## INDEPENDENT AUDITOR'S REPORT

To the Trustees  
**Action Ambulance 401(k) Retirement Plan**

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of **Action Ambulance 401(k) Retirement Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of **Action Ambulance 401(k) Retirement Plan's** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Action Ambulance 401(k) Retirement Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Action Ambulance 401(k) Retirement Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Action Ambulance 401(k) Retirement Plan's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Action Ambulance 401(k) Retirement Plan's** ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter – Supplemental Schedule Required by ERISA**

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

To the Trustees  
**Action Ambulance 401(k) Retirement Plan**  
Page 4

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## ACTION AMBULANCE 401(k) RETIREMENT PLAN

### NOTES TO FINANCIAL STATEMENTS

---

#### NOTE 1: DESCRIPTION OF PLAN

The following description of the Action Ambulance 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

**General:** The Plan is a defined-contribution plan established on April 1, 1997, to provide retirement and other related benefits to employees of Action Ambulance Service, Inc. and its subsidiaries (the "Company"). Employees are eligible to participate on the first day of the quarter coincident with or next following the later of the employee's attainment of the age 21 and the completion of one year or 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

**Participant Contributions:** Each year, participants may contribute an amount up to 90% of their pretax annual compensation, as defined in the Plan, up to the maximum dollar amount allowed under the Internal Revenue Code ("IRC"). Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows some or all of the participants' contributions to be designated as after-tax, Roth deferral contributions. Participants may also contribute amounts representing distributions from other qualified plans. Unless directed otherwise by the participant, upon becoming eligible to participate in the Plan, 6% of a participant's eligible compensation will be contributed to the Plan. In addition, each year, a participant's deferral contribution will automatically increase by 1% up to a maximum of 10% of a participant's eligible compensation, unless directed otherwise by the participant.

**Employer Contributions:** In any Plan year, the Company may elect to make discretionary matching contributions to each eligible participant's account. The Company made a discretionary matching contribution to eligible participants equal to 50% of participants' contributions capped at 4% of compensation for the year ended December 31, 2024.

**Investment Options:** Participants direct the investment of contributions into various investment options offered by the Plan.

**Notes Receivable from Participants:** Participants may borrow from their account balance a minimum of \$1,000 or up to 50% of their vested account balances up to a maximum of \$50,000. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes receivable fund. Notes receivable terms cannot exceed five years. Loans are secured by the balances in the participants' accounts and are supported by a promissory note. Loans bear interest at rates based on the prevailing interest rates charged by entities in the business of lending money for loans that would be made under similar circumstances (5.25% - 10.50% at December 31, 2024). Principal and interest are paid ratably usually through payroll deductions. If participants are terminating or retiring, they will have the choice of repaying the loan or having the loan offset from their account. The offset loan amount will be considered a taxable distribution.

**ACTION AMBULANCE 401(k) RETIREMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**

---

**NOTE 1: DESCRIPTION OF PLAN (CONTINUED)**

**Participant Accounts:** Each participant’s account is credited with the participant’s contributions, the Company’s discretionary matching contributions, if any, and Plan earnings or losses, and charged with an allocation of administrative expenses, if any. Allocations of participant earnings (losses) are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

**Vesting:** Participants are immediately 100% vested in their voluntary contributions and rollover contributions, plus the investment earnings thereon. Company discretionary matching contributions, if any, and related earnings are subject to a vesting schedule based on the number of years of service as follows:

<u>Years of Service</u>	<u>Vested Percent</u>
Less than 1 year	0%
1 year but less than 2	20%
2 years but less than 3	40%
3 years but less than 4	60%
4 years but less than 5	80%
5 or more years	100%

Participants' interest in their accounts shall become 100% vested and non-forfeitable without regard to their credited years of service if they are employed by the Company on or after age 65, incur a permanent and total disability, or die while employed by the Company. If a participant who is not fully vested terminates employment with the Company, the participant shall be entitled to the vested portion of their account.

**Payment of Benefits:** Upon termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant’s vested interest in his or her account or periodic installment distributions. If a participant terminates employment for any reason, his or her account becomes 100% distributable if below \$7,000.

A participant may also request a withdrawal upon attainment of age 59½, or upon demonstration by the participant to the Plan Administrator that the participant is suffering from a hardship, as defined in the Plan document.

**Forfeited Accounts:** At December 31, 2024 and 2023, forfeited, unvested accounts totaled \$14,232 and \$17,080, respectively. These accounts will be used to reduce the future employer contributions and Plan expenses. In 2024, employer contributions were reduced by \$13,968 from forfeited non-vested accounts.

## ACTION AMBULANCE 401(k) RETIREMENT PLAN

### NOTES TO FINANCIAL STATEMENTS

---

#### NOTE 2: SIGNIFICANT ACCOUNTING POLICIES

**Basis of Accounting:** The financial statements of the Plan are prepared under the accrual method of accounting. The financial statements and supplemental schedules have been prepared to satisfy the reporting and disclosure requirements of ERISA.

