Archaea Employee Savings Plan

Opinion

We have audited the financial statements of BP Employee Savings Plan, BP Partnership Savings Plan, BP DirectSave Plan, BPX Energy Employee Savings Plan, and Archaea Employee Savings Plan (collectively, the "Plans"), employee benefit plans subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits of the Plans as of December 31, 2024, the statements of net assets available for benefits of BP Employee Savings Plan, BP Partnership Savings Plan, BP DirectSave Plan, and BPX Energy Employee Savings Plan as of December 31, 2023, the statements of changes in net assets available for benefits of BP Employee Savings Plan, BP Partnership Savings Plan, BP DirectSave Plan, and BPX Energy Employee Savings Plan for the year ended December 31, 2024, the statement of changes in net assets available for benefits of Archaea Employee Savings Plan for the period July 1, 2024 to December 31, 2024, and the related notes to the financial statements (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plans as of December 31, 2024 and the net assets available for benefits of BP Employee Savings Plan, BP Partnership Savings Plan, BP DirectSave Plan, and BPX Energy Employee Savings Plan as of December 31, 2023, and the changes in net assets available for benefits of BP Employee Savings Plan, BP Partnership Savings Plan, BP DirectSave Plan, and BPX Energy Employee Savings Plan for the year ended December 31, 2024 and the changes in net assets available for benefits of Archaea Employee Savings Plan for the period July 1, 2024 to December 31, 2024, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plans and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of matters – Plan Mergers

As discussed in Note 1 to the financial statements, AMPLY Power, Inc 401(k) Plan (the "AmPLY 401(k) Plan") merged into the BP Partnership Savings Plan ("PSP") effective February 20, 2024. AmPLY 401(k) Plan's net assets were transferred to the PSP as a result of the merger. In addition, as discussed in Note 1 to the financial statements, Archaea Energy Services LLC 401(k) Profit Sharing Plan and Trust (the "Archaea 401(k) Plan") merged into the Archaea Employee Savings Plan (the "Plan") effective August 1,

2024. Archaea 401(k) Plan's net assets were transferred to the Plan as a result of the merger. Our opinion is not modified with respect to these matters.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plans' ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plans, and determining that the Plans' transactions that are presented and disclosed in the financial statements are in conformity with the Plans' provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plans' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plans' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at end of year) as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

BP EMPLOYEE SAVINGS PLANS
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLANS

The accompanying financial statements comprise employee savings plans sponsored by BP Corporation North America Inc. (the “Company”) that participate in the BP Master Trust for Employee Savings Plans (the “Master Trust”). The Company is an indirect wholly owned subsidiary of BP p.l.c. (“BP”).

The following description of the BP Employee Savings Plan, the BP Partnership Savings Plan, the BP DirectSave Plan, the BPX Energy Employee Savings Plan and the Archaea Employee Savings Plan (the “Plans”) provides only general information. Participants should refer to the applicable Plan document and Summary Plan Description for additional information. The Plans are subject to and comply with the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The purpose of the Plans is to encourage eligible employees to regularly save part of their earnings and to assist them in accumulating additional financial security for their retirement. The Plans provide that both participant contributions and Company matching contributions be held in a trust by an independent trustee for the benefit of participating employees. All plan assets are held in the Master Trust. The trustee of the Master Trust is State Street Bank and Trust Company (“State Street”).

Fidelity Workplace Services, LLC (“Fidelity”) is the recordkeeper for the Plans. The Company is the Plan sponsor and the Company’s Reward Delivery Manager, US Retirement Plans is the Plan Administrator for the Plans.

General

BP Employee Savings Plan

The BP Employee Savings Plan (“ESP”) was established on July 1, 1955. Generally, an employee of the Company (or a participating affiliate) is eligible to participate in ESP immediately upon the date of hire. Employees who are represented by a labor organization that has bargained for and agreed to the provisions of ESP are also eligible.

Under ESP, participating employees may contribute up to 80 percent of their qualified pay on a pre-tax, after-tax and/or Roth 401(k) basis, subject to Internal Revenue Service (“IRS”) limits. Participants who attain the age of 50 before the end of the applicable plan year are eligible to make additional elective deferrals (catch-up contributions), subject to IRS limits. A specified portion of the employee contribution, up to a maximum of 7 percent of compensation, as defined under the Plan, is matched each pay period by the Company. Participants are permitted to rollover amounts into ESP representing distributions from other qualified plans.

