Report of Independent Registered Public Accounting Firm

To the Audit Committee, 401(k) Plan Committee, the Plan Administrator and Plan participants of the Magyar Bank 401(k) Profit Sharing Plan:

Opinion on the Financial Statements

We have audited the accompanying statements of net assets available for benefits of the Magyar Bank 401(k) Profit Sharing Plan (the Plan) as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes (collectively referred to as the financial statements). In our opinion, the financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023 and the changes in net assets available for benefits for the year ended December 31, 2024, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on the Plan's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Plan in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Supplemental Information

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024, has been subjected to audit procedures performed in conjunction with the audit of the Plan's financial statements. The supplemental information is the responsibility of the Plan's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Independent Auditor's Report

To the Audit Committee, 401(k) Plan Committee, the Plan Administrator and Plan participants of the Magyar Bank 401(k) Profit Sharing Plan:

Opinion

We have audited the financial statements of the Magyar Bank 401(k) Profit Sharing Plan (“the Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

MAGYAR BANK
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 - General description of the Plan:

The following brief description of the Magyar Bank 401(k) Profit Sharing Plan (the “Plan”) is provided for purposes of general information only. Participants should refer to the Plan document for more complete information.

General:

The Plan was established effective March 1, 1994. The Plan is a participant-directed defined contribution plan covering substantially all employees, as defined, with Magyar Bank and its subsidiaries (the “Bank” or “Plan Sponsor”), which elect to participate in the Plan. The Bank is a wholly-owned subsidiary of Magyar Bancorp, Incorporated. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Eligibility:

The Plan covers all eligible employees of the Bank who have attained 18 years of age and have been employed with the Bank for three (3) months.

Contributions:

Participants may contribute up to 80% of their gross earnings, as defined by the Plan document, up to the maximum permitted by IRS limitations (\$23,000 for 2024). Contributions of gross earnings may be either before-tax or after-tax dollars. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans (known as rollover contributions).

Participating employees age 50 and above may elect to make "Catch Up" contributions to the Plan above the Plan's maximum. The maximum additional Catch Up contribution was \$7,500 during the 2024 Plan year. Plan provisions allow for the automatic enrollment of all eligible participants upon entry into the Plan at 6% of the participant’s eligible compensation, which will be invested into a qualified default investment option determined by the Plan Sponsor. Participants have the option to change the automatic enrollment deferral percentages.

The Bank has the option to make a discretionary contribution. During the year ended December 31, 2024, the Bank made discretionary matching contributions of 100% of the first 2% of employees' elective contributions and 50% of the next 4% of employees' elective contributions up to a maximum of 4% of gross earnings. Employer contributions were \$253,874 in 2024. The Bank also has the option to make a non-matching profit sharing contribution. During the year ended December 31, 2024, the Bank did not make a non-matching profit sharing contribution.

Notes receivable from participants:

Participants may borrow from their individual participant accounts a minimum of \$1,000 and up to a maximum of the lesser of \$50,000 or 50% of the market value of their vested balance. The interest rate used in calculating repayments is the prime rate plus one percentage point at the time of the loan. The interest rates on loans ranged from 4.25% to 9.50% as of December 31, 2024 and December 31, 2023. The interest rate is fixed at the time of loan origination and remains unchanged for the life of the loan. The interest paid by the participant is credited to the participant's retirement savings account. The loans have maturities up to five years or up to thirty years for the purchase of a principal residence. No more than one loan may be outstanding at any time.

MAGYAR BANK
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 - General description of the Plan (continued):

Investments:

Employees may elect to have their contributions and the applicable matching Bank contributions invested in one of the various funds offered by the Plan.

Participant accounts:

Each participant's account is credited with the participant's pre-tax and after-tax contributions, the Bank's discretionary matching contributions, non-matching profit-sharing contributions and an allocation of Plan earnings (losses). Plan earnings (losses) are allocated to participants based on each participant's share balance within each fund as a percentage of the Plan's total share balances within each fund. The benefit to which a participant is entitled is the benefit provided from the participant's vested account.

Vesting:

The employees are always 100% vested with respect to their own contributions and related earnings. The Bank contributions, together with the earnings or losses on these contributions, will be available to the employees at the time of withdrawal only to the extent they are vested. All Bank contributions will become fully vested in the event of a participant's death, early retirement at age 55, total and permanent disability, or the attainment of age 65 (normal retirement date). Bank contributions for each year begin vesting at the rate of 20% per year of service for the first five years of service. After an employee has attained five years of service, all current and future contributions are immediately vested.

Payments of benefits:

Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service. Distributions under the Plan may be made in lump sums.

Once reaching the age of 59-1/2, a participant can elect to withdraw contributions for any reason. A partial or total withdrawal (including vested Bank contributions) of a participant's contributions may be made on any valuation date or as soon as administratively feasible thereafter. In addition, participants may withdraw contributions in the event of a financial hardship, such as certain medical expenses, the purchase of a principal residence, payment of tuition and related educational fees, payments to prevent eviction from or foreclosure on a principal residence, or burial or funeral expenses, in the amount equal to their immediate financial need. Hardship withdrawals will be processed as soon as administratively feasible and in most cases the withdrawal will be subject to federal income taxes.

Plan administration:

The Plan is administered by the 401(k) Investment Committee appointed by the Bank's Board of Directors. Principal Trust Company is the Trustee and administrative service provider for the Plan.

Forfeitures:

Forfeitures of non-vested participants' accounts can be used to pay plan expenses or reduce employer contributions. During 2024, forfeitures amounted to \$12,045. The Plan used \$13,306 of forfeited amounts to fund Plan administration expenses and \$10,266 to reduce employer contributions. The balance of the forfeited funds held by the Plan at December 31, 2024 and 2023 was \$8,921 and \$19,341, respectively.

