INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
The Bausch & Lomb Retirement Benefits Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Bausch & Lomb Retirement Benefits Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule of Reportable Transactions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE BAUSCH & LOMB RETIREMENT BENEFITS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

***Note 1* Description of Plan**

The following brief description of The Bausch & Lomb Retirement Benefits Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined benefit pension plan covering U.S. employees of Bausch + Lomb North America, a division of Bausch + Lomb Americas Inc. (the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Funds are held in the Bausch & Lomb Pension Trust (Trust).

Effective January 1, 2000, the Plan was amended and restated in its entirety, converting the benefit formula to a cash balance formula. As a result of this Plan amendment, participant contributions to the Plan were no longer permitted.

Effective December 31, 2004, the Company's Board of Directors passed a resolution to freeze the Plan. After December 31, 2004, no new participants were accepted into the Plan and no current participants accrue any additional benefits except for an interest allocation on the account balance. All of the pension benefits that had been earned through December 31, 2004, however, will be preserved and will be paid out when due in accordance with the normal provisions of the Plan.

Pension Benefits

Enrollment in the Plan was automatic for all employees hired before January 1, 2004, after completion of one year of continuous service, as defined in the Plan document, and the attainment of age 21. The Plan provides early retirement benefits beginning at age 55, normal retirement benefits at age 63 or deferred retirement benefits at ages greater than 63.

Under the cash balance formula, the benefit to which a vested participant is entitled upon retirement or termination of employment and meeting the vesting requirements, is a lump-sum (the actual form of payment may differ depending on the participant's election) equal to the participant's Steady Growth Account (the Participant Account) at the time of distribution. The Participant Account is comprised of the following:

- a) An opening balance equal to the actuarial equivalent of the participant's accrued benefit, if any, under the Plan on December 31, 1999;
- b) Point-based contributions, which were credited by the Company as a percentage of the participant's eligible compensation through the date the Plan was frozen. The percentage was determined based on the participant's points, which were equal to the participant's age plus years of service as of the beginning of the plan year;
- c) In addition to the point-based contributions, for all participants with 60 or more points as of January 1, 2000, supplemental contributions were credited by the Company as a percentage of the participant's eligible compensation;

THE BAUSCH & LOMB RETIREMENT BENEFITS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

***Note 1* Description of Plan - Continued**

Pension Benefits - Continued

- d) Interest credited on a monthly basis equal to the Participant Account at the beginning of the month, multiplied by the greater of the average annual yield on 10 year Treasury bonds in effect during November for the preceding Plan Year, or 4.50%.

Point-based and supplemental contributions ceased at the time the plan was frozen on December 31, 2004; however, interest is credited on the Participant Account until the date of distribution.

Interest credited to an individual's Participant Account was 5.25% for employee contributions and 4.50% for employer contributions for the 2024 Plan year.

Interest credited to an individual's Participant Account was 4.62% for employee contributions and 4.50% for employer contributions for the 2023 Plan year.

Vesting of Participants

Participants become fully vested in benefits attributable to Company contributions after completing three years of credited service, or reaching age 55, regardless of years of credited service. Participants are always fully vested in their own contributions. Participants may receive a refund of their contributions and accumulated interest without terminating employment and, in such cases, they will lose the benefits attributable to those contributions as their Participant Account will be reduced by the amount withdrawn.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

If the Plan is terminated or contributions are discontinued, the Plan shall be amended to provide for the allocation of the assets of the Plan in accordance with the priorities established by §4044 of ERISA as implemented by regulations thereunder promulgated by the Pension Benefit Guaranty Corporation. The rights of participants in their accrued benefits shall become nonforfeitable upon any such termination, whether it be a total or a partial termination. To the extent that there shall be assets in excess of those needed to satisfy the Plan's liabilities, such assets shall be returned to the Company.

***Note 2* Summary of Significant Accounting Policies**

Basis of Accounting

The Plan's financial statements are recorded on the accrual basis of accounting. Benefit payments are recorded when paid.

THE BAUSCH & LOMB RETIREMENT BENEFITS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

***Note 2* Summary of Significant Accounting Policies - Continued**

Subsequent Events

In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through October 7, 2025, the date that the financial statements were available to be issued.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities and the actuarial present value of accumulated plan benefits as of the date of the financial statements. Actual results could differ from those estimates.