**Use of Estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires Plan management to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Risks and Uncertainties:** The Plan utilizes various investment securities. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

**Investment Valuation and Income Recognition:** Investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers, trustees and other parties involved with the Plan. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Administrative Expenses:** Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

**Payment of Benefits:** Benefit payments to participants are recorded when paid.

**Notes Receivable from Participants:** Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

## **ACTION AMBULANCE 401(k) RETIREMENT PLAN**

### **NOTES TO FINANCIAL STATEMENTS**

---

#### **NOTE 2: SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Uncertain Tax Positions:** GAAP requires Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2021.

#### **NOTE 3: PLAN TERMINATION**

The Plan was established with the intention that it will continue indefinitely. However, the Company reserves the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts.

#### **NOTE 4: TAX STATUS**

On June 30, 2020, the IRS stated that the prototype adopted by the Plan, as then designed, was in compliance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

#### NOTE 5: CERTIFICATION OF QUALIFIED INSTITUTION

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company, the Trustee, certified that the following data included in the accompanying financial statements and supplemental schedule of assets (held at end of year) are complete and accurate.

	<u>December 31,</u>	
	2024	2023
Common/collective trusts	\$ 6,094,290	\$ 6,394,297
Mutual funds	\$ 1,067,975	\$ 763,546
Pooled separate accounts	\$ 221,505	\$ 169,469
Insurance annuity contract, fully benefit-responsive	\$ 551	\$ -
Notes receivable from participants	\$ 186,077	\$ 208,935

  

	<u>Year Ended</u>
	<u>December 31,</u>
	2024
Net appreciation in fair value of investments	\$ 775,991
Interest and dividend income	\$ 17,835
Interest earned on notes receivable from participants	\$ 16,591

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

#### NOTE 6: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB"), Accounting Standards Codification ("ASC") 820, "*Fair Value Measurement and Disclosures*", provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

## ACTION AMBULANCE 401(k) RETIREMENT PLAN NOTES TO FINANCIAL STATEMENTS

---

### NOTE 6: FAIR VALUE MEASUREMENTS (CONTINUED)

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access at the measurement date.

Level 2 - inputs other than quoted market prices included within level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - inputs that are unobservable for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodologies used at December 31, 2024 and 2023.

*Common/collective trusts:* Valued at net asset value ("NAV") based on the underlying investments. The NAV, as provided by the fund manager, is used as the practical expedient to estimate fair value. The NAV is the basis for current transactions and investments in the collective investment trust and can be redeemed at NAV as of the measurement date. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Pooled separate accounts:* Valued at the unit value based on the NAV of the underlying mutual fund at year end. The NAV, as provided by the fund manager, is used as the practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

**ACTION AMBULANCE 401(k) RETIREMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**

---

**NOTE 6: FAIR VALUE MEASUREMENTS (CONTINUED)**

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	<b>2024</b>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<b>Investments measured at fair value:</b>				
<b>Mutual funds</b>	\$ 1,067,975	\$ -	\$ -	\$ 1,067,975
<b>Total investments measured at fair value</b>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	1,067,975
<b>Investments measured at NAV (a):</b>				
<b>Common/collective trusts</b>				6,094,290
<b>Pooled separate accounts</b>				<u>221,505</u>
<b>Total investments, at fair value</b>				<u>\$ 7,383,770</u>
	<b>2023</b>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<b>Investments measured at fair value:</b>				
<b>Mutual funds</b>	\$ 763,546	\$ -	\$ -	\$ 763,546
<b>Total investments measured at fair value</b>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	763,546

<b>Common/collective trusts</b>				6,394,297
<b>Pooled separate accounts</b>				<u>169,469</u>
<b>Total investments, at fair value</b>				<u>\$ 7,327,312</u>

(a) In accordance with Subtopic 820-10, the investments in pooled separate accounts that were measured at NAV per share (or its equivalent) using a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

**ACTION AMBULANCE 401(k) RETIREMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**

**NOTE 6: FAIR VALUE MEASUREMENTS (CONTINUED)**

The following table summarizes investments measured at fair value based on NAV per share as of December 31:

<u>2024</u>					
<u>Investment</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Other Redemption Restrictions</u>	<u>Redemption Notice Period</u>

Common/collective trusts	\$ 6,394,297	None	Daily	None	None
Pooled separate accounts	\$ 169,469	None	Daily	None	30 Days

**NOTE 7: INSURANCE ANNUITY CONTRACT**

The Plan has a fully benefit-responsive investment contract with Principal Life Insurance Company (“Principal”). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Since this contract meets the fully benefit-responsive contract criteria, the contract is included in the financial statements at contract value as reported to the Plan by Principal. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a stated annual interest rate and set scheduled so that the account values increase each day and over the guaranteed period the stated interest rate is applied.

## **ACTION AMBULANCE 401(k) RETIREMENT PLAN NOTES TO FINANCIAL STATEMENTS**

---

### **NOTE 7: INSURANCE ANNUITY CONTRACT (CONTINUED)**

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

### **NOTE 8: RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS**

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and transactions with investment funds managed and held by the Trustee are considered party-in-interest transactions.

### **NOTE 9: SUBSEQUENT EVENTS**

The date to which events occurring after December 31, 2024, the date of the most recent statement of net assets available for benefits, have been evaluated for possible adjustment to the financial statements or disclosure is October 8, 2025, which is the date the financial statements were available to be issued.
