## *Independent Auditors' Report*

The Plan Administrator  
CME Corp 401(k) Plan  
Warwick, Rhode Island

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed the audit of the financial statements of the CME Corp 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, the related statement of changes in net assets available for benefits for the period April 1, 2024 through December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2024 and for the period April 1, 2024 through December 31, 2024 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditors’ Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter - Supplemental Schedule Required by ERISA***

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## ***Notes to Financial Statements***

### ***Note 1 - Description of the Plan***

The following description of the CME Corp 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

#### ***General***

The Plan was established on April 1, 2024 and is a contributory defined contribution plan with a cash 401(k) deferral arrangement covering all employees of Claflin Service Company (“Company” or “Employer”) who have completed one month of service and attained the age of 21, except employees covered by a collective bargaining agreement, leased employees, non-resident aliens who do not receive any earned income from the Company, and interns (“Participants”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Investment options available under the Plan are determined by fiduciaries. Substantially all investments are participant-directed.

#### ***Plan Transfer***

The Employer was spun out from The Claflin Company, and, on April 1, 2024, \$26,766,978 was transferred out of The Claflin Company Savings & Retirement Plan into the Plan.

#### ***Participant Contributions***

Participants are automatically enrolled on the first day of the month following eligibility criteria being met in the Plan at a pre-tax contribution rate of 3% of eligible compensation, as defined by the Plan, unless they choose to “opt-out” or choose to contribute at another contribution rate up to 100% of their compensation, subject to dollar limits set by Federal Law. Participants will have their deferral rate automatically increased by 1% each Plan year until their contribution rate reaches 10%. Participants who have reached the age of 50 by the end of the Plan year are eligible to make additional catch-up contributions. Participants may also contribute amounts to the Plan representing distributions for other qualified plans (“Participant Rollovers”).

#### ***Employer Contributions***

##### ***Discretionary Matching Contributions***

The Employer’s matching contributions are made at the discretion of the Employer, subject to certain limitations. For the period April 1, 2024 through December 31, 2024, the Employer elected not to make discretionary matching contributions.

##### ***Nonelective Contributions***

At its discretion, the Employer may contribute a nonelective contribution each plan year. In order to participate, a participant must be employed on the last day of the plan year and must have completed 1,000 hours of service during the plan year. Allocations are based on the ratio of a participant’s compensation to total compensation of all eligible Participants. There was no nonelective contribution for the period April 1, 2024 through December 31, 2024.

# CME CORP 401(k) PLAN

## *Notes to Financial Statements*

### **Note 1 - Description of the Plan (Continued)**

#### ***Participant Accounts***

Each participant's account is credited with the participant's contributions and allocations of the Employer's contributions and plan investment earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### ***Vesting***

Participants are always fully vested in their deferral and rollover contributions plus actual earnings thereon. Participants start vesting in the Employer contributions portion of their accounts plus actual earnings thereon at the rate of 20% per year starting at the end of the first year of service, as defined, and become fully vested after five years of credited service. Upon death, disability, or attainment of normal retirement age, a participant is fully vested in all of their accounts.

#### ***Forfeitures***

A participant who leaves the employ of the Employer forfeits any non-vested balance upon the earlier of five consecutive one-year breaks in service or the distribution of the entire vested portion of their account. Forfeited amounts shall be first used to pay administrative expenses with amounts in excess of administrative expenses used to reduce future Employer contributions. As of December 31, 2024, unallocated forfeited accounts amounted to \$5,990. No forfeitures were used to reduce administrative expenses or Employer contributions during the period ended December 31, 2024.

#### ***Payment of Benefits***

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Also upon termination, if a participant's vested account is less than \$1,000, and the participant does not elect to receive the distribution, the Plan administrator may distribute the participant's vested account balance directly to the participant without consent. If the participant's balance is greater than \$1,000 but less than \$5,000, the Plan administrator is allowed to rollover the remaining balance to an IRA. In-service withdrawals are allowed from a participant's vested accounts upon attainment of age 59½. The Plan allows for hardship withdrawals (\$500 minimum) which may be taken from a participant's elective deferral account.

#### ***Notes Receivable from Participants***

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms are generally up to five years (up to ten years for the purchase of a primary residence). Participants may have two loans outstanding at a time. Loans are secured by the vested balance in the Participant's account and bear interest at a rate commensurate with local prevailing rates charged by other lenders for loans which would be made under similar circumstances. Principal and interest are paid ratably through payroll deductions.

