INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of

SNELL & WILMER L.L.P RETIREMENT PLAN FOR PARTNERS

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audit of the financial statements of **Snell & Wilmer L.L.P. Retirement Plan for Partners** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2024 and reportable transactions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RETIREMENT PLAN FOR PARTNERS

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

(1) Description of Plan

The following description of the Snell & Wilmer L.L.P. Retirement Plan for Partners (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

- A. **General** – The Plan was established January 1, 2019 and is a noncontributory defined benefit plan, covering all eligible partners of Snell & Wilmer L.L.P. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code (the "Code").

The Plan is administered by the Administrative Committee (the "Committee"), who is appointed by the Executive Committee of the Company. The Committee has overall responsibility for the operation and administration of the Plan. Plan assets are held in the trust by the Matrix Trust Company (the "Trustee"). October Three Consulting LLC ("October Three") provides actuarial services for the Plan.

- B. **Eligibility** – An Eligible Partner who is actively providing services for the Company on December 31, 2019 shall become a participant as of the later of (1) the effective date of the Plan or (2) the first entry date coincident with or next following the first anniversary of their employment date. Thereafter, an Eligible Partner shall become a participant following the later of (i) the first entry date coincident with or next following the attainment of age 21 and the first anniversary of their employment date or (ii) the date the Partner becomes a member of the class of Eligible Partners.

An Eligible Partner is a partner who regularly provides services to the Company in his or her capacity as a partner, a citizen or resident of the United States, and whose income from the Company is predominantly net earnings from self-employment from sources within the United States. An Eligible Partner enters the Plan on the earlier of (i) the January 1 coincident with or next following the completion of the eligibility requirements or (ii) the six month anniversary of the completion of the eligibility requirements.

- C. **Cash balance accounts** – On the last day of each Plan year, a Cash Balance Credit is credited to the Cash Balance Account of each participant who has completed a year of service during that Plan year. A participant shall receive a minimum Cash Balance Credit of \$5,000 for a Plan year and in no event will the participant's Cash Balance Credit exceed the maximum Cash Balance Credit as set forth in the Plan. Earnings on a Participant's Cash Balance Credits are credited to the participant's Cash Balance Account at the end of each day. Under no circumstances will the annual benefit payable to participants exceed the annual compensation limits, as defined in the Code.
- D. **Vesting** – Participants are 100% vested and have a non-forfeitable interest in their Cash Balance Account at all times.
- E. **Benefits and distributions** – A participant is entitled to a distribution of the participant's benefits under the Plan upon (1) reaching Normal Retirement Age (which is age 65), (2) termination of employment with the Company prior to reaching Normal Retirement Age, or (3) after attaining age 59 ½ (or after attaining age 62 for Plan years beginning before January 1, 2020) while still employed by the Company. Benefits provided under the Plan shall be paid from the assets of the trust in the amounts, in the forms, and at the times provided under the terms of the Plan.

SNELL & WILMER L.L.P.
RETIREMENT PLAN FOR PARTNERS

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

(1) Description of Plan (continued)

The normal form of retirement benefit is a single life annuity for an unmarried participant and a 50% joint and survivor annuity for a participant who is married on the date on which benefit payments begin. A participant who is married on the date on which benefit payments begin may elect a 75% joint and survivor annuity as an optional form of benefit. The other optional form of benefit available to all participants is a lump sum payment equal to the value of their benefit. Participants who have a vested accrued benefit with a present value of \$5,000 or less on the date on which benefits begin will receive a lump sum distribution.

(2) Significant accounting policies

Basis of accounting – The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) on the accrual basis of accounting, except for benefit payments.

Management's use of estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The investments in registered investment companies are stated at net asset value, which is a readily determinable fair value for those shares as they are published daily and are the basis for current transactions. The Plan's common collective trust is stated at unit value, or the equivalent of net asset value, which is a practical expedient for estimating fair value. This investment has no unfunded commitments as of December 31, 2024 and 2023, and can be redeemed daily with no redemption notice period or other redemption restrictions.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Actuarial present value of accumulated Plan benefits – Accumulated Plan benefits (Note 3) are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by the Plan's independent actuary. The Plan is a market-based cash balance plan, and all benefits are 100% vested and payable as a lump sum payment upon termination, retirement or death. The actuarial present value of accumulated plan benefits for all participants who have not elected payment of their benefit is equal to the actual Cash Balance Account as of the measurement date, but not less than the sum of the Cash Balance Credits. The Plan's actuary estimated the accumulated Plan benefits as of December 31, 2024 and 2023. The actuarial present value of accumulated plan benefits is presented based on end of Plan year benefit information.

