INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator of
The Daikin 401(k) Plan
Waller, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Daikin 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Daikin 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Daikin 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Daikin 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Daikin 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Daikin 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE DAIKIN 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of The Daikin 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information. The Plan document is controlling at all times. The Plan is sponsored by Daikin Comfort Technologies Manufacturing, L.P. (the Company) for the benefit of its employees.

General

The Plan was adopted effective January 1, 1987, and is a defined contribution plan covering substantially all employees of the Company, and certain of its affiliates, who are not covered by a collective bargaining agreement. The purpose of the Plan is to provide employees with retirement benefits. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA). Under the terms of the Plan, employees become eligible to make salary deferral contributions upon the completion of three months of service.

Contributions

Participants may contribute up to 50% of their salary and wages, through pretax compensation deferrals, not to exceed \$23,000 for 2024 and \$22,500 2023. Additionally, participants who are at least 50 years of age before the end of the Plan year are permitted to make additional catch-up contributions up to \$7,500 for 2024 and 2023. Eligible employees can begin making contributions as of the beginning of each payroll period. Employee contributions may be made only by payroll deductions. The Company, at its sole discretion, can elect to make 100% matching contributions up to 6% of a maximum salary of \$50,000 on behalf of each participant employed on December 31 for each plan year. Participants may also contribute amounts representing distributions from other qualified retirement defined benefit or defined contribution plans.

Participant Accounts

Separate accounts are maintained for each participant. Participant accounts are credited with the participant contributions, rollover contributions, allocations of Company contributions and investment earnings and losses, and charged with withdrawals and administrative fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions plus actual earnings thereon is based upon completion of three years of credited service unless they were transferred from an acquired Plan in which the vesting is more favorable. Participants who do not complete the vesting period of credited service forfeit their right to all Company contributions and actual earnings thereon.

Investment Options

Upon enrollment in the Plan, participants may direct the investment of their individual accounts among alternative investment funds provided under the Plan. Participants may change their investment elections at any time, as well as transfer existing balances between investment funds.

THE DAIKIN 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 1 – DESCRIPTION OF THE PLAN - CONTINUED

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000, reduced by the excess of the highest outstanding note receivable balance in the previous year over their current note receivable balance, or 50% of their vested account balance, whichever is less. Note receivable transactions are treated as a transfer between investment funds and the note receivable fund. Terms range from one to five years, or up to 10 years for the purchase of a primary residence. No more than one note receivable may be outstanding at any one time. The notes receivable are secured by the vested balance in the participant's account and bear interest at the prime lending rate plus one percentage point. Principal and interest is paid ratably through weekly payroll deductions for hourly participants and semi-monthly payroll deductions for salaried participants.

Payment of Benefits

On termination of service due to death, disability, retirement or for other reasons, a participant or their beneficiary may elect to receive a lump-sum distribution equal to the value of their vested account or substantially equal annual, quarterly, or monthly installments over a period not to exceed their life expectancy.

Forfeitures

Participants terminating employment prior to full vesting forfeit their right to the non-vested portion of Company contributions. At December 31, 2024 and 2023, the forfeiture account totaled \$670,006 and \$700,271, respectively. These forfeitures will be used to pay administration expenses or to reduce future Company contributions. During 2024, \$5,226,121 was transferred from the Goodman Company, L.P. Fayetteville Bargaining Unit Pension Plan into the forfeiture account and \$5,949,796 of forfeitures were used to reduce employer contributions and \$90,671 of forfeitures were used to pay administrative expenses. During 2023, \$469,051 of forfeitures were used to reduce employer contributions and \$96,386 of forfeitures were used to pay administrative expenses.

Transfers

Effective June 1, 2024 the Plan was amended and restated. The restated plan included all provisions from previous amendments. The Plan was amended March 31, 2025 to allow participants of Arista Air Conditioning Corp 401(k) Plan to become participants of the Plan. Assets from this plan will be transferred to the Plan in 2025.

During 2023, the Plan was amended to allow employees of Air Reps, LLC, Thermal Supply, Inc. and Universal Supply Group, Inc. to become participants of the Plan. During 2023, employees of Air Reps, LLC transferred \$9,664,447 into the Plan. During 2023, employees of Thermal Supply, Inc. transferred \$15,944,470 into the Plan. During 2023, employees of Universal Supply Group, Inc. transferred \$10,762,666 into the Plan. During 2023, the combined total amount of participant loans transferred into the plan were \$559,320.

NOTE 1 – DESCRIPTION OF THE PLAN - CONTINUED

During 2024, the Plan was amended to allow employees of the Williams division to become participants of the Plan. During 2024, the employees transferred \$22,196,936, including participants loans of \$288,635, into the Plan.

