Bank of China 401(k) Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Bank of China 401(k) Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Bank of China 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bank of China 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bank of China 401(k) Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Bank of China 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bank of China 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The information in the supplemental schedule(s) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

The following description of the Bank of China 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan designed to provide benefits to full-time employees of Bank of China (Company) who have attained age 21. Part-time, temporary, and intern employee positions become eligible after attaining age 21 and meeting a 90-day service requirement. Employees who attain eligibility status will be automatically enrolled with a 1% contribution unless they elect otherwise. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

Contributions

Eligible employees may pay into the Plan as a salary reduction contribution up to the annual maximum allowed by the Internal Revenue Code (\$23,000 for the year ended December 31, 2024). Individuals aged 50 or older are eligible to make additional annual catch-up contributions to a maximum of \$7,500 for the year ended December 31, 2024. Roth and rollover contributions are also permitted.

Employer contributions are allowed but not required. During the year ended December 31, 2024, the Company made a 100% matching contribution to a maximum of 5% of the employee's eligible compensation. Discretionary profit-sharing contributions are also permitted. There was no discretionary profit-sharing contribution for the years ended December 31, 2024 and 2023.

Vesting

Participants are immediately 100% vested in their own contributions to the Plan and earnings thereon.

Vesting in the Company contributions, if any, is based on years of service as follows:

Less than one year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Administrative Costs

Most costs incurred to administer the Plan are paid by the Company; however, certain administrative costs were paid by the Plan, net of forfeitures or other revenue credits that can be utilized to pay plan expenses (see Note 5).

Forfeitures

A forfeiture is the non-vested portion of a participant's account which the participant loses upon termination of employment. Forfeitures are used to reduce employer contributions to the Plan or pay Plan expenses. Total forfeitures and related earnings during 2024 and 2023 were approximately \$329,000 and \$377,000, respectively. Forfeitures totaling \$278,000 in 2024 and \$383,000 in 2023 were used to reduce administrative expenses or employer contributions to the Plan during the year ended December 31, 2024 and December 31, 2023. Net assets available for benefits include approximately \$58,000 and \$7,000 of forfeitures at December 31, 2024 and 2023, respectively.

**Bank of China 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023**

Loans to Participants

Participants may borrow from their accounts a minimum of \$1,000. The largest amount that may be borrowed is 50% of the participant's vested account balance to a maximum of \$50,000 (see Note 7). However, the \$50,000 maximum will be reduced by the highest outstanding loan balance the participant had during the previous 12-month period. Loan terms range up to five years or longer if used for the purchase of a principal residence. Loan repayments are made in equal installments through payroll deductions. At December 31, 2024, the interest rate on outstanding loans ranged from 4.25% to 9.50%.

Payment of Benefits

Upon termination of service, participants with vested balances over \$5,000 may elect to leave their vested balance in the Plan or they may elect a lump sum or other form of payment. For vested balances of \$1,000 to \$5,000, if no other form of payment is elected, the vested balance is automatically rolled into an individual retirement account (IRA). For vested balances under \$1,000, if no other form of payment is elected, the vested balance is automatically paid as a lump sum.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of; (a) the Company's contribution, and (b) investment earnings, and charged with allocations of; (a) investment income and losses, and (b) expenses. Allocations are based on participant compensation, account balances, or account activity, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Other Income

Other income represents a revenue credit received from Fidelity Management Trust Company as described in Note 5.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan maintains its accounting records on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 4).

Purchases and sale of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value (net investment gain or loss) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Subsequent Events

Subsequent events have been evaluated through October 3, 2025, the date the financial statements were approved and authorized for issue by the Plan Administrator.

Note 3. Investments Certified by the Trustee

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the years ended December 31, 2024 and 2023, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by the Fidelity Management Trust Company, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate.

Information relating to the assets certified by the Trustee at December 31, 2024 and 2023 is as follows:

	<u>2024</u>	<u>2023</u>
Mutual funds	\$ 154,359,239	\$ 122,442,029
Common collective trust fund - stable value	11,441,181	14,509,640
Money market fund	3,435,356	94,324
Notes receivable from participants	466,992	494,694
	<u>\$ 169,702,768</u>	<u>\$ 137,540,687</u>

The following was also certified by the Trustee for the years ended December 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
Net appreciation in fair value of investments	\$ 16,400,603	\$ 17,927,177
Interest and dividends	6,474,142	4,706,611
Interest income on notes receivable from participants	27,395	32,376

Note 4. Fair Value Measurements

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measured. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
- Level 2** Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability
- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 2024 and 2023.

