Independent Auditor's Report

Employee Benefits Committee and Participants
Hershey Entertainment & Resorts Company
Hershey, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Hershey Entertainment & Resorts Company Savings Plan for Hourly Employees (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

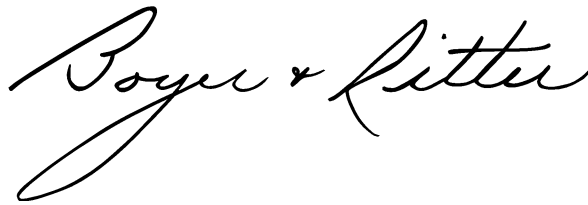

The supplemental schedule, Schedule H, Item 4i - Schedule of Assets Held for Investment Purposes as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplemental Schedule Required by ERISA (Continued)

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Savings Plan for Hourly Employees

Notes to Financial Statements
December 31, 2024 and 2023

1. Description of the Plan

The following brief description of the Hershey Entertainment & Resorts Company Savings Plan for Hourly Employees (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a participant-directed defined contribution plan covering hourly employees of Hershey Entertainment & Resorts Company and its subsidiaries (collectively, the “Company”). The Company is a member of the Hershey Trust Company Controlled Group which includes Hershey Trust Company, Milton Hershey School, The M.S. Hershey Foundation, Hershey Entertainment & Resorts Company and The Hershey Company. Employment history within the controlled group will be considered when determining eligibility and vesting service. Employees are eligible to participate in the Plan following their date of hire and reaching age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Through December 31, 2023, Plan participants were permitted to make pre-tax contributions of up to 50% of eligible compensation, as defined in the Plan document, subject to statutory limitations. Effective January 1, 2024, the plan was restated to increase the deferral limit to 75% of eligible compensation and permit Roth 401 (k) contributions. Participants may also contribute amounts representing distributions (rollovers) from other qualified defined benefit or defined contribution plans. Participants are eligible for a Company match on the first day following one full year of service.

Effective March 14, 2022, the Company entered into a new collective bargaining agreement. Under the provisions of the new agreement, the Company Match for all participants remains at 50% on the first 6% of eligible compensation contributed to the Plan.

Under the provisions of the March 2006, collective bargaining agreement, Cash Balance Pension Plan for Hourly Employees’ participants hired between July 1992 and March 2006, became participants of the Cash Balance Pension Plan for Hourly Employees Hired After July 1, 1992 (Spinoff Plan), which was frozen effective January 1, 2007, and was distributed in accordance with participants’ directives and regulations in accordance with governmental approval related to spin-off and termination. Effective January 1, 2007, all hourly employees hired after July 1, 1992, receive a non-elective company paid contribution (employer non-elective contribution) to the Plan based on years of employment and industry group made in lieu of cash balance service credit as long as employment continues. Contributions are made annually. In addition, effective January 2007, certain Resort Group Employees (hired after March 1995) who previously received a 66% Company match on the first 6% of participant earnings contributed to the Plan and all employees hired after March 31, 2006, will receive a non-elective company paid contribution to the Plan based on years of employment and industry group.

Notes to Financial Statements
December 31, 2024 and 2023

Participants may direct contributions in 1% increments to any of the Plan's fund options. Participants may change their investment options at their discretion. Related to the employer non-elective contribution, if the participant fails to provide investment allocation direction, contributions are invested in the participant's applicable T. Rowe Price Retirement Fund. The Plan Sponsor believes this investment choice to be a prudent default selection in accordance with "Qualified Default Investment Alternatives" regulation as proposed by the Department of Labor.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with a quarterly fee for administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. Loan and disbursement processing fees are charged to the respective participants' accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their deferral and rollover contributions plus actual earnings thereon. A participant is fully vested in the pre-2007 Company contribution portion of their accounts, plus actual earnings thereon, after 36 months of service. Effective January 1, 2007, vesting in Company non-elective contributions and matching contributions, plus actual earnings thereon, occurs on a graduated two to six year schedule.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Borrowings are secured by the balance in the participant's account and bear interest at the prime lending rate plus 1% at the time of the loan. At December 31, 2024 and 2023, all interest rates on outstanding loans range from 4.25% to 9.50%. Principal and interest are paid ratably through bi-weekly payroll deductions. Terms range from one to five years.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant will receive a lump-sum amount if the total of their vested account does not exceed \$1,000. A participant may allow the vested account balance to remain in the Plan if it exceeds \$5,000 or request a lump sum payout or direct rollover to another qualified plan. If the balance exceeds \$1,000 and is less than \$5,000, and no option is selected by the participant, the Plan will disburse the funds into an individual retirement account set up by the trustee.

Savings Plan for Hourly Employees

Notes to Financial Statements
December 31, 2024 and 2023

The Plan allows for terminated employees, or beneficiaries of deceased participants, to elect to receive the benefit in the form of a single lump sum, a direct rollover, and installment payments. Installment payments can be made on a monthly, quarterly, or annual basis, in either a fixed dollar amount, or over a fixed period of time. Beneficiaries generally cannot elect installments that extend beyond December 31 of the year that contains the fifth anniversary of the participant's death.

Transfers

The Company also sponsors a separate defined contribution plan for salaried employees. The statements of changes in net assets available for benefits reflect transfers of account balances between the plans for participants whose employment status changed, thereby changing the plan in which they are allowed to participate.

