## Other Documents Containing Audited Financial Statements

The Plan's audited financial statements are included in the Form 5500, *Annual Return/Report of Employee Benefit Plan*, filed with the Department of Labor Employee Benefits Security Administration. As part of our procedures, we read the draft Form 5500 that is substantially complete to determine if financial information discussed in sections outside the financial statements materially contradicts the audited financial statements. If we identify any such matters, we bring them to management's attention and review subsequent revisions.

Our responsibility also includes communicating to you any information we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

## Qualitative Aspects of Significant Accounting Policies & Practices

### Significant Accounting Policies

Significant accounting policies are described in Note 2 of the audited financial statements.

With respect to new accounting standards adopted during the year, we call to your attention the following topics detailed in the following pages:

- No matters are reportable

## Unusual Policies or Methods

With respect to significant unusual accounting policies or accounting methods used for significant unusual transactions (significant transactions outside the normal course of business or that otherwise appear to be unusual due to their timing, size, or nature), we noted the following:

- No matters are reportable

## Alternative Accounting Treatments

We had discussions with management regarding alternative accounting treatments within GAAP for policies and practices for material items, including recognition, measurement, and disclosure considerations related to the accounting for specific transactions as well as general accounting policies, as follows:

- No matters are reportable

## Management Judgments & Accounting Estimates

Accounting estimates are an integral part of financial statement preparation by management, based on its judgments. Significant areas of such estimates for which we are prepared to discuss management's estimation process and our procedures for testing the reasonableness of those estimates include:

- Fair value of investments

## Financial Statement Disclosures

The following areas involve particularly sensitive financial statement disclosures for which we are prepared to discuss the issues involved and related judgments made in formulating those disclosures:

- Determination of fair values
- Parties-in-interest transactions
- Related parties

## Our Judgment About the Quality of the Plan's Accounting Principles

During the course of the audit, we made the following observations regarding the Plan's application of accounting principles:

- No matters are reportable

## Adjustments Identified by Audit

During the course of any audit, an auditor may propose adjustments to financial statement amounts. Management evaluates our proposals and records those adjustments that, in its judgment, are required to prevent the financial statements from being materially misstated.

A misstatement is a difference between the amount, classification, presentation, or disclosure of a reported financial statement item and that which is required for the item to be presented fairly in accordance with the applicable financial reporting framework.

## Proposed & Recorded Adjustments

Auditor-proposed and management-recorded entries include the following:

- No matters are reportable

## Uncorrected Misstatements

Some adjustments proposed were not recorded because their effect is not currently considered material. We request that all identified misstatements be corrected.

Uncorrected misstatements that were determined by management to be immaterial, both individually and in the aggregate, but more than trivial to the financial statements as a whole are listed below.

While these uncorrected misstatements were deemed to be immaterial to the current-period financial statements, it is possible that the impact of these uncorrected misstatements, or matters underlying these uncorrected misstatements, could potentially cause future-period financial statements to be materially misstated.

### ***Current-Period Uncorrected Misstatements***

- No current-period uncorrected misstatements

### ***Prior-Period Uncorrected Misstatements***

- No prior-period uncorrected misstatements

## Reportable Findings

During the course of the audit, we have identified the following reportable findings that are considered significant and relevant to those charged with governance over the Plan:

- While testing contributions, we noted the following:
  - 18 participants tested received a 4% instead of 2% on pay dates February 23, 2024 and March 8, 2024. Total error resulted in an over calculation of profit sharing contributions paid to 90 employees of \$9,063.57 and 403(b) match contributions to 386 employees of \$43,482.44.
  - Five participants tested had understated employer and profit sharing contributions due to the "floating holiday" (FH) earnings code being improperly excluded on pay periods prior to February 23, 2024.
  - No documentation of formal approval of discretionary matching contributions by the Board. We recommend having the Board approve the contribution and to document this approval in meeting minutes so there is no dispute about the contributions provided.
  - 29 participants had employee contributions of \$3,571.41 rejected by Principal on the February 23, 2024 pay period as Principal incorrectly had them marked as ineligible.
  - No formal documentation showing excluded time codes. We recommend having this written into the next plan amendment so it is clear which compensation is included in the calculation of employee contributions.
- There was one instance of a late remittance in both 2023 or prior that have not been corrected yet. These will carry to the Schedule of Delinquent Participant Contributions supplemental schedule in the report until corrected. During 2024, there were three payroll periods that were remitted outside of the Plan's normal remittance period.

See the "Required Communications Regarding Internal Control" that follows for more information on these reportable findings.

## Other Required Communications

### Other Material Communications

Listed below are other material communications between management and us related to the audit:

- Management representation letter (see Attachments)

## Required Communications Regarding Internal Control (AU-C 265)

### Consideration of Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements of SummitStone Health Partners 403(b) Retirement Plan (the Plan) as of and for the year ended December 31, 2024, in accordance with auditing standards generally accepted in the United States of America (GAAS), we considered the Plan's internal control over financial reporting (internal control).

This consideration served as a basis for designing our audit procedures that are appropriate in the circumstance for the purpose of expressing our opinion on the financial statements.

However, this consideration was **not** for the purpose of expressing an opinion on the effectiveness of the Plan's internal control.

Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified.

### Categorizing Deficiencies by Severity

#### Deficiency

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis.

#### Significant Deficiency

A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

#### Material Weakness

A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that material misstatements of the Plan's financial statements will not be prevented or detected and corrected on a timely basis.

