Report of Independent Auditors

To the Finance and Audit Committee,
Human Resources & Compensation Committee,
and Plan Administrator of the Sparrow Health System
Associate Retirement Savings Plan
Lansing, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Sparrow Health System Associate Retirement Savings Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Sparrow Health System Associate Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sparrow Health System Associate Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sparrow Health System Associate Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements. In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sparrow Health System Associate Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sparrow Health System Associate Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Sparrow Health System Associate Retirement Savings Plan

Notes to Financial Statements

December 31, 2024

1. Description of Plan

The following brief description of the Sparrow Health System Associate Retirement Savings Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

Effective August 1, 2007, Sparrow Health System established the Plan and Trust Agreement. The Plan covers a substantial number of employees (caregivers) of the following entities: Sparrow Health System; Edward W. Sparrow Hospital Association; Sparrow Community Care; Physicians Health Plan; Sparrow Specialty Hospital; Sparrow Clinton Hospital; and Sparrow Ionia Hospital. Effective January 1, 2012, employees of the Michigan Nurses Association (MNA) that were formerly members of the Sparrow Health System Associate Pension Plan and elected during the 2011 MNA Choice Campaign to earn post-2011 retirement benefit accruals under the Plan are permitted to participate in the Plan. Effective January 1, 2016, Sparrow Carson Hospital became an Adopting Employer. Effective January 1, 2020, Sparrow Eaton Hospital (formerly Hayes Green Beach Memorial Hospital) became an Adopting Employer. The entities listed above are collectively referred to as the Adopting Employers. Certain vesting and eligibility criteria apply to Sparrow Eaton Hospital caregivers, as defined in the plan amendment. The Plan was amended on January 1, 2021, becoming a multiple employer Plan, as Physicians Health Plan ceased to be in the same controlled group. The Plan was subsequently amended, effective January 1, 2022, to remove Physicians Health Plan as a participating employer. Physicians Health Plan has announced its intention to cease operations by December 31, 2025. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective April 1, 2023, Sparrow Health System finalized a partnership with University of Michigan Health System. Effective April 1, 2024, Sparrow is doing business as University of Michigan Health – Sparrow.

During 2025, an amendment is planned to allow the merger of the Sparrow Health System Affiliate 401(k) Plan into this Plan. The assets and participant balances are expected to be merged in 2026.

Eligibility

In general, any caregiver who is employed by the Adopting Employers is eligible to participate in the Plan, except leased caregivers and caregivers accruing benefit service and compensation credit under a Sparrow Health System Associate Pension Plan. Employees are automatically enrolled at a deferral rate of 6%.

1. Description of Plan (continued)

Contributions

The Plan provides for elective deferral contributions by caregivers subject to the dollar limitations contained in Internal Revenue Code (Code). Roth elective deferrals are also allowed by participants. Participants over age 50 are allowed to make catch-up contributions. The Adopting Employers contribute \$0.50 for every dollar that the participant contributes in elective, Roth, and catch-up deferrals, up to 6% per pay period. Said matching contributions shall not be made in excess of 3% of the participant's compensation for the relevant payroll period. The Plan also provides that the Adopting Employers will make a safe harbor non-elective contribution to the account of each eligible caregiver, who has completed one year of service (and 1,000 hours), in an amount equal to 3% of the caregiver's compensation for the plan year.

Notes Receivable from Participants

The Plan does not allow participants to borrow from their fund accounts, however, any loan approved by the Hayes Green Beach Memorial Hospital 401(k) Employee Retirement Plan and made to a participant prior to January 1, 2020, remains outstanding under the Plan until paid.

Payment of Benefits

Participants are eligible to receive distributions upon reaching normal retirement age of 65, termination, or separation due to death or disability. In service distributions are also allowed upon attaining age 59 1/2. Benefits are paid as a lump-sum amount equal to the vested portion of the participant's account or a direct transfer to another plan that satisfies the requirements of the Code.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the Adopting Employers' contributions and Plan earnings and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings, expenses, deferrals or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan. The total unallocated account balance was \$1,752,855 as of December 31, 2024 (\$1,925,132 as of December 31, 2023).

1. Description of Plan (continued)

Vesting

Each participant is 100% vested in his/her deferrals and the employer safe harbor non-elective contributions at the time of the contribution. An amount equal to the “vested percentage” of the employer matching contribution account is determined by years of service. For years 0 to 2, the vested percentage is 0% and 3 or more years is 100% vested. A participant is entitled to 100% of his or her account balance upon retirement, death, or disability.

Hardship Withdrawals

The participant, with spousal consent, may elect to make a hardship withdrawal up to an amount equal to the balance then credited to his/her elective deferral account, not including earnings. This can be done at any time, but not more frequently than once in each plan year. The purpose is to meet immediate and heavy financial needs of the participant where the amount of the withdrawal is not reasonably available from other resources of the participant.

Forfeitures

Participant forfeitures of employer contributions are used to pay administrative expenses or to reduce employer contributions. As of December 31, 2024, the forfeiture balance is \$741,992 (\$1,104,614 as of December 31, 2023). For the year ended December 31, 2024, forfeitures totaling \$1,000,000 were used to reduce employer contributions and pay administrative expenses (\$500,000 during 2023).

