Independent Auditor's Report

Retirement Plan Administrator
Takeda Pharmaceuticals U.S.A., Inc.
Savings and Retirement Plan
Deerfield, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Takeda Pharmaceuticals U.S.A., Inc. Savings and Retirement Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Takeda Pharmaceuticals U.S.A. Inc. Savings and Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be

independent of Takeda Pharmaceuticals U.S.A., Inc. Savings and Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Takeda Pharmaceuticals U.S.A., Inc. Savings and Retirement Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Takeda Pharmaceuticals U.S.A., Inc. Savings and Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Takeda Pharmaceuticals U.S.A., Inc. Savings and Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

The following description of the Takeda Pharmaceuticals U.S.A., Inc. Savings and Retirement Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan covering all eligible employees of Takeda Pharmaceuticals U.S.A., Inc., (Company) who are not classified as temporary or seasonal employees and who are regularly scheduled to work 1,000 hours per year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended by subsequent legislation. The Plan was amended and restated in its entirety effective January 1, 2024.

Contributions

Each year participants may contribute from 1% up to 50% of pre-tax annual compensation, as defined in the Plan. Participants may contribute amounts representing after-tax contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company will make a matching contribution equal to 100% of the participant's contributions up to a maximum of 4% of eligible compensation.

The Company may make a discretionary basic annual retirement contribution equal to an amount ranging from 5% to 11% of a participant's base compensation paid by the Company during the plan year. The amount allocated to each participant is based on the sum of the participant's age and years of service.

The Company also, at its sole discretion, may elect to make a supplemental annual retirement contribution in an amount determined solely by the Company. Contributions are subject to certain limitations. There were no discretionary supplemental annual contributions made for the years ended December 31, 2024 and 2023.

During the year ending December 31, 2023, the Company made qualified non-elective contributions to the Plan totaling \$10,474,574 related to the class action lawsuit brought by participants of the Plan alleging violations of ERISA. The settlement provided for the allocation of monies directly into the individual accounts of participants involved in the class action suit who had Plan accounts during the period, as defined, with a balance greater than \$0 as of September 30, 2022.

Investment Options

Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers investment options in various registered investment companies, a common or collective trust fund and a money market fund. The Plan also provides for self-directed investing whereby each participant selects specific investments such as stocks, bonds and registered investment companies, as permitted by law.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) plan earnings or losses and charged with an allocation of administrative expenses. Allocations are based on participant eligible compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Savings and Retirement Plan
Notes to Financial Statements
December 31, 2024 and 2023

Vesting

Participants are 100% vested in their voluntary contributions and in the Company-matching contributions, plus actual earnings thereon. Vesting in the Company's basic annual retirement contributions is based on continuous years of service as follows:

Years of Service	Vesting
Less than 2	0%
2 less than 3	20%
3 less than 4	40%
4 less than 5	60%
5 less than 6	80%
6 or greater	100%

Vesting in the Company's discretionary supplemental annual retirement contributions is based on continuous years of service. A participant is 100% vested after three years of credited service as follows:

Years of Service	Vesting
Less than 1	0%
1 less than 2	33%
2 less than 3	66%
3 or greater	100%

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 8.50% at December 31, 2024, which is commensurate with local prevailing rates at the time the loan is issued. Principal and interest are paid ratably through regular payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installment payments over a period of time that may not exceed the joint life expectancies of the participant and the participant's beneficiary or the life expectancy of the participant's beneficiary, if the participant dies prior to the commencement of distributions.

Forfeitures

At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$6,145,472, and \$681,573, respectively. These accounts will be used to reduce administrative expenses and Company contributions. In 2024 and 2023, Company contributions were reduced by \$9,844,018 and \$9,982,685, respectively. See Note 8.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Plan investments are reported at fair value. Shares of registered investment companies and the Company stock are determined by obtaining the quoted price on nationally recognized securities exchanges. The money market fund is valued at cost, which approximates fair value. Fair values of publicly traded common and preferred stocks, registered investment companies, U.S. government securities and corporate bonds contained in self-directed brokerage accounts are determined by obtaining quoted prices on nationally recognized securities exchanges. Investments in self-directed brokerage accounts consisting of money market funds and certificates of deposit are valued at cost, which approximates fair value.

The common or collective trust fund is valued at net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. There are no participant redemption restrictions for these investments and participant redemptions are allowed daily. A redemption notice period is applicable only at the plan level. There are no unfunded commitments at December 31, 2024 and 2023.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Investment management and recordkeeping fees are expensed when paid from plan assets. Certain investment management fees are included in net appreciation in fair value of investments. Certain administrative expenses not paid by the Plan are paid by the Company.

Note 3. Information Prepared and Certified by Trustee of the Plan

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, a qualified institution, has certified the following information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments, noninterest-bearing cash and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Investment income components and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023.
- Investment information and notes receivable from participants included in the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2024.

The Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related information included in the financial statements and ERISA-required supplemental schedule.

Note 4. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

The assets or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no changes in methodologies used at December 31, 2024 and 2023.

The fair value of registered investment companies and the Company stock is determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The money market fund is valued at cost, which approximates fair value (Level 1 inputs).

Fair values of publicly traded common and preferred stocks, registered investment companies, U.S. government securities and corporate bonds contained in self-directed brokerage accounts are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1). Investments in self-directed brokerage accounts consisting of money market funds and certificates of deposit are valued at cost, which approximates fair value (Level 1 inputs).

Notes to Financial Statements
December 31, 2024 and 2023

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

(A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated December 2, 2016, that the Plan and related trust as then designed are in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Party-in-Interest Transactions

Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Expenses paid by the Plan during 2024 and 2023, for legal accounting and other professional services rendered by parties-in-interest, amounted to \$2,971,785 and \$2,463,676, respectively. The Company provides certain administrative services at no cost to the Plan.

Savings and Retirement Plan
Notes to Financial Statements
December 31, 2024 and 2023**

As of December 31, 2024 and 2023, the Plan, which is sponsored by Takeda Pharmaceuticals U.S.A., Inc, held 735,144 and 795,384 shares, respectively of common stock of the Company. Participant contributions are restricted from being allocated to Company stock. Any activity related to the Company stock held within the plan is due to investment gains or losses or divestiture.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 8. Nonparticipant-Directed Investments

Nonparticipant-directed investments are composed of forfeited nonvested balances that have not been allocated to participant accounts. These amounts totaled \$6,145,472, and \$681,573 as of December 31, 2024 and 2023, respectively. The forfeited balances are included in the Invesco Stable Value Trust Fund (common or collective trust fund) at December 31, 2024 and 2023.

Changes in the nonparticipant-directed investments for the years ended December 31, 2024 and 2023, are as follows:

	<u>2024</u>	<u>2023</u>
Beginning of year	\$ 681,573	\$ 562,831
Nonvested forfeited accounts	15,307,917	10,101,427

End of year	<u>\$ 6,145,472</u>	<u>\$ 681,573</u>

Note 9. Risks and Uncertainties

The Plan provides for investments that, in general, are exposed to various risks such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Subsequent Events

Subsequent events have been evaluated through October 6, 2025, which is the date the financial statements were available to be issued.
