Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed audits of the accompanying financial statements of Tait & Associates, Inc. 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Tait & Associates, Inc. 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter —Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TAIT & ASSOCIATES, INC. 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 1 DESCRIPTION OF PLAN

The following description of the Tait & Associates, Inc. 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Tait & Associates, Inc. (Tait), Tait Environmental Services, Inc. (TES), and Tait Land, Inc. (Land) (together referred to as the Company) who have completed three months of service and attained the age of 19 years. The Plan has an Internal Revenue Code (IRC) 401(k) feature and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan became effective November 1, 1977, as a defined contribution plan. The Plan was amended for the addition of Tait Land, Inc. effective January 1, 2020. The Administrative Committee is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions

Each year, participants may make elective pretax contributions to the Plan not to exceed 70% of the participant's annual compensation or the allowable limits established by the IRC. Participants may also contribute amounts representing distributions from other qualified plans. The Company may make matching contributions equal to a discretionary percentage, determined annually by the Company, of the participants' payroll contributions for participants employed by the Company as of the end of the Plan year. For 2024, that percentage was 50% compensation contributed by each participant, not to exceed 4% of the employees' eligible wages, which totaled \$367,954. Participants direct the investment of their contributions and matching contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and a guaranteed interest account as investment options for participants. Contributions are subject to Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, (b) Plan earnings or losses, and (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts any amount for up to a maximum of 50% of their vested account balance. The loan must be a minimum of \$1,000; however, a participant's loan can be no greater than \$50,000 minus the participant's highest outstanding loan amount during the prior 12 months. Interest is charged on the outstanding balance at rates determined by the Plan administrator based on prevailing interest rates. The loans are secured by the balance in the participant's account, and a participant can have a maximum of two loans outstanding at any time. Principal and interest are paid ratably at least quarterly and must be repaid within five years, except for loans used for the purchase of a primary residence.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Vesting

Plan participant's pretax voluntary contributions and the earnings thereon are 100% vested at all times. A participant is 100% vested in the accumulated Company contributions after six years of credited service, the participant has attained the age of 65 years, or the participant has retired from the Company as provided in the Plan. The following chart details vesting percentages as they relate to years of service:

<u>Years</u>	<u>Percent Vested</u>
0-1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Benefit Payments

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum distribution equal to the vested portion of his or her account or an annuity over the life of the participant or designated beneficiary, as defined in the Plan document. For termination of service for other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution. Additionally, under certain circumstances of financial hardship or upon attaining the age of 59½, the participant is allowed to withdraw certain funds from the Plan.

Forfeitures

Forfeitures result from termination of employment before full vesting has occurred. The amount that is not vested is forfeited by the participant and is available for credit to the Company. Forfeitures can be used to pay administrative expenses and to reduce future Company contributions. Forfeitures as of December 31, 2024 and 2023, totaled \$63,410 and \$30,486, respectively. There were no forfeitures used to pay administrative expenses for the year ended December 31, 2024. No forfeitures were applied against 2023 contributions remitted during the year ended December 31, 2024.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan. The majority of administrative expenses incurred by the Plan are absorbed by the Company, except for fees related to the administration of notes receivable from participants, which are deducted from the applicable participants' accounts, which are allocated to individuals proportionally based on their relative account balance.

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of earnings on investments.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). References to the ASC hereafter refer to the Accounting Standards Codification established by the Financial Accounting Standards Board (FASB) as the source of authoritative U.S. GAAP.

Investment Valuation and Income Recognition

The Plan's investments in mutual funds are stated at fair value at December 31, 2024 and 2023. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 10 for discussion of fair value measurements.

The Plan's investments in the guaranteed interest account are stated at contract value at December 31, 2024 and 2023, as more fully described in Note 5.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gains and/or losses are reported the day after the trade date.

Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation (depreciation) on investments.

