Independent Auditors' Report

Trustee and Administrator
Restore Management 401(k) Plan
Pelham, Alabama

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Restore Management 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Restore Management 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section-

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Restore Management 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Restore Management 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Restore Management 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Restore Management 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Restore Management 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023

Note 1. Description of Plan and Summary of Accounting Policies

Description of Plan

The following description of the Restore Management 401(k) Plan (the Plan) provides general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

- A. **General** - The Plan is a defined contribution plan created on January 1, 1995, covering employees of Restore Professionals, LLC, Restore Management, LLC, Restore Therapy Services, LTD, and Premier Medical Housecall, LLC (collectively the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employees are immediately eligible to participate in the Plan upon hire.

- B. **Contributions** - Each year, participants may contribute a percentage of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Each year, the Company may make matching contributions to the Plan. In 2024 and 2023, the Company contributed 25 percent of the participant's first 6 percent of annual gross compensation that the participant contributed to the Plan. Contributions are subject to certain limitations.
- C. **Participant accounts** - Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution and (b) plan earnings. Allocations are based on participant contributions for that Plan year or compensation, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- D. **Vesting** - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service. A participant is 100% vested after two years of service.
- E. **Payment of Benefits** - Upon retirement, death or disability, a participant (or beneficiary) may elect to receive the entire amount of his/her account in one lump sum payment, or annual installments over a fixed reasonable period of time, not to exceed the life expectancy of the participant (or beneficiary). If employment is terminated for reasons other than retirement, death or disability, participants may elect to receive a lump-sum distribution of their vested account balance.

- F. **Forfeited Accounts** - Forfeitures may be used to pay plan expenses or to reduce any company contribution. There was \$4,753 and \$6,745 in the unallocated forfeiture account at December 31, 2024 and 2023, respectively. Forfeitures were used to pay Plan administrative expenses totaling \$187 and \$285 for the years ended December 31, 2024 and 2023, respectively.
- G. **Administration** - The Plan's administrator is the Company. The Plan's trustee is Fidelity Management Trust Company (Fidelity). Investment fees are generally assessed as a percentage of assets invested, and are deducted directly from participants' investment returns. Plan administration fees are deducted directly from investment returns and are either paid directly by the Company, or are passed through to the participants in the Plan. Transaction-based fees are charged directly to the participants' account.

Basis of Accounting

The Plan's policy is to prepare its financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Revenues are recognized in the period in which they are earned. Expenses are recognized in the period in which they are incurred.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Sponsor determines the Plan's valuation policies.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation or depreciation in fair value of investments is the difference between the proceeds received or aggregate fair market value of investments determined at the end of the year and the aggregate fair value of investments determined at the beginning of the year or cost if acquired during the year. Dividends are recorded on the ex-dividend date.

Note 1. Description of Plan and Summary of Accounting Policies - Continued

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Note 2. Plan Amendments and Restatement

Effective February 1, 2023, the Plan was amended to allow participants to make Roth 401(k) contributions, accept rollover contributions from employees who have not yet satisfied the age and eligibility service requirements, accept in-plan Roth 401(k) rollover contributions and in-plan Roth 401(k) conversions, and to allow partial withdrawals from the Plan.

Note 3. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 4. Tax Status

On June 30, 2020, the Internal Revenue Service stated that the prototype plan document adopted by the Plan, as then designed, qualified under Section 401(a) of the Internal Revenue Code. Although the Plan has been operationally amended since receiving a determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in accordance with the Internal Revenue Code.

The Plan follows FASB codification ASC 740-10 in accounting for uncertainty in income taxes. The Plan has evaluated its tax positions and interpretations, and believes its positions are appropriate based on current facts and circumstances.

Note 4. Tax Status – Continued

Generally Accepted Accounting Principles (GAAP) requires Plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5. Risks and Uncertainties

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for plan benefits.

Note 6. Information Prepared and Certified by Trustee (Unaudited)

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified as complete and accurate by Fidelity Management Trust Company, the trustee:

	2024	2023
Investments:		
Mutual funds	\$ 34,061,070	\$ 31,997,976
Stable value fund	750,087	816,338

Note 7. Party-In-Interest Transactions

The investments of the Plan are shares of mutual funds managed by the custodian, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for services rendered by Fidelity that have been included in administrative expenses in the accompanying financial statements amounted to \$60,076 and \$57,488 during December 31, 2024 and 2023, respectively.

Certain administrative functions are performed by officers and employees of the Company. No officer or employee received compensation from the Plan for these services.

Note 8. ERISA Bond Requirement

The Employee Retirement Income Security Act of 1974 (ERISA) requires that every person who handles funds or other property of the Plan be bonded. The bond coverage is to be determined by the balance of the total plan assets, and is required to be at least equal to the lesser of 10% of the Plan's assets at the beginning of the plan year or \$500,000. At December 31, 2024 and 2023, the Plan's sponsor maintained bond coverage in the amount of \$500,000.

Note 9. Stable Value Fund

Stable Value Funds within the plan are invested in Fidelity's BNYM Mellon Stable Value Fund Class M. This fund consists of a diversified portfolio of fixed-income instruments which may include various types of guaranteed investment contracts ("GICs"), repurchase agreements, US treasury and agency securities, high quality debt securities including mortgage-backed, commercial mortgage-backed, asset-backed and corporate securities held by the Fund within contracts intended to minimize market volatility, and cash and cash equivalents, including certificates of deposits and money market instruments. The Fund may also invest in affiliated and unaffiliated bank collective funds and money market funds.

