INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Peterson Trucks, Inc. Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Peterson Trucks, Inc. Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Peterson Trucks, Inc. Pension Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Peterson Trucks, Inc. Pension Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Peterson Trucks, Inc. Pension Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Peterson Trucks, Inc. Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Peterson Trucks, Inc. Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, ("supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of the Peterson Trucks, Inc. Pension Plan (the "Plan") provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General

The Plan, a money purchase pension plan sponsored by Peterson Holding Company (the "Company" or the "Employer"), is intended to qualify under Section 401(a) and related provisions of the Internal Revenue Code (IRC), and was established effective February 11, 2011, and restated effective January 1, 2022. Peterson Trucks, Inc. ("Peterson Trucks") is the only participating employer in the Plan. The Plan is designed to comply with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA).

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan Sponsor has until the end of the first Plan year beginning on or after January 1, 2026 to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Plan administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company's Incentive Retirement Plan Administrative Committee (the "Committee") is the Plan trustee and is responsible for making investment decisions. Under the authority of the Committee, investments may be made in, but are not limited to, common stocks, preferred stocks, corporate bonds.

Matrix Trust Company (the "Custodian"), is responsible for maintaining custody of the Plan's assets. As part of its duties, the Custodian unitizes the assets of the Plan such that each participant's account consists of a specified number of units in the Plan's investment portfolio ("Unitized Account"). The Custodian computes the daily price of a unit in the Unitized Account based upon the end-of-day market prices of each underlying investment in the Plan's portfolio. The value of each participant's account is computed each day and each participant transaction is based upon the daily price of a unit of the Plan.

Milliman, Inc. ("Milliman") provides administrative and recordkeeping services on behalf of the Plan. RBC Wealth Management, a division of RBC Capital Markets (RBC), was the investment advisor to the Plan through October 31, 2023 and then replaced by Captrust effective November 1, 2023.

1. DESCRIPTION OF THE PLAN (continued)

Eligibility

Employees of Peterson Trucks, Inc., who are subject to the Collective Bargaining Agreement between Operating Engineers Local Union No. 3 and Peterson Trucks, Inc. are eligible to participate in the Plan immediately upon commencement of employment with Peterson Trucks. All other employees of the Company, employees of any affiliate entities, and non-resident aliens are excluded from participating in the Plan.

Employer contributions

The Company makes monthly contributions to the Plan based on a fixed formula stated in the collective bargaining agreement between Peterson Trucks and members of Operating Engineers Local 3. During 2024, these fixed contributions were equal to \$2.40 per hour worked for trainees with a straight-time hourly wage rate percentage of less than 80% of the Technician III (Journey level) job classification and \$4.50 per hour worked for all other classifications of employee. Contributions for all classifications of employee are up to a maximum of 170 hours per month. The Company made contributions to the Plan of \$403,323 for the year ended December 31, 2024.

Participant accounts

Individual accounts are maintained for each Plan participant. Each participant's account consists of units in the Plan's Unitized Account with the units being priced each day based upon the end-of-day market price of each underlying investment. Additional units are purchased with the Company's contributions. Units are sold to pay each participant's share of administrative expenses that are charged to the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investments

The Plan is not participant-directed, therefore, all Plan investments are included under one uniform investment policy. The Plan's investment objective is to diversify long-term investments so as to maximize returns with minimum risk of significant losses. The asset allocation policy includes utilizing the following combination of securities: common stocks, preferred stocks, and corporate bonds.

1. DESCRIPTION OF THE PLAN (continued)

Vesting

Participants vest in the Company's contributions, plus actual earnings thereon, as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	0 %
2	25 %
3	50 %
4	75 %
5	100 %

Forfeitures

Forfeited non-vested accounts totaled \$119,769 and \$26,712 as of December 31, 2024 and 2023, respectively. The Plan document allows for forfeitures to be used to pay for administrative expenses and to offset Company contributions. Forfeitures totaling \$38,490 were used to pay for the Plan expenses during the year ended December 31, 2024. Forfeitures totaling \$28,324 were used to offset Company contributions during the year ended December 31, 2024.

