## **Report of Independent Auditors**

To the Participants and Trustees of  
Midwest Operating Engineers Retiree Welfare Plan

### ***Opinion***

We have audited the financial statements of Midwest Operating Engineers Retiree Welfare Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and of benefit obligations as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits and of changes in benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and benefit obligations of Midwest Operating Engineers Retiree Welfare Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits and benefit obligations for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

***Responsibilities of Management for the Financial Statements (continued)***

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements; and
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

# Midwest Operating Engineers Retiree Welfare Plan

## Notes to Financial Statements

December 31, 2024 and 2023

### Note 1. Summary of Significant Accounting Policies

**Method of Accounting** - The accompanying financial statements of Midwest Operating Engineers Retiree Welfare Plan (the Plan) have been prepared using the accrual basis of accounting.

**Investments** - The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell that asset (or paid to transfer a liability) in an orderly transaction between market participants at the measurement date (the exit price). Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Purchases and sales of the investments are reflected on a trade-date basis.

Dividend income is recorded on the ex dividend date. Interest income is recorded on the accrual basis.

**Contributions Receivable** - Employer contributions due and not paid prior to year end are recorded as contributions receivable and include amounts for liquidated damages and underpayments. Employer contributions due but not paid as determined by payroll compliance audits are recorded upon settlement with the employer. An allowance for uncollectible accounts was deemed unnecessary and has not been provided.

**Prescription Drug Rebates and Subsidies** - The Plan utilizes a pharmacy benefit manager (PBM) who periodically makes refunds to the Plan based on the Plan's actual utilization pattern of specific drugs. Refunds due from the Plan's PBM are recorded when earned. The Plan also receives subsidies related to its prescription drug program from the Centers for Medicare and Medicaid Services (CMS). Amounts due as of the financial statement date have been reported as a receivable.

**Deferred Contributions** - Contributions received in advance of the corresponding eligibility period are recognized as deferred income.

**Benefit Obligations** - Claims payable and claims incurred but not reported were estimated by the Plan consultant and actuary based on Plan benefits, eligibility counts and claims experience.

## **Note 1. Summary of Significant Accounting Policies (continued)**

**Benefit Obligations (continued)** - The postretirement benefit obligation represents the total actuarial present value of those estimated future benefits (net of self-contribution amounts) that are attributed to participant service rendered prior to December 31. Postretirement benefits include future benefits expected to be paid for currently retired or terminated participants and their beneficiaries and dependents, and active participants and their beneficiaries and dependents after retirement from service with the participating employers. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that participant's service in the industry rendered to the valuation date.

**Revenue Recognition** - Revenue derived from employer contributions is recognized in the period in which covered work is performed, based on the number of hours worked in covered employment and the contribution rates currently in effect, as set forth in the collective bargaining agreements. Employers are required to remit contributions monthly. The Plan carries out its purpose described in Note 2 within a jurisdiction primarily located throughout Illinois, Indiana and Iowa.

The Plan has entered into reciprocity agreements with various affiliated multiemployer welfare plans for its participants who perform work outside the geographic jurisdiction of the local union. Participants who are normally employed within the territory of one local union (home local) may be temporarily employed within the territory of another local union. When a participant works in the territory of a reciprocating local union, the other plan is required to make contributions to the participant's home local benefit plans on the participant's behalf. The Plan's contribution revenue includes monies received pursuant to reciprocity agreements. The Plan uses the same recognition and measurement criteria for such revenue as for all other employer contribution revenue. Amounts paid to other plans under the terms of reciprocity agreements are not reflected in the statements of changes in net assets available for benefits, as the amounts received are not revenue earned by the Plan, and the corresponding payments are not an expense of the Plan. The Plan recognizes a liability upon receiving reciprocal contributions on behalf of non-participants working within the jurisdiction of the local union, and recognizes a decrease in that liability upon remitting those contributions to the appropriate plan. Employer contributions included reciprocal contributions of \$590,171 and \$559,012 for the years ended December 31, 2024 and 2023, respectively, from various other welfare plans under the terms of reciprocity agreements. The Plan remitted a total of \$2,347,434 and \$2,125,224 in reciprocal contributions to various other welfare plans under the terms of reciprocity agreements for the years ended December 31, 2024 and 2023, respectively. A total of \$224,052 and \$216,675 in reciprocity payments were owed to other plans at December 31, 2024 and 2023, respectively. Such amounts are included in accounts payable and accrued expenses in the statements of net assets available for benefits.