The Plan uses an actuary to determine the actuarial present value of accumulated plan benefits. A change in the actuarial assumptions used could significantly change the amount of the actuarial present value of accumulated plan benefits reported in the accompanying financial statements.

Investments

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Common/collective trust funds are valued using the net asset value, as a practical expedient provided by the trustees based on the fair value of the underlying assets owned by the fund. There are no redemption pre-notifications required.

Purchases and sales of securities are recorded on a trade-date basis. Net realized and unrealized gains and losses are reflected in the accompanying financial statements as net appreciation in fair value of investments and are determined as the difference between fair value at the beginning of the year (or date purchased during the year) and selling price or year-end fair value.

Plan Administration

The Plan's assets are held in a trust, which was established for the investments of the assets of the Plan. The assets of the trust are held by The Northern Trust Company (the Trustee). The investment policy permits asset diversification to include a combination of cash, fixed income securities, equity investments and other investments, such as non-leveraged derivatives. The Northern Trust Company also serves as the Plan's investment manager. Mercer Retirement Administration is the recordkeeper of the Plan.

THE BAUSCH & LOMB RETIREMENT BENEFITS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

***Note 2* Summary of Significant Accounting Policies - Continued**

Risks and Uncertainties

The Plan invests in investment securities which are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as inflation, a pandemic, or international conflict. Due to the level of risk associated with these investment securities, it is at least reasonably possible that changes in their values will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Payment of Benefits

Benefit payments are recorded when paid.

***Note 3* Funding Policy**

The Company's funding policy is to meet the requirements of federal law and regulations including the minimum funding requirements of ERISA. The contributions will be determined based upon actuarial valuation and recommendations made by the actuary under accepted actuarial principles. The minimum funding requirements were met for 2024 and 2023.

***Note 4* Actuarial Present Value of Accumulated Plan Benefits**

Accumulated benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits payable under all circumstances: retirement, death, and termination of employment are included, to the extent they are deemed attributable to employee service rendered as of the valuation date.

The accumulated benefit information presented below was determined by Mercer, the Plan's consulting actuaries. Significant assumptions underlying this information include: (a) assumed interest rate of 6.00% for 2024 and 2023, (b) assumed set of retirement rates from age 55 to age 70, and (c) assumed mortality rates based on the Pri-2012 mortality tables projected generationally using scale MP-2021 for 2024 and 2023, with separate rates for male and female annuitants and non-annuitants.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

THE BAUSCH & LOMB RETIREMENT BENEFITS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

Note 4 Actuarial Present Value of Accumulated Plan Benefits - Continued

The interest crediting rate on employee contributions changed from 4.62% for 2023 to 5.25% for 2024.

The actuarial present value of accumulated plan benefits is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, withdrawal, or retirement) between the valuation date and the expected date of payment.

The following is a summary of benefit information as of January 1:

	<u>2024</u>	<u>2023</u>
Actuarial Present Value of Accumulated Plan Benefits:		
Vested Benefits:		
Participants Currently Receiving Benefits	\$ 91,605,062	\$ 92,723,024

Actuarial Present Value of Accumulated Plan Benefits, End of Year	<u><u>\$ 162,824,357</u></u>	<u><u>\$ 168,111,911</u></u>

Changes in actuarial assumptions include updates to the discount and mortality rates, and interest crediting rate on employer and employee contributions.

THE BAUSCH & LOMB RETIREMENT BENEFITS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

***Note 5* Federal Income Tax**

The Internal Revenue Service (IRS) has determined and informed the Company, by a letter dated April 12, 2021, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Company and Plan's benefits counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

***Note 6* Administrative Expenses**

All legal and accounting services are provided at the expense of the Company. All trustee, actuarial, consulting, investment management fees and PBGC premiums are paid out of the Plan or by the Company.

***Note 7* Transactions with Related Parties**

Certain plan investments are managed by the Trustee. Transactions involving shares of these investments qualify as party-in-interest transactions. Fees paid by the Plan for the Trustee, investment management, and Plan administration fees amounted to \$244,187 and \$245,948 for the years ended December 31, 2024 and 2023, respectively.

