INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
ISO New England Inc. Health and Welfare Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of ISO New England Inc. Health and Welfare Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of ISO New England Inc. Health and Welfare Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of ISO New England Inc. Health and Welfare Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about ISO New England Inc. Health and Welfare Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants; to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ISO New England Inc. Health and Welfare Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ISO New England Inc. Health and Welfare Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule of Reportable Transactions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ISO NEW ENGLAND INC. HEALTH AND WELFARE PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF PLAN:

The following brief description of the ISO New England Inc. Health and Welfare Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit health and welfare plan providing health, disability and death benefits covering substantially all regular full-time, part-time and retired employees of ISO New England Inc. (the "Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Benefits

The Plan provides health benefits (medical, vision, and dental), disability and death benefits to eligible employees of the Sponsor and to their beneficiaries and covered dependents. Retired employees are entitled to health and death benefits provided they have attained at least age 55 and have at least 10 years of service with the Sponsor. Effective January 1, 2016, the Plan was amended to modify the eligibility to receive post-retirement benefits to also require the combination of age plus years of service be equal to or exceed 70, in addition to the requirements of attaining age 55 and 10 or more years of service. Also, eligibility to receive post-retirement benefits was closed to new employees hired after December 31, 2015.

Current health claims of active and retired participants and their dependents and beneficiaries are provided under group insurance contracts with Blue Cross Blue Shield of Massachusetts and the Vision Service Plan. Death benefits and disability benefits are covered by a group-term insurance contract with The Hartford. These contracts are considered allocated insurance contracts and are therefore not included in Plan assets.

Investment policy

The Sponsor, at its sole discretion, determines the investment policy for the Plan, or may appoint a qualified person to do so. The trustee has sole responsibility for the management of the assets held by the Plan. The Sponsor has appointed the Vice President, Chief Financial and Compliance Officer, and the Vice President, Human Resources and Chief People Officer as the Plan administrators.

Contributions

A Trust was established on August 1, 2003 to hold Plan assets. The Sponsor's policy is to contribute to the Trust 100% of the actuarially calculated post-retirement benefit obligation associated with Plan benefits offered to retirees net of premiums paid for current insurance coverage for such benefits. Premiums for active employees not yet retired for current insurance coverage are paid from the general assets of the Plan Sponsor.

Plan termination

Although it has not expressed any intention to do so, the Sponsor has the right under the Plan to modify the benefits provided to active employees, to discontinue its contributions at any time, and to terminate the Plan subject to the provisions set forth in ERISA. Upon termination, the assets then remaining shall be subject to the applicable provisions of the Plan then in effect and shall be used until exhausted to pay benefits for participants.

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

ISO NEW ENGLAND INC. HEALTH AND WELFARE PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Investment valuation and income recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price).

The Plan administrator is responsible for determining the Plan's valuation policies and analyzing information provided by the investment advisors and record keeper that is used to determine the fair value of the Plan's investments. See Note 3 for further discussion of fair value measurements.

In accordance with the policy of stating investments at market value, net unrealized appreciation (depreciation) in fair value of investments is reflected in the statements of changes in net assets available for benefits. The net appreciation (depreciation) in the fair value of its investments consists of realized gains or losses and unrealized appreciation (depreciation) on those investments.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest and other investment income is recorded as earned on an accrual basis.

Plan benefits

The post-retirement benefit obligation (see Note 4) represents the actuarial present value of those estimated future benefits that are attributed to employee service rendered to December 31, 2024 and 2023. Post-retirement benefits include future benefits expected to be paid to or for (1) currently retired employees and their beneficiaries and dependents and (2) active employees and their beneficiaries and dependents after retirement from service with the Sponsor. The post-retirement benefit obligation represents the amount that is to be funded by contributions from the Plan's employer and existing plan assets. Prior to an active employee's full eligibility date, the post-retirement benefit obligation is the portion of the expected post-retirement benefit obligation that is attributed to that employee's service rendered to the valuation date.

The actuarial present value of the expected post-retirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment, and to reflect the portion of those costs expected to be borne by Medicare, the retired participants, and other providers.

For measurement purposes, an 8.50% increase was assumed in the per capita cost of covered health care benefits in 2024, whereas the cost of health care benefits remained consistent in 2023 and there was no increase assumed in the per capita cost. The rate was assumed to decline gradually to 4.5% by 2034 and to remain at that level thereafter.

ISO NEW ENGLAND INC. HEALTH AND WELFARE PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

Plan benefits (continued)

The following were other significant assumptions used in the valuations as of December 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
Weighted average discount rate	5.39%	4.73%
Average retirement age	64.2	64.0
Mortality	Pri-2012	Pri-2012
Return on Plan Assets	6.25%	6.25%

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the post-retirement benefit obligation.

Use of estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements, the changes in net assets available for benefits during the reporting period, disclosure of contingent assets and liabilities at the date of the financial statements, benefit obligations and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results may differ from those estimates.

Administrative expenses

All expenses incurred with respect to the administration of the Plan are charged to and paid by the Sponsor. Expenses incurred for Plan funding, the investment of the Plan assets and insurance premiums are paid by the Plan, unless the Plan administrator elects to have such expenses paid by the Sponsor.

