INDEPENDENT AUDITORS' REPORT

To the Administrative Committee and Participants
VRF Eye Specialty Group 401(k) Plan
Memphis, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of VRF Eye Specialty Group 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of VRF Eye Specialty Group 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified by qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of VRF Eye Specialty Group 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about VRF Eye Specialty Group 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an audit report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of VRF Eye Specialty Group 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statement.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statement, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for the purpose of additional analysis but is supplementary information required by the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional

procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**VRF EYE SPECIALTY GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2023 AND 2022**

Note A – Description of Plan

The following description of the VRF Eye Specialty Group (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more detailed description of the Plan's provisions.

General

The Plan is a defined contribution plan funded by employee and employer contributions and administered by VRF Eye Specialty Group, PLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Participation in the Plan is available to all employees who have completed one year of service (1,000 hours) and have attained the age of 18. Entry dates for eligible participants following completion of requirements are the first day of the first and seventh months.

Contributions

Eligible employees may elect to contribute a maximum of 100% of compensation to the plan, subject to annual deferral limits imposed by the Internal Revenue Service. "Catch-up" contributions are permitted for participants age 50 and above. The employer's matching contribution (which qualifies as a Safe Harbor Basic Match under the Internal Revenue Code) is equal to 100% of deferrals up to 3% of participant compensation, plus 50% of deferrals from 3% to 5%. The employer may also contribute an additional profit sharing amount determined annually at the discretion of the Board of Directors for those participants employed on the last day of the plan year. No profit sharing contributions were made during the years ended December 31, 2023 and 2022.

Participant Accounts

The employer remits contributions to the Plan custodian, Charles Schwab Bank Trust Company (the Custodian). The Custodian holds plan assets and executes investment transactions as directed. The Custodian maintains records of participant activity and participant data. Participants direct the investment of their account through a choice of mutual funds and guaranteed accounts offered by the Plan. The plan document provides for allocation provisions and the disposition of forfeitures.

Payment of Benefits

In the event the Plan is terminated, or the Company permanently discontinues contributions, the amounts then credited to the accounts of participating employees become fully vested, although

Note A – Description of Plan - Continued

the time for distribution may be deferred. A participant becomes fully vested in their account upon the participant's termination, death, permanent and total disability, or attainment of normal retirement age. Upon the participant's termination, death, permanent and total disability, or retirement, the vested benefits allocated to the participant's account may be paid in a lump sum payment or in installments, depending on the vested account balance.

Vesting

Vesting is based on years of service, as defined by the Plan. Employer profit sharing contributions to a participant's account do not fully vest until the completion of six years of service. Participants are immediately vested in their employee deferral contributions and qualified matching contributions. Amounts not vested at the time a covered employee ceases to participate in the Plan are forfeited and used to pay any administrative expenses or reduce the amount of employer contributions.

Forfeitures

Forfeiture allocations may be used to offset employer contributions and pay administrative expenses. Forfeitures of \$30 and \$13 were available as of December 31, 2023 and 2022, respectively. No forfeitures were applied to contributions in 2023.

Administrative Expenses

Administrative expenses may include Plan administration fees, investment management fees and/or transaction-based fees. Other administration fees are paid by the Company and are not charged to the Plan. Contract administrative fees of \$3,838 were paid by the Plan in 2023 and are reflected in the statement of changes in net assets available for benefits. Investment management fees on mutual funds are typically reflected as a reduction in the respective fund's net asset value and are paid by the participants.

Note B – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of VRF Eye Specialty Group 401(k) Plan have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America.

Financial Statement Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results could differ from those estimates.

Note B – Summary of Significant Accounting Policies - Continued

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. All investments in the Plan are participant directed. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year. Realized gains and losses from security transactions are reported on the average cost method.

Contributions

Employer and employee contributions are reported in the year services are rendered to the Company by plan participants.

Payment of Benefits

Benefits are reported in the year paid.

Date of Management's Review

Plan management has evaluated subsequent events through May 14, 2025, which is the date the financial statements were available to be issued. There were no material events requiring recognition or disclosure.

Note C – Information Prepared and Certified by Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting Disclosure under ERISA. Accordingly, Charles Schwab Trust Bank, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments as of December 31, 2023 and 2022, and for the year ended December 31, 2023.

- Investments at fair value
- Interest and dividends
- Net appreciation (depreciation) in fair value of investments
- Schedule H, line 4i - Schedule of Assets (Held at End of Year)

The plan administrator instructed the independent auditors not to perform, and they did not perform, any auditing procedures with respect to this information, except for comparing it with related information included in the financial statements and supplemental schedule.

Note D – Fair Value Measurements

FASB ASC Section 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The hierarchy consists of three broad levels, described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term.

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset, including assumptions regarding risk.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds, Self-Directed Brokerage Accounts – Valued at the daily closing price which represents the net asset value of the shares held reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note D – Fair Value Measurements - Continued

The following tables present, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

2023	Fair Value	Fair Value Measurements Using:		
		Level 1	Level 2	Level 3
Mutual Funds	\$ 6,572,105	\$ 6,572,105	\$ -	\$ -
Self-Directed Brokerage	<u>224,679</u>	<u>224,679</u>	<u>-</u>	<u>-</u>
	<u>\$ 6,796,784</u>	<u>\$ 6,796,784</u>	<u>\$ -</u>	<u>\$ -</u>

2022	Fair Value	Fair Value Measurements Using:		
		Level 1	Level 2	Level 3
Mutual Fund	\$ 5,910,794	\$ 5,910,794	\$ -	\$ -
Self-Directed Brokerage	<u>455,102</u>	<u>455,102</u>	<u>-</u>	<u>-</u>
	<u>\$ 6,365,896</u>	<u>\$ 6,365,896</u>	<u>\$ -</u>	<u>\$ -</u>

Note E – Related Party and Party in Interest Transactions

Plan investments consist of mutual funds and self-directed brokerage accounts managed by the Custodian, Charles Schwab Trust Bank. Therefore, these transactions qualify as party-in-interest transactions.

Note F – Plan Tax Status

The Plan uses a volume submitter document provided by The Retirement Plan Company. The document is approved by the Internal Revenue Service as being designed in accordance with applicable sections of the Internal Revenue Code. The plan administrator believes the Plan is currently operated in compliance with the approved plan document. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan follows accounting standards relating to uncertainty of income tax positions. The plan administrator assessed whether there were any uncertain tax positions that may give rise to income tax liabilities and determined that there were no such matters requiring recognition in the accompanying financial statements. The Plan files information returns under U.S. federal jurisdiction. With few exceptions, the Plan is no longer subject to U.S. federal tax examinations for years before 2021.

Note G – Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contribution at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their entire account.

Note H – Risk and Uncertainties

The Plan provides for various investment options in any combination of mutual funds and other investment securities. Generally, all investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances, the amounts reported in the statements of net assets available for benefits, and the amounts reported in the statement of changes in net assets available for benefits.

Note I – Reconciliation of Financial Statements to Form 5500

Net assets available for benefits and changes in net assets available for benefits per the financial statements agree to Form 5500 at December 31, 2023 and 2022.