- Mutual funds are stated at fair value based on quoted prices in an active market for each share held by the Plan.
- Money market fund is valued at cost plus accrued interest, which approximates fair value.
- Common collective trust fund is a stable value is stated at fair value which is determined by the trustee of the fund based on the underlying assets, which represents the net asset value, a practical expedient to fair value, of units held in the fund. The stable value fund does not have any unfunded commitments relating to investments. Participants cannot transfer their fund balances to non-competing funds for 90 days.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 154,359,239	\$ -	\$ -	\$ 154,359,239

(a) The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024 and 2023, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan:

	<u>2024 Fair Value</u>	<u>2023 Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Common collective trust fund - stable value	\$ 11,441,181	\$ 14,509,640	N/A	Daily	12 Months

Note 5. Related Party Transactions

Certain investments were shares of funds managed by Fidelity Management Trust Company, the custodian of the Plan. Administrative expenses paid to Fidelity Management Trust Company by the Plan approximated \$30,408 for the year ended December 31, 2024 and \$4,902 for the year ended December 31, 2023.

The Plan allows for the allocation of amounts a service provider agrees to credit the Plan to a suspense account from which the Plan Administrator may pay Plan expenses and/or allocate amounts to the accounts of participants and beneficiaries. For the year ended December 31, 2024 and 2023, the Plan received a revenue credit and earnings thereon of approximately \$34,197 and \$59,845 respectively from Fidelity Management Trust Company, of which \$185,620 and \$0 was used to pay Plan expenses or offset employer contributions in year 2024 and 2023 respectively. The available balance of the revenue credit account for the years ended December 31, 2024 and 2023 was \$110,610 and \$262,033, respectively.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan terminates, participants will become 100% vested in their accounts.

Note 7. Tax Status

On June 30, 2020, the Internal Revenue Service (IRS) stated that the prototype plan adopted by the Plan, as then designed, qualifies under section 401(a) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2021.

Note 8. Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Bank of China 401(k) Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Bank of China 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bank of China 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bank of China 401(k) Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Bank of China 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bank of China 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The information in the supplemental schedule(s) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

The following description of the Bank of China 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan designed to provide benefits to full-time employees of Bank of China (Company) who have attained age 21. Part-time, temporary, and intern employee positions become eligible after attaining age 21 and meeting a 90-day service requirement. Employees who attain eligibility status will be automatically enrolled with a 1% contribution unless they elect otherwise. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

Contributions

Eligible employees may pay into the Plan as a salary reduction contribution up to the annual maximum allowed by the Internal Revenue Code (\$23,000 for the year ended December 31, 2024). Individuals aged 50 or older are eligible to make additional annual catch-up contributions to a maximum of \$7,500 for the year ended December 31, 2024. Roth and rollover contributions are also permitted.

Employer contributions are allowed but not required. During the year ended December 31, 2024, the Company made a 100% matching contribution to a maximum of 5% of the employee's eligible compensation. Discretionary profit-sharing contributions are also permitted. There was no discretionary profit-sharing contribution for the years ended December 31, 2024 and 2023.

Vesting

Participants are immediately 100% vested in their own contributions to the Plan and earnings thereon.

Vesting in the Company contributions, if any, is based on years of service as follows:

Less than one year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Administrative Costs

Most costs incurred to administer the Plan are paid by the Company; however, certain administrative costs were paid by the Plan, net of forfeitures or other revenue credits that can be utilized to pay plan expenses (see Note 5).

Forfeitures

A forfeiture is the non-vested portion of a participant's account which the participant loses upon termination of employment. Forfeitures are used to reduce employer contributions to the Plan or pay Plan expenses. Total forfeitures and related earnings during 2024 and 2023 were approximately \$329,000 and \$377,000, respectively. Forfeitures totaling \$278,000 in 2024 and \$383,000 in 2023 were used to reduce administrative expenses or employer contributions to the Plan during the year ended December 31, 2024 and December 31, 2023. Net assets available for benefits include approximately \$58,000 and \$7,000 of forfeitures at December 31, 2024 and 2023, respectively.

