## INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of  
MUFG Fund Services (USA) LLC 401(k) Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of MUFG Fund Services (USA) LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules ("DOL") and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of MUFG Fund Services (USA) LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter – Supplemental Schedule Required by ERISA**

The supplemental schedule of Schedule H, Part IV, Line 4i - Schedule of Assets (Held At End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## MUFG FUND SERVICES (USA) LLC 401(k) PLAN

### NOTES TO FINANCIAL STATEMENTS

#### Note 1 - Description of the Plan:

The following description of the MUFG Fund Services (USA) LLC (the “Company” or the “Plan Sponsor”) 401(k) Plan (the “Plan”), provides only general information and is presented to assist in understanding the Plan’s financial statements. The financial statements and notes are representations of the Plan’s management, which is responsible for their integrity and objectivity. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

**General** - The Plan is a defined contribution plan, established on November 1, 2016, covering all full-time employees who have elected to participate, except those employees who are residents of Puerto Rico. Employees of MUFG Fund Services, LLC, MUFG Capital Analytics LLC and MUFG Investors Services (US) LLC are eligible to participate immediately upon the attainment of twenty-one years of age. Part-time and temporary employees are eligible to participate upon completion of 1,000 hours of service and attainment of twenty-one years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

**Plan Administration** - The Plan is administered by the Plan Sponsor. The Plan’s assets are held by Fidelity Management Trust Company (the “Trustee”), who is responsible for the custody and management of the Plan’s assets.

**Contributions** - Employees who are eligible and voluntarily elect to participate in the Plan can contribute up to 90% of their compensation on a pre-tax or Roth basis, through payroll deductions. No employee is permitted to make contributions in excess of the dollar limitation specified in the Internal Revenue Code (“IRC”).

The Company, at its discretion, may make matching and non-elective contributions equal to a percentage of a participants’ compensation. Participants must be employed as of the last day of the Plan Year to be eligible to receive any discretionary matching or discretionary non-elective contributions. For the year ended December 31, 2024, the discretionary matching contributions were calculated as 100% of the participants’ first 6% of eligible compensation deferred into the Plan, not to exceed \$9,000 and totaled \$2,599,356, net of forfeitures of \$183,357. The Company has not made any discretionary non-elective contributions for the year ended December 31, 2024.

**Vesting** - All participants are immediately 100% vested in their voluntary contributions and discretionary non-elective contributions to the Plan, plus actual earnings thereon. A participant will vest in the discretionary matching contributions in the following manner:

<u>Years of Service</u>	<u>Vesting</u>
Less than 3	0%
3 or more	100%

**Participant Accounts** - Each participant’s account is credited/charged with the participant’s contribution and allocation of (a) the Company’s contribution, if any, (b) Plan earnings/(losses), and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

## MUFG FUND SERVICES (USA) LLC 401(k) PLAN

### NOTES TO FINANCIAL STATEMENTS

**Payment of Benefits** - On termination of service due to death, disability, or retirement, a participant (or participant's beneficiary in the event of death) may receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum, or may roll the amount into another qualified plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan administrator may automatically distribute balances less than \$1,000 to the participant in lump-sum form directly to the participant; balances greater than or equal to \$1,000 but less than \$7,000 will be automatically distributed to a separate individual retirement account on behalf of the participant. Additionally, upon attaining the age of 59 ½, a participant may receive in-service distributions of his or her vested balance at his or her discretion. In-service distributions from a participant's Rollover account are permitted at any time regardless of age.

**Forfeitures** - Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan and can be used to first pay administrative expenses. Any remaining amounts will be used to reduce employer contributions under the Plan. Forfeitures of terminated non-vested account balances totaled \$138,617 and \$111,580 as of December 31, 2024 and 2023, respectively. Forfeitures used to reduce the 2024 matching contributions totaled \$183,357.

**Hardship Withdrawals** - The Plan provides for hardship withdrawals from participants' vested balances, not to exceed an amount required to meet an immediate need created by hardship. Permissible circumstances for hardship withdrawals include medical expenses, purchase of a home, tuition payments, amounts necessary to prevent eviction from the participants' personal residence, and such other circumstances as the Plan Administrator may determine in accordance with Internal Revenue Service ("IRS") rules and regulations.

#### **Note 2 - Summary of Significant Accounting Policies:**

**Basis of Accounting** - The accompanying financial statements are prepared on the accrual basis of accounting.

**Use of Estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions in net assets available for benefits during the reporting period. Actual results, as determined at a later date, could differ from those estimates.

