Statement by Enrolled Actuary
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

(1) Name: **HUNGERFORD**

(2) EIN: **38-2184825**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

| | Yes | No | Amount |
|--|-----|----|---------|
| a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.) | | X | |
| b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.) | | X | |
| c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.) | | X | |
| d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.) | | X | |
| e Was this plan covered by a fidelity bond? | X | | 1000000 |
| f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty? | | X | |
| g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser? | | X | |
| h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser? | | X | |
| i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.) | | X | |
| j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.) | X | | |
| k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC? | X | | |
| l Has the plan failed to provide any benefit when due under the plan? | | X | |
| m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.) | | | |
| n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3. | | | |

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
 If "Yes," enter the amount of any plan assets that reverted to the employer this year 0.

INDEPENDENT AUDITOR'S REPORT

September 15, 2025

To the Plan Administrator of the
Howard Miller - Hekman Defined Benefit Pension Plan
Zeeland, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Howard Miller - Hekman Defined Benefit Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of assets available for benefits as of December 4, 2024 (in liquidation) and December 31, 2023 (ongoing), and the related statements of changes in assets available for benefits for the period ended December 4, 2024 (in liquidation) and the year ended December 31, 2023 (ongoing), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Howard Miller - Hekman Defined Benefit Pension Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 4, 2024 and December 31, 2023, and for the period ended December 4, 2024 and the year ended December 31, 2023, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Howard Miller - Hekman Defined Benefit Pension Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As described in Note H to the financial statements, on January 24, 2024, the Employer approved the termination of the Plan, effective February 29, 2024. The assets were fully liquidated as of December 4, 2024. As a result, the Plan has changed its basis of accounting from the going concern basis of accounting used in presenting the 2023 financial statements to the liquidation basis used in the 2024 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Howard Miller - Hekman Defined Benefit Pension Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Howard Miller - Hekman Defined Benefit Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Howard Miller - Hekman Defined Benefit Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental Schedule of Reportable Transactions is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

HOWARD MILLER - HEKMAN DEFINED BENEFIT PENSION PLAN

December 4, 2024 and December 31, 2023

Note A – Description of the Plan

The following brief description of the Howard Miller - Hekman Defined Benefit Pension Plan (Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory defined benefit pension plan covering substantially all employees of the Howard Miller Company and Hekman Furniture Company, including the Alexis Division and Lexington Division of Hekman Furniture Company (the Company). The Plan provides for retirement and disability benefits and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On January 24, 2024, the Company approved the termination of the Plan, effective February 29, 2024. The Plan was fully liquidated as of December 4, 2024. The following is a description of the Plan prior to termination.

Eligibility

Prior to January 1, 2007, eligible employees of the Company became participants in the Plan on January 1 and July 1 following the completion of 1,000 hours of service. The Plan was amended effective January 1, 2007 to freeze participation. Therefore, employees hired after December 31, 2006 are not eligible to participate in the Plan.

Contributions

There are no employee contributions allowed under the Plan. Employer contributions are actuarially determined on the basis of retirement benefits of all its participating employees. See Note F.

Plan Operations

The Company appointed Principal Trust Company to serve as Trustee. The Company acts as plan administrator. The Trustee is responsible for holding the investment assets of the Plan, executing investment transactions, and making distributions to participants. The plan administrator interprets and communicates the provisions of the Plan, ensures that all government and participant reporting requirements are fulfilled, and approves all distributions from the Plan to participants. The Plan's fiduciary committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investments, and monitors investment performance.

Costs and Expenses

Certain investment management and trustee fees are paid by the Plan and are based on reasonable and customary rates. Certain other costs and expenses incurred in connection with the operation of the Plan are borne by the Company.

NOTES TO FINANCIAL STATEMENTS

HOWARD MILLER - HEKMAN DEFINED BENEFIT PENSION PLAN

December 4, 2024 and December 31, 2023

Note A – Description of the Plan (Continued)

Costs and Expenses (Continued)

The Plan was amended effective November 29, 2022 and the Plan sponsor entered into a single premium group annuity contract to provide for the payment of annuity benefits for retirees and beneficiaries receiving a monthly benefit of \$264 or less. Upon execution of the contract and purchase of the annuity, the affected participants no longer were participants in the Plan. The benefit takeover occurred in 2023.

Additionally, the Plan was amended to allow a lump sum window for the time period of June 1, 2023 through July 16, 2023, during which eligible participants may elect to receive a lump sum of their actuarially determined benefit at that time.