The Plan includes an auto-enrollment provision whereby all eligible new hires and rehires are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their pre-tax deferral rate set at 7 percent of eligible compensation and their contributions invested in a target date fund nearest the employee’s retirement date (assumed to be at age 65).

Participants may convert eligible assets into Roth 401(k) accounts within the Plan.

The benefit to which a participant is entitled is the benefit that can be provided by the participant’s vested account balance. Participants are immediately and fully vested in their participant contribution accounts. Full vesting in Company contribution accounts occurs with three years of vesting service. The Plan may use forfeitures to reduce future Company contributions or to pay plan expenses. During the 2024 plan year, \$2,489,553 were used to reduce Company contributions. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$625,874 and \$1,023,158, respectively.

BP Partnership Savings Plan

The BP Partnership Savings Plan (“PSP”) was established on April 1, 1988. Employees associated with the BP Pulse sub-entity and certain salaried employees of the Company who are associated with Global Business Services Americas and BP Products North America Inc. are eligible to participate in PSP immediately upon the date of hire.

BP EMPLOYEE SAVINGS PLANS

NOTES TO FINANCIAL STATEMENTS

Under PSP, participating employees may contribute up to 80 percent of their qualified pay on a pre-tax, after-tax and/or Roth 401(k) basis, subject to IRS limits. Participants who attain the age of 50 before the end of the applicable plan year are eligible to make additional elective deferrals (catch-up contributions), subject to IRS limits.

A specified portion of the employee contribution, up to a maximum of 3 percent of compensation, as defined under the Plan, is matched each pay period by the Company. Participants are permitted to rollover amounts into PSP representing distributions from other qualified plans.

The Plan includes an auto-enrollment provision whereby all eligible new hires and rehires are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their pre-tax deferral rate set at 3 percent of eligible compensation and their contributions invested in a target date fund nearest the employee's retirement date (assumed to be at age 65).

Participants may convert eligible assets into Roth 401(k) accounts within the Plan.

The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account balance. Participants are immediately and fully vested in their participant contribution accounts. Full vesting in Company contribution accounts occurs with three years of vesting service. The Plan may use forfeitures to reduce future Company contributions or to pay plan expenses. During the 2024 plan year, \$22,956 were used to reduce Company contributions. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$70,300 and \$65,803, respectively.

BP DirectSave Plan

The BP DirectSave Plan ("DSP") was established on April 1, 1988. Employees of the Company and its subsidiaries who are employees at Company-operated retail locations are eligible to participate in the DSP immediately upon the date of hire.

Under DSP, participating employees may contribute up to 80 percent of their qualified pay on a pre-tax, after-tax and/or Roth 401(k) basis, subject to IRS limits. Participants who attain the age of 50 before the end of the applicable year are eligible to make additional elective deferrals (catch-up contributions), subject to IRS limits. Eligible participants must complete six months of Company service to be eligible for Company matching contributions. Once eligible, a specified portion of the employee contribution, up to a maximum of 4 percent of compensation, as defined under the Plan, is matched each pay period by the Company. Participants are permitted to rollover amounts into DSP representing distributions from other qualified plans.

A participant may convert eligible assets into Roth 401(k) accounts within the Plan.

The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account balance. Participants are immediately and fully vested in their participant contribution accounts. Participants are immediately and fully vested in Company matching contributions made on or after April 1, 2023. Vesting in Company contributions made before April 1, 2023, occurred at 25 percent after two years of vesting service and 100 percent after three years of vesting service. The Plan may use forfeitures to reduce future Company contributions or to pay plan expenses. During the 2024 plan year, \$22,761 were used to reduce Company contributions. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$157,085 and \$156,866, respectively.

BPX Energy Employee Savings Plan

The BPX Energy Employee Savings Plan ("BPX") was established on January 1, 2015. Employees of the Company and its subsidiaries who are working in the BPX energy unit are eligible to participate in the Plan. Participants were previously eligible to participate in ESP. Account balances may be moved from ESP to BPX at the participant's direction.

BP EMPLOYEE SAVINGS PLANS

NOTES TO FINANCIAL STATEMENTS

Under BPX, participating employees may contribute up to 80 percent of their qualified pay on a pre-tax, after-tax and/or Roth 401(k) basis, subject to IRS limits. Participants who attain the age of 50 before the end of the applicable year are eligible to make additional elective deferrals (catch-up contributions), subject to IRS limits. A specified portion of the employee contribution, up to a maximum of 7 percent of compensation, as defined under the Plan, is matched each pay period by the Company. Participants are permitted to rollover amounts into BPX representing distributions from other qualified plans.