**Investment Valuation and Income Recognition** - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Notes Receivable from Participants** - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

## MUFG FUND SERVICES (USA) LLC 401(k) PLAN

### NOTES TO FINANCIAL STATEMENTS

**Administrative Expenses** - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees for record keeping services related to the administration of notes receivable from participants and disbursements to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

**Benefit Payments** - Benefits are recorded when paid.

**Subsequent Events** - The Plan Administrator has reviewed and evaluated all events and transactions from December 31, 2024 through October 7, 2025 the date the financial statements were available to be issued. The effect of those events and transactions that provide additional pertinent information about conditions that existed at the Statements of Net Assets Available for Benefits date have been recognized in the accompanying financial statements.

#### **Note 3 - Fair Value Measurement:**

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

- *Mutual funds and money market funds*: Valued at the closing price in the active market in which the security is traded.

## MUFG FUND SERVICES (USA) LLC 401(k) PLAN

### NOTES TO FINANCIAL STATEMENTS

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments:

#### *Investments at Fair Value as of December 31, 2024*

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 55,614,533	\$ -	\$ -	\$ 55,614,533
Money market funds	<u>2,812,595</u>	<u>-</u>	<u>-</u>	<u>2,812,595</u>
Total investments in fair value hierarchy	<u>\$ 58,427,128</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 58,427,128</u>

#### *Investments at Fair Value as of December 31, 2023*

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 42,470,607	\$ -	\$ -	\$ 42,470,607
Money market funds	<u>2,608,569</u>	<u>-</u>	<u>-</u>	<u>2,608,569</u>
Total investments in fair value hierarchy	<u>\$ 45,079,176</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 45,079,176</u>

#### **Transfers Between Levels**

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2024 and 2023, there were no significant transfers in or out of Levels 1, 2, or 3.

#### **Note 4 - Certified Investment Information:**

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, the Trustee, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- a) Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023.
- b) Investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024.
- c) Investment information included in the Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2024, as shown on the ERISA-required supplemental schedule of assets (held at end of year).

## MUFG FUND SERVICES (USA) LLC 401(k) PLAN

### NOTES TO FINANCIAL STATEMENTS

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule of assets (held at end of year).

#### **Note 5 - Risks and Uncertainties and Concentration of Investment Risk:**

Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the financial statements.

The Plan may have investments in funds with contractual cash flows, such as asset backed securities, collateralized mortgage obligations and commercial mortgage backed securities, including securities backed by sub-prime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

The Plan's investment in one fund comprises approximately 29% and 27% of total investments at December 31, 2024 and 2023, respectively.

#### **Note 6 - Plan Termination:**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and the Company also has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants' contributions remain fully vested and Company contributions become fully vested. Under no circumstances may the Company take ownership of any of the Plan's assets as a result of such termination.

#### **Note 7 - Tax Status:**

The Plan was written on an IRS non-standardized pre-approved document, which obtained its latest opinion letter on June 30, 2020, in which the IRS stated that the Plan as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

#### **Note 8 - Related Party Transactions:**

Certain Plan investments are managed by the Trustee and, therefore, these transactions qualify as party-in-interest transactions. The fees paid for administrative services and record keeping of notes receivable from participants and disbursements to participants totaled \$1,367 for the year ending December 31, 2024.

**MUFG FUND SERVICES (USA) LLC 401(k) PLAN**

**NOTES TO FINANCIAL STATEMENTS**

**Note 9 - Notes Receivable from Participants:**

Participants may borrow from their individual account balances in accordance with Plan provisions. The minimum loan is \$1,000, and the maximum amount of any loan shall not exceed the lesser of 50% of a participant's vested balance or \$50,000. Loans bear interest rate at an interest rate comparable to those charged by local banks and are collateralized by the participant's account balance. Loans are generally payable through payroll deductions within five years unless for the purchase of a principal residence. Only one loan is permitted to be outstanding at a given time.

**Note 10 - Excess Contributions Payable:**

The Statements of Net Assets Available for Benefits includes a liability for excess contributions payable of \$11,280 as of December 31, 2023. This amount represents payments to certain active participants for the return of excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan and are shown as a reduction of participant contributions during the 2023 plan year. These excess contribution amounts were reimbursed on March 1, 2024. There were no excess contributions payable for the Plan year ending December 31, 2024.

**Note 11 - Reconciliation of Financial Statements to Form 5500:**

The following is a reconciliation of net assets available for benefits per the accompanying financial statement and Form 5500:

	December 31,	
	2024	2023
Net assets available for benefits per the financial statements	\$ 61,642,806	\$ 47,963,601