## ***Notes to Financial Statements***

### ***Note 1 - Description of the Plan (Continued)***

#### ***Plan Administration***

The Employer is the Plan administrator and has the authority to appoint person(s) or entities to carry out the operation of the Plan. Fidelity Management Trust Company (“Fidelity”) is the Plan’s trustee, custodian and recordkeeper.

### ***Note 2 - Summary of Significant Accounting Policies***

#### ***Basis of Accounting***

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

#### ***Investments, Investment Valuation and Income Recognition***

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold, as well as held during the year. See Note 4 for discussions of fair value measurements.

#### ***Contributions***

Contributions from Plan participants and the Employer (when made) are recorded in the year in which the employee contributions are withheld from compensation.

#### ***Notes Receivable from Participants***

Notes receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

#### ***Use of Estimates***

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### ***Benefits Paid***

Benefit payments to participants are recorded upon distribution.

# CME CORP 401(k) PLAN

## *Notes to Financial Statements*

### **Note 2 - Summary of Significant Accounting Policies (Contributions)**

#### ***Administrative Expenses***

Individual participant accounts are charged directly for loan recordkeeping and benefit disbursement processing fees, if applicable. All other operating expenses incurred in the administration of the Plan are paid by the Employer.

#### ***Subsequent Events***

The Plan has evaluated subsequent events through October 6, 2025, the date that the financial statements were available to be issued. Below is a significant matter identified for disclosure during this evaluation.

On June 15, 2025, the Storage Systems Unlimited Inc. 401(k) Savings Plan & Trust was merged into the Plan resulting in approximately \$2,180,000 of assets transferred in.

### **Note 3 - Information Certified by Trustee and Custodian**

Plan investments are held by Fidelity. Fidelity has certified to the fair value of investments as of December 31, 2024 and investment transactions for the period April 1, 2024 through December 31, 2024. Investment transactions include interest and dividend income and net appreciation in fair value of investments. Information included in the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) and notes receivable from participants have also been derived from information certified by Fidelity. The Plan offers investment choices to allow Participants to create a diversified portfolio of assets based on a participant's risk tolerance. Participants in the Plan may direct contributions to a variety of investment options.

### **Note 4 - Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques maximize the use of observable inputs to minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

*Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

# CME CORP 401(k) PLAN

## Notes to Financial Statements

### Note 4 - Fair Value Measurements (Continued)

Level 3 – Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024.

#### Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

#### Units in Collective Investment Trust Funds

Valued at the NAV of units of collective trusts. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less their liabilities. This practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV. The investment’s objective is the stability of principal and high current income. To achieve its investment objective, the collective investment trusts invest in high-quality guaranteed investment contracts and synthetic investment contracts which underlying assets consist of security-backed investment contracts, synthetic separate account guaranteed investment contracts (includes fixed income investments) and short-term investments. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trusts, the investment adviser reserves the right to temporarily delay withdrawal from the trusts in order to ensure that securities liquidations will be carried out in an orderly business manner.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following table sets forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2024:

<i>Description</i>	<i>Assets at Fair Value as of December 31, 2024</i>

## Notes to Financial Statements

### Note 4 - Fair Value Measurements (Continued)

(a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy amounts to the amounts presented in the Statement of Net Assets Available for Benefits.

### Note 5 - Fair Value of Investments in Entities that Use NAV Practical Expedient

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2024:

<i>Investment</i>	<i>Fair Value</i>	<i>Unfunded Commitments</i>	<i>Redemption Frequency</i>	<i>Redemption Notice Period</i>
Collective Investment Trust Funds	\$ 2,475,518	\$ -	daily	1 day

### Note 6 - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events, such as an international conflict, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

### Note 7 - Related-Party Transactions and Party-in-Interest Transactions

Plan investments are managed by Fidelity. Fidelity is the trustee and custodian, as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid to Fidelity and other service providers, net of revenue sharing credits of \$10,079 received, amounted to \$18,730 for the period April 1, 2024 through December 31, 2024. Notes receivable from participants are also deemed to be exempt party-in-interest transactions.

## **CME CORP 401(k) PLAN**

### ***Notes to Financial Statements***

#### ***Note 8 - Plan Termination***

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in all of their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

#### ***Note 9 - Tax Status***

The Plan document is a Fidelity prototype using a standardized adoption agreement that received a favorable opinion letter on June 30, 2020. The plan administrator has adopted the prototype plan, and, although the Plan has been amended since adopting the pre-approved plan document, the plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