Vesting

Benefits accrued within the Plan become fully vested upon a participant's completion of seven years of service with the Company, as defined below:

| <u>Years of Service</u> | <u>Vesting Percentage</u> |
|-------------------------|---------------------------|
| Less than 3 years | 0% |
| 3 years | 20% |
| 4 years | 40% |
| 5 years | 60% |
| 6 years | 80% |
| 7 years or more | 100% |

Benefits

The normal monthly retirement benefit is the amount equal to 1) a participant's years of benefit service multiplied by the applicable rate or 2) based on a final average pay formula using a benefit accrual rate which is phased out for participants who are not at least age 50 by January 1, 2007, as stated in the plan document.

Normal benefits are adjusted for early or late retirement. The Plan also provides for disability and death benefits. The normal retirement benefits are generally payable as a monthly annuity for life for single participants, and a joint and 50 percent survivor annuity for married participants, however other optional forms of payment are available.

Note B – Summary of Accounting Policies

Basis of Accounting

As discussed in Note H to the financial statements, the plan sponsor terminated the Plan effective February 29, 2024. As a result, the Plan changed its basis of accounting for the year ended December 4, 2024 from the going concern basis to the liquidation basis.

Under the liquidation basis of accounting, assets are measured to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process and liabilities are measured using the accrual basis of accounting and would include any expected costs of the disposal of assets and other costs expected to be incurred in the liquidation process.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported in the Plan's financial statements at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Net realized and unrealized appreciation or depreciation in the aggregate current value of investments included in the statements of changes in assets available for benefits is composed of realized gains and losses on sales of investments and unrealized gains and losses resulting from changes in the aggregate current value of investments. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded as it is earned. Dividends are reported on the ex-dividend date.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits (see Note F) are those future periodic payments, including lump sum distributions, which are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

NOTES TO FINANCIAL STATEMENTS

HOWARD MILLER - HEKMAN DEFINED BENEFIT PENSION PLAN

December 4, 2024 and December 31, 2023

Note B – Summary of Accounting Policies (Continued)

Actuarial Present Value of Accumulated Plan Benefits (Continued)

The actuarial present value of accumulated plan benefits is determined by a consulting actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation as of January 1, 2024 were: (a) life expectancy of participants (PRI-2012 with MP-2021 improvement scale), (b) retirement age assumptions (normal retirement age is 65; early retirement age is 60 with 5 years of service, or, for Hekman-Alexis division and Hekman-Lexington division participants of the Plan, age 55 with 5 years of service which both are eligible for a reduced benefit), (c) certain assumptions as to annual rates of withdrawal, and (d) interest rate of 4.75%. The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Changes to actuarial assumptions from those used in prior years are as follows: The interest rate changed from 5.75% as of January 1, 2023 to 4.75% as of January 1, 2024.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through September 15, 2025, which is the date the financial statements were available to be issued.

Note C – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

HOWARD MILLER - HEKMAN DEFINED BENEFIT PENSION PLAN

December 4, 2024 and December 31, 2023

Note C – Fair Value Measurements (Continued)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- quoted prices for similar assets and liabilities in active markets,
- quoted prices for identical or similar assets and liabilities in markets that are not active,
- other inputs that are observable or can be corroborated by observable market data,
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs are generally unobservable and significant to the fair value measurement. Such inputs typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability, including certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value as of December 31, 2023.

Pooled separate accounts: Valued at NAV based on the closing price for underlying securities, reported on the active market on which underlying securities are traded or based on quoted prices of similar assets. The NAV of each of the separate accounts is reported daily by the fund managers as based on recent transaction prices and represents the price at which the Plan would be able to initiate a transaction. The pooled separate accounts held by the Plan provide for daily redemptions by the Plan at reported NAV with no advance notice requirement and have no unfunded commitments.

NOTES TO FINANCIAL STATEMENTS

HOWARD MILLER - HEKMAN DEFINED BENEFIT PENSION PLAN

December 4, 2024 and December 31, 2023

Note C – Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

| | Level 1 | Level 2 | Level 3 | Total |
|--------------------------|---------|---------------|---------|---------------|
| December 31, 2023 | | | | |
| Pooled separate accounts | \$ - | \$ 22,690,897 | \$ - | \$ 22,690,897 |

As discussed in Note E, all Plan assets were liquidated and therefore fair value of assets as of December 4, 2024 were not applicable.

Note D – Risks and Uncertainties

Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of assets available for benefits. As of December 4, 2024, there were no investment securities held by the Plan.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements.

Note E – Information Certified by the Trustee

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and accrued income as of December 4, 2024 and December 31, 2023, and net appreciation (depreciation) in fair value of investments, other income, interest, and dividends for the period ended December 4, 2024 and year ended December 31, 2023, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustee.