**Retiree Medical Savings Plan (RMSP) Accounts** - Net assets available for benefits as of December 31, 2024 and 2023 include approximately \$1,193,125,000 and \$1,041,071,000 respectively, of RMSP accounts. No RMSP reimbursements were approved but not yet paid at either December 31, 2024 or 2023.

## **Note 1. Summary of Significant Accounting Policies (continued)**

**Expenses** - Certain investment related expenses are included in net appreciation in fair value of investments.

**Leases** - The Plan has determined that because the Plan has not directly entered into a lease and only reimburses a related party for shared facilities, the provisions of generally accepted accounting principles related to recognition of right-of-use assets and lease liabilities are not applicable to the Plan's leasing arrangement. In addition, the reimbursements owed are not considered to be material to the financial statements.

**Estimates** - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

**Subsequent Events** - Subsequent events have been evaluated through October 2, 2025, which is the date the financial statements were available to be issued.

## **Note 2. Description of the Plan**

The Plan was established in 2014 to provide health benefits for eligible retired participants and dependents previously covered under the retiree program of Midwest Operating Engineers Welfare Fund (the Welfare Plan). The Plan is a multiemployer welfare plan, subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan provides medical, prescription drug, dental and family supplemental benefits for eligible participants and their covered dependents. Certain participants are also eligible for death benefits. The Plan is self-insured for all benefits.

Eligibility requirements for participants are specific to their collective bargaining unit. The majority of the Plan's retirees are eligible for benefits if all of the following requirements are met:

- Age 55 and retired from active covered employment;
- 10 years of eligibility under the Welfare Plan;
- 10 years of credited service under Midwest Operating Engineers Pension Trust Fund (the Pension Plan); and
- Receiving normal, early or disability retirement benefits under the Pension Plan.

**Note 2. Description of the Plan (continued)**

The Plan also offers a Retiree Medical Savings Plan (RMSP) program. An RMSP is an account that the Plan establishes and maintains on behalf of participants to track contributions, reimbursements and a participant's available balance. The RMSP benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participant accounts are funded through contributions made on a participant's behalf by a participating employer. The amount of contributions is determined by collective bargaining agreements and is subject to change or discontinuance at any time. Participants become eligible under the RMSP program upon retirement and can use their available balances for certain health care expenses that are not otherwise covered under the Plan. An allocation of investment income, net of administrative costs, is credited to participants' accounts on an annual basis as determined by the Trustees. Pursuant to the provisions of the Plan, forfeitures occur when a participant dies with no surviving eligible dependents. Forfeitures also occur when a new participant does not satisfy the Welfare Plan's initial eligibility requirements during a period of three consecutive rolling calendar years. Forfeitures are not restored if the participant regains eligibility under the Welfare Plan. RMSP forfeitures totaled \$1,514,460 and \$405,554 for the years ended December 31, 2024 and 2023, respectively.

Participants should refer to the summary plan description for more complete information.

**Note 3. Funding Policy**

The Plan is primarily funded by employer contributions. Hourly contribution rates reflect a set percentage of the contribution rate established for the Welfare Plan and ranged from \$0.40 to \$3.26 for the year ended December 31, 2024, and from \$0.61 to \$3.19 for the year ended December 31, 2023. As specified in the collective bargaining agreements, employers also pay RMSP contributions at hourly rates, which ranged from \$0.20 to \$6.15 for the year ended December 31, 2024, and from \$0.20 to \$6.15 for the year ended December 31, 2023.

Participants are required to pay monthly contributions to maintain coverage under the Plan. Participant contribution rates are determined annually. The monthly contribution rates ranged from \$57 to \$1,287 for the year ended December 31, 2024, and from \$57 to \$1,214 for the year ended December 31, 2023, depending on the participant's coverage option.