The Company will contribute as soon as reasonably possible to the Master Trust a nonelective employer contribution each pay period. The contribution will be allocated to the account of each participant who is an active participant during such pay period. The amount for investment is equal to 7 percent of such participant's compensation during such pay period provided, however, that nonelective employer contributions made with respect to a calendar year on behalf of a participant may not exceed the IRS limitations.

The Plan includes an auto-enrollment provision whereby all eligible new hires and rehires are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their pre-tax deferral rate set at 7 percent of eligible compensation and their contributions invested in a target date fund nearest the employee's retirement date (assumed to be at age 65).

A participant may convert eligible assets into Roth 401(k) accounts within the Plan.

The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account balance. Participants are immediately and fully vested in their participant contribution accounts. Full vesting in the nonelective and Company contribution accounts occurs with three years of vesting service. The Plan may use forfeitures to reduce future Company contributions or to pay plan expenses. During the 2024 plan year, \$610,086 forfeitures were used to reduce Company. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$472,521 and \$210,585 respectively.

Archaea Employee Savings Plan

The Archaea Employee Savings Plan ("AESP") was established on July 1, 2024. Generally, an employee associated with the Archaea sub-entity (or a participating affiliate) is eligible to participate in AESP immediately upon the date of hire. Employees who are represented by a labor organization that has bargained for and agreed to the provisions of AESP are also eligible.

Under AESP, participating employees may contribute up to 80 percent of their qualified pay on a pre-tax, after-tax and/or Roth 401(k) basis, subject to IRS limits. Participants who attain the age of 50 before the end of the applicable plan year are eligible to make additional elective deferrals (catch-up contributions), subject to IRS limits. A specified portion of the employee contribution, up to a maximum of 4 percent of compensation, is matched each pay period by the Company. Participants are also eligible for 3 percent of compensation each pay period as a non-elective contribution by the Company. Both contributions are as defined under the Plan. Participants are permitted to rollover amounts into AESP representing distributions from other qualified plans.

The Plan includes an auto-enrollment provision whereby all eligible new hires and rehires are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their pre-tax deferral rate set at 4 percent of eligible compensation. All contributions are invested in a target date fund nearest the employee's retirement date (assumed to be at age 65).

Participants may convert eligible assets into Roth 401(k) accounts within the Plan.

The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account balance. Participants are immediately and fully vested in their participant contribution accounts. Full vesting in Company contribution accounts occurs with three years of vesting service. The Plan may use forfeitures to reduce future Company contributions or to pay plan expenses. During the 2024 plan year, \$78,130 forfeitures were used to reduce Company. At December 31, 2024, forfeited non-vested accounts totaled \$10,725.

NOTES TO FINANCIAL STATEMENTS

Plan Mergers

On December 7, 2021, BP acquired full ownership of AMPLY Power, Inc., the electric vehicle (EV) and fleet charging and energy management solutions provider. Amply employees became eligible to participate in PSP effective January 1, 2024. The AMPLY Power, Inc. 401(k) Plan was merged into the PSP effective February 20, 2024 and participant account balances of \$3 million were transferred into PSP during the year ended December 31, 2024.

On December 28, 2022, BP acquired full ownership of Archaea Energy Service, LLC. Archaea's employees became eligible to participate in Archaea Employee Savings Plan on July 1, 2024. Effective August 1, 2024, the Archaea Energy LLC 401(k) Profit Sharing Plan and Trust was merged into AESP and participant account balances of \$33 million were transferred to the AESP during the year ended December 31, 2024.

Transfers in due to plan mergers are recorded as "Transfers into the plan / Plan Merger" in the Statement of Changes in Net Assets.

Investment Options

Investment options offered under the Plans include target date funds, equity and fixed-income (bond) index funds, a short-term investment fund, a stable value investment option ("Income Fund") and BP American Depository Shares ("BP ADS") (the BP Stock Fund). The Income Fund invests in fully benefit-responsive investment contracts ("Synthetic Guaranteed Investment Contracts") that simulate the performance of a Guaranteed Investment Contract, whereby participants execute plan transactions at contract value.

Participants may change the percentage they contribute and the investment direction of their contributions daily. Company contributions are made in the form of cash contributions and are invested in funds selected by participants.

