Report of Independent Auditors

To the Investment and Administrative Committee of The Walt Disney Company Sponsored Qualified Benefit Plans and Key Employees Deferred Compensation and Retirement Plan and Participants of the Disney Hourly Savings and Investment Plan

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Disney Hourly Savings and Investment Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Disney Hourly Savings and Investment Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Disney Hourly Savings and Investment Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Disney Hourly Savings and Investment Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Disney Hourly Savings and Investment Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Disney Hourly Savings and Investment Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**DISNEY HOURLY SAVINGS AND INVESTMENT PLAN
NOTES TO FINANCIAL STATEMENTS**

1. Description of the Plan

General

The Walt Disney Company (the “Company”) established the Disney Hourly Savings and Investment Plan (the “Plan”) effective as of June 1, 2000. The Plan is a defined contribution plan intended to provide participating employees the opportunity to accumulate retirement funds through a tax-deferred contribution arrangement pursuant to Section 401(k) of the Internal Revenue Code of 1986 (the “Code”). In addition to the Code, the Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). This Plan is also an Employee Stock Ownership Plan (“ESOP”), which is intended to comply with Section 4975(e)(7) of the Code. The ESOP provides employees the opportunity to participate in the performance, both positive and negative, of Company common stock. The following description of the Plan provides only general information. Participants should refer to the Plan document for a complete description of the Plan’s provisions.

Administration of the Plan

The Investment and Administrative Committee of The Walt Disney Company Sponsored Qualified Benefit Plans and Key Employees Deferred Compensation and Retirement Plan (the “Committee” or “Plan Administrator”) administers the Plan, interprets its provisions and resolves all issues arising in the administration of the Plan.

The assets of the Plan are administered under a trust agreement between the Company and Fidelity Management Trust Company (“Fidelity” or the “Trustee”). Pursuant to the trust agreement, Fidelity executes the day-to-day activities of trust administration.

Administrative expenses of the Plan may be paid from the assets of the Plan unless the Company, at its discretion, pays such expenses. Investment expenses incurred by the investment funds are charged to the respective funds.

Participation

The Plan is for eligible domestic hourly employees of the Company and certain of its subsidiaries. Eligible employees may enroll and begin making contributions 90 days after their hire date. Eligible employees hired or rehired on or after January 1, 2018 and not covered by a collective bargaining agreement will be automatically enrolled in the Plan at a contribution rate of 4% of eligible pay, and this contribution rate automatically increases by 1 percentage point each year, up to a maximum percentage of 10%, unless a participant affirmatively elects otherwise. Employees who were auto-enrolled may withdraw their tax deferred contributions within 90 days of their 1st contribution.

The Plan accepts direct cash rollovers from other qualified plans or individual retirement accounts (“IRA”) regardless of whether the eligible employee has met the 90 day service requirement.

Contributions

Participants are permitted to make pre-tax contributions or after-tax Roth contributions or a combination of both in whole percentages, up to 50% of their base compensation, through payroll deductions. A participant’s total pre-tax contributions, after-tax Roth 401(k) contributions and the Company’s matching contributions, in any Plan year, cannot exceed the limits provided under Section 402(g) and Section 415 of the Code.

Generally, once the participant reaches one year of service, the Company will begin making matching contributions in amounts that range from 2% to 5% of eligible pay depending on a number of factors, including whether the participant is covered by a collective bargaining agreement. The Company may change the level of matching contributions or cease making matching contributions for participants not covered by collective bargaining agreements.

Income earned on participant pre-tax contributions and Company contributions to the Plan is not taxable for federal or state income tax purposes until withdrawn from the Plan. Income earned on Roth 401(k) contributions is not taxable if distributed in a qualified distribution. A Roth 401(k) withdrawal is considered a qualified

distribution if five taxable years have passed since a participant's first contribution and the withdrawal is attributable to the participant's attainment of age 59½, disability or death.

Participant accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of Plan earnings. To the extent that the Plan's administrative expenses are not paid by the Company, participant accounts may be charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the amount in the participant's account.