### Identified Deficiencies

We identified certain deficiencies in internal control that we consider to be a significant deficiency and a deficiency.

### **Significant Deficiency**

- Contributions

While testing contributions, we noted the following:

- 18 participants tested received a 4% instead of 2% on pay dates February 23, 2024 and March 8, 2024. Total error resulted in an over calculation of profit sharing contributions paid to 90 employees of \$9,063.57 and 403(b) match contributions to 386 employees of \$43,482.44.
- Five participants tested had understated employer and profit sharing contributions due to the "Floating holiday" (FH) earnings code being improperly excluded on pay periods prior to February 23, 2024.
- No documentation of formal approval of discretionary matching contributions by the Board. We recommend having the Board approve the contribution and to document this approval in meeting minutes so there is no dispute about the contributions provided.
- 29 participants had employee contributions of \$3,571.41 rejected by Principal on the February 23, 2024 pay period as Principal incorrectly had them marked as ineligible.
- No formal documentation showing excluded time codes. We recommend having this written into the next plan amendment so it is clear which compensation is included in the calculation of employee contributions.

### **Deficiency**

- Schedule of Delinquent Participant Contributions

There was one instance of a late remittance in both 2023 or prior that have not been corrected yet. These will carry to the Schedule of Delinquent Participant Contributions supplemental schedule in the report until corrected. During 2024, there were three payroll periods that were remitted outside of the Plan's normal remittance period.

The undersigned (“We”) are providing this letter in connection with Forvis Mazars’ audit of the financial statements of SummitStone Health Partners 403(b) Plan (the Plan) as of and for the years ended December 31, 2024 and 2023 and supplemental schedules as of December 31, 2024.

Our representations are current and effective as of the date of Forvis Mazars’ report: September 22, 2025.

Our engagement with Forvis Mazars is based on our contract for services dated: June 4, 2025.

### **Our Responsibility & Consideration of Material Matters**

We confirm that we are responsible for the fair presentation of the financial statements subject to Forvis Mazars’ report in conformity with accounting principles generally accepted in the United States of America and for the fair presentation of the accompanying supplemental schedules in conformity with the Department of Labor’s (DOL) Rules and Regulations under the *Employee Retirement Income Security Act of 1974* (ERISA).

We are also responsible for adopting sound accounting policies; establishing and maintaining effective internal control over financial reporting, operations, and compliance; and preventing and detecting fraud.

We elected to have the audit(s) of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. We acknowledge that the audit(s) did not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised and subject to periodic examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. We have determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. We have also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR 2520.103-8, that the certification meets the requirements in 29 CFR 2520.103-5 and, that the certified investment information is appropriately measured, presented, and disclosed in accordance with accounting principles generally accepted in the United States of America.

The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with generally accepted accounting principles and that the assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the certified investment information.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered

material as a result of qualitative factors.

  - c. Material unasserted claims or assessments that are probable of assertion or other gain/loss contingencies requiring accrual or disclosure in accordance with Accounting Standards Codification (ASC) Topic 450, *Contingencies*, including those arising from environmental remediation obligations.
  - d. Events occurring subsequent to the date of the statement of net assets available for benefits through the date of this letter, which is the date the financial statements were available to be issued, requiring adjustment or disclosure in the financial statements.
  - e. Reportable transactions as defined in Section 103(b)(3)(H) of ERISA.
- 37. Except as disclosed in the financial statements, the Plan has:
  - a. Satisfactory title to all recorded assets, and those assets are not subject to any liens, pledges, or other encumbrances.
  - b. Complied with all aspects of contractual agreements, for which noncompliance would materially affect the financial statements.

***Receivables***

- 38. Adequate allowances have been accrued for any material losses from uncollectible receivables.

***Estimates***

- 39. We have identified all accounting estimates that could be material to the financial statements, and we confirm the appropriateness of the methods and the consistency in their application, the accuracy and completeness of data, and the reasonableness of significant assumptions used by the Plan in making the accounting estimates, including those measured at fair value reported in the financial statements.

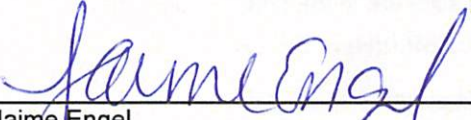

40. Significant estimates that may be subject to a material change in the near term have been properly disclosed in the financial statements. We understand that "near term" means the period within one year of the date of the financial statements. In addition, we have no knowledge of concentrations, which refer to volumes of loans, investments, or deposits, existing at the date of the financial statements that would make the Plan vulnerable to the risk of severe impact in the near term that have not been properly disclosed in the financial statements.

**Fair Value**

41. With respect to the fair value measurements of financial assets and liabilities, recognized in the financial statements or disclosed in the notes thereto:
- a. The underlying assumptions are reasonable and they appropriately reflect management's intent and ability to carry out its stated course of action.
  - b. The measurement methods and significant assumptions used in determining fair value are appropriate in the circumstances for financial statement measurement and disclosure purposes and have been consistently applied.
  - c. The significant assumptions appropriately reflect market participant assumptions.
  - d. The disclosures related to fair values are complete, adequate, and in conformity with accounting principles generally accepted in the United States of America.
  - e. There are no subsequent events that require adjustments to the fair value measurements and disclosures included in the financial statements.

**Investments**

42. Investments are properly measured at fair value, except for fully benefit responsive investment contracts which are reported at contract value. Investments measured at fair value include:
- a. Investments with a readily determinable fair value that are reported at net asset value (NAV) per share/unit.
