INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
CommuteAir 401 K Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of CommuteAir 401 K Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of CommuteAir 401 K Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of CommuteAir 401 K Retirement Plan Employee Benefit Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CommuteAir 401 K Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CommuteAir 401 K Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CommuteAir 401 K Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Assets Held at End of Year is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CommuteAir 401 K Retirement Plan
FINANCIAL STATEMENTS
December 31, 2024

NOTE 1 DESCRIPTION OF THE PLAN

The following brief description of the CommuteAir 401 K Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined contribution plan established to provide retirement benefits for employees of CommuteAir LLC (the Company) who are at least 18 years old and have completed three months of service. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA). Effective February 1, 2016, the Champlain Enterprises, Inc. 401(k) Savings Plan was amended making CommuteAir LLC the employer and administrator of the Plan.

Contributions

Participants may contribute a percentage (up to 100% of eligible pre-tax compensation) of compensation up to the maximum allowed by the Internal Revenue Code (the Code). Participants may also contribute amounts representing distributions from other qualified retirement plans to the extent permitted by the Plan and the Code. Company contributions, if any, to the Plan are at the option and sole discretion of the Company's Board of Directors. Effective January 2016, the Company began matching employee contributions. The Company will match 50% of a participant's deferral up to 8% of pre-tax annual compensation contingent upon the participant's months of service. All contributions are subject to certain limitations imposed by the Plan and the Code.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocation of investment earnings and charged with an allocation of administrative expenses. Allocations of expenses are dependent on the nature of expenses, as defined. The benefit to which a participant is entitled to is the benefit that can be provided from the participant's vested account.

Investment Options

Participants may direct the investment of their contributions to several mutual funds at Fidelity Management Trust Company. These accounts include a variety of investments with various objectives and degrees of financial risk.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested in profit sharing and matching contributions after four years of vesting service.

Payment of Benefits

Upon termination of employment, normal retirement, death or disability, the participant shall become entitled to the total value of his or her account, determined as of the distribution date. Distributions will be paid by lump sum on specified dates based upon election of the participant or the Plan, as defined in the Plan and the Code.

NOTE 1 DESCRIPTION OF THE PLAN (continued)

Hardship Withdrawal

A participant may request a financial hardship withdrawal from the Plan as defined in the Plan and the Code. If approved, the participant shall become entitled to the value of any of his or her deferral accounts, determined as of the valuation date, which is payable immediately in a lump sum distribution.

Loans to Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate as determined by the Plan Administrator. Principal and interest are payable ratably through weekly payroll deductions over the course of no more than five years. Loans are automatically approved and the participant is entitled to the value of his or her deferral account, determined as of the valuation date, which is payable immediately in a lump sum distribution, net any processing fees.

Forfeitures

Forfeitures are used to reduce future employer contributions or plan administrative expenses. At December 31, 2024 and 2023, there were \$96 and \$6,126 in forfeited nonvested accounts, respectively. At December 31, 2024 and 2023, \$249,576 and \$193,576 of forfeitures were used to reduce employer contributions, respectively.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the provisions of the plan agreement, to terminate the Plan in whole or in part subject to the provisions of ERISA.

Basis of Accounting

The Plan uses the accrual method of accounting for Plan transactions.

Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Investment options are available in a range of risk levels. These funds are maintained by Fidelity Management Trust Company, the custodian of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Unit Values

Participants do not own specific securities or assets in the various funds, but have an interest represented by units valued as of the last business day of each month. Contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit value as last determined, and the participant's accounts are charged or credited with the number of units attributed to each participant.

Payments of Benefits

Benefits to participants are recorded when paid.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator and the Company to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 3 FAIR VALUE MEASUREMENTS

For financial statement elements required to be measured at fair value, generally accepted accounting principles define fair value, establish a framework for measuring fair value and enhances disclosures about fair value measurements. The definition of fair value focuses on the price that would be received to sell the asset or paid to transfer the liability, which is referred to as the exit price. Generally accepted accounting principles establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels (Level 1, 2, and 3).

Level 1 - Observable inputs that reflect quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 - Observable inputs, other than quoted prices included in Level 1, for the asset or liability or prices for similar assets and liabilities.

Level 3 - Unobservable inputs reflecting the Plan's estimates of the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

Mutual funds: The market value of the mutual funds is determined by Fidelity Management Trust Company and is based upon quoted market prices (when available) of the underlying assets held in the investment portfolio. If the value of any asset is not readily determinable, it is valued by Fidelity Management Trust Company at its estimated fair value using accepted valuation practices.

NOTE 5 TAX STATUS

The Plan has not obtained a determination letter for their document. Fidelity Management Trust Company has received an opinion letter on the prototype plan that CommuteAir LLC (Plan Sponsor) has adopted. The trustee believes the Plan is currently being operated in compliance with all requirements of the Internal Revenue Code and is tax-exempt as of December 31, 2024 and 2023. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Consideration has been given to uncertain tax positions. The federal income tax returns for the years ended after December 31, 2018, remain open for potential examination by the Department of Labor, generally for six years after they were filed.

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Fidelity Management Trust Company is a party-in interest as defined by ERISA as a result of being the trustee of the Plan. Most Plan assets are invested in funds sponsored by Fidelity Management Trust Company. Transactions involving these instruments are considered party-in interest transactions.

The Company bears all of the administrative costs and expenses. Processing fees are charged directly to participants for loans taken out and are either paid up front by the participant or rolled into the loan balance. During the years ending December 31, 2024 and 2023, \$16,075 and \$12,025 of administration costs were charged to participants of the plan, respectively. The majority of these costs were loan setup fees and mailing costs.