Participants may elect to sell any portion of their investment fund(s) and reinvest the proceeds in one or more of the other available investment alternatives. Except where the fund provider, the recordkeeper, or the Plan has restrictions or takes discretionary action responsive to frequent trading or market timing concerns, there are no restrictions on the number of transactions a participant may authorize during the year.

Administrative Expenses/Fund Management Fees

Fees related to the administration of participant loans and overnight delivery charges are deducted from the applicable participant's account. All reasonable and necessary administrative expenses are paid out of the Master Trust or paid by the Company. Generally, fees and expenses related to investment management of each investment option are paid out of the respective funds. As a result, the returns on those investments are net of the investment management fees. The Plans offer a managed accounts service to participants, which is an investment management service provided by Fidelity. Advisory fees related to this service are paid by participants who elect to participate.

Payment of Benefits

Participants may elect to receive in-service withdrawals subject to various restrictions as described in the applicable Plan document. Upon termination of employment, a participant may elect to receive his or her vested account balance in a lump-sum payment or in installments. A participant may also elect to defer receipt of his or her vested account balance, partially or wholly, to a later date.

BP EMPLOYEE SAVINGS PLANS
NOTES TO FINANCIAL STATEMENTS

Notes Receivable from Participants

Participants are eligible to borrow from their account balances in the Plans. Loans are made in the form of cash and the amount may not exceed the lesser of 50 percent of the market value of the total vested participant's account or \$50,000 less the participant's highest loan balance outstanding during the preceding 12 months, disregarding nonelective Employer Contribution account and any amount subject to QDRO. The minimum loan amount is \$1,000. Interest rates charged on unpaid balances are fixed for the duration of the loan. The interest rate charged for ESP, PSP, BPX, and AESP is determined by the Plan Administrator based on the prevailing rates charged on similar commercial loans plus 1%. The interest rate charged for DSP is determined by the Plan Administrator based on the prevailing rates charged on similar commercial loans. Repayment of loan principal and interest is generally made by payroll deductions which are credited to the participant's account. The loan repayment period is limited to five years for a general purpose loan and 15 years for a loan used to purchase or build a principal residence.

Contribution Policy

Employee contributions and employer matching contributions are recorded when withheld or when earned respectively.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plans to discontinue its contributions at any time and to terminate the Plans subject to the provisions set forth in ERISA. In the event of a plan termination, participants would become 100 percent vested in their Company matching contribution accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The financial statements of the Plans are prepared under the accrual method of accounting in accordance with U.S. generally accepted accounting principles ("U.S. GAAP").

Use of Estimates. The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Payment of Benefits. Benefits are recorded when paid.

Transfers. Eligibility requirements differ from Plan to Plan. If a participant becomes eligible for a different plan within the Company's control group, as defined by ERISA, the participant is permitted to transfer balances from the old Plan to the new Plan at any time. Participant account balance transfers are accounted for as rollover contributions in the statement of changes in net assets available for benefits.

Excess Contributions Payable. The Plans are required to return contributions received during the Plan year in excess of the Internal Revenue Code ("IRC") limits.

Investment Valuation and Income Recognition. All investment assets held by the Master Trust (except for the Income Fund) are stated at fair value. Further information regarding the techniques used to measure the fair value of investment assets held by the Master Trust is detailed in Note 6 (Fair Value Measurements).

In connection with the Income Fund, the Master Trust invests in fully benefit-responsive investment contracts also known as Synthetic Guarantee Investment Contracts. See Note 5 (Master Trust). The Synthetic Guaranteed Investment Contracts are measured at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts, as contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plans.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

BP EMPLOYEE SAVINGS PLANS
NOTES TO FINANCIAL STATEMENTS

Notes Receivable from Participants. Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

3. FEDERAL INCOME TAX STATUS

The IRS has determined and informed the Company by letters dated as shown below, that the Plans and related trust were designed in accordance with the applicable regulations of the IRC. AESP Letter of Determination application was completed December 16, 2024.

Plan	Date
ESP	July 1, 2016
PSP	April 19, 2016
DSP	April 19, 2016
BPX	April 19, 2016

ESP, PSP, DSP and BPX have been amended and restated since receiving the determination letters. During the Plan year, the Plans experienced certain minor operational issues. The Plan Sponsor is in the process of correcting these minor errors and believes the Plans have maintained their tax-exempt status. Therefore, no provision for income taxes has been included in the Plans' financial statements.