December 4, 2024 and December 31, 2023

Note F – Accumulated Plan Benefits and Funding Policy

An actuarial valuation of the Plan was made as of January 1, 2024 and 2023. Accumulated plan benefits at these dates are as follows:

| | <u>2024</u> | <u>2023</u> |
|--|----------------------|----------------------|
| Actuarial present value of accumulated plan benefits: | | |
| Vested benefits: | | |
| Participants receiving payments | \$ 18,611,591 | \$ 17,507,552 |
| Other participants | 8,407,711 | 10,006,210 |
| | <u>27,019,302</u> | <u>27,513,762</u> |
| Nonvested benefits | - | - |
| Total actuarial present value of accumulated plan benefits | <u>\$ 27,019,302</u> | <u>\$ 27,513,762</u> |

Changes in accumulated plan benefits for the years ended January 1, 2024 and 2023 are as follows:

| | <u>2024</u> | <u>2023</u> |
|---|----------------------|----------------------|
| Actuarial present value of accumulated plan benefits at beginning of year | \$ 27,513,762 | \$ 40,856,932 |
| Increase (decrease) during the year due to: | | |
| Actuarial (gains) and losses | (54,172) | (117,237) |
| Benefits paid | (4,257,412) | (4,219,230) |
| Changes in actuarial assumptions | 2,355,773 | (10,076,004) |
| Decrease in discount period | 1,461,351 | 1,069,301 |
| Actuarial present value of accumulated plan benefits at end of year | <u>\$ 27,019,302</u> | <u>\$ 27,513,762</u> |

It is the sponsor's policy to fund the Plan as required by ERISA, and minimum funding standards have been met. This amount, determined by an independent actuary, is equal to the sum of the annual current service contribution attributable to a year's cost for continuous service and the prior service obligation.

Note G – Party-In-Interest Transactions

Fees paid by the Plan to parties-in-interest for services rendered to the Plan were \$209,555 and \$187,720 for the period ended December 4, 2024 and year ended December 31, 2023, respectively. Such fees were based on reasonable and customary rates.

NOTES TO FINANCIAL STATEMENTS

HOWARD MILLER - HEKMAN DEFINED BENEFIT PENSION PLAN

December 4, 2024 and December 31, 2023

Note H – Plan Termination

The Company elected to terminate the Plan effective February 29, 2024, in accordance with the PBGC provisions and reporting requirements. The net assets will be allocated and distributed to eligible participants. Benefits shall be allocated as prescribed by ERISA and its related regulations.

Certain benefits under the Plan are insured by the PBGC when the Plan terminates. Generally, the PBGC guarantees most vested normal-age retirement benefits, early retirement benefits and certain disability and survivors' pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Note I – Tax Status

The Plan obtained its latest determination letter dated March 23, 2021 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since the determination letter was requested. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 4, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

Assumptions prescribed by law

| | |
|-----------|---|
| Mortality | <p>Before benefit payment period</p> <p>IRS Prescribed Mortality - Generational Non-annuitant, male and female.</p> <p>During benefit payment period</p> <p>IRS Prescribed Mortality - Generational Annuitant, male and female.</p> |
|-----------|---|

Assumptions selected by actuary

| | |
|-------------------------------|---|
| Inflation | <p>2.40% increase per year.</p> <p>Our long-term inflation assumption considered the current economic environment, recent and historical data, and forecasts from Federal Reserve Bank FOMC, Congressional Budget Office, and Survey of Professional Forecasters. See Long-Term Capital Market Assumptions link.</p> |
| Asset return | <p>5.00% for the current plan year.</p> <p>The asset return is developed as a weighted average rate based on the target asset allocation of the plan and the long-term capital market assumptions. The calculated return is on an arithmetic mean basis. For details, see the Long-Term Capital Market Assumptions link.</p> |
| Expected expense | <p>The expected expense included in target normal cost is an estimate based on prior year expenses paid from plan assets, with an updated estimate of PBGC premiums. This is the best estimate available of upcoming year's expenses.</p> |
| Retirement | <p>Active and inactive participants are assumed to retire at normal retirement age as defined in Plan provisions.</p> <p>Due to our short tenure as actuarial provider for this plan, we do not have the plan experience necessary to set this assumption, and we are relying on the assumption set by the prior actuary, Watkins Ross. This assumption appears reasonable with the plan's design.</p> |
| Upcoming year salary increase | <p>The preceding year's salary is increased by 2.75% at each age. Note: not used for Plan accounting calculations.</p> <p>Due to our short tenure as actuarial provider for this plan, we do not have the plan experience necessary to set this assumption, and we are relying on the assumption set by the prior actuary, Watkins Ross. This assumption appears reasonable with the plan's design.</p> |
| Disability | <p>None. This plan does not offer a subsidized disability benefit therefore the disability assumption is built into the withdrawal assumption.</p> <p>Due to our short tenure as actuarial provider for this plan, we do not have the plan experience necessary to set this assumption, and we are relying on the assumption set by the prior actuary, Watkins Ross. This assumption appears reasonable with the plan's design.</p> |

Marriage

80% of males and 100% of females are married; males and females are the same age.

