Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Kimble Recycling & Disposal, Inc. 401(k) Retirement Plan, (the Plan) an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the

Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of the Plan

The following description of the Kimble Recycling & Disposal, Inc. 401(k) Retirement Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Kimble Recycling & Disposal, Inc., (the Plan Sponsor), a subsidiary of the Kimble Company, has appointed CBIZ Retirement Plan Services as the Plan's third-party administrator and has appointed Voya Retirement Insurance and Annuity Company as the custodian of the Plan. The Plan is a defined contribution plan that covers substantially all employees of the Plan Sponsor who have three months of service and are age 18 or older. The Plan is subject to the provisions of ERISA.

Contributions

The Plan allows participants to contribute a minimum of 1% up to 90% of their annual compensation (as defined in the Plan) up to the maximum allowable amount as determined by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan Sponsor's matching contributions, which are at the discretion of the Plan Sponsor, were 50% of the first 3% of the participant's elective deferral for the year ended December 31, 2024. Employees are eligible for a Plan Sponsor match after three months of service. Each year the Plan Sponsor may also make an additional matching or discretionary non-elective (profit sharing) contribution. The Plan Sponsor did not make any discretionary non-elective contribution for the year ended December 31, 2024.

Vesting

Participants are immediately vested in their contributions and amounts rolled over from other qualified plans plus actual earnings thereon. A vesting year of service is defined by the Plan as 1,000 hours of service worked by the participant in a calendar year. Vesting in the Plan Sponsor's contribution portion of their accounts is based on the following vesting schedule.

<u>Years of Service</u>	<u>Vesting %</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Upon death or disability, the participant becomes 100% vested in Plan Sponsor non-elective contributions including matching and profit-sharing contributions.

Participant Accounts

The Plan provides that contributions to the Plan will be invested in certain individual programs directed by each participant. Each participant's account is credited with the participant's contributions including elective deferrals and rollover contributions and allocations of (a) the Plan Sponsor's contributions and (b) Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments of the Plan are fully participant directed.

Kimble Recycling & Disposal, Inc.

401(k) Retirement Plan

Notes to Financial Statements

Payment of Benefits

Upon termination of service, a participant may receive a lump-sum amount equal to the vested value of his or her account, or upon death, disability or retirement, may elect to receive annual installments over a defined period of time not extending beyond the life expectancy of the participant or the joint and last survivor expectancy using the attained age of the participant and the participant's designated beneficiary. If a participant's vested account is less than \$5,000, it will be paid to the participant in a single lump-sum. If a participant's vested account exceeds \$5,000, the participant must consent to any distribution. Non-terminated employees may make withdrawals from their vested account balance as a hardship withdrawal. Hardship withdrawals are subject to additional rules and conditions as outlined in the Plan agreement.

Forfeitures

Forfeited nonelective contributions from terminated participants' nonvested accounts may be used to restore forfeitures or reduce Plan Sponsor contributions. During the year ended December 31, 2024, forfeitures totaling \$96,408 were used to reduce employer contributions. Unallocated forfeitures were \$27,227 and \$68,766 as of December 31, 2024 and 2023, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Sponsor to make estimates and assumptions that affect certain reported amounts in the financial statements and accompanying notes. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract which is reported at contract value.

Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to the fully benefit-responsive investment contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's custodian determines the Plan's valuation policies utilizing information provided by the investment advisors and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes to Financial Statements

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid using Plan assets, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

3. Information Prepared and Certified by the Custodian

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2024 and 2023, and investment income (loss), benefit payments, and administrative expenses for the year ended December 31, 2024, was obtained or derived from information supplied to the Plan Sponsor and certified as complete and accurate by Voya Retirement Insurance and Annuity Company, the custodian.

4. Fair Value Measurements

The authoritative accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy in accordance with authoritative accounting literature are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs include quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Pooled separate accounts: Valued at the net asset value (NAV) of shares held by the plan at year end by Voya Retirement Insurance and Annuity Company. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is

Kimble Recycling & Disposal, Inc. 401(k) Retirement Plan

Notes to Financial Statements

determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All assets measured at fair value as of December 31, 2024 and 2023, were pooled separate accounts that are valued at NAV and therefore not included in the fair value hierarchy in accordance with authoritative guidance.