Vesting

Participants are fully vested immediately in all contributions, including the Company's matching contributions, and all earnings thereon.

Investments

The Plan's investments are held in the Disney Savings Plan Master Trust (the "Master Trust"). There are a number of investment fund options available to participants. The participants direct their individual contributions and Company matching contributions in these investment funds. Participants may elect to change the investment of their contributions or to transfer all or part of their account balances among the various investment funds in increments of 1%. If the participant makes no election, contributions are made into the BTC Lifepath Fund with a target date closest to the participant's 65th birthday.

Benefits, Distributions and Withdrawals

A participant's entire account balance, adjusted for investment gains or losses, is available for immediate distribution upon termination of employment. Distributions are made in cash or participants can elect to receive any part of their Disney Stock Fund accounts in the form of Company common stock plus cash for any fractional shares. Participants' account balances under \$1,000 are automatically distributed within 60 days following the participant's termination date (or on a future date if the fair market value of the account balance falls below \$1,000), less 20% for federal tax withholding, unless the participant elects to rollover the distribution into an IRA or another qualified plan. For terminated participants with account balances between \$1,000 and \$7,000, the Plan Administrator will distribute the participant's balance in a direct rollover to an IRA designated by the Plan Administrator, unless the participant elects to rollover their balance into another eligible retirement plan. Participants with account balances of \$7,000 or more may elect a distribution at any time following termination of employment. All amounts are to be distributed in accordance with the minimum required distribution provisions of the Code.

In-service withdrawals, up to 100% of the participant's account, are available after reaching age 59½. Hardship withdrawals are limited to the amounts necessary to satisfy a financial hardship and will be made if the Committee, or its delegate, determines that the reason for the hardship complies with applicable requirements under the Code and the Plan.

Voting Rights for the Disney Stock Funds

Each participant has the right to direct the Trustee concerning the participants' shareholder rights, such as voting rights or tender offers. An appointed independent fiduciary will vote the shares if a participant does not give specific voting instructions to the Trustee. If an independent fiduciary is not appointed in a particular year or does not give the Trustee timely direction, the Trustee will vote those shares in the same proportion it has received instructions from other participants. If the Trustee does not receive specific tender offer instructions from a participant, the Trustee will not tender those shares.

Notes Receivable from Participants

Participants are permitted to borrow from their accounts subject to certain limitations and conditions established to comply with the current requirements of the Code. All notes made by participants are secured by their accounts with a right of offset. Participants may borrow up to 50% of their vested account balance not to exceed \$50,000 in any consecutive twelve-month period. The minimum amount of each note is \$1,000, and a participant may only have one note outstanding.

Notes may have a term of up to five years. However, the term can be extended to thirty years if the note is used to acquire or construct a principal residence of the participant. The interest rate on notes is equal to the prime rate on the date of issuance plus 1%. Note payments, including interest, are credited to the participant's account.

Plan Amendment or Termination

The Company reserves the right to amend or modify the provisions of the Plan. Although the Company expects to continue the Plan indefinitely, the Company, with the approval of its Board of Directors, may terminate the Plan for any reason. If the Plan is terminated, each participant will receive, as prescribed by ERISA and its related regulations and in the form and manner determined by the Committee, a payment equal to the value of the participant's account balance at the time of liquidation.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying disclosures. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options in mutual funds and other securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks, which can include increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and in the Statement of Changes in Net Assets Available for Benefits.

Investment Valuation and Income Recognition

Shares in registered investment companies and collective investment trusts are valued at the net asset value of shares held by the Plan at year end. The Disney Stock Funds are valued at the year-end quoted market price of Company common stock. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Net Investment Income/Loss

The Plan's share of the Master Trust's net investment income recorded in the Statement of Changes in Net Assets Available for Benefits consists of realized gains or losses on sales, dividends and unrealized appreciation or depreciation on investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. There are no allowances for credit losses as delinquent participant notes are reclassified as distributions based upon the terms of the Plan document and the Code.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Administrative expenses paid by the Company on behalf of the Plan are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in the net change in the fair value of investments.