This assumption does not have material impact on the results of this report.

Due to our short tenure as actuarial provider for this plan, we do not have the plan experience necessary to set this assumption, and we are relying on the assumption set by the prior actuary, Watkins Ross. This assumption appears reasonable with the plan's design.

Withdrawal

Crocker-Sarason T-5 Table.

Selected rates of withdrawal are shown below:

| Age | Rate of withdrawal |
|-----|--------------------|
| 25 | 7.72% |
| 40 | 5.15% |
| 55 | 0.94% |

Due to our short tenure as actuarial provider for this plan, we do not have the plan experience necessary to set this assumption, and we are relying on the assumption set by the prior actuary, Watkins Ross. This assumption appears reasonable with the plan's design.

Compensation limit increase

2.40% increase per year used in the calculation of the IRC 404 maximum deduction cushion. See [Calculated deduction](#) in Rules and regulations.

Compensation limit increase is consistent with the inflation assumption.

Form of benefit

Participants are assumed to receive their benefits on the normal form at the assumed retirement age.

Due to our short tenure as actuarial provider for this plan, we do not have the plan experience necessary to set this assumption, and we are relying on the assumption set by the prior actuary, Watkins Ross. This assumption appears reasonable with the plan's design.

Methods prescribed by law

Liability measure

Funding target is the present value of the benefits accrued on the valuation date.

Target normal cost is based on benefits expected to accrue during the current plan year and includes an estimate of plan expenses for the year.

Benefit accrual

All benefits paid at decrement are considered in total and then split to determine how much is included in funding target. The following pieces are included in the funding target.

- The portion based on the plan's definition of accrued benefit.

- The benefit portion in excess of the accrued benefit based on the ratio of the participant's years of service on the valuation date to the years of service the participant will have at the time of decrement.

The benefits included in target normal cost are calculated similarly, by splitting the benefits. The target normal cost is based on the difference between the amount included in Funding Target and an amount calculated assuming the participant accrues service through the end of the plan year.

Methods selected by plan sponsor

Asset method

The asset valuation method is prescribed by law for plans that elect to use a value other than market value.

For each of the preceding two years, an expected value of assets at the end of the year is compared to the end of year market value. The resulting gain or loss is recognized evenly over three plan years.

The expected value includes contributions, distributions, any deducted administrative expenses, and expected earnings (based on the lesser of the assumed interest rate or the maximum allowable rate). The deferred gains and losses are added to the current market value and then restricted to no more than 110% and no less than 90% of that market value.

When actual returns exceed the assumed return, the actuarial value of assets will lag below market value. The lag and the smoothing effect are limited since the value must be within 10% of market value.

Segment rates

24-month average with no weighting to prior law basis. Use rates where December is the last month included in the average.

PBGC premium basis

Variable rate premiums are calculated using census, market value of assets and the one-month average of corporate bond rates in effect on the valuation date. You elected this Standard interest method for the 01/01/2024 plan year and the method must be used for five years before a change can be made.

| Segment 1 years 0-5 | Segment 2 years 5-20 | Segment 3 years 20+ |
|------------------------|-------------------------|------------------------|
| 5.01% | 5.13% | 5.15% |

Methods elected by actuary

Retirees

Assets and liabilities for current and future retirees are included.

Vested benefits

A benefit is included in vested benefits if it meets the requirements under PBGC. The benefit is multiplied by the participant's vesting percentage applicable to each benefit on the valuation date.

The following ancillary benefits are always treated as nonvested: disability benefits payable to retirement age unless in pay status, pre-retirement death benefits in excess of the survivor annuity death benefit and post retirement death benefits for non-retired participants except as noted in the Plan provisions.

Assumptions and methods elected by actuary - plan accounting (ASC 960)

With the exceptions below, all assumptions and methods are the same as those used in determining your plan's regular funding target and target normal cost.

| | |
|----------------------|---|
| Mortality | Based on Pri-2012 Total dataset base rate mortality table projected generationally using MP-2021. |
| Mortality base rates | Before benefit payment period Employee amount-weighted, male and female During benefit payment period Retiree amount-weighted, male and female |

The Society of Actuaries (SOA) is an actuarial organization that periodically reviews mortality data and publishes mortality tables and improvement scales. In October 2019, the SOA released the Pri-2012 Mortality Tables for private-sector retirement plans in the U.S. The Pri-2012 report contains different sets of mortality tables based on complete dataset or various subsets. The Total dataset base rate table was selected based on information provided by the plan sponsor.

