INDEPENDENT AUDITORS' REPORT

To the Trustees of
the Minto 401(K) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements

We have performed an audit of the accompanying financial statements of Minto 401(K) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the 2024 audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note I to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2024 financial statements.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2024 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held for Investment as of December 31, 2024 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

2023 Financial Statements

The financial statements of the Plan as of December 31, 2023, were audited by other auditors whose report dated September 5, 2024 expressed an unmodified opinion on those statements.

**MINTO 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS**

A. DESCRIPTION OF PLAN

The following description of the Minto 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan sponsor is Minto Communities, LLC, and Affiliates (the "Employer"). The Plan is a defined contribution plan covering substantially all employees of the Employer who have completed three consecutive months of service and are age twenty one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The Board of Trustees determines the appropriateness of the Plan's investment offerings and monitor investment performance.

Contributions

Each year, participants elected to contribute as little as 0% or as much as 100% of pretax annual compensation up to the annual IRS maximum 401(k) deferral limit of \$23,000 in 2024. Participants ages 50 or over were permitted an additional \$7,500 pretax contribution as "Employee Catch-up Contributions". Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans (rollover).

The Employer contribution is a discretionary matching contribution wherein the Employer matches participant contributions at a rate of 50% of the first 6% of the participant's salary contributed to the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. During the year ended December 31, 2024, the Employer made discretionary matching contributions totaling \$899,478.

Participants direct the investments of their contributions in one percentage point increments into the various investment options offered by the Plan. Participants can change investment options daily.

Participant's Accounts

Each participant's account is credited with the participant's contribution, rollover contributions, the allocation of the Employer's contribution, Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant's earnings or accounts balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

A. DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their account plus actual earnings thereon is based on years of credited service. A participant is 100% vested after six years of credited service in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested percentage</u>
0-1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

Participants may borrow the lesser of 50% of their vested account balance or \$50,000, (reduced by the highest outstanding loan balance, if any, during the one-year period ending on the day before the new loan is made). The minimum loan amount is \$1,000. Notes are secured by the balance in the participant's account and bear interest at an agreed-upon percentage based on prevailing market rates. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service, a participant receives payment for the vested value of the participant's account. If a participant's vested account balance is less than \$1,000, the Plan will distribute the balance in a lump sum distribution. For vested accounts with balances in excess of \$1,000, a participant may elect to receive the value of his or her account either by lump sum distribution, part lump sum and part installments, installment payments over a specified period of time (annually, quarterly, monthly), not exceeding the life expectancy or joint life expectancy of the participant and the participant's designated beneficiary or join and survivor annuity.

Upon death or a permanent disability, a participant becomes 100% vested in his or her account.

A. DESCRIPTION OF PLAN (CONTINUED)

Hardship Withdrawals

The Plan allows for withdrawals due to financial hardship. A hardship distribution may only be made for payment of the following:

- expenses for medical care (described in Section 213(d) of the Internal Revenue Code) previously incurred by the participant or his/her spouse, dependents or beneficiaries to obtain medical care.
- costs directly related to the purchase of the participant's principal residence (excluding mortgage payments).
- tuition, related educational fees, and room and board expenses for the next twelve (12) months of post-secondary education for the participant or his/her spouse, dependents or beneficiaries.
- amounts necessary to prevent eviction from the participant's principal residence or foreclosure on the mortgage of the participant's principal residence.
- payments for burial or funeral expenses for the participant's deceased parent, spouse, children, other dependents or beneficiaries.
- expenses for the repair of damage to the participant's principal residence that would qualify for the casualty deduction under the Internal Revenue Code Section 165.
- expenses for disasters arising from federally declared disasters, such as participant's expenses and losses (including loss of income) attributable to that disaster, provided the participant's residence or place of employment was in an area FEMA designated as qualifying for individual assistance.

Rollovers

Rollovers represent transfer of eligible cash distribution from any other qualified plan through a direct transfer from such plan.

Forfeitures

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$36,632 and \$33,658, respectively. These accounts may be used to offset plan expenses or reduce future employer contributions. During the year ended December 31, 2024, forfeited non-vested accounts totaling \$33,658 were used to reduce employer contributions.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies followed by the Plan.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Plan Year

The effective date of the Plan was January 1, 1993 and the Plan reports on a calendar year basis. The Board of Directors of the Employer established the Plan.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023, as the notes are secured by the balances in the participants' account. There were no delinquent notes receivable that needed to be reclassified during 2024.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Administrative and Plan Expenses

Certain expenses incurred in administration of the Plan are paid by the Plan, unless paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Mutual fund transaction costs are charged to the Plan and allocated among the participants based on their respective account value to total Plan assets.

Date of Management Review

The Plan has evaluated subsequent events through October 3, 2025, which is the date that the financial statements were available to be issued.

Reclassification

Certain accounts in the prior year financial statements have been reclassified for comparative purposes to conform with the presentation of the current year financial statements.

C. FAIR VALUE MEASUREMENTS

Accounting Standard Codification (ASC) 820, *Fair Value Measurement*, defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Topic 820 also specifies a fair value hierarchy which requires a Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

The standard describes three levels of inputs that may be used to measure fair value.

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset's and liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is the description of the valuation methodologies and inputs used for assets and liabilities measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets and liabilities pursuant to the valuation hierarchy.

Investments in registered investment companies (e.g. mutual funds) are investments options offered through Reliance Trust Company ("Trustee"). Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Fair value of assets measured on a recurring basis at December 31, 2024 and 2023 are as follows:

	<u>Assets at Fair Value as of December 31, 2024</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Interest bearing money market	\$ 1,169,783	\$ -	\$ -	\$ 1,169,783
Mutual funds	<u>25,084,855</u>	<u>-</u>	<u>-</u>	<u>25,084,855</u>
	<u>\$ 26,254,638</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 26,254,638</u>

	<u>Assets at Fair Value as of December 31, 2023</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Interest bearing money market	\$ 1,279,306	\$ -	\$ -	\$ 1,279,306
Mutual funds	<u>19,862,933</u>	<u>-</u>	<u>-</u>	<u>19,862,933</u>
	<u>\$ 21,142,239</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 21,142,239</u>

D. RISK AND UNCERTAINTIES

The Plan invests in various investment securities, primarily mutual funds. Investment securities are exposed to various risks, such as interest rates, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in risks, it is reasonably possible that, in the near term, these uncertainties would materially affect balances and the amounts reported in the statements of plan net assets available for benefits and the statement of changes in net assets available for benefits.

E. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

F. TAX STATUS

The underlying volume submitter plan has received an opinion letter from the IRS dated January 25, 2021, stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC), and therefore, the related trust is tax-exempt. The Plan Administrator has determined that it is eligible to and has chosen to rely on the current IRS volume submitter plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan evaluates all significant tax positions as required by generally accepted accounting principles in the United States. As of December 31, 2024, the Plan does not believe that it has taken any tax position that would require the recording of any additional tax liability nor does it believe that there are any unrealized tax benefits that would increase or decrease within the next twelve months. The Plan's federal tax returns are currently open for examination by the Internal Revenue Service and applicable state authorities. Statutes of limitation generally range from three to five years.

G. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds associated with Reliance Trust Company ("Reliance"). Reliance is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest. During the year ended December 31, 2024, fees paid by the Plan for administrative services amounted to approximately \$117,000.

H. CERTIFIED FINANCIAL DATA

All financial information contained in the Statements of Net Assets Available for Benefits and the Statement of Changes in Nets Assets Available for Benefits regarding investments and investment income has been certified by Reliance Trust Company as complete and accurate in accordance with Regulation 2520.103-5 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Act of 1974.
