INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Community Residences Retirement Plan
Chantilly, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Community Residences Retirement Plan (“the Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Community Residences Retirement Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from Principal Trust Company and Variable Annuity Life Insurance Company, as of and for the years ended December 31, 2024 and 2023, and Mutual of America Life Insurance Company as of December 31, 2024 and for the period from August 1, 2024 to December 31, 2024 stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule that is related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

COMMUNITY RESIDENCES RETIREMENT PLAN
Notes to Financial Statements
For the Years Ended December 31, 2024 and 2023

NOTE 1: PLAN DESCRIPTION

The following description of Community Residences Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions. On September 6, 2024, the Plan Sponsor approved a change of Custodians from Principal Trust Company to Mutual of America Life Insurance Company. The Plan was restated on September 1, 2024 as a result of the change.

General: The Plan is a defined contribution 403(b) plan covering substantially all employees of Community Residences, Inc (the Sponsor). There are no age or service requirements for employee deferral eligibility. However, to receive the employer discretionary profit-sharing contribution, an employee must be at least 21 years of age and have one year of service. To receive an employer matching contribution, an employee must be at least 21 years of age and have two years of service. The board of directors and management control and manage the operation and administration of the Plan. Principal Trust Company (Principal), Variable Annuity Life Insurance Company (VALIC), and Mutual of America Life Insurance Company (MOA) serve as Custodians of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may elect to contribute a percentage of their annual compensation (pretax and/or after-tax), as defined by the Plan, up to 100% of their compensation not to exceed the maximum allowable contributions under the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts.

For participants who meet the age and service requirements, the Sponsor makes an employer contribution to participants who make salary deferrals to the Plan (matching contribution). Currently, the matching contribution is 50% of the employee's contribution, up to a maximum of 4% of compensation. In addition, the Sponsor may provide a discretionary profit-sharing contribution. The Sponsor did not make a discretionary profit-sharing contribution for 2024 or 2023. Contributions are subject to certain limitations.

Investment Options: Participants direct their contributions and the Sponsor's contributions into various investment options offered by the Plan.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of the Sponsor's contributions and plan earnings. Each participant's account is also charged with benefit payments, plan losses, transaction fees related to notes receivable from participants and distributions, and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions and matching contributions plus actual earnings thereon. Vesting in the Sponsor's discretionary profit-sharing contribution portion of their accounts is based on years of service, as defined by the Plan. A participant is 100% vested after three years of credited service.

For the Years Ended December 31, 2024 and 2023

NOTE 1: PLAN DESCRIPTION *(continued)*

Notes Receivable from Participants: In 2024, all notes receivable from participants held at Principal were transferred to MOA. Participants may borrow from their accounts, held by MOA, a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less, subject to certain restrictions. These loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 9.50% at December 31, 2024, which are commensurate with local prevailing rates as determined periodically by the plan administrator. Principal and interest are paid ratably through payroll deductions. As of December 31, 2024, notes receivable from participants held at MOA were \$550,403.

Participants may borrow directly through VALIC subject to certain limitations. Plan loans are issued from the funds owned by VALIC and loan proceeds are not removed from a participant's account balance. When plan loans are initiated, a portion of a participant's VALIC guaranteed investment account is reserved, or held in collateral, to cover the outstanding loan amount for the period of time the loan is outstanding. Investments securing defaulted loan balances are not reduced in the statements of net assets available for benefits until a distribution event occurs. These outstanding loans bear interest at rates that range from 3.00% to 7.00%. As of December 31, 2024 and 2023, notes receivable from participants were \$105,061 and 105,331, respectively, which are collateralized by the participant's account balance.

Payment of Benefits: On termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution, installment payments or annuity contracts. In-service distributions are available after the participant has attained age of 59^{1/2} or if disabled, and are permitted from all vested accounts. Hardship withdrawals are also permitted, subject to certain restrictions and limitations.

Administrative Expenses: The Plan's administrative expenses are paid by the Plan Sponsor and/or the Plan as provided in the Plan document. Certain administrative functions are performed by employees of the Sponsor. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable from participants and distributions) are charged directly to the participant's account.

Forfeitures: Forfeitures may be used to reduce Sponsor contributions or to pay administrative expenses. Forfeitures available to pay administrative expenses or to reduce Sponsor contributions were \$125,849 and \$138,563 at December 31, 2024 and 2023, respectively. Forfeitures used to reduce Sponsor contributions for the year ended December 31, 2024 were \$43,802. There were no forfeitures used to reduce Sponsor contributions or pay plan expenses for the year ended December 31, 2023.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

COMMUNITY RESIDENCES RETIREMENT PLAN
Notes to Financial Statements
For the Years Ended December 31, 2024 and 2023

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Investment Valuation and Income Recognition: Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the custodians. See Note 3 for discussion of fair value measurements.

The investment in a fully benefit-responsive investment contract is reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the plan document.

Payment of Benefits: Benefits are recorded when paid.

