INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Jordan Carriers, Inc. Employees Savings Trust
Natchez, Mississippi

Scope and Nature of ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Jordan Carriers, Inc. Employees Savings Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, 2023, and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from John Hancock Trust Company as of and for the years ended December 31, 2024, 2023, and 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- the information in the financial statements referred to above related to assets held by and certified by John Hancock Trust Company agreed to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due, or which may become due, to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance, and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we perform the following:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement to the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to, or derived from, the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a John Hancock Trust Company agreed to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

JORDAN CARRIERS, INC. EMPLOYEES SAVINGS TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024, 2023, AND 2022

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of Jordan Carriers, Inc. Employees Savings Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution 401(k) plan, available to substantially all employees of Jordan Carriers, Inc. (the Company) who have six continuous months of service, have at least one hour of service, and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is responsible for oversight of the Plan.

Contributions - Participants may defer any portion of their salaries to their accounts subject to the limitations of the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers approximately 30 mutual funds for participants. The Company may make a discretionary matching contribution equal to a uniform percentage of a participant's salary deferrals. The Company contributes 50% of the first 4% of base compensation that a participant contributes to the Plan. The matching Company contribution is invested according to the participant's investment election.

The Plan was amended effective January 1, 2023 to comply with safe harbor contributions. After the effective date, the Plan contributes 100% of the first 3% of base compensation that a participant contributes to the Plan and contributes 50% of the amount of the participant's elective deferral above 3% of base compensation but not to exceed 5% of the participants compensation.

Participant Accounts - Each participant's account is credited with the participant's contribution and Company-matching contributions, as well as allocations of the Company's profit-sharing contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their own contributions, plus actual earnings, thereon. Vesting in the employer's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service for matching contributions.

The vesting schedule is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 full years	20%
3 full years	40%
4 full years	60%
5 full years	80%
6 full years	100%

Participant Loans - The Plan does not permit participants to take a loan from the Plan.

Payment of Benefits - Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of no more than their assumed life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

JORDAN CARRIERS, INC. EMPLOYEES SAVINGS TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024, 2023, AND 2022

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Forfeited Accounts - At December 31, 2024, 2023, and 2022, forfeited nonvested accounts totaled \$0, \$0, and \$0, respectively. These accounts will first be used to pay any administrative expenses before being reallocated to reduce future employer contributions. Also, for the years ended December 31, 2024, 2023, and 2022, employer contributions were reduced by \$57, \$19,968, and \$15,792, respectively, from forfeited nonvested accounts, and administrative expenses were reduced by \$0, \$0, and \$0, respectively, from forfeited nonvested accounts.

Earnings - The Plan's investments are participant directed and, thus, all earnings are allocated to the respective participant's accounts based on their investment selections.

Plan Amendment - The Plan was amended effective January 1, 2023 to comply with safe harbor contributions. After the effective date, the Plan contributes 100% of the first 3% of base compensation that a participant contributes to the Plan and contributes 50% of the amount of the participant's elective deferral above 3% of base compensation but not to exceed 5% of the participants compensation.

The Plan was amended once during the year ended December 31, 2021. The amendment, effective December 3, 2021, allows participants to make Roth elective deferrals.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review - Subsequent events were evaluated through September 9, 2025, which is the date the financial statements were available to be issued.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting. Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition - Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payments of Benefits - Benefits are recorded when paid.

JORDAN CARRIERS, INC. EMPLOYEES SAVINGS TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024, 2023, AND 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Administrative Expenses - Substantially all of the operating expenses of the Plan are paid by the Company and are, therefore, excluded from these financial statements.

NOTE 3 - FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 3 inputs are unobservable and have the lowest priority; and Level 2 inputs are inputs from quoted market prices in active markets for similar assets and liabilities, which are observable for the asset or liability, either directly or indirectly. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There are no Plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented. There were no significant transfers into, or out of, Levels 2 or 3 for the years ended December 31, 2024, 2023, and 2022.

Level 1 Fair Value Measurements

The fair values of money market funds are based on quoted net asset values of shares as reported by the fund. The fair values of mutual funds are based on quoted market prices.

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2024, are reported in net appreciation in fair value of investments.

NOTE 4 - GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

Group Annuity Contracts - CMFG

In 2017, the Plan entered into a group annuity contract (the Contract) issued by CMFG Life Insurance Company (CMFG). The Contract is a fixed interest investment option that provides guaranteed protection of principal with a set rate of return. The guarantee in the Contract is backed by CMFG and supported by its general account. The participants in the Contract do not participate in the performance of the general account, but the investment performance of that portfolio supports the Contract's minimum guaranteed interest rate, any additional amounts, and payout obligations. The interest rates are reviewed quarterly and are subject to change. All interest rate changes are declared in advance.

