Independent Auditor's Report

The Plan Administrator
E&M Logistics Inc. Employee Stock Ownership Plan
Bronx, New York

Opinion

We have audited the financial statements of the E&M Logistics Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 (in liquidation) and 2023 (in liquidation), and the related statement of changes in net assets available for benefits for the year ended December 31, 2024 (in liquidation), and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of E&M Logistics Inc. Employee Stock Ownership Plan as of December 31, 2024 (in liquidation) and 2023 (in liquidation), and the changes in its net assets available for benefits for the year ended December 31, 2024 (in liquidation), in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of E&M Logistics Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As further discussed in Note 7 to the financial statements, the Board of Directors of E&M Logistics Inc. Employee Stock Ownership Plan voted on December 20, 2022, to terminate the plan and management determined liquidation is imminent. As a result, E&M Logistics Inc. Employee Stock Ownership Plan changed its basis of accounting from the going-concern basis of accounting to the liquidation basis of accounting to prepare the financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of E&M Logistics Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule H, line 4i-schedule of assets held at end of year and schedule H, line 4j-schedule of reportable transactions as of or for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of Plan

The following brief description of the E&M Logistics Inc. Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

E&M Logistics Inc. (the Company) established the E&M Logistics Inc. Profit Sharing Plan prior to 2016 and in May 2016 amended and restated the Plan to become the E&M Logistics Inc. Employee Stock Ownership Plan which was effective as of January 1, 2016 (Effective Date). As of the Effective Date, the Plan operates, in relevant part, as a leveraged employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986 (IRC), as amended and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the ESOP committee of the Company as designated by the Plan Administrator. The trust department of an independent third-party is the Plan's trustee (Trustee). Effective September 3, 2021 (Freeze Date), the Plan was amended and shall no longer be an employee stock ownership plan designed to invest primarily in the stock of the Company, and shall instead constitute, in its entirety, a profit-sharing plan intended to satisfy the applicable requirements of Section 401(a) of the IRC. Effective December 20, 2022, the Company terminated the Plan (Termination Date) (Note 7).

Eligibility

Employees that were eligible for the profit-sharing plan prior to the Effective Date became eligible for the Plan as of the Effective Date. Employees not eligible on the Effective Date became eligible to participate in the Plan if they had completed one year of service and had attained 21 years of age. A year of service for purposes of eligibility is a consecutive 12-month period during which the employee has 1,000 or more hours of service. Effective as of the Freeze Date, no employee shall become eligible to become a participant in the Plan.

Entry Date

Prior to the Freeze Date, employees may enter the Plan on the first day of January nearest the date on which they met the eligibility requirements.

Contributions

Effective as of the Freeze Date, no further employer contributions shall be made to the Plan.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's preferred stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Company will receive an allocation. Participants must be employed on the last day and have at least 1,000 hours of service during the Plan year to receive an allocation, unless termination is due to death or retirement. Allocations are based on a participant's eligible compensation, relative to the total eligible compensation of all participants. Plan earnings and losses are allocated to each participant's account based on the ratio of the participant's account balance based on the ratio of the participant's account balance relative to all other participant's account balances.

Vesting

Prior to the Freeze Date, vesting was based on years of credited service in the Plan following a six-year vesting schedule. Effective as of the Freeze Date, all participants are 100% vested.

Payment of Benefits

Participants may elect to receive a distribution in the amount equal to the value of their vested interest as defined in the Plan document upon retirement, termination of employment, death or disability. If a participant's separation of service is for a reason other than death, disability or retirement, distribution of the participant's balance shall be made no later than the fifth fiscal year following the Plan year in which the participant's employment is terminated or as allowed by the Plan document. Participants with account balances less than or equal to \$1,000 may be paid out as soon as administratively feasible. Participants with accounts over \$1,000 may be distributed as soon as administratively feasible with the consent of the Participant.

Distributions are made in a single lump sum if the vested account balance is equal to or less than \$1,000.

Effective as of the Termination Date, the Plan shall distribute to each participant a one-time distribution of 70% of the cash value allocated in the participant's account as of the Termination Date.

Plan Termination

The Plan was amended as of December 20, 2022, to be terminated (Note 7). In accordance with generally accepted accounting principles, the Plan has changed the basis of accounting used to value plan assets from the ongoing Plan basis to the liquidation basis for the year ended December 31, 2022. Participants in the Plan shall not accrue any additional benefits in the Plan as of the effective date of Plan termination.