The Goodman Company, LP Fayetteville Bargaining Unit Pension Plan was terminated in 2023 and the residual assets in the amount of \$5,232,275 were transferred to the Plan during 2024. These assets were included in the 2023 employer contribution receivable.

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting.

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ from those estimates. Estimates that have the most impact on financial position and results of performance primarily relate to the fair value of investments and the collectability of notes receivable from participants. Plan management believes these estimates and assumptions provide a reasonable basis for the fair presentation of the financial statements.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (as determined by the Trustee), except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The net change in the fair value of investments is reported in the statement of changes in net assets available for benefits in the period of the change. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Expenses relating to the purchase or sale of investments are added to cost or deducted from proceeds. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

THE DAIKIN 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Notes Receivable from Participants

The Plan requires participant loans to be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned.

Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document; thus no allowance for doubtful accounts has been recorded at December 31, 2024 and 2023.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Subsequent Events

The Company has evaluated subsequent events through September 26, 2025, which is the date the financial statements were available to be issued. No matters were identified affecting the accompanying financial statements.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan measures and reports certain assets and liabilities at fair value and within a hierarchal disclosure framework which prioritizes and ranks the level of observable inputs used in measuring fair value. At each financial statement date, the Plan's Trustee performs an analysis of all assets and liabilities subject to fair value measurements.

The three levels of the fair value hierarchy are described as follows:

Level 1- Inputs to the valuation methodology are unadjusted, quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2- Inputs, excluding those included in Level 1, are either observable prices for identical assets or liabilities in inactive markets, observable prices for similar assets and liabilities, or other inputs derived principally from, or corroborated by, observable market data at the measurement date.

Level 3- Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

THE DAIKIN 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 3 – FAIR VALUE MEASUREMENTS – CONTINUED

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024.

Mutual funds are valued at the net asset value of shares held by the plan at the financial statement date.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although the Plan’s management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024:

	Quoted Market Prices in Active Markets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)
Mutual Funds:			
Balanced Funds	\$143,562,491	\$ -	\$ -
Bond Funds	6,641,551	-	-

THE DAIKIN 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 4 – CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation (depreciation) in fair value of investments, dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Trust Company (the trustee of the Plan).

NOTE 5 – CONTRACT VALUE MEASUREMENTS

The common/collective trust fund’s underlying assets consist of investment contracts and security-backed contracts. An investment contract is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time. A security-backed contract has similar characteristics to a traditional investment contract and is comprised of two parts: the first part is a fixed-income security or portfolio of fixed-income securities; the second part is a contract value guarantee (wrapper) provided by a third party. Wrappers provide contract value payments for certain participant-initiated withdrawals and transfers, a floor crediting rate, and return of fully accrued contract value at maturity.

Because the contracts meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the common/collective trust fund. The common/collective trust fund is presented on the face of the statement of net assets available for benefits at contract value. Contract value represents contributions made under the contract less any participant-directed withdrawals plus accrued interest. Security-backed contracts are carried at contract value in the aggregate, which consists of the fair value of the underlying portfolio, accrued interest on the underlying portfolio assets, the fair value of the contract, and the adjustment to contract value.

The Plan’s common/collective trust investment values at December 31, 2024, as reported by the Trustee, are summarized as follows:

	<u>Contract Value</u>	<u>Fair Value</u>
Invesco Stable Return Fund	<u>\$66,208,661</u>	<u>\$62,067,608</u>

The Plan’s common/collective trust investment values at December 31, 2023, as reported by the Trustee, are summarized as follows:

	<u>Contract Value</u>	<u>Fair Value</u>
Invesco Stable Return Fund	<u>\$71,358,878</u>	<u>\$67,120,700</u>

The Funds do not invest directly in fully benefit-responsive contracts, and therefore are not required to include in the financial statements the disclosure requirements for stable value investment funds. The Invesco Stable Return Funds are 100% invested in the Invesco Stable Value Trust Fund Class B1. For information not included in these financial statements, refer to the financial statements of the Invesco Stable Value Trust, which are available upon request.

THE DAIKIN 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 5 – CONTRACT VALUE MEASUREMENTS – CONTINUED

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Investment contracts have elements of risk due to lack of a secondary market and resale restrictions resulting in the inability of the Trust to sell a contract. In addition, investment contracts may be subject to credit risk based on the ability of the wrapper providers to meet their obligations under the terms of the contract.