Forfeited Accounts

As of December 31, 2024 and 2023, forfeited employer non-elective contributions and employer matching contributions of non-vested terminated participants amounted to \$21,135 and \$9,566 respectively. Forfeitures of non-vested employer non-elective contributions and employer matching contributions are used to pay recordkeeping fees, reasonable administrative expenses, or to offset employer contributions. During 2024, \$20,830 were applied against recordkeeping fees, \$19,117 was used to fund employer contributions, \$2,739 was used to fund missed contributions, and \$256 was used to fund earnings on missed contributions. During 2023, forfeitures of \$20,179 were applied against recordkeeping fees, \$9,658 was used to fund missed contributions, and \$1,910 was used to fund earnings on missed contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Hershey Entertainment & Resorts Company

Savings Plan for Hourly Employees

Notes to Financial Statements
December 31, 2024 and 2023

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value of the common/collective trust (CCT) is based upon the net asset value as determined by the issuer and reported to the trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are recorded as distributions based upon the terms of the Plan document.

Administration of Plan Assets

The Plan's assets are administered under a contract with T. Rowe Price Trust Company, the trustee of the Plan. The trustee invests funds received from contributions, investment sales, and dividend income and makes distribution payments to participants. Certain administrative expenses of maintaining the Plan are paid by the Company.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan evaluated subsequent events for recognition or disclosure through October 1, 2025, the date the financial statements were available to be issued. See note 9.

3. Information Certified by Trustee

The Plan administrator has elected the method of compliance as permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2024 and 2023. Accordingly, management has obtained certification from T. Rowe Price Trust Company, the trustee of the Plan. The Trustee has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024, and the related investment transactions and investment income and interest income on notes receivable from participants reported in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2024 and 2023.

4. Fair Value Measurements

The Plan measures on a recurring basis its investments at fair value in accordance with FASB codification "Fair Value Measurement," which provides the framework for measuring fair value. That framework provides fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. That hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs.

The three levels of fair value hierarchy are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible to the Plan for identical assets. These generally provide the most reliable evidence and are used to measure fair value whenever available.

Level 2 - Inputs to the valuation methodology include significant inputs, other than Level 1 inputs, that are observable either directly or indirectly for substantially the full term of the asset through corroboration with observable market data. Level 2 inputs include quoted market prices in active markets for similar assets, quoted market prices in markets that are not active for identical or similar assets, and other observable inputs.

Level 3 - Inputs to the valuation methodology are unobservable inputs and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The inputs or methodology used for valuing investments are not an indication of the risk associated with investing in those securities.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2024 or 2023.

Shares of registered investment companies are valued at the daily closing prices as reported by the funds. The funds held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

The common/collective investment trust is valued based upon the net asset value (NAV) of units of the common/collective trust as reported to the Plan by the trust. Net asset value is used as a practical expedient to estimate fair value because it is unlikely that the trust would sell the investment for an amount different than the reported net asset value.

The units of each share class of the collective trust are valued daily based on closing market prices of the underlying investments. The NAV per unit is computed by dividing the total assets of the trust, less its liabilities, by the total number of units outstanding as of the valuation date. Investment income earned is reinvested in the trust and included in the determination of unit values.

Notes to Financial Statements
December 31, 2024 and 2023

Further information concerning the common/collective trust fund may be obtained from the audited financial statement. The latest audited financial statement available relating to this fund is as of and for the year ended December 31, 2024 for the Stable Value Fund, and May 31, 2025 for the Retirement Blend Target Date Funds. The underlying assets comprising the aforementioned common/collective trust funds, along with a description detailing the investments which are included and any unfunded commitments or significant redemption notice requirements, are as follows as of December 31, 2024 and 2023:

TRP Stable Value Fund - The investment objectives of the trust are to maximize current income consistent with the maintenance of principal and to provide for withdrawals for certain participant-initiated transactions under a retirement plan without penalty or adjustment. The trust will attempt to achieve these objectives by investing principally in guaranteed investment contracts issued by insurance companies; investment contracts issued by banks; structured or synthetic investment contracts (SICs) issued by banks, insurance companies, and other issuers, as well as the securities supporting such SICs (underlying assets); separate account contracts; and other similar instruments that are intended to maintain a constant net asset value while permitting participant-initiated, benefit-responsive withdrawals for certain events (collectively, investment contracts).

TRP Retirement Blend Target Date Funds – The fund seeks the highest total return over time, consistent with an emphasis on both capital growth and income. The fund invests in a diversified portfolio of other T. Rowe Price stock and bond mutual funds that represent various asset classes and sectors. Its allocation among T. Rowe Price funds will change over time in relation to its target retirement date.

There are no unfunded commitments or significant redemption notice periods associated with these funds.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain investments could result in a different fair value measurement at the reporting date. The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

5. Tax Status

The Company has adopted a non-standardized pre-approved profit-sharing plan sponsored by T. Rowe Price Trust Company. The non-standardized pre-approved profit-sharing plan has received an opinion letter from the Internal Revenue Service dated August 19, 2020, as to the Plan's qualified status. The IRS has determined that the plan is designed in accordance with the applicable sections of the Internal Revenue Code. The non-standardized pre-approved profit-sharing plan opinion letter has been relied upon by this Plan. Although the Plan has been amended subsequently, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

7. Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by the trustee, and therefore, these transactions qualify as party-in-interest transactions. Additionally, the Plan issues loans to participants, which are secured by the participants' account balances. These transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

Hershey Entertainment & Resorts Company

Savings Plan for Hourly Employees

Notes to Financial Statements
December 31, 2024 and 2023

9. Subsequent Events

The Plan was amended as of January 1, 2025, to permit rollover contributions to include rollovers from 403(b) plans, governmental 457(b) plans, and IRA's, remove the one-year holdout rule for vesting, change the ADP/ACP testing from prior year testing method to current year testing method, and remove optional limitations on non-hardship in-service withdrawals.

Effective January 1, 2025 the plan increased the automatic payout from \$5,000 to \$7,000 as allowed under Secure Act 2.0. The Plan will be amended for this change by December 31, 2026, at the latest.