MAGYAR BANK
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 - General description of the Plan (continued):

Plan termination:

The Bank anticipates and believes that the Plan will continue without interruption, but reserves the right to continue or amend the Plan, revise the rate of Bank contributions or terminate the Plan at any time. If terminated, participants would become 100% vested in their accounts and the assets of the Plan will be distributed to the participants and beneficiaries in the order and manner prescribed in ERISA.

Note 2 - Summary of significant accounting policies:

Basis of accounting:

The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States of America on the accrual basis of accounting. Under this method of accounting, contributions and investment income are recorded when earned and administrative expenses are recorded when incurred.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the plan year.

Contributions:

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the participant contributions are withheld from compensation.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis.

No allowance for losses is deemed necessary by Plan Management as loan repayments for principal and interest are made ratably as individual payroll deductions during each regularly scheduled pay period. Delinquent participant loans are deemed as distributions based upon the terms of the Plan document.

Distributions:

Distributions to Plan participants are recorded when paid.

Note 2 - Summary of significant accounting policies (continued):

Administrative expenses:

Expenses incurred in the administration of the Plan and the trust were generally charged to and paid by the participants and are included in the accompanying financial statements. Fees pertaining to specific participant transactions are paid by the Plan to the trustee and record keeper through participant deductions and are reflected as administrative expenses. In addition, certain investment related expenses were reflected as a reduction of net investment income and are not readily determinable.

Recent accounting pronouncements:

There were no recently adopted accounting pronouncements that had a significant impact on the Plan's financial statements.

Note 3 - Investment Contract with Insurance Company:

The Plan holds a fully benefit-responsive investment contract (insurance company/general account), listed in the Statements of Net Assets Available for Benefits as Insurance company general account. The investment contract was with Principal Life Insurance Company, and contributions continued to be maintained in a general account. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contract. The fully benefit-responsive investment contracts are direct investments between the Plan and the issuer.

Contract values represent contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. Since contract value is the relevant measurement, this investment is excluded from the fair value hierarchy table.

The fully benefit-responsive investment contract held by the Plan is a guaranteed investment contract obligated to repay the principal and interest at a specified interest rate that is guaranteed by the Plan. The crediting rate is based on a formula established by the contract issuers but may not be less than 0.15%. Such interest rates are reviewed annually for resetting. The contract does not have a maturity date.

The Plan must provide six months' notice to the contract issuer to redeem its interest in this investment at contract value or the Plan may be subject to a surrender charge.

The Plan's ability to received amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the follow: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

Note 3 - Investment Contract with Insurance Company (continued):

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 4 – Fair Value Measurements:

The Plan's investments are recorded in accordance with FASB Accounting Standards Codification Topic 820 ("ASC 820"), which established a framework for measuring fair value. ASC 820 clarifies that fair value is an estimate of the exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants (i.e., the exit price at the measurement date). That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest observable level of any input that is significant to the fair value measurement. Valuation techniques were used to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023, unless otherwise stated.

Employer stock: The Plan holds employer-related securities. This option seeks to provide long-term capital appreciation through the direct investment in the common stock of Magyar Bancorp, Inc., which is publicly traded on the NASDAQ Stock Market. The employer stock consists of 100% of the common shares of Magyar Bancorp, Inc. This stock is valued at the number of the shares held by the Plan at the closing price of the stock at year end. These investments can be redeemed daily and without any restrictions on the timing of the redemption.

Note 4 – Fair Value Measurements (continued):

Registered investment companies: Valued at the net asset value of shares held by the Plan at year end as reported on the active market on which the fund is traded and are therefore included in Level 1 investments in the fair value hierarchy table.

Pooled separate account: Valued based on the observable unit value of the underlying investment mutual fund investments held by the Plan trustee at year end and are therefore included in Level 2 investments in the fair value hierarchy table.

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023.

Note 5 – Party in Interest Transactions:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants, shares of employer stock and the management of investments held by the trustee and custodian are considered party-in-interest transactions.

At December 31, 2024 and at December 31, 2023, the Plan held common stock of the Magyar Bancorp, Inc., the parent company of the sponsoring employer, in the amount of \$1,700,797 and \$1,428,094, respectively. During the year ended December 31, 2024, the Plan earned dividend income of \$28,456 related to the common stock.

Note 6 - Tax status of the Plan:

Effective July 15, 2022, the Company adopted a “pre-approved” plan document of Principal Life Insurance Company. The Internal Revenue Service (“IRS”) has determined by letter dated June 30, 2020 that the pre-approved plan document adopted by the plan sponsor is designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). Pre-approved defined contribution plan documents must be restated in their entirety to include language for changes in applicable laws or regulations every six years. This restatement process incorporates all amendments made to the plan during the past six years into a new plan document. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there have been no tax related interest or penalties for periods presented in these financial statements.

Note 7 - Concentration of risks and uncertainties:

The assets of the Plan are primarily financial instruments which are monetary in nature and concentrated in investment securities. As a result, interest rates have a more significant impact on the Plan's performance than the effects of general levels of inflation. Interest rates do not necessarily move in the same direction or in the same magnitude as the prices of goods and services as measured by the Consumer Price Index. Investments in funds are subject to risk conditions of the individual investment or fund objectives, stock market fluctuations, interest rates, economic conditions and world affairs. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 8 – Subsequent Events:

The Plan has evaluated subsequent events through June 24, 2025, the date these financial statements were available for issuance.