***Note 8* Information Certified by the Plan's Trustee**

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified to the completeness and accuracy of all information reflected on the accompanying statements of net assets available for benefits (except employer contributions receivable) as of December 31, 2024 and 2023, the schedule of assets (held at end of year) as of December 31, 2024, the investment income including net appreciation in fair value of investments reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, and the information reflected on the schedule of reportable transactions for the year ended December 31, 2024.

Statement by Enrolled Actuary
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Part V — Statement of actuarial assumptions/methods**Actuarial methods for funding****Asset method**

The asset valuation method is the average of the adjusted market values determined from three dates: the current and two preceding valuation dates. The adjusted market value is the market value at each determination date adjusted to the valuation date based on actual cash flows and expected interest at the lesser of the expected rate of return and the third segment rate. The actuarial value of assets is adjusted to be no greater than 110% and no less than 90% of the fair market value, as defined in Code Section 430.

A characteristic of this asset method is that, over time, it is slightly more likely to produce an actuarial value of assets that is less than the market value of assets than an actuarial value that is greater than the market value.

Participant methods

Participants are included or excluded from valuations as described below:

Participants included: Employees who have completed the plan's eligibility requirements are included in the valuation of liabilities.

Participants excluded: No liability is included for nonvested participants who terminated prior to the valuation date.

Insurance contracts: The plan does not have any insurance contracts.

Funding method

The funding target is computed using the traditional unit credit cost method. The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

The plan's valuation date is the beginning of the plan year.

An individual's funding target is the present value of future benefits based on credited service as of the beginning of the plan year. If multiple decrements are used, the funding target for an individual is the sum of the component funding targets associated with the various anticipated separation dates.

The plan's funding target is the sum of the individual funding targets.

Schedule SB, Part V — Summary of plan provisions**Summary of major plan provisions**

Effective date and plan year	Original plan: December 28, 1942 Most recent plan restatement: January 1, 2020 Plan year: Calendar year					
Status of the plan	The plan was closed to new entrants and benefit accruals ceased effective December 31, 2004.					
Significant events that occurred during the year	None.					
Definitions						
• Employers included	Bausch & Lomb Incorporated.					
• Eligibility	Employees became participants on the first day of the month following the attainment of age 21 and completion of one year of vesting service. The plan was closed to new entrants effective December 31, 2004.					
• Service considered	An employee receives one year of vesting service for any year in which he/she completes at least 1,000 hours of service.					
• Employer contributions	The employer contributes in such amounts and at such times to be consistent with plan objectives and government regulations.					
• Employee contributions	Participants are no longer required or permitted to make contributions after January 1, 2000. Beginning with the 1988 plan year, employee contributions must be credited with interest equal to 120% of the Federal mid-term rate for purposes of determining the employer and employee portions of the accrued benefit. This is in accordance with Revenue Ruling 89-60. The historical interest rates are as follows:					
	1988	10.61%	2001	6.75%	2014	2.10%
	1989	11.11%	2002	5.40%	2015	2.10%
	1990	9.57%	2003	4.12%	2016	2.17%
	1991	9.78%	2004	4.23%	2017	2.36%

	1993	7.63%	2006	5.39%	2019	3.47%
	1994	6.40%	2007	5.51%	2020	2.03%
	1995	9.54%	2008	4.31%	2021	0.62%
	1996	6.89%	2009	2.48%	2022	1.57%
	1997	7.34%	2010	2.95%	2023	4.62%
	1998	7.13%	2011	2.34%	2024	5.25%
	1999	5.59%	2012	1.40%		
	2000	7.47%	2013	1.04%		
• Participant-derived accrued benefit	The participant-derived accrued benefit is that portion of each participant's benefit calculated at the date of determination which is attributable to the participant's accumulated contributions.					
• Employer-derived accrued benefit	The employer-derived accrued benefit is the excess, if any, of the accrued benefit over the participant-derived accrued benefit.					