Brokerage fees are added to the acquisition costs of assets purchased and subtracted from the proceeds of assets sold.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. Delinquent notes receivables are reclassified as distributions based upon terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The process of preparing financial statements in accordance with U.S. GAAP requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and gains, and expenses and losses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

TAIT & ASSOCIATES, INC. 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 3 CONCENTRATIONS, RISKS, AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 4 INFORMATION PREPARED AND CERTIFIED BY THE INSURANCE COMPANY AND THE TRUSTEE

Pursuant to certain reinsurance and administration agreements entered into between Empower Annuity Insurance Company of America and Massachusetts Mutual Life Insurance Company (MassMutual), Mass Mutual has appointed Empower as Mass Mutual's administrative agent and attorney-in-fact to perform all necessary administrative services for the group variable annuity contracts and the funding agreements issued by Mass Mutual.

As Mass Mutual's administrative agent and attorney-in-fact, Empower Annuity Insurance Company of America, the qualified institution, on behalf of Mass Mutual, has supplied the Plan Administrator with a certification as to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023 and, the statements of changes in net assets available for benefits for the year ended December 31, 2024, and the supplemental schedule of assets (held at end of year) as of December 31, 2024.

Empower Trust Company, LLC, the trustee effective January 1, 2022, has supplied the Plan Administrator with a certification as to the completeness and accuracy of the notes receivable from participants and related interest income presented on the accompanying statement of net assets available for benefits as of December 31, 2024 and 2023, and the statement of changes in net assets available for benefits for the year ended December 31, 2024, and the supplemental schedule of assets (held at year end) as of December 31, 2024.

NOTE 5 GUARANTEED INTEREST ACCOUNT

The Plan entered into a benefit-responsive investment account with MassMutual, which is considered a traditional investment contract. MassMutual maintains the contributions in a guaranteed interest account provided through a group annuity contract. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest account issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

TAIT & ASSOCIATES, INC. 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 5 GUARANTEED INTEREST ACCOUNT (CONTINUED)

Because the guaranteed interest account is fully benefit responsive, contract value is the relevant measurement attribute to the guaranteed interest account. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) the complete or partial termination of the Plan, (2) the establishment or activation of, or material change in, any Plan investment fund, or (3) an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from the Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs.

MassMutual re-sets the guaranteed interest account rates quarterly, taking into consideration a number of factors, including the following: (1) investment year method experience of the contract or pool, (2) projected levels of cash flows within the current interest rate environment, and (3) projected maturity of the underlying investments. Guaranteed interest account crediting rates will typically show less volatility than current market rates.

Upon full or partial contract or Plan termination and certain other sponsor-initiated events, distributions from the guaranteed interest account may be subject to a liquidation value (market value) adjustment pursuant to a formula specified in the contract. The market value formula may produce a value that is more or less than the book value of the Plan's investment in the guaranteed interest account.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all participants would become fully vested in their accounts.

NOTE 7 WITHDRAWN PARTICIPANTS

At December 31, 2024 and 2023, there were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not been paid.

TAIT & ASSOCIATES, INC. 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 8 TAX STATUS

The Plan is based on the Non-Standardized Pre-Approved Profit Sharing Plan with cash or deferred arrangement with Empower Retirement LLC, the custodian of the Plan, which received an opinion letter from the Internal Revenue Service (IRS) dated April 7, 2021, stating that the prototype plan was designed in accordance with the provisions of the IRC. The Plan has not yet filed for its own determination letter from the IRS. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The related trust, therefore, is not subject to tax under present income tax law.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 PARTIES IN INTEREST

Certain Plan investments are managed by the qualified institutions; therefore, these investments qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA. Additionally, notes receivable from participants represent loans to employees and therefore also qualify as party-in-interest transactions. The Plan has a number of service providers. Such providers are parties in interest under ERISA.

NOTE 10 FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

TAIT & ASSOCIATES, INC. 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 10 FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the assets or liabilities; or
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets, measured on a recurring basis, at fair value as of December 31:

		2024			
		Level 1	Level 2	Level 3	Total
	Mutual Funds	24,532,507	\$ -	\$ -	\$ 24,532,507
