## INDEPENDENT AUDITORS' REPORT

Plan Administrator  
Greeley County Health Services, Inc.  
Employees' Pension Plan  
Tribune, Kansas

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Greeley County Health Services, Inc. Employees' Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used, and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matter – Supplemental Schedule Required by ERISA**

The supplemental Schedule H, Line 4i – schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion —

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Employees' Pension Plan  
Notes to Financial Statements  
Years Ended December 31, 2024 and 2023**

**1. Description of Plan:**

The following description of Greeley County Health Services, Inc. Employees' Pension Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General** – The Plan is a defined contribution plan covering all eligible employees of Greeley County Health Services, Inc. (the Employer). The Plan is subject to the provisions of ERISA. American United Life Insurance Company (AUL) serves as custodian of the Plan.

The Plan is funded in its entirety by a group annuity contract. Contributions are allocated to either a fixed interest investment option, or separate accounts where participants purchase units of portfolios within the separate account, which in turn purchases shares of corresponding mutual funds.

**Eligibility** – Each plan year, employees who have reached 18 years of age and completed one year (1,000 hours) of continuous service are eligible to participate in the Plan.

**Contributions** – Participants must elect to have at least 4.5 percent of their annual compensation deferred into the related Greeley County Health Services, Inc. Tax Deferred Annuity Plan (the Tax Deferred Annuity Plan). The Employer then makes contributions equal to 3 percent of the participant's compensation. Forfeitures are used to reduce employer contributions. Employee rollover contributions are also permitted.

**Investment options** – Upon enrollment in the Plan, a participant may direct contributions into any of the funds offered by the Plan. Participants may change their investment options daily.

**Participant accounts** – Each participant's account is credited with allocations of (a) the employer's contributions, and (b) plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Income is allocated daily based on the shares in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

**Vesting** – Participants vest according to a graduated schedule based on years of service. Participants are 100 percent vested after five years of service.

**Forfeited accounts** – At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$-0-. These accounts are used to reduce future employer contributions. Also, in 2024 and 2023, employer contributions were reduced by \$6,005 and \$4,065, respectively, from forfeited nonvested accounts.

**Benefit payments** – Participants may elect to receive (1) a lump-sum amount equal to the value of their vested interest, (2) installments, or (3) annuities as defined in the plan document upon retirement, termination, death, or disability. A terminated employee with a balance of less than \$5,000 may be automatically paid out by the Plan upon termination. Distributions may be made at the participant's election prior to termination upon attainment of early retirement at age 55.

**Death benefits** – The designated beneficiary is entitled to a death benefit distribution equal to the larger of the participant's vested account balance or the contributions, less withdrawals, plus the guaranteed minimum rate.

**Plan termination** – The Plan sponsor may terminate the Plan at any time at its sole discretion. Upon termination, no further contributions will be made to the Plan, and all amounts credited to participant accounts will become 100 percent vested. The Plan sponsor will direct the distribution of accounts.

**2. Summary of Significant Accounting Policies:**

***Basis of accounting*** – The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

***Use of estimates*** – The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires the Plan sponsor to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, as well as the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

***Investment valuation and income recognition*** – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

***Contribution transfers payable*** – The Plan received a contribution from the Plan sponsor during the year ended December 31, 2018, in the amount of \$93,872. This was a corrective contribution for missed employee deferral contributions. As the missed deferral contributions would have been contributed into the tax deferred annuity plan, the corrective contribution should also have been contributed to that plan. Therefore, the Plan has recorded a liability to the Tax Deferred Annuity Plan.

***Payment of benefits*** – Benefit payments to participants are recorded upon distribution.

***Administrative expenses*** – Certain administrative expenses are paid by the Plan sponsor, as provided in the Plan document.

***Subsequent events*** – The Plan sponsor has evaluated subsequent events through September 18, 2025, the date on which the financial statements were available to be issued.

**3. Fair Value of Investments:**

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

**Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Greeley County Health Services, Inc.**  
**Employees' Pension Plan**  
**Notes to Financial Statements (Continued)**  
**Years Ended December 31, 2024 and 2023**

**3. Fair Value of Investments (continued):**

**Level 2:** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs, other than quoted prices, that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2024 and 2023.