4. RISKS AND UNCERTAINTIES

Investment securities held in the Master Trust are exposed to various risks such as interest rate, market risks and credit risks. Market risks include global events which could impact the value of investment securities, such as pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Included in investments at December 31, 2024 and 2023, are shares of BP ADS of \$604 million and \$778 million, respectively. This investment represents 6.94 percent and 9.72 percent of total investments at December 31, 2024 and 2023, respectively. A significant decline in the market value of the BP ADS would significantly affect the net assets available for benefits.

5. MASTER TRUST

The purpose of the Master Trust is the collective investment of assets of the Plans. Each Plan's interest in the Master Trust is based on account balances of the participants and their elected investment options. The Master Trust assets are allocated among the Plans by assigning to each Plan those transactions (primarily contributions, benefit payments and plan-specific expenses) that can be specifically identified and by allocating among all Plans, in proportion to the fair value of the assets assigned to each Plan, income and expenses resulting from the collective investment of the assets of the Master Trust.

Investment income and administrative expenses related to the Master Trust are allocated to the individual Plans on a daily basis based on each participant's account balance within each investment fund option.

Fully Benefit-Responsive Investment Contracts. In connection with the Income Fund, the Master Trust enters into contracts that meet fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and

BP EMPLOYEE SAVINGS PLANS

NOTES TO FINANCIAL STATEMENTS

administrative expenses. The Master Trust's interest in these contracts represents the maximum potential credit loss from concentrations of credit risk associated with its investment.

The contracts provide for the payment of a stated interest crediting rate for a specified period of time. The underlying fixed income assets that support the interest crediting rate are owned by the Master Trust. Under the contracts, investment gains and losses on the underlying assets are not reflected immediately in the interest crediting rate. Rather, the gains and losses are amortized, usually over time to maturity or the duration of the underlying assets, through adjustments to future interest crediting rates. These adjustments generally result in contract value, over time, converging with the market value of the underlying fixed income assets. Factors affecting future interest crediting rates include the current yield, duration and the existing difference between market value of the underlying fixed income assets and contract value. Interest crediting rates, which cannot be less than zero percent, are generally reset monthly. The issuers of the contracts guarantee that all qualified participant withdrawals occur at contract value, subject to certain limitations described below.

Contract termination occurs whenever the contract value or market value of the underlying assets reaches zero or upon certain events of default. If the contract terminates due to a contract issuer default or if the market value of the underlying portfolio reaches zero, the contract issuer will generally be required to pay any excess contract value at the date of termination. If the Plans default in their obligation under the agreements and the default is not cured within the time permitted, the Plans will receive the market value as of the date of termination. Contract termination also may occur by either party upon election and notice.

Certain events may limit the ability of the Plans to transact at contract value with an issuer. Such events include (i) amendments to Plan documents or the Plans' administration (including complete or partial plan termination or merger with another plan); (ii) changes to the Plans' prohibition on competing investment options or deletion of equity wash provisions; (iii) the failure of the Plans or the Master Trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; (iv) bankruptcy of the Plan sponsor or other Plan sponsor event (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plans; and (v) the delivery of any communication to plan participants designed to influence a participant's behavior in the investment option. At this time, management does not believe that the occurrence of any such event, which would limit the Plans' ability to transact at contract value with participants, is probable.

In addition, certain events allow the issuer to terminate the contracts with the Plans and settle at an amount different from contract value. Those events may be different under each contract. Such events may include (i) an uncured violation of the Plans' investment guidelines; (ii) a breach of material obligation under the contract; (iii) a material misrepresentation; and (iv) a material amendment to the agreements without the consent of the issuer.

Plans' Interest in Master Trust. The Plans have a divided interest in the investments held in the Master Trust since each Plan's interest is based on the account balances of the participants and their elected investment options. Each Plan's beneficial interest in the underlying investment options does not vary significantly from each Plan's beneficial interest in the total net assets of the Master Trust.

6. FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Inputs broadly refer to the assumptions that market participants use to make pricing decisions, including assumptions about risk. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1 inputs are observable inputs that reflect unadjusted quoted prices for identical assets or liabilities in active markets as of the reporting date. Active markets are those in which transactions for the asset or liability occur in sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 inputs are observable market-based inputs or unobservable inputs that are corroborated by market data. These are inputs other than quoted prices in active markets included within Level 1, which are either directly or indirectly observable at the reporting date.

BP EMPLOYEE SAVINGS PLANS

NOTES TO FINANCIAL STATEMENTS

Level 3 inputs are unobservable inputs that are not corroborated by market data, and may be used with internally developed methodologies that result in management's best estimate of fair value.

