With Independent Auditors' Report**

## Independent Auditors' Report

To the Plan Administrator of the  
Calvary Industries, Inc. 401(k) Retirement Savings Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Calvary Industries, Inc. 401(k) Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Calvary Industries, Inc. 401(k) Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Independent Auditors' Report  
(Continued)**

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Calvary Industries, Inc. 401(k) Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Calvary Industries, Inc. 401(k) Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

**Independent Auditors' Report  
(Continued)**

**Auditors' Responsibilities for the Audit of the Financial Statements (Continued)**

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Calvary Industries, Inc. 401(k) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Calvary Industries, Inc. 401(k) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

BARNES DENNIG

(Continued)**

**Supplemental Schedule Required by ERISA**

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## CALVARY INDUSTRIES, INC. 401(K) RETIREMENT SAVINGS PLAN

### Notes to Financial Statements

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

##### ***Basis of Presentation***

The accompanying financial statements of Calvary Industries, Inc. 401(k) Retirement Savings Plan (the "Plan") have been prepared on the accrual basis.

##### ***Investment Valuation and Income Recognition***

Investments are reported at fair value except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities, in general, are exposed to various risks such as interest rate, credit and overall market volatility risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or global conflict. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

##### ***Related-Party Transactions***

Certain Plan investments are investments in mutual funds managed by Voya Retirement and Annuity Company. Voya Retirement and Annuity Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

Several employees of Calvary Industries, Inc. (the "Company") provide administrative services to the Plan. These services include Plan oversight and day-to-day Plan administration. The Plan is not charged by the Company for the services of the employees to the Plan.

##### ***Estimates***

The preparation of financial statements in conformity with United States generally accepted accounting principles (GAAP) requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

##### ***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

## CALVARY INDUSTRIES, INC. 401(K) RETIREMENT SAVINGS PLAN

### Notes to Financial Statements (Continued)

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

##### ***Benefit Payments***

Benefit payments are recorded when paid.

##### ***Expenses***

Certain expenses and costs of the Plan were paid by the Company and, accordingly, are not reflected in the Plan's financial statements. Certain investment related expenses are included in net appreciation (depreciation) in fair value of investments.

##### ***Subsequent Events***

The Company has evaluated subsequent events to the balance sheet date of December 31, 2024, through October 3, 2025, which is the date these financial statements were available to be issued.

#### NOTE 2 DESCRIPTION OF THE PLAN

The following description of the Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

##### ***General***

The original effective date of the Plan is January 1, 2015. The Plan was amended and restated on January 1, 2022. The Plan is a defined contribution plan. Substantially all employees of the Company are eligible for participation in the Plan upon attaining the age of 18 years old and completing 90 days of service. Employees may enter the Plan quarterly. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

##### ***Contributions***

Each year, participants may contribute up to 100% of annual compensation, as defined in the Plan, on either a pre-tax or after-tax (Roth) basis. However, contributions may not exceed limitations established under Section 402(g) of the Internal Revenue Code of 1986 as amended (\$23,000 for the year ended December 31, 2024). For 2024, Section 414(v) of the Internal Revenue Code of 1986 as amended allowed a maximum catch-up contribution of \$7,500 annually. Participants designate the percentage of their total contribution to be invested in any of the Plan's investment funds. Participants may change the percentage of contributions invested in each account and may make transfers between accounts anytime during the year. During 2024, the Company made discretionary matching contributions equal to 100% of the first 3% of base compensation that a participant contributes to the Plan. The Company may make additional discretionary employer contributions. The Company did not make any employer contributions for the year ended December 31, 2024.

##### ***Rollover Contributions***

Participants may roll over their taxable portion of funds previously held for their account in another qualified employee benefit plan to the Plan.

## CALVARY INDUSTRIES, INC. 401(K) RETIREMENT SAVINGS PLAN

### Notes to Financial Statements (Continued)

#### NOTE 2 DESCRIPTION OF THE PLAN (CONTINUED)

##### *Participant Accounts*

Each participant's account is credited with the participant's and Company's contributions and a pro-rata allocation of the Plan's earnings and expenses. The pro-rata allocation is based upon each participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

##### *Vesting*

Participants become immediately vested at the time of participation in the Plan in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. Participants become partially vested after 1 year of service and 100% vested after 3 years of credited service.

##### *Forfeited Accounts*

Forfeited balances of terminated participants' non-vested accounts are applied to offset administrative expenses of the Plan or to reduce employer contributions. The balance of unallocated forfeitures was \$9,736 and \$5,994 at 2024 and 2023, respectively. During 2024, \$-0- was used to reduce expenses.

##### *Payment of Benefits*

Upon a participant's retirement, death, disability, termination of employment with the Company, or termination of the Plan, the participant's account is distributed under several options. Participants will receive their benefit in a lump sum.

In-service distributions are permissible from the Plan for participants that have attained the age of 59 1/2.

##### *Notes Receivable from Participants*

Participant loans are available on amounts in the participant's account only for hardship purposes. The minimum loan amount is \$1,000 and the maximum loan amount is the lesser of one-half of the participant's vested account balance or \$50,000. The vested participant account balance will be used as collateral for any loan. All loans shall bear a reasonable rate of interest as determined by the Plan Administrator. All loans must be repaid within five years except in the case of a loan for the purpose of acquiring a home. Participants may only have one loan outstanding at any given time.

#### NOTE 3 FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan invests in a fully benefit-responsive investment contracts with the custodian. The custodian maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

## CALVARY INDUSTRIES, INC. 401(K) RETIREMENT SAVINGS PLAN

### Notes to Financial Statements (Continued)

#### NOTE 3 FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (CONTINUED)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that causes a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

#### NOTE 4 FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs.

The hierarchy is broken down into three levels base on the ability to observe inputs as follows:

*Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at 2024 and 2023.

*Pooled separate accounts:* Valued at fair value by the fund custodian based on the fair value of the underlying securities within the fund, which represents the net asset value of the shares held by the Plan at year end.

**CALVARY INDUSTRIES, INC. 401(K) RETIREMENT SAVINGS PLAN**

**Notes to Financial Statements  
(Continued)**

**NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)**

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled separate accounts	<u>\$ 10,753,349</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 10,753,349</u>

#### **NOTE 6 TAX STATUS**