Schedule SB, Part V — Summary of plan provisions

- Accrued benefit
- A participant's accrued benefit is equal to a life annuity payable at the participant's normal retirement date in an amount equal to the actuarial equivalent of the amount credited to the Steady Growth Account at any determination date projected to normal retirement date. A participant's Steady Growth Account consists of hypothetical credits of contributions and interest consisting of the sum of the following: an "Opening Balance" (if any), a "Point-Based Contribution," a "Supplemental Contribution" (if any), and an "Interest Allocation" credited on the account balance.
These hypothetical allocations shall be determined as follows:

- a. Opening Balance
- The Steady Growth Account for an active participant on January 1, 2000 was credited with an Opening Balance on such date equal to the actuarial equivalent of the participant's accrued benefit under the plan on December 31, 1999. The 1983 Group Annuity Mortality Table blended 50% male/50% female and the 30-year Treasury rate in effect for November 1999 were used to determine a participant's Opening Balance. The Opening Balance for any active participant who did not have an accrued benefit on December 31, 1999 was set equal to zero.
- b. Point-Based Contribution
- Beginning on and after January 1, 2000, a participant's Steady Growth Account was credited each payroll period with a Point-Based Contribution as determined below:

Participant's points	% of participant's payroll period compensation credited to SGA
less than 40	3%
40–49	4%
50–59	5%
60–69	6%
70–79	8%
80+	10%

For purposes of this schedule, a participant's points equaled the sum of age and years of service determined on each January 1. For this purpose, only (1) whole numbers of age and years of service were used with any partial year rounded up to the next whole number and (2) all periods of service with a participating employer, whether or not consecutive, were taken into account.

Benefit accruals ceased effective December 31, 2004. There are no Point-Based Contributions after that date.

Schedule SB, Part V — Summary of plan provisions

c. Supplemental Contribution

Each active participant in the plan on January 1, 2000, whose total points on this date were 60 or more, received, in addition to the Point-Based Contribution determined in (b) above, a Supplemental Contribution to the Steady Growth Account in accordance with the following schedule:

Participant's points as of 1/1/2000	% of participant's payroll period compensation credited to SGA
60–69	2%
70–79	3%
80+	4%

The Supplemental Contribution rate determined on January 1, 2000 remained fixed for future years and was applied to all compensation earned by a participant in all payroll periods beginning on or after January 1, 2000 until the participant ceased active participation. The amount so determined was credited to a participant's Steady Growth Account at the same time and in the same manner as the crediting of the participant's Point-Based Contribution under (b) above.

Benefit accruals ceased effective December 31, 2004. There are no Supplemental Contributions after that date.

d. Interest Allocation

Each month beginning on or after January 1, 2000, and ending in the month preceding the date the participant commences distribution under the plan, the participant's Steady Growth Account shall receive an Interest Allocation calculated as follows:

- i. The annual interest rate used for each month in a plan year shall equal the greater of (1) the average annual yield on 10-year Treasury bonds in effect for the November preceding the plan year, as such rate is published by the Board of Governors of the Federal Reserve System, or (2) 4.50%.
- ii. Interest will be credited monthly. Each participant's Steady Growth Account will be increased by an amount equal to:

$T \times (1 + R)^{1/12}$ where

T = the total amount credited to the participant's Steady Growth Account as of the first day of the month; and

R = the annual interest rate in effect for the plan year.

• Compensation	Compensation is the gross remuneration paid to a participant for personal services actually rendered during a year including, but not limited to, base salary, wages, overtime pay, shift premiums, sales commissions, annual incentive bonus pay, and base severance benefits, but excluding long-term incentive awards, suggestion awards, tuition refunds, relocation expenses, enhanced severance benefits, employer contributions made under this plan or any other employee benefit or deferred compensation plan, and any employee contributions to a non-qualified deferred compensation plan.
----------------	--

Schedule SB, Part V — Summary of plan provisions

• Payment of account balance	A cash balance participant may receive a lump sum at any age after terminating employment. The lump sum payable is equal to a participant's Steady Growth Account balance. The Steady Growth Account balance will continue to be credited with an Interest Allocation for every month it is in the plan. A participant may receive a life annuity equal to the Steady Growth Account balance converted to an annuity using the interest and mortality rates under Code Section 417(e).
Normal retirement	
• Eligibility	The normal retirement date is the first day of the month following a participant's 63rd birthday.
• Benefit	The normal retirement benefit is equal to a participant's accrued benefit at the participant's normal retirement date.
Early retirement	
• Eligibility	A participant who reaches age 55 may elect early retirement.
• Benefit	The participant may elect to receive the Steady Growth Account balance as a lump sum or an actuarial equivalent annuity.
Late retirement	
• Eligibility	A participant who reaches age 63 may elect late retirement.
• Benefit	A participant who does not retire on his/her normal retirement date will continue to receive interest credits until his/her actual retirement date.
Deferred vested	
• Eligibility	A deferred vested pension is available after a participant completes three years of vesting service.
• Benefit	The deferred vested pension is equal to the participant-derived accrued benefit plus the vested portion of the participant's employer-derived accrued benefit and is payable at the participant's normal retirement date. In the event payments are to commence prior to such normal retirement date, the benefit shall be determined in the same manner as the early retirement benefit.
Disability	
• Eligibility	Same as deferred vested benefit.
• Benefit	Same as deferred vested benefit.

