investment at \$1.00 per share.

Collective investment trust: Valued at the daily closing price as reported by the trust. The net asset value (NAV) is based on the fair value of the underlying investments held by the trust less its liabilities. These trusts publish their NAV daily and transact at that price. The collective investment trusts held by the Plan are deemed to be actively traded.

Common collective trust: A stable value fund that includes fully benefit-responsive investment contracts and is valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's financial assets that were accounted for at fair value on a recurring basis at December 31, 2024 and 2023:

	Assets at fair value as of December 31, 2024

NOTE 5: FAIR VALUE MEASUREMENTS (Continued)

The following table summarizes investments for which fair value is measured using the net asset value per unit practical expedient as of December 31, 2024 and 2023:

<u>December 31, 2024</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Stable value fund	\$ 4,146,951	n/a	Daily	12 Months

Stable value fund	\$ 4,393,684	n/a	Daily	12 Months

NOTE 6: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Certain Plan investments are managed by the trustee, as defined by the Plan document and, therefore, these transactions qualify as party-in-interest transactions. Certain administrative fees related to administration of the Plan and investment advisory fees were paid by the Plan. Notes receivable from participants are considered party-in-interest transactions. These investments and transactions qualify as party-in-interest transactions which are exempt from the prohibited transactions rules of ERISA.

NOTE 7: FORM 5500 RECONCILIATION

The financial statements include differences from the 5500 as follows:

	<u>2024</u>	<u>2023</u>
Net assets per Form 5500	\$ 59,980,118	\$ 57,838,543
Employer contribution receivable	<u>1,603,827</u>	<u>-</u>

Employer contributions as reported	<u>\$ 1,606,127</u>	<u>\$ 1,459,796</u>

NOTE 8: PROHIBITED TRANSACTIONS

During the year ended December 31, 2024, the Plan Sponsor failed to remit certain employee contributions to the Plan in a timely manner, as defined by ERISA in the amount of \$300. The Plan Sponsor corrected these contributions in 2024.

NOTE 9: **RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts in the statement of net assets available for benefits.

NOTE 10: **SUBSEQUENT EVENTS**

Plan management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 7, 2025, the date the financial statements were available to be issued, and management has determined that no subsequent events have occurred.
