REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Gerdau Benefits Administrative Committee and Participants
Gerdau Ameristeel US 401(k) Retirement Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Gerdau Ameristeel US 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore it is not guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedule required by ERISA

The supplemental schedule of assets (held at the end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from

the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Gerdau Ameristeel US 401(k) Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

Effective January 1, 2009, Gerdau Ameristeel US Inc. (the "Company" or the "Plan Sponsor") established the Plan as a defined contribution plan. The Plan covers substantially all non-union employees of the Company and its subsidiaries.

The Gerdau Benefits Plans Administrative Committee (the "Committee") of the Plan, established by the Board of Directors of the Company, manages the operation and administration of the Plan. Fidelity Management Trust Company ("Fidelity" or the "Trustee") serves as the Trustee of the Plan, the Gerdau Ameristeel US Savings Plan (the "Gerdau Savings Plan"), a separate plan sponsored by the Company, and the Gerdau Ameristeel US 401(k) Retirement Plan Master Trust (the "Master Trust"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Eligibility

Generally, all non-union employees of the Company who are not eligible to participate in the Gerdau Savings Plan are eligible to participate in the Plan. Employees hired or rehired on or after January 1, 2010 were automatically enrolled approximately 45 days after becoming eligible.

Participants who previously participated in the Gerdau Savings Plan became eligible for participation in this Plan effective January 1, 2016 and had their account balances from the Gerdau Savings Plan transferred to this Plan, and administered in accordance with the Plan's rules.

Contributions

Each year, participants may contribute from 1% to 75% of their pre-tax annual eligible compensation, as defined by the Plan, subject to certain Internal Revenue Code ("IRC") limitations. The Company matches participant pre-tax contributions in amounts equal to 100% up to 6% of eligible compensation ("Safe Harbor Match") that a participant contributes to the Plan. Employees are automatically enrolled in the Plan after becoming eligible at a pre-tax contribution rate of 4% of eligible compensation, subject to an automatic escalation clause of 1% annual increase to a maximum 6% contribution election. Employees subject to automatic enrollment may elect to contribute a different percentage of eligible compensation, opt out of the automatic escalating contribution feature, or elect not to contribute at all.

The Committee may approve an additional matching contribution on a discretionary basis. For the year ended December 31, 2024, there were no discretionary matching contributions. The Company makes nonelective contributions (or "choice contributions") to those participants that choose to freeze their participation in the Gerdau Ameristeel US Retirement Plan ("Gerdau Retirement Plan"). The contribution rate for the choice contributions was determined by the years of service with the Company as of December 31, 2009. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching and/ or nonelective contribution, allocations of Company discretionary contributions, Plan earnings, and charged with withdrawals and allocations of plan losses and

Gerdau Ameristeel US 401(k) Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions, Safe Harbor Match, discretionary, and non-elective contribution portion of their accounts, plus actual earnings or losses thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum of the lesser of 50% of their vested account balances or \$50,000. One general purpose loan and one loan for the purchase of a principal residence is allowed at any time per participant. Loan terms range from one to five years for a general purpose loan, or up to 15 years for the purchase of a primary residence. Loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates at the time funds are borrowed. Principal and interest is paid ratably through payroll deductions.

Benefit Payments

Upon a participant's retirement, death, disability or termination of employment, the balance in the participant's account, if the balance is greater than \$5,000, is distributed to the participant, or the designated beneficiary, as a single lump-sum distribution or rollover to another qualified plan or Individual Retirement Account ("IRA"), partial withdrawals, or by installments over a specified period not to exceed the participant's or the beneficiary's life expectancies. If the participant has elected to retire and has an accrued benefit in the Plan, the balance may be transferred into the Gerdau Retirement Plan. The Gerdau Retirement Plan is a defined benefit plan, funded by the Company, which provides retirement and disability benefits for substantially all non-union employees of the Company. Mandatory distributions of account balances less than \$5,000 are made in a lump sum or rolled over to an IRA or an eligible qualified plan. In certain circumstances, participants may make "hardship withdrawals" as defined in the Plan. Active participants may also take distributions from the Plan upon attainment of age 59½.

Transfer of Assets

Certain employees participate in the Plan or other affiliated Gerdau Ameristeel US Inc. sponsored plans (the "affiliate plans"). Participation in the Plan or other affiliate plans is based upon the employee's job classification. Consequently, transfers of assets between the Plan and other affiliate plans occur as participants change job classifications. The assets are transferred at fair value. For the Plan year 2024, net transfers to the Plan from the Gerdau Ameristeel US Savings Plan amounted to \$131,361 and net transfers to the Plan from the Gerdau Macsteel Savings Plan amounted to \$61,999.

Forfeited Accounts

Forfeitures of participants' account balances at termination may be used to pay plan expenses or reduce future employer contributions. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$6 and \$65, respectively. During the year ended December 31, 2024, Company contributions were reduced by \$5,266 from forfeited non-vested accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Gerdau Ameristeel US 401(k) Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred.