**Note 4. Priorities Upon Termination**

It is the intent of the Trustees to continue the Plan in full force and effect; however, in order to safeguard against any unforeseen contingencies, the right to discontinue the Plan is reserved to the Trustees. Termination shall not permit any part of the Plan to be used for or diverted to purposes other than the exclusive benefit of the participants. In the event of termination, the Trustees shall first satisfy or make provisions to satisfy the obligations of the Plan. Any remaining Plan assets will be distributed in such manner as will in the opinion of the Trustees bring about the purpose of the Plan.

## **Note 5. Tax Status**

The Internal Revenue Service has advised that the trust established under the Plan is exempt under Section 501(c)(9) of the Internal Revenue Code and is, therefore, not subject to tax under the present income tax laws. The Plan has been amended since receiving its original notice of exemption. The Plan's administrator and the Plan's legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. They therefore believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require the Plan to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## **Note 6. Fair Value Measurements**

The *Fair Value Measurements and Disclosures* Topic of the FASB Accounting Standards Codification established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

### Basis of Fair Value Measurement

|         |                                                                                                                                                                       |
|---------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Level 1 | Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities                              |
| Level 2 | Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly |
| Level 3 | Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable                                                     |

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

## Note 6. Fair Value Measurements (continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2024 and 2023. As required, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. In accordance with generally accepted accounting principles, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the following tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

### Level 1 Measurements

The fair values of the mutual funds are determined by reference to the funds' underlying assets, which are principally marketable fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value as of the last business day of each period presented.

## **Note 6. Fair Value Measurements (continued)**

### Measurements Using Net Asset Value as a Practical Expedient

The commingled investment funds are valued at the net asset value per share, used as a practical expedient to estimate fair value. The net asset value is based on the fair values of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

One of the commingled investment funds, with a fair value of \$433,427,905 and \$418,932,508 at December 31, 2024 and 2023, respectively, is a direct filing entity (DFE) and files a Form 5500 annual report with the U.S. Department of Labor. The Plan is not required to disclose the significant investment strategies of DFE investments. Units held in this commingled investment fund are not subject to significant withdrawal restrictions.

The underlying assets of the other commingled investment fund with a fair value of \$64,396,194 and \$54,722,665 at December 31, 2024 and 2023, respectively, consist of infrastructure investments. Redemptions from this investment are available at the discretion of the general partner subject to a lock-up period ending on the later of the sixth anniversary of the initial closing date of this commingled investment fund or the third anniversary of the date of the Plan's additional capital contribution into this commingled investment fund.

## **Note 7. Postretirement Benefit Obligations**

The actuarial present value of the expected postretirement benefit obligation is determined by the Plan's actuary and is the amount that results from applying actuarial assumptions to historical claims cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for self-contribution payments, the time value of money (through discounts for interest), and the probability of payment (by means of decrements such as those for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

## Note 7. Postretirement Benefit Obligations (continued)

The following significant assumptions were used in the valuations as of December 31, 2024 and 2023:

Weighted-average discount rate:

2024 - 5.50%

2023 - 4.75%

Retirement rates:

| <u>Age</u> | <u>Rates</u> |
|------------|--------------|
| 55         | 12.5%        |
| 56 - 59    | 10.0%        |
| 60         | 30.0%        |
| 61         | 20.0%        |
| 62         | 40.0%        |
| 63 - 66    | 30.0%        |
| 67 +       | 100.0%       |

Mortality rates:

Healthy - 110% of the Pri-2012 Healthy Retiree Blue Collar Headcount-weighted Mortality Table, projected generationally from 2012 with Scale MP-2019

Disability - 110% of the Pri-2012 Disabled Retiree Headcount-weighted Mortality Table, projected generationally from 2012 with Scale MP-2019

Dependents and Surviving Spouses - 110% of the Pri-2012 Contingent Survivor Blue Collar Headcount-weighted Mortality Table, projected generationally from 2012 with Scale MP-2019

Pre-Medicare health trend rates used to measure the benefit obligations as of December 31, 2024 were 7.5% graded down to 4.5% by 2037. As of December 31, 2023, pre-Medicare health trend rates were 7.2% graded down to 4.5% by 2038. Medicare health trend rates used to measure the benefit obligations as of December 31, 2024 were 8% graded down to 4.5% by 2043. As of December 31, 2023, Medicare health trend rates were 16% graded down to 4.5% by 2041. The health care cost trend rate assumption has a significant effect on the amounts reported. If the assumed rates increased by one percentage point in each year, the accumulated postretirement obligation would increase by \$208,083,662 as of December 31, 2024 and by \$256,453,698 as of December 31, 2023.