The GICs and securities purchased for the fund are backed solely by the financial resources of the issuers of such GICs and securities. An investment in the fund is not insured or guaranteed by the manager(s), the plan sponsor, the trustee, the FDIC, or any other government agency. The GICs purchased by the fund permit the fund to account for the fixed income securities at book value (principal plus interest accrued to date). Through the use of book value accounting, there is no immediate recognition of investment gains and losses on the fund's securities. Instead, gains and losses are recognized over time by periodically adjusting the interest rate credited to the fund under the GICs.

Restore Management 401(k) Plan
Notes to Financial Statements - Continued

Note 9. Stable Value Fund - Continued

However, while the fund seeks to preserve the participants' principal investment, it is possible to lose money by investing in this fund.

The GICs provide for the payment of certain withdrawals and exchanges at book value during the terms of the GICs. In order to maintain the GICs issuers' promise to pay such withdrawals and exchanges at book value, the GICs subject the fund and its participants to certain restrictions. For example, withdrawals prompted by certain events (e.g., layoffs, early retirement windows, spin-offs, sale of a division, facility closings, plan terminations, partial plan terminations, changes in laws or regulations) may be paid at the market value of the fund's securities, which may be less than the participants' book value balance. Additional risk information for this product may be found in the prospectus or other product materials, if available.

Certain investment options offered by the Plan (e.g., money market funds, short-term bond funds, certain asset allocation/lifecycle funds and brokerage window) may be deemed by the GICs issuers to "compete" with this fund. The terms of the GICs prohibit the participants from making a direct exchange from this fund to such competing funds. Instead, the participants must first exchange to a non-competing fund for 90 days. While these requirements may seem restrictive, they are imposed by the GICs issuers as a condition for the issuer's promise to pay certain withdrawals and exchanges at book value.

Note 10. Fair Value of Assets and Liabilities

The Plan accounts for fair value measurements in accordance with FASB ASC 820. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Restore Management 401(k) Plan
Notes to Financial Statements - Continued
December 31, 2024 and 2023

Note 10. Fair Value of Assets and Liabilities - Continued

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing prices as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

Stable value fund: Valued based on the net asset value shares/units of the Fidelity BNYM Mellon Stable Value Fund Class M held by the Plan. Net asset value per share/unit, provided by the Fund's Trustee, is used as a practical expedient to estimating fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 10. Fair Value of Assets and Liabilities – Continued

Assets and liabilities itemized within the fair value hierarchy below were measured at fair value during the years ended December 31, 2024 and 2023, using the market and income approaches.

	Assets at Fair Value as of December 31, 2024			
	Fair Value	Level 1	Level 2	Level 3
Mutual funds	\$ 34,061,070	\$ 34,061,070	\$ -	\$ -
Total	34,061,070	\$ 34,061,070	\$ -	\$ -

Investments measured at NAV (a):	
Stable value fund (Note 9)	750,087
	\$ 34,811,157

	Assets at Fair Value as of December 31, 2023			
	Fair Value	Level 1	Level 2	Level 3
Mutual funds	\$ 31,997,976	\$ 31,997,976	\$ -	\$ -
Total	31,997,976	\$ 31,997,976	\$ -	\$ -

Investments measured at NAV (a):	
Stable value fund (Note 9)	816,338
	\$ 32,814,314

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 10. Fair Value of Assets and Liabilities – Continued

The following table provides information about investments measured at fair value based on net asset value (NAV) per share as of December 31, 2024 and 2023:

Fair Value Estimated Using NAV Per Share as of December 31, 2024				
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Stable value fund (a)	\$ 750,087	n/a	Daily	3- month

Fair Value Estimated Using NAV Per Share as of December 31, 2023				
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Stable value fund (a)	\$ 816,338	n/a	Daily	3- month

(a) The investment strategy of the stable value fund is preserve capital and provide stability of principal while earning current income that exceeds money market rates over the long term, and its performance objective is to exceed (net of investment management fees) the total return of the 3-month Treasury Bill Index over a three (3) to five (5) year period.

Note 11. Concentration of Investments

Included in investments at December 31, 2024 and 2023, are:

Investment	As of December 31, 2024	
	Investment Amount	Percent of Total Investments
Fidelity Freedom Index 2035 Fund	\$ 7,105,108	20%
Fidelity Freedom Index 2045 Fund	4,344,667	12%

Fidelity Freedom Index 2050 Fund	3,627,503	11%
Fidelity Freedom Index 2040 Fund	3,613,816	11%

A significant decline in the market value of these funds would significantly affect the net assets available for benefits.

Note 12. Prohibited Transactions

The Plan Sponsor inadvertently failed to deposit \$70,053 of participant contributions within the timeframe required by the DOL for the year ended December 31, 2023. The DOL considers late deposits to be nonexempt prohibited transactions. The Plan Sponsor is in the process of completing the remainder of the necessary corrective actions.

Note 13. Excess Participant Contributions Payable

The Plan failed the discrimination test for the year ended December 31, 2023. Excess contributions amounting to \$13,633 are recorded as a liability in the accompanying statement of net assets available for benefits and as a reduction of participant-directed contributions for the year. The Plan reimbursed these excess contributions to its participants during 2024.
