Independent Auditor's Report

To the Plan Administrator
Teter, Inc. 401(k) Plan
Fresno, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Teter, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report,

our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year), as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN

The following description of the Teter, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all employees of Teter, Inc. (the "Company"). All employees of the Company are eligible to participate in the Plan. Employees can begin making contributions on the first day of the calendar month following their employment start date. Active participants who are age 21 and have completed 1,000 hours of work during a Plan year are eligible for any discretionary matching or nonelective contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was originally established as of January 1, 1994, and has been subsequently amended and restated. The Plan administrator is responsible for oversight of the Plan, including the appropriateness of the Plan's investment offerings and investment performance.

Trustee and Administration of the Plan – The trustee of the Plan is a group of officers of the Company as defined in the Plan (the "Trustee"). The administrator of the Plan is the Company. The Trustee holds all assets of the Plan in accordance with the service provider contract with the Company. The Trustee also serves as the investment fiduciary for the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions – Participants may elect to contribute to the Plan, in the form of traditional and Roth salary deferrals, up to the lesser of 100% of their eligible compensation or the maximum amount allowable by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make discretionary matching contributions and discretionary nonelective contributions, as determined by the Company. The Company did not make any discretionary matching contributions or discretionary nonelective contributions for the years ended December 31, 2024 and 2023.

Participant Accounts – Each participant's account is credited with the participant's contributions, Company contributions, and account earnings, and may be charged with an allocation of administrative expenses paid by the Plan. The Company's discretionary contributions are allocated to participant classifications designated by the Company. Within the participant classifications, the contributions are allocated based on either a participant's eligible compensation relative to total compensation, or the same dollar amount to each participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon. Discretionary matching contributions and discretionary nonelective contributions are subject to vesting. A participant is 100% vested after six years of credited service. Participants are credited with one year of service for each plan year in which they worked at least 1,000 hours.

See independent auditor's report

Notes to Financial Statements
December 31, 2024 and 2023

Notes Receivable from Participants – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note receivable repayment terms generally may not exceed five years, except in the case of the purchase of a primary residence. Notes receivable are secured by the balance in the participant's accounts, with interest rates, determined at origination, set at 1% above the prime rate, as defined. Principal and interest are paid ratably through biweekly payroll deductions.

Payment of Benefits – Withdrawals are allowed in the event of termination, disability, death, retirement, hardship, or attainment of age 59 ½. Depending on the event, the withdrawal may be subject to early withdrawal penalties imposed by the Internal Revenue Code (IRC). Payments are made in the form of a lump-sum distribution or annual installments over a period of time of not more than the participant's life expectancy.

As of December 31, 2024 and 2023, there were no amounts allocated to participants who elected to withdraw from the Plan but have not yet been paid.

Forfeitures – Forfeitures attributable to discretionary matching and discretionary nonelective contributions may be used to pay Plan expenses, allocated as additional discretionary nonelective or matching contributions, or reduce future discretionary nonelective or matching contributions. There were no forfeited nonvested account balances used to reduce Company contributions for the years ended December 31, 2024 and 2023. At December 31, 2024 and 2023, there were no remaining forfeited nonvested account balances.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting –The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and the custodian. Fair value measurements are discussed below.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions Receivable – Participant contributions and any related employer matching contribution are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Discretionary matching and discretionary nonelective contributions are recorded in the relevant period in accordance with the terms in the Plan document.

See independent auditor's report

December 31, 2024 and 2023

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. No allowance for credit losses was recorded as of December 31, 2024 and 2023. Any delinquent participant notes receivable are recorded as distributions in accordance with the terms of the Plan.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

3. CERTIFIED INVESTMENT INFORMATION

Certain information related to investments and notes receivable from participants, as disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.), a qualified institution (John Hancock). This certification by John Hancock does not extend to assets such as cash or real estate, which are not held or managed by John Hancock and therefore are not covered by their certification.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2024 or 2023. The following is a description of the valuation methodologies used for assets measured at fair value:

- **Group Annuity Contract:** The group annuity contract account is made up of a variety of subaccounts which individually invest in specific established mutual funds. The group annuity contract sub-account net unit value is not a publicly quoted price in an active market. The market value of each sub-account is based on the underlying mutual fund value per share. Net asset value is adjusted for sub-account specific fees and differing treatment of distributions and mutual fund share splits. Participant transactions (issuances and redemptions) may occur daily. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a 12-month notice to liquidate their entire share in the fund, in order to ensure that securities liquidations will be carried out in an orderly business manner.

See independent auditor's report

Teter, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023

- **Real Estate:** Real estate investments consist of land valued at fair value, as determined by a certified residential appraiser. Investment income consists of appreciation of the real estate property market value. As of December 31, 2024 and 2023, a limitation was in effect that could delay the payment of withdrawal requests based on the liquidity of the underlying assets.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

December 31, 2024	Level 1	Level 2	Level 3	Total
Group annuity contract	\$ -	\$ 11,516,140	\$ -	\$ 11,516,140
Real estate	-	-	784,500	784,500
Total assets in the fair value hierarchy	\$ -	\$ 11,516,140	\$ 784,500	\$ 12,300,640
December 31, 2023	Level 1	Level 2	Level 3	Total
Group annuity contract	\$ -	\$ 9,887,715	\$ -	\$ 9,887,715
Real estate	-	-	695,850	695,850
Total assets in the fair value hierarchy	\$ -	\$ 9,887,715	\$ 695,850	\$ 10,583,565

For the year ended December 31, 2023, real estate was purchased for approximately \$405,000. There were no real estate purchases during the year ended December 31, 2024. The Plan's policy is to recognize transfers into and out of level 3 as of the actual date of the event or change in circumstances.

5. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are in funds and accounts managed by John Hancock or their subsidiaries and affiliates. Participant loan and distribution processing fees are paid to John Hancock by participants. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. John Hancock is the custodian as defined by the Plan; therefore, these transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

John Hancock provides certain administrative services to the Plan pursuant to an agreement between the Company and John Hancock. John Hancock receives revenue from mutual funds and other service providers for services John Hancock provides to the funds. This revenue is used to offset certain amounts owed to John Hancock for administrative services to the Plan.

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing rather than a direct payment. If the revenue received by John Hancock from investment providers exceeds the amount owed under the agreement, John Hancock remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. The Plan or the Company may make a payment to John Hancock for administrative services not covered by revenue sharing.

6. RISKS AND UNCERTAINTIES

The Plan holds various investment securities and real estate holdings, which, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities and real estate holdings, it is at least reasonably possible that changes in the values of these investments will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants would remain 100% vested in their accounts and become 100% vested in any Company contributions.

See independent auditor's report

December 31, 2024 and 2023

8. TAX STATUS

The Plan has adopted a volume submitter profit sharing plan established by Nexus, a division of Navia Benefit Solutions (Formerly Retirement Plan Consultants). The Plan obtained an opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the form of the Plan was acceptable under Section 401 of the IRC. Although the Plan has been amended since adopting the prototype plan, the Plan administrator believes that the Plan is currently designed and operating in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

9. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 3, 2025 the date the financial statements were available to be issued.