SNELL & WILMER L.L.P.
RETIREMENT PLAN FOR PARTNERS

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

(2) Significant accounting policies (continued)

The significant actuarial assumptions used in the December 31, 2024 and 2023 valuation are as follows:

- Discount rate – 2.5% for 2024 and 2023
- Mortality rate – IRS 2025 and 2024, respectively, Static Mortality Table as prescribed by Treasury regulation section 1.430(h)(3)-1
- Lump sum utilization – All participants are assumed to elect a lump sum form of payment
- Retirement age – Fully vested at age 65, but no earlier than one year from the valuation date

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits. Because the Plan is a market-based cash balance plan and 100% of the participants are assumed to elect a lump sum payment at termination or retirement, the actuarial present value of accumulated plan benefits for active participants and terminated participants who have not elected payment of their benefit is equal to the actual Cash Balance Account, but not less than the sum of the cash balance credits.

Benefit payments – Benefit payments are recorded when paid.

Administrative expenses – Administrative expenses are paid by the Plan or Plan sponsor. Expenses paid by the Plan sponsor are not reimbursed by the Plan.

Risks and uncertainties – The Plan's investments are in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

The actuarial present value of accumulated Plan benefits is reported based on certain assumptions pertaining to interest rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimates and assumptions, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

Subsequent events – The Plan has evaluated subsequent events through October 3, 2025, the date the financial statements were available to be issued.

**SNELL & WILMER L.L.P.
RETIREMENT PLAN FOR PARTNERS**

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

(3) Actuarial present value of accumulated Plan benefits

The actuarial present value of accumulated Plan benefits as of December 31 was as follows:

	2024	2023
Vested benefits:		
Active participants	\$ 24,584,237	\$ 19,529,857
Terminated vested participants	563,353	81,609
Actuarial present value of accumulated Plan benefits	\$ 25,147,590	\$ 19,611,466

The change in the actuarial present value of accumulated Plan benefits for the period January 1, 2024 to December 31, 2024 was as follows:

Actuarial present value of accumulated Plan benefits at January 1, 2024	\$ 19,611,466
Increase during the year attributable to:	
Benefits accumulated and actuarial experience	5,805,304
Increase for interest	1,513,746
Benefits paid	(1,782,926)
Actuarial present value of accumulated Plan benefits at December 31, 2024	\$ 25,147,590

(4) Funding policy

The Company's funding policy is to make annual contributions to the Plan that are available for deduction under the Code and meet minimum funding requirements as computed under the unit credit actuarial cost method of funding. The Company's contribution to the Plan met the minimum funding requirement of ERISA for the year ended December 31, 2024. The Company authorized and contributed \$5,805,304 for the year ended December 31, 2024, which was funded prior to the minimum funding due date of September 15, 2025.

(5) Plan termination

In the event the Plan terminates, the assets held in the Snell & Wilmer L.L.P. Partner Cash Balance Plan Trust (the "Trust") will be realized and, after payment of or provision for all reasonable and necessary costs, charges and expenses (including the expenses of terminating the Plan and the Trust), the Trust will be used to satisfy the nonforfeitable rights to benefits accrued by all participants and retired participants as of the termination date. For this purpose, the Trust will be allocated, on the basis of actuarial valuation, to participants and their beneficiaries, as prescribed by ERISA.

The Trust will be allocated on the basis of a computation of the present value (actuarially determined as of the date of termination of the Plan) of each benefit accrued at the termination date.

If, after satisfaction of all liabilities with respect to participants by an allocation in accordance with the technical provisions of ERISA, there is any balance remaining in the Trust, such balance shall be returned to the Company.

The Company has the right under the Plan to discontinue contributions at any time and terminate the Plan subject to the provisions set forth in ERISA. At this time, the Company has no intention of terminating the Plan.

SNELL & WILMER L.L.P.
RETIREMENT PLAN FOR PARTNERS

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

(5) Plan termination (continued)

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (“PBGC”) if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor’s pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan’s termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan’s net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

(6) Income tax status

The Plan has received a favorable determination letter under Internal Revenue Code (IRC) Section 401(a), dated September 14, 2020, stating that the Plan was designed in accordance with applicable IRC requirements as of that date. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified and the related trust is tax-exempt as of the date of the financial statements.

(7) Parties-in-interest

The Company is the Plan sponsor and provides all employer contributions to fund the Plan. All assets of the Plan are held by the Trustee and managed by AllianceBernstein L.P. October Three provides actuarial services to the Plan. Accordingly, these transactions qualify as party-in-interest transactions. The Plan paid \$19,497 for investment management services during 2024.