**Bank of China 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023**

Loans to Participants

Participants may borrow from their accounts a minimum of \$1,000. The largest amount that may be borrowed is 50% of the participant's vested account balance to a maximum of \$50,000 (see Note 7). However, the \$50,000 maximum will be reduced by the highest outstanding loan balance the participant had during the previous 12-month period. Loan terms range up to five years or longer if used for the purchase of a principal residence. Loan repayments are made in equal installments through payroll deductions. At December 31, 2024, the interest rate on outstanding loans ranged from 4.25% to 9.50%.

Payment of Benefits

Upon termination of service, participants with vested balances over \$5,000 may elect to leave their vested balance in the Plan or they may elect a lump sum or other form of payment. For vested balances of \$1,000 to \$5,000, if no other form of payment is elected, the vested balance is automatically rolled into an individual retirement account (IRA). For vested balances under \$1,000, if no other form of payment is elected, the vested balance is automatically paid as a lump sum.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of; (a) the Company's contribution, and (b) investment earnings, and charged with allocations of; (a) investment income and losses, and (b) expenses. Allocations are based on participant compensation, account balances, or account activity, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Other Income

Other income represents a revenue credit received from Fidelity Management Trust Company as described in Note 5.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan maintains its accounting records on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 4).

Purchases and sale of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value (net investment gain or loss) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Subsequent Events

Subsequent events have been evaluated through October 3, 2025, the date the financial statements were approved and authorized for issue by the Plan Administrator.

Note 3. Investments Certified by the Trustee

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the years ended December 31, 2024 and 2023, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by the Fidelity Management Trust Company, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate.

Information relating to the assets certified by the Trustee at December 31, 2024 and 2023 is as follows:

	<u>2024</u>	<u>2023</u>
Mutual funds	\$ 154,359,239	\$ 122,442,029
Common collective trust fund - stable value	11,441,181	14,509,640
Money market fund	3,435,356	94,324
Notes receivable from participants	466,992	494,694
	<u>\$ 169,702,768</u>	<u>\$ 137,540,687</u>

The following was also certified by the Trustee for the years ended December 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
Net appreciation in fair value of investments	\$ 16,400,603	\$ 17,927,177
Interest and dividends	6,474,142	4,706,611
Interest income on notes receivable from participants	27,395	32,376

Note 4. Fair Value Measurements

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measured. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
- Level 2** Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability
- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 2024 and 2023.

- Mutual funds are stated at fair value based on quoted prices in an active market for each share held by the Plan.
- Money market fund is valued at cost plus accrued interest, which approximates fair value.
- Common collective trust fund is a stable value is stated at fair value which is determined by the trustee of the fund based on the underlying assets, which represents the net asset value, a practical expedient to fair value, of units held in the fund. The stable value fund does not have any unfunded commitments relating to investments. Participants cannot transfer their fund balances to non-competing funds for 90 days.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 154,359,239	\$ -	\$ -	\$ 154,359,239

December 31, 2024 and 2023**

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 122,442,029	\$ -	\$ -	\$ 122,442,029

Investments measured at NAV (a)				<u>14,509,640</u>
Total investments at fair value				<u>\$ 137,045,993</u>

(a) The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024 and 2023, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan:

	<u>2024 Fair Value</u>	<u>2023 Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Common collective trust fund - stable value	\$ 11,441,181	\$ 14,509,640	N/A	Daily	12 Months

Note 5. Related Party Transactions

Certain investments were shares of funds managed by Fidelity Management Trust Company, the custodian of the Plan. Administrative expenses paid to Fidelity Management Trust Company by the Plan approximated \$30,408 for the year ended December 31, 2024 and \$4,902 for the year ended December 31, 2023.

The Plan allows for the allocation of amounts a service provider agrees to credit the Plan to a suspense account from which the Plan Administrator may pay Plan expenses and/or allocate amounts to the accounts of participants and beneficiaries. For the year ended December 31, 2024 and 2023, the Plan received a revenue credit and earnings thereon of approximately \$34,197 and \$59,845 respectively from Fidelity Management Trust Company, of which \$185,620 and \$0 was used to pay Plan expenses or offset employer contributions in year 2024 and 2023 respectively. The available balance of the revenue credit account for the years ended December 31, 2024 and 2023 was \$110,610 and \$262,033, respectively

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan terminates, participants will become 100% vested in their accounts.

Note 7. Tax Status

On June 30, 2020, the Internal Revenue Service (IRS) stated that the prototype plan adopted by the Plan, as then designed, qualifies under section 401(a) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2021.

Note 8. Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