Because the group annuity Contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attributed for that portion of the net assets available for benefits attributable to the group annuity Contract. The group annuity Contract is presented on the face of the statements of net assets available for benefits at Contract value. Contract value, as reported to the Plan by CMFG, represents contributions or transfers it made under the Contract, plus earnings, less participant withdrawals or transfers out, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all, or a portion of, their investment at Contract value.

There are no reserves against Contract value for credit risk of the Contract issuer or otherwise. The Contract value of the investment contract at December 31, 2024, 2023, and 2022 was \$0, \$0, and \$393,399, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. The interest rate is based on the return CMFG expects on new investments made and held, and it will always equal or exceed the contractually guaranteed rate. Such interest rates are established and declared for new contributions that will be received in a calendar quarter.

Certain events limit the Plan's ability to transact at Contract value with CMFG. Such events include the following: (a) full or partial Plan termination; (b) the insolvency of the Plan Administrator; (c) the Plan Administrator files for protection under federal bankruptcy law, is deemed insolvent, dissolves, closes, shuts down its business, or ceases operations; and (d) the Plan continues to be operated or administered in a manner that we determine would disqualify the Plan, is unlawful, violates ERISA or the Internal Revenue Code, or exposes CMFG to potential liability, after CMFG has provided the Plan with at least 30-days notice of concern.

Group Annuity Contracts - John Hancock Life Insurance Company

In 2023, the Plan entered into a group annuity contract (the Contract) issued by John Hancock Life Insurance Company. The Contract is a fixed interest investment option that provides guaranteed protection of principal with a set rate of return. The guarantee in the Contract is backed by John Hancock Life Insurance Company and supported by its general account. The participants in the Contract do not participate in the performance of the general account, but the investment performance of that portfolio supports the Contract's minimum guaranteed interest rate, any additional amounts, and payout obligations. The interest rates are reviewed quarterly and are subject to change. All interest rate changes are declared in advance.

Because the group annuity Contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attributed for that portion of the net assets available for benefits attributable to the group annuity Contract. The group annuity Contract is presented on the face of the statements of net assets available for benefits at Contract value. Contract value, as reported to the Plan by John Hancock Life Insurance Company, represents contributions or transfers it made under the Contract, plus earnings, less participant withdrawals or transfers out, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all, or a portion of, their investment at Contract value.

DECEMBER 31, 2024, 2023, AND 2022

NOTE 4 - GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY (continued)

There are no reserves against Contract value for credit risk of the Contract issuer or otherwise. The Contract value of the investment contract at December 31, 2024, 2023, and 2022 was \$502,097, \$369,712, and \$0, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. The interest rate is based on the return John Hancock Life Insurance Company expects on new investments made and held, and it will always equal or exceed the contractually guaranteed rate. Such interest rates are established and declared for new contributions that will be received in a calendar quarter.

Certain events limit the Plan's ability to transact at Contract value with John Hancock Life Insurance Company. Such events include the following: (a) full or partial Plan termination; (b) the insolvency of the Plan Administrator; (c) the Plan Administrator files for protection under federal bankruptcy law, is deemed insolvent, dissolves, closes, shuts down its business, or ceases operations; and (d) the Plan continues to be operated or administered in a manner that we determine would disqualify the Plan, is unlawful, violates ERISA or the Internal Revenue Code, or exposes John Hancock Life Insurance Company to potential liability, after John Hancock Life Insurance Company has provided the Plan with at least 30-days notice of concern.

NOTE 5 - INVESTMENTS

Unaudited Information Certified by the Plan Custodian

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the Custodian:

	2024	2023	2022
Cash	\$ -	\$ -	\$ 12,245
Investments, at fair value	\$ 5,239,805	\$ 3,401,115	\$ 2,632,582
Investments, at contract value	\$ 502,097	\$ 369,712	\$ 393,399
Investment income (loss)	\$ 572,791	\$ 445,678	\$ (471,153)

NOTE 6 - ADMINISTRATION OF PLAN ASSETS

The Plan's assets were held by the Custodian of the Plan, Matrix Trust Company, through November 2, 2023. On November 2, 2023, the Plan funds were transferred to John Hancock Trust Company, the new Custodian of the Plan's assets. Company contributions are held and managed by the Custodian, which invests cash received, interest, and dividend income and makes distributions to participants.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

JORDAN CARRIERS, INC. EMPLOYEES SAVINGS TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024, 2023, AND 2022

NOTE 9 - TAX STATUS

The Plan uses a prototype plan document sponsored by CUNA Mutual Insurance Society. CUNA Mutual Insurance Society received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC) of 1986, as amended. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirement of the IRC and, therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 10 - RELATED-PARTY TRANSACTIONS

Certain Plan investments are shares held in fixed rate investment options managed by CMFG. CMFG is the Insurance Carrier as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$15,044 for the year ended December 31, 2024.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.