(8) Fair value measurements

FASB Accounting Standards Codification (“ASC”) 820, *Fair Value Measurement*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

An asset’s or liability’s level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

(8) Fair value measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	\$ 16,253,518	\$ -	\$ -	\$ 16,253,518

Total investments, at fair value	<u>\$ 16,253,518</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 19,192,747</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	\$ 11,763,130	\$ -	\$ -	\$ 11,763,130
Common collective trust*	-	-	-	2,244,840
Total investments, at fair value	<u>\$ 11,763,130</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 14,007,970</u>

* Certain investments that are measured using net asset value per share (or its equivalent) as a practical expedient for fair value have not been, and are not required to be, classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

(9) Information certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan has certified that the following information included in the accompanying financial statements and supplemental schedules is complete and accurate as of and for the year ended December 31, 2024:

- Investments
- Net appreciation in fair value of investments
- Interest and dividends
- Schedule of assets (held at end of year)
- Schedule of reportable transactions

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods

Actuarial Assumptions and Methods

Plan Sponsor Elections

Yield curve election: The plan sponsor did not elect to use the full yield curve under IRC section 430(h)(2)(D)(ii).

Applicable month: The plan sponsor elected to base the segment rates on the rates published in the month containing the valuation date.

Economic Assumptions

	Funding Target		PBGC Funding Target
	with stabilization	without stabilization	
First segment rate (years 0 to 4):	4.75%	4.37%	4.37%
Second segment rate (years 5 to 19):	4.96%	4.96%	4.96%
Third segment rate (years 20 and after):	5.59%	4.95%	4.95%
Effective interest rate (current year):	5.10%	4.93%	N/A

Interest crediting rate: 2.50%

The interest rates listed above are compounded annually.

The cash balance interest crediting rate is equal to the rate of return on plan assets, subject to cumulative minimum and maximum interest crediting rates. Accordingly, the assets needed to provide future cash balance benefits are independent of interest rates and only dependent on the plan's asset allocation to the extent that the cumulative minimum or maximum interest crediting rates affect the cash balance accounts. This plan provision is difficult to measure using traditional deterministic valuation procedures. To account for this plan provision, the interest crediting rate was selected from a reasonable range based on the plan's asset allocation that, when combined with the segment interest rates, produced a funding target that was as close as possible to the economic value of the cash balance accounts.

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods

Actuarial Assumptions and Methods

Demographic Assumptions

RETIREMENT

All participants are assumed to retire according to the following schedule, but no earlier than one year from the valuation date of January 1, 2024:

Assumed retirement age	Percent assumed to retire
65	100.00%

WEIGHTED AVERAGE RETIREMENT AGE

The weighted average retirement age for the population during the current year, rounded to the nearest whole number, is 65.

WITHDRAWAL AND DISABILITY

None.

RATIONALE FOR RETIREMENT AGE, WITHDRAWAL AND DISABILITY ASSUMPTIONS

The economic value of the cash balance benefits is not materially affected by the timing of benefit commencement. Therefore, no preretirement withdrawal or disability is assumed, and all participants are assumed to retire according to the schedule above.

MORTALITY AND MORTALITY IMPROVEMENT

The mortality follows the IRS 2024 Static Mortality Table, as prescribed by Treasury regulation section 1.430(h)(3)-1. The mortality decrement is assumed to occur as of the beginning of the year.

Other Assumptions

FORM OF PAYMENT

Based on the experience of the plan and future expectations, all participants are assumed to elect a lump sum form of payment.

Actuarial Assumptions and Methods

EXPENSES

Assumed expenses are \$0 for 2024, based on the experience of the plan and future expectations. In accordance with our understanding of the available guidance, the expense assumption reflects administrative expenses and does not include investment-related expenses or any other non-administrative expense.

Changes from Prior Year and Rationale for Changes

None.

Actuarial Methods

VALUATION DATE

The valuation date is January 1, 2024.

ACTUARIAL VALUE OF ASSETS

The actuarial value of assets is equal to the market value of assets.

MINIMUM FUNDING METHOD

The funding target and target normal cost for minimum funding calculations are determined using the traditional unit credit cost method as prescribed by Treasury regulation section 1.430(d)-1. The liability under the unit credit cost method is the value of the accrued pension benefit using service and pay as of the valuation date. The sum of the present value of the accrued benefits for all participants is the ERISA funding target. The normal cost is the present value of the benefits earned during the year. The target normal cost is the sum of the normal costs for all participants and the assumed administrative expenses.

Changes in Method from Prior Year and Rationale for Changes

None.

Statement by Enrolled Actuary
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