For 2024, the changes in actuarial assumptions were primarily due to updating the valuation-year per capita health costs and retiree contribution rates and increasing the discount rate from 4.75% to 5.50%. Other changes include updating trend rates on per capita health costs and retiree contribution rates, modifying the disability rate assumption, and decreasing the percentage of future retirees assumed to enroll an eligible spouse in health coverage from 75% to 70%.

## **Note 7. Postretirement Benefit Obligations (continued)**

For 2023, the changes in actuarial assumptions were primarily due to updating trend rates on per capita health costs and retiree contribution rates. Other changes include updating the valuation-year per capita health costs and retiree contribution rates, and lowering the discount rate from 5.00% to 4.75%.

Plan amendments for 2023 included an increase in the dental benefit plan year maximum to \$2,000 effective January 1, 2024.

The costs of postretirement benefits are shared by the Plan's participating employers and retirees. The cost of the postretirement benefits is estimated annually by the Plan's consulting actuary. The Plan's Trustees then periodically adjust the portion to be paid by the participants. Retiree contributions are projected to cover approximately 59% and 57% of the estimated present value of the postretirement benefits as of December 31, 2024 and 2023, respectively.

The Plan's excess of benefit obligations over net assets relates primarily to the postretirement benefit obligations, the funding of which is not covered by the contribution rates provided by the current bargaining agreement. The Plan empowers the Board of Trustees to increase or decrease annually the amount of self-payments by eligible retired participants, and to modify the terms and conditions under which retiree eligibility may be maintained; therefore, the annual cost of the Plan can be reduced or eliminated prospectively by action of the Board of Trustees.

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

## **Note 8. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits. The current economic environment has increased the degree of uncertainty.

As of December 31, 2024 and 2023, the Plan had a significant portion of its assets invested in two mutual funds and one commingled investment fund. These investments represented approximately 93% of the Plan's net assets available for benefits as of both December 31, 2024 and 2023. It is reasonably possible that changes in the fair values of these investment funds could materially affect the amounts reported in the statements of net assets available for benefits. If a significant decline in the fair values of these investments occurred during the next year, a change in the assumed rates of return used to calculate the present value of postretirement benefit obligations may be needed. The Plan's exposure to a concentration of credit risk is limited by the diversification of investments within each investment fund into varied financial instruments.

## **Note 8. Risks and Uncertainties (continued)**

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

## **Note 9. Related Organizations**

### Identification of Related Organizations

The Plan shares certain common governance with the Welfare Plan, Midwest Operating Engineers Pension Trust Fund (the Pension Plan), Operating Engineers Local 150 Apprenticeship Fund (the Apprenticeship Fund), and Midwest Operating Engineers Retirement Enhancement Fund, collectively referred to as the Midwest Operating Engineers Fringe Benefit Funds (the Funds), as well as International Union of Operating Engineers, Local 150 (the Local).

### Contribution Allocations

Signatory employers remit one payment for both the Plan and the Welfare Plan. The Trustees review, on an annual basis, the appropriate allocation of those contributions between the Plan and the Welfare Plan. Certain participants, however, are not eligible to participate in this Plan, and therefore, contributions received on such participants' behalf are not allocated to this Plan.

### Shared Operating Expenses

Common operating expenses, primarily for salaries and related expenses, are initially paid by the Welfare Plan and are allocated based on estimates of time spent and costs incurred. Total shared expenses allocated to the Plan for the years ended December 31, 2024 and 2023 were \$3,594,733 and \$3,346,526 respectively, which included the Plan's share of benefit plan contributions on behalf of shared employees.

