Independent Auditor's Report

United Telephone Company 401(k) Plan
Chapel Hill, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of United Telephone Company 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i - schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**United Telephone Company 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023**

Note 1 - Description of Plan

The following description of United Telephone Company (the Sponsor) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all full-time employees of United Telephone Company. Union employees, non-resident aliens, and leased employees are specifically excluded from participating in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility - Employees shall become eligible for the Plan upon completion of two months of consecutive service (measured using the elapsed time method, exact date in months). Eligible employees may enter the Plan monthly, on the first day of the month coincident with or next following the date the employees meets the eligibility requirements.

Employer contributions - The Sponsor contributes a matching contribution based on a fixed contribution formula of 50% of contributions not to exceed 10% of compensation. Employees are eligible for matching contributions if they have received compensation since the prior allocation date for matching contributions and completed one hour of credited service in the Plan year. Matching contributions totaled \$345,810 and \$321,150 for the years ended December 31, 2024 and 2023, respectively.

Employee contributions - Eligible employees can elect to contribute an amount up to 100% of their regular compensation, as defined in the Plan, subject to certain limitations under the Internal Revenue Code (IRC). Participants who have attained the age of 50 before the end of the Plan year are eligible for catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan allows for Roth contributions.

Participant accounts - Each participant's account is credited with the participant's contributions, the allocations of the Sponsor's matching contributions, and allocations of Plan earnings. Earnings allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their account is based on years of credited service. Participants are 100% vested after three years of credited service.

Notes receivable from participants - Loans are not permitted by the Plan.

Payment of benefits - Upon discontinuance of service due to termination of employment, normal retirement (age 65), death, or disability, a participant or their beneficiary may elect to receive the value of the vested interest in their account in the form of a lump sum or partial, non-periodic payment. If the vested balance is less than \$1,000, including rollovers, then a distribution will be made regardless of whether the participant consents to receive the distribution. Balances of \$1,000 or less will be paid out as a single lump sum to the participant or their beneficiary.

In-service withdrawals are permitted for financial hardships and upon attainment of age 59½.

United Telephone Company 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023

Forfeited accounts - Plan forfeitures may be used to pay administrative expenses, to restore forfeited account balances of rehired employees, or offset employer contributions at the Plan Administrator's discretion. There were no forfeited amounts available at December 31, 2024 and 2023. For the years ended December 31, 2024 and 2023, \$6,169 and \$3,125 were used to reduce employer contributions, respectively.

Note 2 - Summary of Accounting Policies

Basis of accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment valuation and income recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits - Benefits are recorded when paid.

Expenses - Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Note 3 - Certified Investments

The following is a summary of certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, as of December 31, 2024, that was obtained by management and agreed to or derived from information certified as complete and accurate by John Hancock Life Insurance Company (the Custodian):

	<u>2024</u>	<u>2023</u>
Investments at Fair Value		
Pooled separate accounts	\$ 9,204,301	\$ 7,751,917
Total investments at fair value	<u>\$ 9,204,301</u>	<u>\$ 7,751,917</u>

The Custodian also certified to the completeness and accuracy of \$1,124,615 and \$1,143,427 of net appreciation in fair value of investments related to the aforementioned investments for the years ended December 31, 2024 and 2023, respectively.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

United Telephone Company 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023

Note 4 - Fair Value Measurements (continued)

Level 2: Inputs other than quoted prices included with Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Pooled separate accounts: Valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. The NAV is based on the market value of the underlying investments. The NAV of these accounts is not a publicly quoted price in an active market. There are currently no significant redemption restrictions on these investments.

All investments of the Plan that are presented at fair value are measured at NAV as a practical expedient. Therefore, in accordance with Subtopic 820-10, investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy.

The following table summarizes investments measured at fair value based on NAV per share at December 31, 2024 and 2023:

	Fair Value at December 31		Unfunded	Redemption	Redemption
	2024	2023	Commitment	Frequency	Notice Period
Pooled Separate Accounts					
Target maturity funds (a)	\$ 6,495,438	\$ 5,462,103	n/a	Daily	None

(a) Target maturity funds - This asset class seeks capital appreciation and income consistent with its current asset allocation, based on the target date specified in the fund's name.

**United Telephone Company 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023**

- (b) Large-Cap stock funds - This asset class holds funds that seek long-term growth of capital and income. Additionally, some funds within this asset class invest primarily through equity companies of United States issuers.
- (c) Mid-Cap stock funds - This asset class holds funds that seek capital appreciation primarily through investment in common stocks of mid-sized companies.
- (d) Money market funds - This asset class holds funds that generally seek liquidity, protection of capital, and current income through investment in short-term money market instruments.
- (e) International stock funds - This asset class holds funds that seek long-term growth of capital while providing current income primarily through investment in common stocks of well-established companies located around the world.
- (f) Specialty funds - This asset class holds various funds that generally seek long-term capital growth through investments in stocks that are included in the Nasdaq-100 Index.
- (g) Fixed income funds - This asset class holds various funds that generally seek current income, with preservation of shareholders' capital a secondary objective. An additional objective is to maintain liquidity, investment quality, and stability of capital.
- (h) Small-Cap stock funds - This asset class holds funds that seek long-term capital appreciation through investment in common stocks of small companies.
- (i) Emerging markets - This asset class hold various funds that invests primarily in the stocks or bonds of companies located in developing countries.

Note 5 - Related Party Transactions

The Plan's investment options are offered by John Hancock Life Insurance Company, the Plan's Custodian, as separate accounts under a group annuity contract. Participant contributions and related investment income are allocated to the sub-accounts as elected by the participant. John Hancock is the third-party administrator. Transactions with these entities qualify as party-in-interest transactions. Amounts paid directly by the Plan for contract administrator fees amounted to \$41,149 and \$33,289 for the years ended December 31, 2024 and 2023, respectively. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7 - Tax Status

The Plan adopted a nonstandardized form of a pre-approved profit sharing plan sponsored by CCH Incorporated. The pre-approved plan has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

United Telephone Company 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities may occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Subsequent Events

The Plan has evaluated subsequent events through October 6, 2025, the date these financial statements were available to be issued. All subsequent events requiring recognition as of December 31, 2024 have been incorporated in these financial statements.

The Plan terminated their contract with John Hancock Life Insurance Company (U.S.A) and effective August 5, 2025, the net assets were transferred to Voya Retirement Insurance and Annuity Company.
