INDEPENDENT AUDITORS' REPORT

To the Plan Trustee of
Totten Tubes, Inc. Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Totten Tubes, Inc. Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024 stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Assets Held at End of Year as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of Plan and Contributions

The following description of the Totten Tubes, Inc. Profit Sharing Plan (the “Plan”) is provided for general information purposes only. Totten Tubes, Inc. (the “Company”) is the Plan Sponsor. The Plan became effective January 1, 1970. Participants should refer to the most recent Plan Documents for a more complete description of the Plan’s provisions.

General: The Plan is a defined contribution plan covering all eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility: Employees are eligible for Employee Contributions once they have completed 3 months of eligible service. Employees are then eligible to receive Profit Sharing and Safe Harbor Employer Contributions once they have completed at least 12 months of eligible service.

Participant Contributions: Participants may voluntarily contribute to the Plan up to 100% of their pre-tax annual compensation as defined in the Plan. Contributions may not exceed the limits and maximum amounts deductible under the regulations of the Code.

The Plan has a Roth 401(k) feature available to all participants. The Roth 401(k) vehicle was introduced as an additional deferral source for employees to diversify their retirement income from a tax perspective.

Employer Contributions: The Company makes an annual Safe Harbor contribution equal to 3% of participants’ compensation one year in arrear. For the year ended December 31, 2024, the Company made a Safe Harbor contribution totaling \$308,408.

The Company also makes an annual Profit Sharing contribution one year in arrear. The Plan declared a contribution of 7% for 2024. For the year ended December 31, 2024, the Company made a Profit Sharing contribution totaling \$711,289.

The total employer contributions made for the year ended December 31, 2024 was \$1,019,697, of which \$998,729 was paid in cash and \$20,968 was funded from the forfeiture account in March 2025. \$998,729 of cash funded in March 2025 is recorded as employer contribution receivable as of December 31, 2024.

Vesting: Participants are 100% vested in their voluntary contributions plus actual earnings thereon. Safe Harbor contributions are 100% vested. Profit Sharing contributions vest 20% per year after two (2) years.

Participants may also become fully vested when they attain the normal retirement age, die, or become permanently disabled while employed by the Company.

Forfeitures: Forfeitures shall be applied to pay administrative expenses or reduce future employer contributions in accordance with the Plan. During the year ended December 31, 2024, the Company utilized \$37,500 of forfeiture to reduce employer contributions. At December 31, 2024, the forfeiture balance was \$20,827.

See independent auditors’ report.

Note 1 – Description of Plan and Contributions (Continued)

Notes Receivable from Participants: Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by the highest outstanding loan balance in their account during the prior twelve-month period. Loan transactions are treated as a transfer to (from) the investment funds from (to) the participant loan fund. Loan terms range from one to five years, unless the loan is used to acquire or construct a principal residence. The loan period for a principal residence can be up to 10 years. The loans are secured by the balance in the participants' accounts and bear interest at rates determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Investment Direction: The participants direct the investment of all assets attributable to their accounts. The participants designate the percentage of any one or more of their accounts that is to be invested in each of several authorized investment funds designated by the Plan's trustees. Each participant account is credited with the earnings attributed to that account.

Administrative Expenses: For the year ended December 31, 2024, the Company incurred administrative expenses of \$41,624. These expenses were paid by the Plan and are included in administrative expenses on the accompanying Statement of Changes in Net Assets Available for Benefits. The Plan's investments incur management fees. The net investment gain is reflected net of those fees. Substantially, all other out-of-pocket costs are paid by the Employer.

Payment of Benefits: Benefits are recorded when paid.

Note 2 – Summary of Significant Accounting Policies

A summary of the Plan's significant accounting policies applied in the preparation of the accompanying financial statements is as follows:

Basis of Accounting: The Plan's financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America.

Investments: The Plan carries its investments of interest in registered investment companies at fair value. The Plan's custodian provides fair value based on quotations from national exchanges, if available. For investments that have no quoted market price, fair value is determined based on yield equivalents for such securities or for securities of comparable maturity, quality, and types as obtained from market makers. The Plan presents in the Statements of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of its investments that consists of realized gains or losses and unrealized appreciation (depreciation) of those investments.

See independent auditors' report.

Note 2 – Summary of Significant Accounting Policies (Continued)

Common Collective Trust: The Plan, through Putnam Stable Value Fund (the “Fund”), holds investments in common collective trust funds (the “Trust Funds”). The Trust Funds are valued based upon significant observable inputs, not based upon quoted market prices in an active market. The value is based upon the units of the Trust Fund held by the Plan at year end multiplied by the respective unit value. The unit value is based on the fair value of the underlying investments.

The Fund seeks to maintain a stable net asset value of \$1 per share, but is not guaranteed. There is no immediate recognition of investment gains and losses on the fund’s securities. Gains and losses are recognized over time by periodically adjusting the interest rate credited to the fund under the Trust Funds. The fair value of the Fund at 2024 and 2023 was \$6,258 and \$4,810 respectively.

