INDEPENDENT AUDITOR'S REPORT

To the Administrator of the
Bolivar County Headstart Retirement Program

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Bolivar County Headstart Retirement Program, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Bolivar County Headstart Retirement Program's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bolivar County Headstart Retirement Program and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bolivar County Headstart Retirement Program's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bolivar County Headstart Retirement Program's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bolivar County Headstart Retirement Program's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are

in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year End) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BOLIVAR COUNTY HEADSTART RETIREMENT PROGRAM
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Note A - Description of Plan

The following description of the Bolivar County Headstart Retirement Program (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all full-time employees that have one year of service or three months of full-time service and are age 18 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Administrative Committee oversees governance of the Plan.

Contributions: Each year participants are required to contribute 3% of their pretax compensation as defined in the Plan, and may elect to make voluntary contributions. The employer's required matching contribution for 2023 and 2022 was 8%. The 2023 and 2022 funding requirements have been met. Participants may direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts, a master separate account, and an insurance investment contract as investment options for participants. Participant and employer contributions are automatically invested in the insurance contract until changed by the participant.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the employer's matching contribution and (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in all employer and employee contributions and Plan earnings.

Forfeitures: Forfeited non-vested accounts amounted to \$0 and \$0 at December 31, 2023 or December 31, 2022. Any forfeited accounts are allocated to participants in the same manner as employee contributions.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50% of their account balance. The notes are secured by the balance of the participant's account and bear interest at rates ranging from 4.25% to 9.5%, based on national prime rates plus a 1% adjustment. Principal and interest are paid ratably through payroll deductions. Participants are limited to one active loan at any one time.

Payment of Benefits: On termination of service due to death, disability, or retirement, a participant may elect to receive either an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount or take annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

BOLIVAR COUNTY HEADSTART RETIREMENT PROGRAM
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Note B - Summary of Significant Accounting Policies

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Payment of Benefits: Benefits are recorded when paid.

Operating Expenses: All custodial fees are paid by the Plan. Other expenses of maintaining the Plan are paid by the Plan sponsor and are not included in these financial statements. Fees from the administration of notes receivable are included in administrative expenses and charged directly to the participant's account.

Investment Valuation and Income Recognition: Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note F for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest Income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant and are included in administrative expenses when incurred. As of December 31, 2023, and 2022, no allowance for credit losses has been recorded. If a participant does not make loan payments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Expenses: Certain expenses of maintaining the Plan are paid by the sponsor and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Administrative expenses of the plan are allocated to participant accounts.

Date of Management's Review. Subsequent events were evaluated through September 22, 2025, which is the date the financial statements were available to be issued.

BOLIVAR COUNTY HEADSTART RETIREMENT PROGRAM
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Note C - Investments -Information Prepared and Certified by Custodian

The following table presents the fair value of investments measured on a recurring basis at December 31, 2023 and 2022. Investments that represent 5% or more of the Plan's net assets are separately identified.

	<u>December 31,</u>	
	<u>2023</u>	<u>2022</u>
Unallocated contracts held in Minnesota Life:		
Insurance Company general account (Note D)	\$ 9,145,404	\$ 8,981,078
Investments held in pooled separate accounts	<u>466,645</u>	<u>286,586</u>
Total	<u>\$ 9,612,049</u>	<u>\$ 9,267,664</u>

As of December 31, 2023, the recorded \$74,489 increase in fair value of investments is fully attributable to shares in pooled separate accounts.

As of December 31, 2022, the recorded \$(113,237) decrease in fair value of investments is fully attributable to shares in pooled separate accounts.

Note D - Investment Contract with Insurance Company

During 2003, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Minnesota Life Insurance Company. Minnesota Life maintains contributions in its general funds in unallocated contracts. The account is credited with earnings on the underlying investments and is charged with participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value.

Contract value, as certified to the Plan by Minnesota Life Insurance Company, represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2023 and 2022 was \$9,145,404 and \$8,981,078, respectively. The crediting interest rate was 1.9% in 2023 and 1.84% in 2022. The minimum crediting interest rate is re-determined annually.

BOLIVAR COUNTY HEADSTART RETIREMENT PROGRAM
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Note D - Investment Contract with Insurance Company (Cont'd)

Certain events could limit the Plan's ability to transact at contract value with Minnesota Life Insurance Company. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletions of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (d) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events could allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuers consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with the Plan, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note E - Financial Instruments

Off-Balance-Sheet Risk

The Plan is not a party to any financial instruments which have off-balance-sheet risk of accounting loss.

Significant Group Concentrations of Credit Risk

The Plan's exposure to credit risk arises from its investments in unallocated contracts held by Minnesota Life Insurance Company located in St. Paul, MN, investments held in pooled and master separate accounts of Minnesota Life Insurance Company, receivables from the sponsor, and participant loans.

There is no collateral assigned to the investments or receivables. Participant loans are collateralized by the participant's individual account balance. The maximum amount of credit loss from these financial instruments is their carrying value.

Note F- Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits, except for fully benefit-responsive investment contracts, which are reported at contract value. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. The Administrative Committee determines the Plan's valuation policies. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

BOLIVAR COUNTY HEADSTART RETIREMENT PROGRAM
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Note F- Fair Value Measurements (Cont'd)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets as have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets {Level 1 }, and level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs are used only when Level 1 or Level 2 inputs were not available. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no changes in methodologies used at December 31, 2023 and 2022.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at yearend. The fair values of common stocks, and US government securities are based on the closing price reported in the active market where the individual securities are traded, when available.

Level 2 Fair Value Measurements

The fair value of investments in pooled separate accounts is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of these shares are based on quoted market prices for similar assets or liabilities in active markets where the individual securities are traded.

Level 3 Fair Value Measurements

There were no Level 3 investments for the years ended December 31, 2023 and 2022.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2023 and 2022 are reported in net appreciation (depreciation) in fair value of investments.

The Plan's policy is to recognize transfers into and out of Level 3 at the end of the reporting period.

BOLIVAR COUNTY HEADSTART RETIREMENT PROGRAM
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Note G - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will remain 100% vested in their accounts.

Note H - Tax Status

The Internal Revenue Service has determined and informed the Plan sponsor by letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and therefore believes that that Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain positions that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there were no uncertain tax positions taken or expected to be taken that would require the recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

Note I - Concentrations and Contingencies

The ability of the Plan sponsor to continue making contributions to the Plan is largely contingent on the sponsor's continuing receipt of government grants. Any substantial disruption in the receipt of government grants would affect the sponsor's ability to fund the Plan.

Note K - Risks and Uncertainties

The Plan invests in various investment securities through the pooled separate accounts. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the statement of net assets available for benefits.

Note L - Related Party Transactions and Parties in Interest

The Plan investments are in pooled and master separate accounts and unallocated contracts of Minnesota Life Insurance Company. Securion Financial Group provides administrative and investment services for the Plan. Securion Financial Group is the parent company of Minnesota Life Insurance Company. The Plan paid Securion Financial Group \$13,562 and \$27,424 in fees for years ended December 31, 2023 and 2022, respectively.

As part of the insurance contract with Minnesota Life Insurance Company, the insurance agent, Mat Thomas Insurance Agency was paid \$11,429 and \$10,719 in commissions by the insurance company for the years ended December 31, 2023 and 2022, respectively.

The Plan sponsor pays the professional fees related to the Plan.

Each of these transactions are exempt from the prohibited transaction rules of ERISA.