The following tables set forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2024 and 2023, respectively:

December 31, 2024:	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Pooled separate accounts*	\$ 12,051,713	\$ -	Daily	1 day
December 31, 2023:	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Pooled separate accounts*	\$ 10,873,402	\$ -	Daily	1 day

* Investment strategy for these investments, valued using NAV per share, is not being presented since it is a fund that files a Form 5500 as a direct filing entity (DFE).

5. Fully Benefit-Responsive Investment Contract

The Plan offers the Voya Fixed Account, which is a group annuity contract issued by Voya Retirement Insurance and Annuity Company as custodian. The Voya Fixed Account is a traditional investment contract guaranteed by Voya Retirement Insurance and Annuity Company that guarantees a minimum rate of interest that will be credited to participant accounts. This contract meets the fully benefit-responsive investment contract criteria and is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions in accordance with the terms of the Plan. Contract value represents contributions made under the contract, plus credited interest, less participant withdrawals and administrative expenses. Due to the nature of the contract, there are no specific underlying assets assigned. As a result, the average yield earned by the Plan is the yield earned (i.e. interest credited) on the group annuity contract. In accordance with the terms of the existing contract, the crediting interest rate is reset on a monthly basis. The crediting interest rate is net of administrative expenses.

The contract is backed by the full faith and creditworthiness of the issuer. Guarantees are based on the claims-paying ability of the issuer and not on the value of the securities within the insurer's general account. Key factors that could influence future crediting interest rates include mortality and expense risks, interest rate guarantees, the investment income (loss) earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets. A market value adjustment may apply to amounts withdrawn at the request of the contract holder.

Kimble Recycling & Disposal, Inc.

401(k) Retirement Plan

Notes to Financial Statements

The Voya Fixed Account contract does not have a maturity date. The provisions do not provide for a distribution at book value at some specified future date. A contract holder can request a lump-sum distribution with a market value adjustment, or an installment payout, at book value, over a period of years. The Voya Fixed Account contract continues in force until all assets have been distributed, or no further payments are due. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with the plan participants are probable of occurring. The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (1) an uncured breach of the contract terms, (2) bankruptcy of the Sponsor, (3) sixty-day notice of termination provided by the issuer without cause. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right in accordance with the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. The Board of Directors of Kimble Company (Parent company of Kimble Recycling & Disposal, Inc.) would direct the custodian to (a) distribute the assets remaining in the trust account after payment of all Plan expenses or (b) elect to transfer the assets and liabilities of the terminated plan to another qualified plan maintained by the employer. In the event of plan termination, participants will become fully vested in their accounts.

7. Tax Status

The non-standardized pre-approved profit-sharing plan that the Plan is based on obtained an opinion letter dated June 30, 2020, in which the IRS stated that the non-standardized pre-approved profit-sharing plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan Sponsor to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Transactions with Parties in Interest

The Plan's custodian, Voya Retirement Insurance and Annuity Company, is a party in interest of the Plan as defined by ERISA Section 3 (14) and accordingly, investment transactions in the respective funds are parties in interest transactions. Certain legal and accounting fees and certain administrative expenses relating to the maintenance of participant eligibility records are absorbed by the Plan Sponsor. Other than as described above, or pursuant to a trust agreement, the Plan has no agreements or transactions with any parties in interest.

Kimble Recycling & Disposal, Inc.

Notes to Financial Statements

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Subsequent Events

Plan Sponsor has evaluated subsequent events through October 7, 2025, which is the date the financial statements were available to be issued.

Effective March 1, 2025, the Plan was amended and restated to include an Automatic Contribution Arrangement (ACA) for eligible employees. In accordance with the ACA provisions, the Plan Sponsor automatically will withhold from new participant's compensation 3% per pay period (referred to as the "automatic deferral percentage") and will transmit the withheld amount to the Plan as elective deferrals unless the eligible employee opts out.
