Independent Auditor's Report

Plan Administrator
NM Group Global, LLC Medical and Welfare Benefits Plan

Opinion

We have audited the financial statements of NM Group Global, LLC Medical and Welfare Benefits Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, line 4i—schedule of assets (held at end of year), and Schedule H, line 4j—schedule of reportable transactions as of and for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NM Group Global, LLC Medical and Welfare Benefits Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of NM Group Global, LLC Medical and Welfare Benefits Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General: NM Group Global, LLC (the Plan Sponsor) established and adopted the Plan effective January 1, 2014. The Plan makes available medical, dental and vision for all of the full-time employees of National Machinery, LLC. The Plan also provides benefits to participants during periods of unemployment provided the eligibility requirements of the Plan have been met and the employee elects to receive Consolidated Omnibus Budget Reconciliation Act (COBRA) coverage. The Plan provides medical, dental and prescription benefits under self-insured arrangements. Vision benefits are fully insured. The Plan does not provide any postretirement benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: All full-time employees of National Machinery, LLC are eligible to participate in benefits provided under the Plan immediately upon date of hire. Employees not electing to participate at the earliest eligible date are unable to participate until the next open enrollment period or following a qualified life event.

Contributions: The cost of the benefits offered under the Plan is shared by the participants and the employer on a basis determined by the employer and/or insurance companies. Active employees are charged a premium based on their election of coverage. The Company's policy is to contribute money sufficient to fund claims as paid. For COBRA participants, the cost of coverage is estimated to be paid entirely by the participant. The Company is responsible for the excess of benefit obligations over net assets of the Plan.

Stop-loss insurance: The Company purchased stop-loss policies insuring the Plan, to a specified limit, in the event that claims paid exceed \$175,000 per covered person and \$5,404,370 in the aggregate. Benefits that exceed these amounts, if any, will be paid by the insurance company.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment valuation and income recognition: Investments of the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, claims payable and disclosure of contingent asset and liabilities. Actual results could differ from those estimates.

Premium payments to insurance carriers: Premiums are recorded when paid.

Benefits paid: Claims expenses are recorded when paid by the claims administrator. Amounts due to the claims administrator that have yet to be reimbursed by the Plan are recorded as a liability.

NM Group Global, LLC Medical and Welfare Benefits Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Administrative expenses: Administrative expenses are recognized when incurred. Administrative expenses may be paid directly by the Plan Sponsor.

Stop-loss coverage: During the Plan years ended December 31, 2024 and 2023, the Plan participated in an agreement with Elevance Health (formerly Anthem) to provide health benefits to Plan participants under a partially self-insured arrangement, which included aggregate stop-loss insurance and per participant stop-loss coverage. During 2024, the Plan had \$177,920 in stop-loss reimbursements, which is reflected as a reduction in claims paid reported on the statement of changes in net assets available for benefits. The amounts related to the stop-loss reimbursement received after the Plan's year-end have been recorded as a stop-loss receivable and reduction of claims paid.

Subsequent events: The Plan has evaluated subsequent events through October 7, 2025, the date the financial statements were available to be issued.

Note 3. Benefit Obligations

Benefit obligations of the Plan include claims incurred as of the Plan's year end but not reported, claims reported but not yet processed. Benefit obligations as of December 31, 2024 and 2023, are as follows:

	2024	2023
Claims payable and claims incurred but not yet reported	\$ 182,148	\$ 213,022
Plan's total benefit obligation	<u>\$ 182,148</u>	<u>\$ 213,022</u>

Changes in the Plan's benefit obligations for the year ended December 31, 2024, are as follows:

Balance, beginning of year	\$ 213,022
Claims and premiums incurred	5,908,651
Claims and premiums paid	(5,939,525)
Balance, end of year	<u>\$ 182,148</u>

Benefit obligations for claims incurred but not reported are estimated using methods that take into consideration actual claims experience.

Note 4. Fair Value Measurements

The Plan has determined the fair value of certain assets through application of accounting guidance that establishes a framework for measuring fair values. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under this standard are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NM Group Global, LLC Medical and Welfare Benefits Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no material changes in the methodologies used at December 31, 2024 and 2023.

Money market deposit account: This investment is valued using cost basis of the deposit, which approximates fair value.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

	2024			
	Level 1	Level 2	Level 3	Total
Money market deposit account	\$ 862,124	\$ -	\$ -	\$ 862,124
Total investments at fair value	\$ 862,124	\$ -	\$ -	\$ 862,124
	2023			
	Level 1	Level 2	Level 3	Total
Money market deposit account	\$ 1,694,809	\$ -	\$ -	\$ 1,694,809
Total investments at fair value	\$ 1,694,809	\$ -	\$ -	\$ 1,694,809

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to the total net assets available for benefits.

NM Group Global, LLC Medical and Welfare Benefits Plan

Notes to Financial Statements

Note 5. Party-in-Interest Transactions

Certain Plan assets were invested in a money market deposit account with the custodian of the Plan. In addition, fees were paid to parties in interest for various Plan administrative services. Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. These transactions are exempt from the party-in-interest transaction prohibitions of ERISA.

Note 6. Tax Status

The Plan and related voluntary employees' benefit association (VEBA) trust are qualified pursuant to Section 501(c)(9) of the Internal Revenue Code (IRC) and, accordingly, the Plan's net investment income is exempt from income taxes. The VEBA trust obtained a favorable tax determination letter from the IRC dated October 15, 2015, and the Plan Administrator believes that the VEBA trust, as amended, continues to qualify and to operate in accordance with applicable sections of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Plan Termination

The Plan Sponsor has the right, under the Plan document, to terminate the Plan at any time upon advance written notice to the trustee and the participants. If the Plan was terminated, assets of the Plan, to the extent available, would be applied against claims.

Note 8. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2024 and 2023:

	2024	2023
Net assets available for benefits per the financial statements	\$ 662,757	\$ 1,753,048