The Trust may invest in securities that are subject to interest rate risk, meaning the risk that the prices will generally fall as interest rates rise and, conversely, the prices will generally rise as interest rates fall. Specific securities differ in their sensitivity to changes in interest rates depending on their individual characteristics. Changes in interest rates may result in increased market volatility, which may affect the value and/or liquidity of certain of the Trust's investments.

The Trust maintains investment contracts issued by insurance companies, banks and other financial institutions as required by the Declaration of Trust. The issuing institution's ability to meet its contractual obligations under the respective contracts may be affected by future economic and regulatory developments in the insurance and banking industries.

Investment contracts are valued at contract value principally because unitholders are able to transact at contract value when initiating benefit-responsive withdrawals, taking loans or making investment option transfers permitted by the participating plan. A benefit-responsive withdrawal includes a payment to a unitholder arising from retirement, termination of employment, disability or death. In the normal course, unitholder events are predictable (for unitholders as a group) such that the economic integrity of investment contracts is largely unaffected by unitholder withdrawals.

Employer-initiated events, if material, may affect the underlying economics of investment contracts. These events include plant closings, layoffs, plan termination, bankruptcy or reorganization, merger, early retirement incentive programs, tax disqualification of a trust or other events. The occurrence of one or more employer-initiated events could limit the Trust's ability to transact at contract value with plan unitholders.

For example, retirement benefit payments which occur because an employer has offered a subsidized early retirement program will not transact at contract value unless the scope of the program is not material or the investment contract includes a "contract value corridor". Whether an employer-initiated event is probable is foremost within the knowledge of the employer, but in the normal course may be communicated to the investment manager of the Trust. While the investment manager may take action to minimize or eliminate the impact of the employer-initiated event, there is no assurance that the issuer will continue to transact at contract value once the corridor is used. In that case, the Trust would be unable to maintain the ability to transact at contract value.

As of December 31, 2024, the Trust's management believes the occurrence of an event that would limit the ability of the Trust to transact at contract value with the unitholders in the Trust is not probable.

THE DAIKIN 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan in whole or in part subject to the provisions of ERISA. In the event of Plan termination, including partial Plan termination, active participants will become 100% vested in their accounts and the Trustee will distribute all assets remaining after payment of any expenses chargeable to the Plan to participants or their beneficiaries in accordance with the Plan’s provisions.

NOTE 7 – ADMINISTRATION OF PLAN ASSETS

The Plan’s assets are held and certain administrative functions are performed by the Trustee of the Plan. The Company provides certain administrative functions and absorbs a portion of the Plan’s administrative costs on behalf of the Plan.

NOTE 8 – PARTY-IN-INTEREST

Net assets available for benefits include notes receivable from participants and investments managed by the Trustee at December 31, 2024 and 2023. As a result, these assets and all transactions relating to these assets qualify as party-in-interest transactions. These transactions are exempt from being prohibited transactions by ERISA.

Fees paid by the Plan for administrative services were as follows for the year ended December 31:

	<u>2024</u>	<u>2023</u>
Loan fees	\$67,465	\$56,324
Plan advisory fees	76,412	62,103
Contract administrator fees	512,814	510,588
Participant distribution fees	<u>73,536</u>	<u>76,383</u>
Total paid to parties-in-interest	730,227	705,398
Professional fees – paid to third party	<u>38,019</u>	<u>61,375</u>
Total administrative fees	<u>\$768,246</u>	<u>\$766,773</u>

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan holds various investment securities for its participants. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11 – TAX STATUS

The Company makes periodic amendments to the Plan and received formal notification from the Internal Revenue Service (IRS) in February 2018 that the Plan, as amended and restated effective January 1, 2017, was in compliance with the applicable requirements of the IRS Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax period in progress.

NOTE 12 – OTHER MATTERS

Under the provisions of ERISA and the Internal Revenue Code (IRC), if a Plan fails the ADP nondiscrimination test, failure can be corrected after the Plan year end by re-characterization of the excess elective deferral as an employee after-tax contribution or catch-up contribution or by timely distribution of excess contributions to the appropriate participants. Re-characterization of the deferral must be made no later than two and a half months after the Plan's year end, and distribution of excess contributions must be made within twelve months of the Plan's year end. However, if the excess contributions are distributed later than two and a half months after the end of the Plan year, the Plan sponsor must pay a 10% excise tax on the non-earnings portion of the required corrective distribution.

For the year ended December 31, 2024, the Plan failed the ADP non-discrimination test. The Company recharacterized the excess contributions by March 15, 2025. Therefore, the Company is not required to pay excise tax. Required corrective distributions from the Plan to the employees totaled \$758,040 for the year ended December 31, 2024.