Investment Valuation and Income Recognition

The Plan's and Master Trust's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and Trustee. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment income includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Administrative expenses are paid by the Plan or by the Company, as provided in the Plan document. Plan recordkeeping and Trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Transactional fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Management fees and operating expenses charged to the Plan for investments in the mutual funds within the Master Trust are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Subsequent Events

The Plan has evaluated subsequent events through October 6, 2025, the date the financial statements were available to be issued. The Plan was subject to a class-action lawsuit where the individuals in the lawsuit (the "Plaintiff") claims that the Plan Sponsor should not have selected and maintained certain funds and investment options in the Plan and the Plan paid higher recordkeeping and administrative fees than necessary. The Plan Sponsor agreed to a settlement ("Settlement Agreement") as of February 4, 2025. The Settlement Agreement states the Plan Sponsor will make a one-time payment of \$1,500,000. The amount will first be used to pay settlement-related expense and then the remaining amount will be distributed to the Settlement Class Members, as defined in the agreement. This will not impact the net assets of the Plan. The Plan is not aware of any other subsequent events which would require recognition or disclosure in the financial statements.

NOTE 3 - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected to have the audit performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan administrator determined that the certifications received from Fidelity meet the requirements of ERISA Section 103(a)(3)(C). Fidelity certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Plan interest in Master Trust and notes receivable from participants as shown in the statements of net assets available for benefits as December 31, 2024 and December 31, 2023.
- Plan interest in Master Trust investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2024.

NOTE 4 - INTEREST IN MASTER TRUST

Use of the Master Trust permits the commingling of the assets of the Plan and the Gerdau Savings Plan (the "Participating Plans") for investment and administrative purposes. The assets of the Participating Plans are commingled in the Master Trust; however, the Trustee maintains supporting records for the purpose of allocating the net gain or loss of the investment account to the Participating Plans.

The Master Trust assets are invested and records are maintained by each investment option. Investments are allocated to the participating plans in accordance with the Plan provisions and participant allocation elections. The allocation of net assets is based on the respective number of units held by the plans' participants as of year-end. The allocation of the changes in net assets is calculated daily based on the units held by the plans participants as of that day's end.

The following table presents the investments of the Master Trust:

	December 31, 2024		December 31, 2023	
	Master Trust	Plan Interest	Master Trust	Plan Interest
Mutual funds	\$ 722,368,769	\$ 672,185,235	\$ 646,112,467	\$ 597,310,893
Collective trust fund	59,576,012	55,373,393	68,573,653	63,501,672
Total Investments	<u>\$ 781,944,781</u>	<u>\$ 727,558,628</u>	<u>\$ 714,686,120</u>	<u>\$ 660,812,565</u>

Investment income in the Master Trust is as follows for the year ended December 31, 2024:

Investment income:	
Net appreciation in fair value of investments	\$ 97,577,762
Interest and dividends	16,706,210
	<u>\$ 114,283,972</u>
Plan's allocation of net investment income of the Master Trust	<u>\$ 105,556,688</u>

NOTE 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective trust fund: The fair values of participation units held in the collective trust are based on the net asset values ("NAVs") per unit as reported by the fund managers. The NAVs per unit are used as a practical expedient to estimate fair value. The collective trust provides for daily redemptions by the participants at reported NAV per share, with no advance notice requirement. Plan level liquidations require notice to Fidelity and could result in the Plan's investment in the fund being placed into an investment only account for up to 12 months.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

The following table presents the fair value measurements, including investments, by general type of the Master Trust as of December 31, 2024 and 2023:

<u>Description</u>	<u>Fair Value Measurements at December 31, 2024</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Investments measured at NAV ^(a)				<u>68,573,653</u>
Investments, at fair value				<u>\$ 714,686,120</u>

^(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the table that includes interest of the master trust.

NOTE 6 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under the U.S. Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. Notes receivable from participants also reflect party-in-interest transactions.

Certain plan investments of the Master Trust and the Plan include a collective trust fund and shares of mutual funds that are managed by affiliates of Trustee. These transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for the investment management services were included as a reduction of return earned on each fund.

Gerdau Ameristeel US 401(k) Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

NOTE 7 - REVENUE SHARING ARRANGEMENT

The Trustee provides certain administrative services to the Plan pursuant to a Master Trust Agreement (“MTA”) between the Company and the Trustee. The Trustee receives revenue from mutual fund and collective trust fund service providers for the services the Trustee provides to the funds. This revenue is used to offset certain amounts owed to the Trustee for its administrative services to the Plan.

For the year ended December 31, 2024, the Trustee made an annual payment of \$230,000 prorated across all plans on the Master Trust and the plans of the Gerdau MacSteel Master Trust. The revenue credit was funded on a quarterly basis. Such amount may be applied to reimburse the Company for expenses paid on behalf of the Plan or to directly pay plan administrative expenses. Any amounts unused for expenses may be allocated to the accounts of the participants, provided that such allocation shall not occur more frequently than quarterly. The Plan or the Company may make a payment to the Trustee for administrative expenses not covered by revenue sharing. During the year ended December 31, 2024, revenue credit received by the Plan amounted to \$175,418, and administrative fees paid from the revenue credit account amounted to \$268,472. During 2024, the change in market value of the revenue credit account amounted to net appreciation of \$10,102. As of December 31, 2024 and 2023, the balance in the revenue credit account amounted to \$184,603 and \$267,555, respectively.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions to the Plan at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in Company matching contributions of their account.

NOTE 9 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated November 17, 2017 that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, risks pertaining to a pandemic and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the financial statements and participants’ account balances.