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation and Income Recognition

The Plan’s investments are reported at fair value, except the fully benefit-responsive contract. The fair values of mutual fund investments and personal choice retirement accounts (self-directed investments) are determined by obtaining quoted prices on nationally recognized securities exchanges.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

The fully benefit-responsive contract consists of interest in the Transamerica Guaranteed Investment Option which is a group annuity contract that is considered a traditional investment contract. The contract value is determined based on contributions plus interest credited, minus withdrawals. The contract guarantees a fixed rate of interest and is backed by the general account assets of Transamerica Life Insurance Company. The contract has certain withdrawal restrictions including a restriction upon contract discontinuance that allows money to be withdrawn subject to a market value adjustment (MVA) or according to a withdrawal schedule. Withdrawal restrictions could also apply upon a merger, layoffs, bankruptcy, the creation of competing funds within the Plan, and various other events defined in the contract between the Plan and the fund. These withdrawal restrictions are not probable of occurring. Participant withdrawals can be taken without a MVA for hardship, death, retirement, disability, in-service withdrawals, loans, transfers to a non-competing fund, or separation from service. Participant-initiated elective withdrawals may be limited to a percentage of the contract or subject to a 90-day provision.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Any revenue sharing generated by an investment fund is reallocated to the fund for the benefit of plan participants investing in the fund, net of amounts paid to National Financial Services and Charles Schwab & Co., Inc., securities brokers to the Plan.

Administrative Expenses

All usual and reasonable expenses of the Plan may be paid in whole or in part by the Adopting Employers, and any expenses not paid by the Adopting Employers shall be paid by the trustee out of the principal or income of the Plan. Expenses that are paid by the Adopting Employers are excluded from these financial statements.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Upon a distributable event, delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Subsequent Events

Plan management has evaluated subsequent events through September 25, 2025, the date the financial statements were available to be issued.

3. Investments – Unaudited Information

Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments at fair value, fully benefit-responsive contract at contract value, notes receivable from participants, and interest receivable on notes receivable from participants as of December 31, 2024 and 2023, and net appreciation in fair value of investments, interest on notes receivable from participants, interest, and dividends for the years ended December 31, 2024 and 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by State Street Bank and Trust Company (State Street), the trustee of the Plan. This certified information has not been audited by independent auditors.

4. Parties-in-Interest

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer (or adopting employers), the auditor and certain others. The Plan holds investments managed by Transamerica Capital, Inc., Transamerica Life Insurance Company (affiliates of Transamerica Retirement Solutions), State Street, and Charles Schwab Institutional. Transamerica Retirement Solutions (Transamerica) is the Plan recordkeeper and State Street is the trustee of the Plan, therefore, these are considered party-in-interest investments. Fees of \$911,204 were paid by the Plan to Transamerica Retirement Solutions during 2024 (\$760,673 in 2023). Charles Schwab & Co., Inc., is a securities broker for the Plan and Morningstar Investment Service is an advisor to the Plan, which qualify as parties-in-interest. Fees of \$22,076 were paid to these entities in 2024 (\$19,732 in 2023). Indirect compensation in the form of revenue sharing was paid to National Financial Services and Charles Schwab & Co., Inc., in 2024 and 2023. Financial Strategies Group Inc. was an advisor to the Plan starting in 2024 which qualifies as a party-in-interest.

5. Plan Termination

Although it has not expressed any intent to do so, the Adopting Employers have the right under the Plan document to terminate the Plan at any time, subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and earnings thereon.

6. Tax Status

The plan adopted a non-standardized pre-approved profit sharing plan with Transamerica. The Internal Revenue Service (IRS) has determined and informed Transamerica by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the opinion letter, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Generally, tax years 2021 through the current year remain open to examination. Plan management does not believe that the results from any examination of these open years would have a material effect on the Plan.

7. Fair Value Measurements

As defined in current authoritative guidance, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In determining fair value, the Plan uses various methods including market, income, and cost approaches.

Based on these approaches, the Plan often utilizes certain assumptions that market participants would use in pricing the asset or liability, including assumptions about risk and/or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated, or generally unobservable inputs.

The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the observability of the inputs used in the valuation techniques the Plan is required to provide information according to the fair value hierarchy. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values.

Notes to Financial Statements

7. Fair Value Measurements (continued)

Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

- Level 1 – Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.
- Level 2 – Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets and liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3 – Significant unobservable inputs that reflect a Plan’s own assumptions about the assumptions that market participants would use in pricing an asset or liability.

For the years ended December 31, 2024 and 2023, the application of valuation techniques applied to similar assets and liabilities has been consistent.

The Plan believes its valuation methods are appropriate and consistent with other market participants. The use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables summarize the Plan’s assets measured at fair value on a recurring basis as of December 31, 2024 and 2023, aggregated by the level in the fair value hierarchy within which those measurements are determined:

| | Fair Value as of December 31, 2024 | Fair Value Measurement Using Quoted Prices in Active Markets for Identical Assets and Liabilities (Level 1) |
|-------------------------------------|---|--|
| Personal choice retirement accounts | \$ 8,826,097 | \$ 8,826,097 |

| | Fair Value as of December 31, 2023 | Fair Value Measurement Using Quoted Prices in Active Markets for Identical Assets and Liabilities (Level 1) |
|-------------------------------------|---|--|
| Personal choice retirement accounts | \$ 6,615,481 | \$ 6,615,481 |

| | <u>\$ 652,209,581</u> | <u>\$ 652,209,581</u> |

8. Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, liquidity, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and those changes could materially affect the amounts reported in the financial statements and in participant account balances.