In measuring fair value, the Plans and the Master Trust use valuation techniques that maximize the use of observable inputs. The valuation techniques used by the Plans and Master Trust are summarized as follows:

BP Stock Fund. A unitized stock fund operates similarly to a mutual fund, in that it is composed of stock, and a small percentage of cash or another short-term interest-bearing vehicle. The inclusion of cash provides liquid assets to allow for the daily processing of transfers, loans, and withdrawals. The value of a unit in a unitized stock fund is based on the Net Asset Value ("NAV"), which is the value of the underlying BP ADS and the cash vehicle held by the fund, less any fees, divided by the number of units outstanding. Therefore, the NAV of the fund (the "unit price") will be different from the closing price of the underlying stock on the applicable exchange. The individual assets of a stock fund are generally considered separately as individual investments for accounting and financial statement reporting purposes and have been reported in this manner as BP ADS and Short Term Investment Fund.

Common/Collective Trust Funds. Common/collective trust funds are valued using the NAV provided by the administrator of the fund as a practical expedient. Participant transactions (issuances and redemptions) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure the securities liquidations will be carried out in an orderly business manner.

There are no unfunded commitments at December 31, 2024 and 2023.

Money Market Fund. The money market fund is valued at fair value using published market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plans and Master Trust believe their valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

7. RELATED PARTY TRANSACTIONS AND EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain of the Master Trust investments are managed by the investment division of State Street and by Fidelity Management and Research Company, an affiliate of the Plans' recordkeeper. The BP Stock Fund holds investments in BP ADS. Purchases and sales of BP ADS during 2024 amounted to \$230 million and \$285 million, respectively. These transactions qualify as exempt party-in-interest transactions under ERISA. The BP ADS held within the BP Stock Fund earned dividends of \$38 million for the year ended December 31, 2024.

The Plans also issue loans to participants, which are secured by the vested balances in the participants' accounts.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the Plans' net assets available for benefits per the financial statements to the Form 5500 (*in thousands*):

December 31, 2024	ESP	PSP	DSP	BPX	AESP
Net assets available for benefits as stated in the financial statements	\$8,279,147	\$ 36,704	\$ 37,965	\$ 366,524	\$ 34,568
Adjustment from contract value to fair value for fully benefit responsive investment contracts	(15,484)	(66)	(60)	(201)	(68)
Net assets available for benefits as stated in the Form 5500	<u>\$8,263,663</u>	<u>\$ 36,638</u>	<u>\$ 37,905</u>	<u>\$ 366,323</u>	<u>\$ 34,500</u>

December 31, 2023	ESP	PSP	DSP	BPX	AESP
Net assets available for benefits as stated in the financial statements	\$7,705,982	\$ 28,193	\$ 35,166	\$ 298,987	\$ —
Adjustment from contract value to fair value for fully benefit responsive investment contracts	(17,141)	(64)	(55)	(237)	—
Net assets available for benefits as stated in the Form 5500	<u>\$7,688,841</u>	<u>\$ 28,129</u>	<u>\$ 35,111</u>	<u>\$ 298,750</u>	<u>\$ —</u>

The following is a reconciliation of the Plans' net increase in net assets per the financial statements to the net income per the Form 5500 (*in thousands*):

Year End December 31, 2024	ESP	PSP	DSP	BPX	AESP
Net increase in net assets after transfer per the financial statements	\$ 573,165	\$ 8,511	\$ 2,799	\$ 67,537	\$ 34,568
Adjustment from contract value to fair value for fully benefit responsive investment contracts at December 31, 2024	(15,484)	(66)	(60)	(201)	(68)
Adjustment from contract value to fair value for fully benefit responsive investment contracts at December 31, 2023	17,141	64	55	237	—

9. SUBSEQUENT EVENTS

The Plans were amended on June 23, 2025 to allow all existing savings plans within the Master Trust to move to a common 4% employer match, with varying non-elective contribution amounts being used to balance any reductions in the prior matching opportunity, effective July 1, 2025. Specifically, BP Employee Savings plan will provide for a 4% employer match with a 3% non-elective contribution; BPX Energy Employee Savings Plan will provide for a 4% employer match with a 10% non-elective contribution; and BP Partnership Savings Plan will have a 4% employer match with no elective contribution. There are no changes to the BP DirectSave Plan and Archaea Employee Savings Plan employer match and non-elective contributions.