Employer initiated events, if material, may affect the underlying economics of investment contracts. These events include plant closings, layoffs, plan termination, bankruptcy or reorganization, merger, early retirement incentive programs, tax disqualification of a trust or other events. The occurrence of one or more employer-initiated events could limit the Trust’s ability to transact at unit value with plan unit holders. The plan administrator does not believe that any of the events which could limit the Plan’s ability to transact at unit value with participants are probable of occurring.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document. Interest income is recorded on the accrual basis.

Note 3 – Exempt Party-In-Interest and Related Party Transactions

The Plan’s investment assets represent funds invested in or maintained by Fidelity. Certain plan investments are shares of common stock and mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions.

The Plan also issues loans to participants, which are secured by the balance in the participant’s account. Such transactions are party-in-interest transactions for which a statutory exemption exist. For the year ended December 31, 2024, new loans totaled \$255,389.

See independent auditors’ report.

Note 4 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974. In the event of the Plan's termination, participants in the Plan will become fully vested in their account balance.

Note 5 – Information Certified by the Trustee

The Plan Administrator has elected the method of compliance as permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the trustee of the Plan, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplementary schedule, including investments and notes receivable from participants held at December 31, 2024, and net investment gain, interest and dividends for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company.

Note 6 – Fair Value Measurements

Assets and liabilities recorded at fair value are categorized based upon the level of judgment associated with the inputs used to measure the fair value. Level inputs, as defined by ASC 820, are as follows:

- Level 1 – quoted prices in active markets for identical assets or liabilities
- Level 2 – other significant observable inputs for the assets or liabilities through corroboration with market data at the measurement date
- Level 3 – significant unobservable inputs that reflect management's best estimate of what market participants would use to price the assets or liabilities at the measurement date

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: This investment is measured using the net asset value per share practical expedient as of December 31, 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

See independent auditors' report.

Note 6 – Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Investments at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Cash	\$ 29,870	\$ -	\$ -	\$ 29,870
Mutual funds	15,045,339	-	-	15,045,339
Common stock	159,352	-	-	159,352
Total investments at fair value	\$ 15,234,561	\$ -	\$ -	\$ 15,234,561
Common collective trusts measured at NAV*				\$ 6,258
Total investments at fair value				\$ 15,240,819

Investments at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Cash	\$ 46,787	\$ -	\$ -	\$ 46,787
Mutual funds	13,954,121	-	-	13,954,121
Common stock	121,919	-	-	121,919
Total investments at fair value	\$ 14,122,827	\$ -	\$ -	\$ 14,122,827
Common collective trusts measured at NAV*				\$ 4,810
Total investments at fair value				\$ 14,127,637

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

The valuation techniques used to measure fair value of the investments are included in Note 1.

See independent auditors' report.

Note 7 – Income Tax Status

The IRS has determined and informed the Plan sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Instances of operational error and non-compliance with the terms of the Plan were discovered. These errors consisted of improper determination of eligible compensation used to compute the contribution withholdings as well as safe harbor and profit sharing contributions. Management is in the process of taking corrective actions. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, except for the non-compliance noted above. Although there is a risk that these errors may have an adverse impact on the tax status of the Plan, management believes the corrective actions will allow the Plan to keep its tax qualification.

The Plan is subject to routine audits by taxing authorities. The Plan is also subject to revision due to change in laws or due to pronouncements by the Internal Revenue Service (IRS) or Department of Labor (DOL).

Note 8 – Notes Receivable from Participants

Loans to participants bear interests at 5.25% to 10.50% and are receivable in bi-weekly installments over a specified period. Loan balances range from \$48 to \$38,321 at December 31, 2024.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

See independent auditors' report.

Note 10 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	2024	2023
Net assets available for benefits per the financial statements	\$ 16,886,464	\$ 15,674,104
Employer contributions receivable not reported on Form 5500	(998,729)	(889,708)
Net assets available for benefits per form 5500	\$ 15,887,735	\$ 14,784,396

The following is a reconciliation of net increase in net assets available for benefits per the financial statements to the Form 5500:

	2024
Net increase (decrease) in net asset available for benefits per the financial statements	\$ 1,212,360
2024 Employer contributions not reported on Form 5500 in 2024	(998,729)
2023 Employer contributions reported on Form 5500 in 2024	889,708
Net increase in net assets available for benefits per the Form 5500	\$ 1,103,339

Note 11 – Subsequent Events

The Plan has evaluated events occurring after the date of the most recent accompanying Statement of Net Assets Available for Benefits through September 26, 2025, the date the financial statements were available to be issued. The Plan did not identify any material subsequent events requiring adjustment to or disclosure in the accompanying financial statements.