Following is a description of the valuation methodologies used for assets measured at fair value.

***Pooled separate accounts*** – The fair value of the units held in pooled separate accounts is based on quoted market prices of the underlying investments in the account and is based on the net asset value of the shares held by the Plan at year end. The pooled separate accounts have a readily determinable fair value, as the underlying investments are actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	<b>2024</b>			
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
<i>Pooled separate accounts</i>	\$ -	\$ 4,370,459	\$ -	\$ 4,370,459
<b>Total investments, at fair value</b>	<b>\$ -</b>	<b>\$ 4,370,459</b>	<b>\$ -</b>	<b>\$ 4,370,459</b>

  

	<b>2023</b>			
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
<i>Pooled separate accounts</i>	\$ -	\$ 3,645,241	\$ -	\$ 3,645,241
<b>Total investments, at fair value</b>	<b>\$ -</b>	<b>\$ 3,645,241</b>	<b>\$ -</b>	<b>\$ 3,645,241</b>

**Greeley County Health Services, Inc.**  
**Employees' Pension Plan**  
**Notes to Financial Statements (Continued)**  
**Years Ended December 31, 2024 and 2023**

**3. Fair Value of Investments (continued):**

*Changes in fair value levels* – The availability of observable market data is monitored to assess the appropriate classifications of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2024 and 2023, there were no significant transfers in or out of Levels 1, 2, or 3.

**4. Certification of Investment Information:**

AUL, the custodian of the Plan, has supplied the Plan administrator with certifications as to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023, the statement of changes in net assets available for benefits for the year ended December 31, 2024, and the supplemental Schedule H, Line 4i – schedule of assets (held at end of year) as of December 31, 2024.

**5. Investment Contract with Insurance Company:**

The Plan has a benefit-responsive fixed investment option with AUL that is maintained in AUL's general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fixed interest investment option issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The guaranteed investment contract is fully benefit responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

**Greeley County Health Services, Inc.**  
**Employees' Pension Plan**  
**Notes to Financial Statements (Continued)**  
**Years Ended December 31, 2024 and 2023**

**6. Related-party and Party-in-interest Transactions:**

The following transactions are considered party-in-interest transactions under ERISA regulations, but are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA:

- The Plan sponsor provides to the Plan certain accounting and administrative services, for which no fees are charged to the Plan. The employees who provide these services also are participants in the Plan.
- Some plan investments are managed by AUL. AUL is the custodian, as defined by the Plan. Therefore, the investment transactions qualify as party-in-interest transactions. AUL also manages the individual participant accounts and provides bookkeeping services to the Plan. Fees paid by the Plan for the investment management services are included in the net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.
- AUL also prepares the IRS Form 5500.
- The plan auditor performs the required annual audit of the Plan.

**7. Risks and Uncertainties:**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investments will occur in the near term. It is also possible that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

The Plan has a concentration of investments in American United Life Fixed Account. A change in the value of this fund could cause the value of the Plan's net assets available for benefits to change due to this concentration. In addition, as a result of funds being selected by participants, certain other funds may individually represent a concentration of greater than 10 percent of the Plan's investments at fair value in the statements of net assets available for benefits. At December 31, 2024, American United Life Fixed Account represented greater than 10 percent of the Plan's investments at fair value.

**8. Reconciliation of Financial Statements to Form 5500:**

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	<b>2024</b>	<b>2023</b>
Net assets available for benefits per the financial statements	\$ 6,300,595	\$ 5,523,954
Add: Contribution transfers payable	93,872	93,872
Net assets available for benefits per Form 5500	\$ 6,394,467	\$ 5,617,826

**Notes to Financial Statements (Continued)**  
**Years Ended December 31, 2024 and 2023**

**9. Plan Tax Status:**

The Plan uses a prototype plan document sponsored by AUL, who received an opinion letter dated April 5, 2016, in which the Internal Revenue Service (IRS) stated that the prototype plan document being used by the Plan is designed and acceptable, in accordance with applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. The prototype plan has been amended since receiving the opinion letter. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