3. Income Taxes

On March 26, 2018, the Company received a favorable determination letter from the Internal Revenue Service ("IRS") indicating that the Plan qualifies under the appropriate sections of the Code and is therefore exempt from income taxes under Section 501(a) of the Code. The Plan has been amended since the March 26, 2018 favorable determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

U.S. GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits in progress.

4. Party-in-Interest and Related Party Transactions

Under ERISA rules related to 401(k) plans, transactions with related parties of the Plan such as a sponsor, administrator, trustee or participant (Parties-in-Interest) are considered either exempt or non-exempt from ERISA prohibited transaction provisions. Non-exempt transactions are subject to penalty taxes.

During the year ended December 31, 2024, the Plan had the following exempt party-in-interest transactions:

- Certain Plan investments are shares of registered investment companies managed by Fidelity, who is the Trustee of the Plan.
- The Plan paid fees to the Trustee totaling \$400,452.
- The Company paid certain administrative expenses on behalf of the Plan totaling \$1,629,456. In addition, the Plan incurred administrative expenses of \$487,434 pertaining to the year ended December 31, 2024, which were paid by the Company in 2025.
- Participants borrowed \$25,615,027 and made principal repayments of \$17,230,520.
- The Plan allows participants to invest in Company common stock through the Disney Stock investment funds. The Plan recognized dividend income of \$1,115,552 included within "Plan's share of net investment income of the Disney Savings Plan Master Trust" in the Statement of Changes in Net Assets Available for Benefits. In addition, the dividend income receivable from the Company was \$606,816 and \$363,994 at December 31, 2024 and December 31, 2023, respectively and included within "Plan's share of the net assets of the Disney Savings Plan Master Trust at fair value" in the Statement of Net Assets Available for Benefits.

5. Investment in Disney Savings Plan Master Trust

The Plan's investments and certain assets are held in the Master Trust, which also includes the investments and certain assets of the Disney Savings and Investment Plan, the Disney Retirement Savings Plan and the 21st Century Fox America Consolidated Savings Plan, which are other defined contribution plans sponsored by the Company. Assets of the Master Trust are allocated to the participating plans according to the investment elections of participants within each plan. Investment income (losses) of the Master Trust for the year ended December 31, 2024 were allocated based upon each Plan's specific interest within each of the investment funds held by the Master Trust. For the year ended December 31, 2024, the Master Trust's purchases and sales of Company common stock were \$69,626,594 and \$142,825,197, respectively.

6. Fair Value Measurements

Fair value is defined as the amount that would be received for selling an asset or paid to transfer a liability in an orderly transaction between market participants and is generally classified in one of the following categories:

- Level 1 – Quoted prices for identical instruments in active markets
- Level 2 – Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations in which all significant inputs and significant value drivers are observable in active markets
- Level 3 – Valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable

Investments that are valued using the net asset value per share practical expedient are not classified in the fair value hierarchy.

The Master Trust's investments measured at fair value are summarized in the following tables by fair value measurement Level (in thousands):

	Investments at Fair Value at December 31, 2024	
	Level 1	Total

Collective investment trusts are valued using the net asset value per share practical expedient. The collective investment trusts invest in domestic and international/global equity and debt securities, securities of publicly traded real estate companies, fixed income investments and/or cash equivalents. The Master Trust's investments in collective investment trusts are purchased and sold on a daily basis and are not subject to restrictions regarding participant redemptions. In addition, there are no unfunded commitments to the collective investment trusts. The Master Trust is required to provide the manager of the collective investment trusts with 30 days' notice prior to exiting these funds.

7. Subsequent Events

The Plan Administrator has evaluated subsequent events through June 2, 2025, the date the financial statements were issued, and made any necessary adjustments and disclosures, as applicable.
