BUILDING PLASTICS, INC. EMPLOYEE STOCK OWNERSHIP PLAN

December 31, 2024 and 2023

INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee
Building Plastics, Inc. Employee Stock Ownership Plan

Opinion

We have audited the accompanying financial statements of Building Plastics, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits Building Plastics, Inc. Employee Stock Ownership Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Building Plastics, Inc. Employee Stock Ownership Plan to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Building Plastics, Inc. Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Building Plastics, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Building Plastics, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at end of year) and reportable transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Building Plastics, Inc. Employee Stock Ownership Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE A - DESCRIPTION OF PLAN

The following brief description of Building Plastics, Inc. Employee Stock Ownership Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

1. General

Building Plastics, Inc. (the "Company") established the Plan effective as of January 1, 2004, to enable eligible employees to acquire stock ownership interests in the Company by investing primarily in Company stock. The Plan operates as a leveraged employee stock ownership plan, and is designed to comply with Section 4975(e)(7) of the Internal Revenue Code of 1986, as amended and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended. The Plan is administered by a committee appointed by the Board of Directors of the Company consisting of three members. Effective July 31, 2023, the Plan terminated its third-party trustee and became a self-trusteed plan.

2. Eligibility

Each employee of the Company on December 31, 2004, became a participant in the Plan on December 31, 2004. Subsequently, employees of the Company are generally eligible to participate in the Plan after one year of service provided they worked at least 1,000 hours during such plan year. Participants who do not have at least 1,000 hours of service during such Plan year or are not employed on the last working day of a Plan year are generally not eligible for an allocation of Company contributions for such year.

3. Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of employer contributions of cash or shares of the Company's common stock released by the Trustee from the unallocated account. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. The Company designates a portion of the employer contribution as a matching contribution and the balance as a discretionary contribution. Matching contributions are allocated among participants' accounts based upon a percentage of participants' contributions to the Building Plastics, Inc. Profit Sharing Plan, the percentage to be determined by the Company. Discretionary contributions are allocated among participants' accounts based on a participant's eligible compensation relative to total eligible compensation.

4. Vesting

If a participant's employment with the Company ends for any reason other than retirement, permanent disability or death, he or she will vest in the balances in his or her account based on total years of service with the Company. Participants vest 20% per year of service commencing in the second year of service and are 100% vested after six years of service.

5. Payment of Benefits

Each participant who reaches age 55 and has participated in the plan for ten years will have the right during the following five years to diversify up to a total of 25% of company stock allocated to participant's individual account; during the sixth year, a qualifying participant may diversify up to a total of 50% of company stock allocated to participant's individual account minus any previously diversified shares. Diversification distributions are paid in cash only in a lump sum.

Distributions from the Plan will also be made after a participant retires, dies (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representatives), or otherwise terminates employment with the Company. Distributions are paid in cash only in a lump sum or in substantially equal annual installments for not more than five years.

6. Forfeited Accounts

Forfeitures of participants' nonvested accounts are allocated to the remaining Plan participants' accounts based on a participant's eligible compensation relative to total eligible compensation of all participants. Allocations of forfeitures in 2024 and 2023 were \$72,254 and \$88,739, respectively.

7. Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated share for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries.

8. Plan Termination

Although the Company has not expressed any intent to do so, it reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the Internal Revenue Code. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United State of America (GAAP).

2. Estimates

In preparing the financial statements in conformity with GAAP, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

3. Investment Valuation and Income Recognition

The common shares of the Company are valued at fair value determined by annual independent appraisals and the shares of the money market fund are valued at the closing price reported on the active market on which the securities are traded.

Dividend income is accrued on the ex-dividend date.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method.

4. Operating Expenses

All expenses of maintaining the Plan are paid by the Company.

5. Date of Management's Review

Subsequent events were evaluated through September 23, 2025, which is the date the financial statements were available to be issued.

NOTE C - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for plan benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present fair value measurement information for certain financial instruments at December 31, 2024 and 2023.

<u>Fair Value Measurements Using:</u>			
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
	<u>Fair Value</u>		
<u>December 31, 2024</u>			
Company common stock	\$49,987,000	\$ -	\$49,987,000
Money market funds	<u>1,514,818</u>	<u>1,514,818</u>	<u>-</u>
	<u>\$51,501,818</u>	<u>\$1,514,818</u>	<u>\$49,987,000</u>
<u>December 31, 2023</u>			
Company common stock	\$48,636,000	\$ -	\$48,636,000
Money market funds	<u>1,871,335</u>	<u>1,871,335</u>	<u>-</u>
	<u>\$50,507,335</u>	<u>\$1,871,335</u>	<u>\$48,636,000</u>

The fair value measurements accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority.

The fair value of the Company common stock is determined by an annual independent appraisal, which is a Level 3 input. This appraisal was based on a combination of market and income valuation methods consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables, and estimated fair value of company assets and liabilities. The following table provides further details of this Level 3 fair value measurement:

The investments of the Plan consisting primarily of Building Plastics, Inc. common stock at December 31, 2024 and 2023, are non-participant-directed.

NOTE E - EMPLOYER CONTRIBUTIONS

The Company is obligated to make contributions in cash to the Plan to repurchase the common stock of the Company allocated to the individual accounts of participants eligible to receive distributions. For the years ended December 31, 2024 and December 31, 2023, employer contributions totaled \$2,100,000 and \$1,600,000, respectively.

NOTE F - TAX STATUS

The Internal Revenue Service issued an opinion letter dated June 30, 2020, stating that the Non-Standardized Pre-Approved ESOP Plan, which the Plan adopted, was designed in accordance with applicable Internal Revenue Code (IRC) requirements. The Plan has not requested a determination letter of its own. The Plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator believes that the Plan has not generated any taxable income, and no federal or state income tax returns have been filed. Federal and state tax authorities could request an examination of the financial records of the Plan to ascertain if any such taxable income exists but no such examination has occurred or is pending.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by federal or state taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE F - TAX STATUS - Continued

recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2021.

NOTE G - RISK AND UNCERTAINTIES

The Plan investments consists primarily of the Company's common stock, which is exposed to various risks, including interest rate, market, and credit risks, as well as valuation assumptions based on earnings and cash flows. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE H - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's assets, which consist principally of the sponsor Company's common stock, are considered to be party-in-interest investments. Plan expenses that are directly paid by the Company also qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction provisions of ERISA and the Internal Revenue Code.