Common operating expenses for computer-related costs are initially paid by the Pension Plan and are allocated based on estimates of costs incurred. Total shared expenses allocated to the Plan for the years ended December 31, 2024 and 2023 were \$583,401 and \$434,820 respectively.

## **Note 9. Related Organizations (continued)**

### Shared Operating Expenses (continued)

Common operating expenses related specifically to collections are initially paid by the Apprenticeship Fund and are allocated based on estimates of time spent and costs incurred. Total shared expenses allocated to the Plan for the years ended December 31, 2024 and 2023 were \$30,050 and \$103,866 respectively, which included the Plan's share of benefit plan contributions on behalf of shared employees.

Amounts due to related organizations shown in the statements of net assets available for benefits as of December 31, 2024 and 2023 reflect a total of \$1,132,321 and \$1,056,859 respectively, of shared operating expenses incurred in the last months or quarters of each year. In addition, the Welfare Plan owed the Plan \$1,459 at December 31, 2024, for certain shared expenses.

### Marketplace Credits

As described in Note 10, certain participants of the Welfare Plan are allowed to transfer credits from their credit bank under the Welfare Plan into their RMSP account under this Plan. As of December 31, 2024 and 2023, a total of \$383,809 and \$0 respectively, was due to the Plan for credits to be transferred from the Welfare Plan to participants' RMSP accounts.

### Equipment and Informational Technology Services

The Plan, along with the Funds, the Local and the Midwest Coalition of Labor Credit Union, established Midwest Operating Engineers Not-for Profit IT Services, LLC (the LLC). The LLC was created to purchase telephone and data processing equipment at group discounted prices and to share in the furnishing of technical services. The Plan paid \$231,387 and \$251,172 under service agreements with the LLC during the years ended December 31, 2024 and 2023, respectively. During the year ended December 31, 2023, the Plan reimbursed LLC \$131 for shared administrative expenses. The Plan did not make any reimbursements to LLC for shared administrative expenses during the year ended December 31, 2024.

### Office Lease

The Welfare Plan leases office space from Midwest Operating Engineers Pension Fund Building Not-for-Profit Corporation, a wholly owned subsidiary of the Pension Plan. Monthly rent is initially paid by the Welfare Plan and is allocated on a monthly basis to the Plan. The Plan's share of rent expense was \$410,313 for 2024 and \$399,138 for 2023.

## **Note 9. Related Organizations (continued)**

### Lockbox

Contributions received on behalf of the Plan and other related organizations are deposited into a lockbox account not owned or maintained by the Plan. On a regular basis, contributions due to the Plan are transferred from the lockbox into the Plan's cash account. The Plan continually monitors lockbox posting activity and makes adjustments as necessary. Employers and participants are given proper credit based on reports submitted. Any contributions due from the lockbox account at year end are included in cash in the statements of net assets available for benefits.

## **Note 10. Transfers from Welfare Plan - Marketplace Credits**

The Welfare Plan's system of determining participant eligibility and coverage options is referred to as the Midwest Operating Engineers Health Plan Marketplace (Marketplace). When the Marketplace was established, participants received an initial credit bank based on a specified formula. Any employer contributions received subsequent to the initial credit bank calculation are converted to a corresponding number of credits which are added to a participant's credit bank. These credits can then be used to purchase health coverage under one of the Welfare Plan's various health plan options.

Annually, participants of the Welfare Plan who reach age 55 or older during the Plan year are allowed during the open enrollment period to transfer certain credits from their credit bank under the Welfare Plan into their RMSP account under this Plan. During the years ended December 31, 2024 and 2023, the Plan received such transfers from the Welfare Plan of \$22,205,854 and \$17,920,453 respectively, for the 2024 and 2023 open enrollment periods.

Additionally, certain participants who retire with a disability pension from the Pension Plan may transfer certain credits from their credit bank under the Welfare Plan into their RMSP account under this Plan. The Plan received such transfers from the Welfare Plan of \$460,743 and \$749,427 for the years ended December 31, 2024 and 2023, respectively.