Note 2 - Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the liquidation basis of accounting as of December 31, 2024 and 2023 and for the year ended December 31, 2024.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Concentrations of Credit Risk

The Company maintains its cash accounts in various deposit accounts, the balances of which are periodically in excess of federally insured limits.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year. The ESOP committee determines the Plan's valuation policies utilizing information provided by the valuation company. Other income represents other income to the plan after the release of escrow funds held at the time of the ESOP transaction.

The classification of investment earnings (losses) reported above and in the statement of changes in net assets available for benefits may differ from the classification of earnings (losses) on Form 5500 due to different reporting requirements on Form 5500.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Money Market Mutual Fund – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Notes to Financial Statements
December 31, 2024 and 2023 (In Liquidation)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

	2024			
	Level 1	Level 2	Level 3	Total
Money market mutual fund	\$ 7,452,357	\$ -	\$ -	\$ 7,452,357
Total investments at fair value	\$ 7,452,357	\$ -	\$ -	\$ 7,452,357
	2023			
	Level 1	Level 2	Level 3	Total
Money market mutual fund	\$ 6,506,504	\$ -	\$ -	\$ 6,506,504
Total investments at fair value	\$ 6,506,504	\$ -	\$ -	\$ 6,506,504

Note 4 - Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated September 15, 2017, that the Plan and related trust were designed in accordance with the applicable regulations of the IRC. Subsequent to the issuance of the determination letter, the Plan was amended. However, the Company, Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and, therefore believe the Plan is qualified and the related trust continues to be tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or global conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 6 - Commitments and Contingencies

The Company received a request for information from the U.S. Department of Labor (the "DOL") dated February 6, 2019 ("Request for Information") in regard to a service provider to the Plan. The Company provided documents in response to the Request for Information. The Company then received a subpoena from the DOL dated April 23, 2020 (the "2020 Subpoena") advising that the DOL was reviewing a service provider to the Plan. The Company provided documents in response to the 2020 Subpoena. The DOL, by letter dated August 2, 2022, alleged claims against the Board of Directors of the Company, the Company's ESOP Committee, and Martin Kelly, the Company's former owner. The DOL alleged they violated the Employee Retirement Income Security Act by imprudently permitting the Plan to pay in 2016 more than adequate consideration for the stock of the Company, failing to maintain a fidelity bond for the Plan and failing to file accurate annual reports for the Plan. Pursuant to the Securities Purchase Agreement, dated as of September 3, 2021, by and among (a) GlacierPoint Enterprises, Inc. (f/k/a MPC Logistics Holdings Inc.), (b) the Company, (c) Martin Kelly, and (d) the E&M Logistics Inc. Employee Stock Ownership Trust, GlacierPoint Enterprises, Inc. sent Martin Kelly a letter dated August 19, 2022 notifying Mr. Kelly of the Buyer Indemnified Parties' entitlement to indemnification. By letter dated December 13, 2022, to the DOL, Mr. Kelly denied the DOL's claims. By letter dated December 14, 2022, the Company, the Company's ESOP Committee and the Board of Directors of the Company wrote to the DOL in support of Mr. Kelly's letter denying the DOL's claims. The DOL also issued a second subpoena to the Company dated September 16, 2022 (the "2022 Subpoena"). The Company provided documents in response to the 2022 Subpoena. By letter dated June 6, 2024, Mr. Kelly responded to follow-up questions of the Department of Labor. By letter dated June 6, 2024, Mr. Kelly responded to follow-up questions of the Department of Labor. By letter dated August 12, 2024, an order of dismissal was passed by Department of Labor and the matter is dismissed with prejudice.

The Company, its former owner (Mr. Kelly) and the DOL have entered into seven tolling agreements.

During 2024, the Plan administrator settled a claim by the Department of Labor which was paid from funds outside of the Plan. Additional excise taxes and penalties were also assessed and were paid from funds outside of the Plan.

Note 7 - Plan Termination

On December 20, 2022, the Board of Directors of the Company approved the termination of the Plan. Accordingly, the liquidation basis of accounting was adopted. Subsequent to the Termination Date, the Plan distributed to each participant a one-time distribution of 70% of the cash value of participants' accounts as of the Termination Date. The remainder of each participant's account shall be distributed as soon as reasonably practical following the later of 1) the Plan's receipt of the final liquidating distributions as may be distributed to the Plan pursuant to that certain escrow agreement by and among MPC Logistics Holdings Inc., Martin Kelly and JPMorgan Chase Bank, N.A. dated as of September 3, 2021 and 2) receipt from the IRS of a favorable determination letter with respect to the termination of the Plan.