Subsequent Events: Plan management has evaluated subsequent events through October 1, 2025, which is the date the financial statements were available to be issued, and determined that, except as discussed in Note 4 related to the termination and liquidation of the fully benefit-responsive investment contract in 2025, there were no subsequent events requiring disclosure.

NOTE 3: FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

COMMUNITY RESIDENCES RETIREMENT PLAN
Notes to Financial Statements
For the Years Ended December 31, 2024 and 2023

NOTE 3: FAIR VALUE MEASUREMENTS (continued)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs consist of unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs were not available. The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

Assets at Fair Value as of December 31, 2024				
	Fair Value	Level 1	Level 2	Level 3
Mutual funds	\$ 13,763,454	\$ 13,763,454	\$ -	\$ -
Non-benefit responsive investment contract	373,250	-	-	373,250
Total assets in the fair value hierarchy	14,136,704	13,763,454	-	373,250
Investments measured at NAV (a)	1,763,967			
Investments at fair value	\$ 15,900,671			

Assets at Fair Value as of December 31, 2023				
	Fair Value	Level 1	Level 2	Level 3
Mutual funds	\$ 11,916,985	\$ 11,916,985	\$ -	\$ -
Non-benefit responsive investment contract	357,160	-	-	357,160
Total assets in the fair value hierarchy	12,274,145	11,916,985	-	357,160
Investments measured at NAV (a)	1,609,977			
Investments at fair value	\$ 13,884,122			

There have been no changes in the methodologies used at December 31, 2024 and 2023. The following is a description of the valuation methodologies used for assets measured at fair value:

Level 1 Fair Value Measurements

The Plan invests in mutual funds which are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

COMMUNITY RESIDENCES RETIREMENT PLAN
Notes to Financial Statements
For the Years Ended December 31, 2024 and 2023

NOTE 3: FAIR VALUE MEASUREMENTS (continued)

Level 3 Fair Value Measurements

The fair value of the non-benefit-responsive interest contract is estimated by VALIC. Disclosure of unobservable inputs to fair value measurement has not been included for the non-benefit-responsive investment contract because quantitative unobservable inputs are not developed by the Plan when measuring fair value and have not been made available to the Plan by VALIC.

(a) In accordance with Topic 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value at December 31, 2024	Fair Value at December 31, 2023	Unfunded commitments	Other Redemption Restrictions	Redemption Notice Period
Annuity investment accounts	\$ 1,763,967	\$ 1,609,977	None	Daily	None

Annuity investment accounts The Plan invests in annuity investment accounts for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the net asset value (NAV) per unit, as determined by VALIC, as the estimated fair value. Because quoted prices in active markets for identical assets are not available, these prices are determined using observable market information such as quotes from less active markets and/or quoted prices of securities with similar characteristics.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. Gains and losses (realized and unrealized) included in the changes of net assets for the period above are reported in net appreciation in fair value of investments in the statements of changes in net assets available for benefits.

NOTE 4: GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a portfolio of investment contracts that comprises a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The following represents the disaggregation of contract value between types of investment contracts held by the Plan.

COMMUNITY RESIDENCES RETIREMENT PLAN
Notes to Financial Statements
For the Years Ended December 31, 2024 and 2023

NOTE 4: GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY
(continued)

The following represents the contract value of the investment contract held by the Plan:

	2024	2023
Traditional investment contract	\$ 168,582	\$ 158,746

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting interest rate is based on a formula agreed upon with the issuers, but it may not be less than 2.00%. Such interest rates are reviewed on a quarterly basis for resetting. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuers. Such events include the following: (1) amendments to the plan document (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) premature termination of the contracts, (4) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (5) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without consent of the issuer

As a result of the transfer of assets from Principal to MOA, the fully -benefit responsive investment contract notice to terminate and settled the contract was made in 2024. In order to avoid a 5% penalty on premature termination, the termination of the contract was delayed to June 10, 2025 at which time the investment contract was settled and funds transferred to MOA.

NOTE 5: PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

COMMUNITY RESIDENCES RETIREMENT PLAN
Notes to Financial Statements
For the Years Ended December 31, 2024 and 2023

NOTE 6: TAX STATUS

Effective September 1, 2024, the Plan adopted a pre-approved 403(b) Volume Submitter Plan sponsored by Mutual of America Financial Group. The Internal Revenue Service has determined and informed the Company, by an opinion letter dated March 2, 2020, that the pre-approved plan is designed in accordance with applicable sections of the *Internal Revenue Code (IRC)*. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan is required to operate in accordance with the IRC to maintain its qualification. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE 7: TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are units of annuity investment contracts managed by VALIC or its affiliates. The Plan also has investments in mutual funds managed or issued by MOA and an investment contract managed by Principal. VALIC, Principal, and MOA are the Custodians as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment. Fees paid to the Custodians by the Plan for participant-initiated transactions were \$47,614 and \$44,247 for the years ended December 31, 2024 and 2023, respectively.

Certain administrative functions are performed by employees of the Sponsor. These employees are also Plan participants. No such employee receives compensation from the Plan.