Schedule SB, Part V — Summary of plan provisions

Death benefit													
• Unmarried	The normal death benefit in the case of an unmarried participant who has a vested benefit on the date of his/her death shall be a lump sum payment equal to the vested amount of the participant's Steady Growth Account balance. This benefit shall be payable to the participant's beneficiary as soon as administratively practicable following the participant's death.												
• Married	The normal death benefit in the case of a married participant who has a vested benefit on the date of his/her death shall be the greater of (1) a Qualified Pre-Retirement Annuity for the participant's surviving spouse or (2) a life annuity for the participant's surviving spouse of actuarial equivalent value to the vested amount of the participant's Steady Growth Account balance. The surviving spouse may waive this benefit and receive in its place a lump sum payment equal to the participant's Steady Growth Account balance.												
Forms of payment													
• Automatic form for unmarried participants	Life annuity.												
• Automatic form for married participants	50% joint and survivor annuity.												
• Optional forms	Lump sum payment; life annuity; 10-year certain and life annuity; 50%, 66-2/3%, 75%, or 100% joint & survivor annuities with spouse or non-spouse beneficiary; and Social Security level income option.												
• Conversion factors	The Steady Growth Account is converted to a life annuity using the interest and mortality rates under Code Section 417(e). Conversion from life annuity to a Social Security level income option is based on the interest and mortality rates under Code Section 417(e). Conversion from a life annuity to other payments options is based on tabular factors. Below are sample conversion factors: <table><tr><th>Payment option</th><th>Conversion factor</th></tr><tr><td>10-year certain and life annuity</td><td>95.0%</td></tr><tr><td>100% joint & survivor annuity</td><td>80.0%</td></tr><tr><td>75% joint & survivor annuity</td><td>87.5%</td></tr><tr><td>66-2/3% joint & survivor annuity</td><td>90.0%</td></tr><tr><td>50% joint & survivor annuity</td><td>95.0%</td></tr></table> The joint & survivor annuity conversion factors shown above are based on a participant and beneficiary being the same age. Miscellaneous													
• Maximum benefits	Annual benefits may not exceed the limit in Code Section 415. This limit is indexed annually.												

Schedule SB, Part V — Summary of plan provisions**Benefits included or excluded**

Unless noted below, all benefits provided by the plan, as restated effective January 1, 2020, are included in valuations.

Plan amendments excluded: None.

Late retirement increases: Current deferred vested participants over normal retirement age are valued including late retirement actuarial increases.

Internal Revenue Code benefit limitations: The limitations of Code Section 415(b) are incorporated into valuations.

Code Section 416 rules for top-heavy plans: We do not test whether the plan is top-heavy (when the present value of benefits for key employees equals or exceeds 60% of the present value for all participants). However, we expect that the plan is not top-heavy due to the large number of rank-and-file participants.

Plan provision changes since prior valuation

There were no changes in plan provisions since the prior valuation.

INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
The Bausch & Lomb Retirement Benefits Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Bausch & Lomb Retirement Benefits Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule of Reportable Transactions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Respectfully submitted,

THE BAUSCH & LOMB RETIREMENT BENEFITS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

Note 1 **Description of Plan**

The following brief description of The Bausch & Lomb Retirement Benefits Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined benefit pension plan covering U.S. employees of Bausch + Lomb North America, a division of Bausch + Lomb Americas Inc. (the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Funds are held in the Bausch & Lomb Pension Trust (Trust).

Effective January 1, 2000, the Plan was amended and restated in its entirety, converting the benefit formula to a cash balance formula. As a result of this Plan amendment, participant contributions to the Plan were no longer permitted.

Effective December 31, 2004, the Company's Board of Directors passed a resolution to freeze the Plan. After December 31, 2004, no new participants were accepted into the Plan and no current participants accrue any additional benefits except for an interest allocation on the account balance. All of the pension benefits that had been earned through December 31, 2004, however, will be preserved and will be paid out when due in accordance with the normal provisions of the Plan.