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, obtaining age 62, disability, or death upon the request of the participant or the participant's designated beneficiary. Distributions are paid in the form of a lump-sum cash payment or a direct rollover into another qualified plan. Participant account balances equal to or less than \$1,000 at termination, are distributed immediately in a lump-sum cash payment. Participant account balances greater than \$1,000 and less than or equal to \$5,000 at termination, are rolled into an individual retirement account designated by the Plan administrator, unless a direct rollover into a qualified benefit plan is requested. If the account balance is over \$5,000 at termination, the participant can consent to either a distribution paid in the form of a lump-sum cash payment, a direct rollover into another qualified plan, or postpone payment to a later date and remain in the Plan as described in the plan documents.

Administrative expenses

Certain administrative expenses of the Plan, including recordkeeping and audit fees, were paid by the Plan for the year ended December 31, 2024.

Participants are charged for certain costs and expenses of operating the Plan. Such expenses include, but are not limited to costs to process distributions, and domestic relations orders. If the Company pays for any administrative expenses of the Plan, the Plan is not required to reimburse the Company for expenses paid on its behalf.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The financial statements are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and the disclosures of contingent liabilities. Accordingly, actual results may differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes therein.

Contributions and contributions receivable

Contributions from the Company are recorded in the year earned and due to the Plan. The Plan records receivables for contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year.

Investment valuation and income recognition

The Plan's investments are reported at fair value as certified by the Custodian. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a description of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in the fair value of investments includes the Plan's net gains and losses on investments bought and sold during the year as well as those held at year end.

Payment of benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Administrative expenses

Administrative expenses are recorded when incurred.

Subsequent events

Management of the Plan has evaluated subsequent events through September 25, 2025, the date the financial statements were available to be issued. Effective March 10, 2025, the Plan was amended to allow for participant directed investments. Plan management is not aware of any other subsequent events which require recognition or disclosure in the financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the Plan's investment information, and related activity, certified by the Custodian, determined to be a qualified institution by the plan administrator, as complete and accurate, except for comparing such information to corresponding information included in the Plan's financial statements and supplemental schedule of assets (held at end of year) ("supplemental schedule"). The Custodian certified that the following investment information included in the financial statements is complete and accurate:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023;
- Net appreciation in fair value of investments reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024, and;
- Investments reflected on the supplemental schedule as of December 31, 2024.

4. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. That framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to measurements involving significant unobservable inputs (Level 3).

The three levels of fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Peterson Trucks, Inc. Pension Plan
Notes to Financial Statements
December 31, 2024 and 2023

4. FAIR VALUE MEASUREMENTS (continued)

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes to the methodology used at December 31, 2024 and 2023.

Interest bearing cash is valued at the amount held on deposit by the Custodian where quoted prices are available in an active market and are classified as Level 1.

Common stock, preferred stock, corporate bonds, warrants and mutual funds are valued at the closing price reported on the major market on which the individual securities are traded. All common stocks, preferred stocks, corporate bonds, warrant and mutual funds are classified within Level 1 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. TAX STATUS

The Plan has adopted the Milliman, Inc. Non-standardized Pre-Approved Profit Sharing/Money Purchase/CODA ("pre-approved plan"). The Internal Revenue Service has informed Milliman, Inc. by a letter dated June 30, 2020, that its pre-approved plan document is designed in accordance with applicable sections of the IRC and is appropriate for use by employers for the benefit of their employees. The plan administrator believes that the Plan is designed and is being currently operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. PLAN TERMINATION

While the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination or complete discontinuance of Company contributions, the individual accounts of all participants, after payment of any applicable expenses, would become fully vested and non-forfeitable.

Peterson Trucks, Inc. Pension Plan
Notes to Financial Statements
December 31, 2024 and 2023

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines a party-in-interest similar to a related party as defined under financial accounting standards, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Management did not identify any related parties to the Plan that were not considered to be parties-in-interest. The Plan did not enter into any material related party transactions during the Plan year related to compensation arrangements, expense allowances, or similar items.

Parties-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, and a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Certain fees and expenses of the Plan are paid by the Company. The Plan is not required to repay expenses paid by the Company on its behalf.

The Custodian retains, as compensation for the services provided to the Plan, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

The Plan holds its investments within the Unitized Fund that are managed by Captrust and were previously managed by RBC through October 31, 2023. Captrust and RBC are investment advisors as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions.