3. FAIR VALUE MEASUREMENTS:

The Plan follows established guidelines for a fair value hierarchy that prioritizes the inputs used to measure fair value. An asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement. This hierarchy prioritizes the inputs into three broad levels as follows:

Level 1	Quoted prices (unadjusted) in active markets for identical assets or liabilities. Market price is generally obtained from exchange or dealer markets.
Level 2	Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. Inputs are obtained from various sources including market participants, dealers and brokers.
Level 3	Unobservable inputs that are supported by little or no market activity as they trade infrequently or not at all and that are significant to the fair value of the assets or liabilities.

ISO NEW ENGLAND INC. HEALTH AND WELFARE PLAN

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

3. FAIR VALUE MEASUREMENTS: (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2024 and 2023.

The following is a description of the valuation methodologies used for assets measured at fair value:

Money market fund and mutual funds (registered investment companies): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are valued at the closing price recorded on the active market in which these individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Fair Value Measurements at December 31, 2024				
	Total Fair Value	Level 1	Level 2	Level 3
Investments at fair value:				
Mutual funds	\$ 28,115,874	\$ 6,048,271	\$ 22,067,603	\$ -
Money market fund	311,667	311,667	-	-
Total investments at fair value	\$ 28,427,541	\$ 6,359,938	\$ 22,067,603	\$ -

Fair Value Measurements at December 31, 2023				
	Total Fair Value	Level 1	Level 2	Level 3
Investments at fair value:				
Mutual funds	\$ 25,915,350	\$ 4,861,745	\$ 21,053,605	\$ -
Money market fund	391,981	391,981	-	-

ISO NEW ENGLAND INC. HEALTH AND WELFARE PLAN

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

4. BENEFIT OBLIGATIONS:

Health costs incurred by participants and their beneficiaries and dependents are covered by insurance contracts maintained by the Plan. It is the present intention of the Sponsor and the Plan to continue obtaining insurance coverage for benefits.

The post-retirement benefit obligation at December 31, 2024 and 2023, related to the following categories of participants (including their beneficiaries and dependents) is approximately as follows:

	2024	2023
Current retirees	\$ 11,026,000	\$ 11,287,000
Other participants fully eligible for benefits	9,202,000	8,523,000
Participants not yet fully eligible for benefits	6,755,000	7,735,000
Total post-retirement benefit obligations	\$ 26,983,000	\$ 27,545,000

Changes in post-retirement benefit obligations for the years ended December 31, 2024 and 2023 are approximately as follows:

	2024	2023
Post-retirement benefit obligations, beginning of year	\$ 27,545,000	\$ 26,940,000
Increase in service cost	1,100,000	1,160,000
Increase due to interest cost	1,287,000	1,296,000
Benefits paid	(1,635,000)	(1,655,000)
Actuarial gain	(1,830,000)	(726,000)
Other	516,000	530,000
Net change in post-retirement benefit obligations	(562,000)	605,000
Post-retirement benefit obligations, end of year	\$ 26,983,000	\$ 27,545,000

The health care cost-trend rate assumption has a significant effect on the amounts reported. If the assumed rates increased by one percentage point, that would increase the obligation as of December 31, 2024 and 2023 by approximately \$703,000 and \$699,000, respectively.

5. TRUST AND TRUST TAX STATUS:

The Trust established under the Plan to hold the Plan's net assets is qualified pursuant to Section 501(c)(9) of the Internal Revenue Code, and, accordingly, the Trust's net investment income is exempt from income taxes. The Sponsor has obtained a favorable tax determination letter from the Internal Revenue Service dated July of 2004. The Trust has been amended since receiving the letter. The Plan Sponsor believes that the Trust continues to qualify under the applicable provisions of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

ISO NEW ENGLAND INC. HEALTH AND WELFARE PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

5. TRUST AND TRUST TAX STATUS: (CONTINUED)

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2021.

6. INSURANCE PREMIUMS:

Premiums for insurance coverage are paid by the Plan sponsor directly to the insurance carriers. For the years ended December 31, 2024 and 2023, premiums paid totaled approximately \$14,834,000 and \$14,455,000, respectively.

7. INFORMATION CERTIFIED BY THE TRUSTEE:

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, U.S. Bank, the trustee of the Plan's assets, certified to the Plan administrator the fair value and physical custody of investments and investment transactions to be complete and accurate as of and for the years ended December 31, 2024 and 2023, and investments included in the statements of net assets available for benefits and interest and dividend income and net appreciation (depreciation) in fair value of investments included in the statements of changes in net assets available for benefits; and the information contained in Note 3 concerning investments and the type of investments held and information pertaining to the supplemental schedule of assets (held at end of year) and the supplemental schedule of reportable transactions as of December 31, 2024.

8. RELATED PARTY TRANSACTIONS:

Section 3(14) of the ERISA defines a party-in-interest to include, among other things, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Certain Plan investments are shares of mutual funds managed by U.S. Bank, the trustee as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the trustee for administrative and investment management services amounted to \$4,136 and \$3,558 for the years ended December 31, 2024 and 2023, respectively.

The Plan utilizes a third party as an investment manager under ERISA Section 3(38).

ISO NEW ENGLAND INC. HEALTH AND WELFARE PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

9. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Contributions to the Plan and the actuarial present value of post-retirement benefit obligations are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term and, due to the uncertainties in setting assumptions, the effect of such changes could be material to the financial statements.

10. SUBSEQUENT EVENTS:

Management has evaluated subsequent events through September 24, 2025, the date on which the financial statements were available to be issued.