Pension Benefits

Enrollment in the Plan was automatic for all employees hired before January 1, 2004, after completion of one year of continuous service, as defined in the Plan document, and the attainment of age 21. The Plan provides early retirement benefits beginning at age 55, normal retirement benefits at age 63 or deferred retirement benefits at ages greater than 63.

Under the cash balance formula, the benefit to which a vested participant is entitled upon retirement or termination of employment and meeting the vesting requirements, is a lump-sum (the actual form of payment may differ depending on the participant's election) equal to the participant's Steady Growth Account (the Participant Account) at the time of distribution. The Participant Account is comprised of the following:

- a) An opening balance equal to the actuarial equivalent of the participant's accrued benefit, if any, under the Plan on December 31, 1999;
- b) Point-based contributions, which were credited by the Company as a percentage of the participant's eligible compensation through the date the Plan was frozen. The percentage was determined based on the participant's points, which were equal to the participant's age plus years of service as of the beginning of the plan year;
- c) In addition to the point-based contributions, for all participants with 60 or more points as of January 1, 2000, supplemental contributions were credited by the Company as a percentage of the participant's eligible compensation;

***Note 1* Description of Plan - Continued**

Pension Benefits - Continued

- d) Interest credited on a monthly basis equal to the Participant Account at the beginning of the month, multiplied by the greater of the average annual yield on 10 year Treasury bonds in effect during November for the preceding Plan Year, or 4.50%.

Point-based and supplemental contributions ceased at the time the plan was frozen on December 31, 2004; however, interest is credited on the Participant Account until the date of distribution.

Interest credited to an individual's Participant Account was 5.25% for employee contributions and 4.50% for employer contributions for the 2024 Plan year.

Interest credited to an individual's Participant Account was 4.62% for employee contributions and 4.50% for employer contributions for the 2023 Plan year.

Vesting of Participants

Participants become fully vested in benefits attributable to Company contributions after completing three years of credited service, or reaching age 55, regardless of years of credited service. Participants are always fully vested in their own contributions. Participants may receive a refund of their contributions and accumulated interest without terminating employment and, in such cases, they will lose the benefits attributable to those contributions as their Participant Account will be reduced by the amount withdrawn.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

If the Plan is terminated or contributions are discontinued, the Plan shall be amended to provide for the allocation of the assets of the Plan in accordance with the priorities established by §4044 of ERISA as implemented by regulations thereunder promulgated by the Pension Benefit Guaranty Corporation. The rights of participants in their accrued benefits shall become nonforfeitable upon any such termination, whether it be a total or a partial termination. To the extent that there shall be assets in excess of those needed to satisfy the Plan's liabilities, such assets shall be returned to the Company.

***Note 2* Summary of Significant Accounting Policies**

Basis of Accounting

The Plan's financial statements are recorded on the accrual basis of accounting. Benefit payments are recorded when paid.

***Note 2* Summary of Significant Accounting Policies - Continued**

Subsequent Events

In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through October 7, 2025, the date that the financial statements were available to be issued.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities and the actuarial present value of accumulated plan benefits as of the date of the financial statements. Actual results could differ from those estimates.

The Plan uses an actuary to determine the actuarial present value of accumulated plan benefits. A change in the actuarial assumptions used could significantly change the amount of the actuarial present value of accumulated plan benefits reported in the accompanying financial statements.

Investments

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Common/collective trust funds are valued using the net asset value, as a practical expedient provided by the trustees based on the fair value of the underlying assets owned by the fund. There are no redemption pre-notifications required.

Purchases and sales of securities are recorded on a trade-date basis. Net realized and unrealized gains and losses are reflected in the accompanying financial statements as net appreciation in fair value of investments and are determined as the difference between fair value at the beginning of the year (or date purchased during the year) and selling price or year-end fair value.

