Independent Auditor's Report

To the Plan Administrator and Management of the
Albuquerque Asphalt, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Albuquerque Asphalt, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2024 and 2023

1) Description of Plan

The following description of the Albuquerque Asphalt, Inc. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Albuquerque Asphalt, Inc. (the “Company”) who have completed two months of service and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is a prototype non-standardized profit sharing plan designed by Pension Planning Consultants, Inc. The Plan administrator is Albuquerque Asphalt, Inc. and operates under the authority of the Company.

Contributions

Participants may contribute up to the maximum percentage allowable of compensation, as defined by the Plan, not to exceed annual limits set by the Internal Revenue Code. For 2024 and 2023, the limits were \$23,000 and \$22,500, respectively. For 2024 and 2023, catch up contributions of \$7,500 are allowed for participants 50 and over. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan has an automatic enrollment feature, when, after meeting eligibility requirements, the participant will be deemed to have made an elective deferral contribution election of 6%.

The Company will contribute a Safe Harbor matching contribution in an amount equal to: (i) 100% of the matched employee contributions that are not in excess of 1% of the Plan compensation, plus (ii) 50% of the amount of the matched employee contributions that exceed 1% of the Plan compensation but that do not exceed 6% of the Plan compensation. The Company may, in its sole discretion, make a non-elective or qualified non-elective contribution to the Plan.

The Plan may accept rollover contributions made on behalf of any eligible employee, regardless of whether such employee has met the age and service requirements of the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s deferrals, the Company’s contributions, Plan earnings and an allocation of certain administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

1) Description of Plan — continued

Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions qualified non-elective contributions and safe harbor matching contributions.

Participants are vested in the company non-elective contributions based on years of service as follows:

<u>Years of Vesting Service</u>	<u>Vesting Percentage</u>

Two years but less than three years	20%
Three years but less than four years	40%
Four years but less than five years	60%

2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Administrative Expenses

The participant may be charged for some or all of the costs and expenses of operating the Plan.

Valuation of Investments

In compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan values its investments at fair value. Except for the fully benefit responsive investment contract, which is valued at contract value. If available, quoted market prices are used to value investments. In accordance with valuing investments at fair value or contract value, the net unrealized appreciation or depreciation is presented in the statements of changes in net assets available for benefits.

Payment of Benefits

Benefit payments are recorded when paid.

Date of Management's Review

Subsequent events were evaluated through October 2, 2025, which is the date the financial statements were available to be issued.

4) Information Prepared and Certified by the Custodian

Notes to Financial Statements

5) Plan Termination

Although it has not expressed intent to do so, the Company, as the Plan's sponsor, has the right under the plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6) Tax Status

The Plan is operating as a tax-exempt profit sharing plan under a prototype document with a non-standardized plan adoption agreement. The Internal Revenue Service has determined and informed the prototype plan sponsor by letter dated June 30, 2020, that the prototype plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code. The Plan is relying on the opinion letter of the prototype sponsor. The Plan has been amended since receiving the opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the accompanying financial statements. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2021.

7) Fair Value Measurement

The Plan's investments, except for investment contracts which are reported at contract value, are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority.

Albuquerque Asphalt, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2024 and 2023

7) Fair Value Measurement – continued

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements - The fair value of shares of registered investment companies are measured using quoted prices in an active market.

Level 2 Fair Value Measurements - The fair value of collective investment trusts and pooled separate accounts are measured using quoted net asset value of the underlying investments in active or inactive markets.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value:

	Fair Value Measurements Using:		
	Quoted Prices in Active Markets for Identical Assets Fair Value	Significant Other Observable Inputs (Level 1)	(Level 2)
For the year ended December 31, 2024			
Collective investment trusts	\$ 5,735,133	\$ -	\$ 5,735,133

December 31, 2024 and 2023

8) Investment Contract

The Principal investment contract is a guaranteed general account-backed group synthetic annuity contract that has been issued by Principal Life Insurance Company to Principal Trust Company as custodian. The Fixed Income Guaranteed Option investment is a fully benefit responsive investment contract that is reported at contract value. Interest rates will reset December 1, 2023, and semiannually thereafter.

Although plan participants generally may withdraw assets from the Fixed Income Guaranteed Option investment choice with restrictions, a holding period may be imposed at the contract level in the event of a full contract discontinuance or partial contract discontinuance.

The average yield as of December 31, 2024 and 2023 was 4.85% and 6.05%, respectively.

9) Corrective Contributions

During the course of previous audits, it was noted that eligible employees were not included in the Plan. The Plan calculated corrective contributions for failure to implement the automatic enrollment feature and failure to implement an affirmative election. The corrective contribution includes a 50% qualified nonelective contribution (QNEC) for the missed deferral opportunity. There were no required corrective contributions for the year ended December 31, 2024 and 2023. The corrective contribution receivable was \$111,438 and \$117,634 for the years ended December 31, 2024 and 2023, respectively. The Plan is working with the third-party administrator to correct the issue under the Voluntary Correction Program.

10) Party-in-Interest Transactions

Certain Plan investments were managed by Principal Trust Company. Principal Trust Company was the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

11) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that

11) Risks and Uncertainties – continued

changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

12) Contingencies

The Plan has not complied with the Department of Labor reporting requirements which required the Plan to be audited timely. The possibility exists that the Plan could be subject to fees and penalties related to noncompliance. The Plan is addressing these issues and will comply by retroactively correcting the reporting requirements under the Delinquent Filer Voluntary Compliance program.