Plan Administration

The Plan's assets are held in a trust, which was established for the investments of the assets of the Plan. The assets of the trust are held by The Northern Trust Company (the Trustee). The investment policy permits asset diversification to include a combination of cash, fixed income securities, equity investments and other investments, such as non-leveraged derivatives. The Northern Trust Company also serves as the Plan's investment manager. Mercer Retirement Administration is the recordkeeper of the Plan.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

***Note 2* Summary of Significant Accounting Policies - Continued**

Risks and Uncertainties

The Plan invests in investment securities which are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as inflation, a pandemic, or international conflict. Due to the level of risk associated with these investment securities, it is at least reasonably possible that changes in their values will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Payment of Benefits

Benefit payments are recorded when paid.

***Note 3* Funding Policy**

The Company's funding policy is to meet the requirements of federal law and regulations including the minimum funding requirements of ERISA. The contributions will be determined based upon actuarial valuation and recommendations made by the actuary under accepted actuarial principles. The minimum funding requirements were met for 2024 and 2023.

***Note 4* Actuarial Present Value of Accumulated Plan Benefits**

Accumulated benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits payable under all circumstances: retirement, death, and termination of employment are included, to the extent they are deemed attributable to employee service rendered as of the valuation date.

The accumulated benefit information presented below was determined by Mercer, the Plan's consulting actuaries. Significant assumptions underlying this information include: (a) assumed interest rate of 6.00% for 2024 and 2023, (b) assumed set of retirement rates from age 55 to age 70, and (c) assumed mortality rates based on the Pri-2012 mortality tables projected generationally using scale MP-2021 for 2024 and 2023, with separate rates for male and female annuitants and non-annuitants.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

THE BAUSCH & LOMB RETIREMENT BENEFITS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

Note 4 Actuarial Present Value of Accumulated Plan Benefits - Continued

The interest crediting rate on employee contributions changed from 4.62% for 2023 to 5.25% for 2024.

The actuarial present value of accumulated plan benefits is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, withdrawal, or retirement) between the valuation date and the expected date of payment.

The following is a summary of benefit information as of January 1:

	2024	2023
Actuarial Present Value of Accumulated Plan Benefits:		
Vested Benefits:		
Participants Currently Receiving Benefits	\$ 91,605,062	\$ 92,723,024
Other Participants	71,070,601	75,222,014
	<u>162,675,663</u>	<u>167,945,038</u>
Non-Vested Benefits	<u>148,694</u>	<u>166,873</u>
Total Actuarial Present Value of Accumulated Plan Benefits	<u>\$ 162,824,357</u>	<u>\$ 168,111,911</u>

The following is a summary of the changes in actuarial present value of accumulated plan benefits for the years ended January 1:

	2024	2023
Actuarial Present Value of Accumulated Plan Benefits, Beginning of Year:	<u>\$ 168,111,911</u>	<u>\$ 192,619,650</u>
Increase (Decrease) Attributed to:		
Benefits Accumulated and Actuarial Losses	1,565,218	2,270,467
Interest due to Decrease in the Discount Period	9,552,553	8,244,228
Benefits Paid to Participants	(16,435,731)	(17,380,776)
Change in Actuarial Assumptions	30,406	(17,641,658)

Actuarial Present Value of Accumulated Plan Benefits, End of Year	<u>\$ 162,824,357</u>	<u>\$ 168,111,911</u>

Changes in actuarial assumptions include updates to the discount and mortality rates, and interest crediting rate on employer and employee contributions.

THE BAUSCH & LOMB RETIREMENT BENEFITS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

***Note 5* Federal Income Tax**

The Internal Revenue Service (IRS) has determined and informed the Company, by a letter dated April 12, 2021, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Company and Plan's benefits counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

***Note 6* Administrative Expenses**

All legal and accounting services are provided at the expense of the Company. All trustee, actuarial, consulting, investment management fees and PBGC premiums are paid out of the Plan or by the Company.

***Note 7* Transactions with Related Parties**

Certain plan investments are managed by the Trustee. Transactions involving shares of these investments qualify as party-in-interest transactions. Fees paid by the Plan for the Trustee, investment management, and Plan administration fees amounted to \$244,187 and \$245,948 for the years ended December 31, 2024 and 2023, respectively.

***Note 8* Information Certified by the Plan's Trustee**

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified to the completeness and accuracy of all information reflected on the accompanying statements of net assets available for benefits (except employer contributions receivable) as of December 31, 2024 and 2023, the schedule of assets (held at end of year) as of December 31, 2024, the investment income including net appreciation in fair value of investments reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, and the information reflected on the schedule of reportable transactions for the year ended December 31, 2024.