Pri-2012 section 12.4. provided three approaches for designated beneficiaries in the calculation of joint-and-survivor annuities. We believe "Approach 1" is reasonable for this plan.

| | |
|-----------------------|--|
| Mortality improvement | MP-2021 is the most recent improvement scale published by the SOA in October 2021. In selecting this assumption, we considered the other parameters available in the MIM-2021-v4 application tool issued by the SOA in October 2023 and consider the selections in MP-2021 reasonable. Based on the sponsor's input, plan experience does not show a need for long-term excess death or Covid death load adjustments. |
|-----------------------|--|

| | |
|---|--|
| Interest rate used to value liabilities | 4.75% The interest rate used to value ASC 960 liabilities is developed as long-term expected geometric return on plan assets. Arithmetic expected return is calculated as the weighted average of broad asset classes' arithmetic returns of the plan's target asset allocation, and then converted to the geometric under lognormal distribution assumption. For details, see Long-Term Capital Market Assumptions link. |
|---|--|

Treatment of administrative expenses

No adjustments are made for administrative expenses, either through a reduction in the discount rate or by calculating a present value of future expenses.

Plan sponsors may change their administrative expense handling at any time. Our approach provides consistent handling of ASC 960 liabilities from year to year, whether expenses are paid with plan assets or directly by the employer.

Note - expenses paid with plan assets are required to be included in funding normal cost. As a result, the plan is reimbursed annually through required funding. Exception – contributions are not required due to assets sufficiently in excess of liabilities to fund both expenses and normal cost. In this case, administrative expenses are taken from the excess assets.

Schedule SB, Explanation of Plan Year
Howard Miller - Hekman Defined Benefit Pension Plan
EIN 38-1258662 Plan No. 001

The plan year beginning 01/01/2024 reflects a short plan year ending on the termination date of 02/29/2024.

Schedule SB, Line 2a - Explanation of Assets
Howard Miller - Hekman Defined Benefit Pension Plan
EIN 38-1258662 Plan No. 001

The market value of assets on line 2a does not equal assets shown on Schedule H, Schedule I or Form 5500-SF. Schedule H, Schedule I and Form 5500-SF use the full value of contributions received after plan year end. Line 2a includes the value of \$3,300,000 contributions received after the plan year end with a discounted value of \$3,224,215.

Schedule SB, Line 22 - Description Of Weighted Average Retirement Age
 Howard Miller - Hekman Defined Benefit Pension Plan
 EIN 38-1258662 Plan No. 001

Active participants are expected to retire at the plan's assumed retirement age. The retirement rate reflects only those participants who meet retirement eligibility. An active participant working past assumed retirement age is expected to retire at current age.

This report reflects the maximum benefit limits under Internal Revenue Code (IRC) Section 415 and maximum compensation limits under IRC Section 401 in effect on the first day of each plan year.

The following is a summary of plan provisions and does not alter the intent or meanings of the provisions contained in the contract or plan document. This report reflects the provisions of the plan signed 07/17/2020 through the amendment signed 01/24/2024.

Plan eligibility

Service One year of service in which at least 1,000 hours worked.
 Plan participation was frozen as of December 31, 2006.

Normal retirement benefit

Age Attained age 65.

Form Monthly annuity payable for life (optional forms may be elected in advance of retirement).

Amount (accrued benefit) For participants covered under the Howard Miller-Hekman Furniture Plan, the greater of (A) and (B) below:

(A) 0.75% of the participant's Average Monthly Compensation multiplied by the number of years of credited service.

(B) The lesser of \$1,200 and the sum of (1), (2), and (3) below:

(1) 0.75% of the participant's Average Monthly Compensation multiplied by the number of years of credited service earned before January 27, 1970.

(2) 1.0% of the participant's Average Monthly Compensation multiplied by the number of years of credited service earned between January 27, 1970 and January 1, 1996.

(3) The percentage of the participant's Average Monthly Compensation specified in the table below based on the participant's year of birth multiplied by the number of years of credited service earned after December 31, 1995.

| Year of birth | Percentage |
|---------------|------------|
| Before 1938 | 1.00% |
| 1938-1939 | 0.95% |
| 1940-1941 | 0.90% |
| 1942-1943 | 0.85% |
| 1944-1945 | 0.80% |
| After 1945 | 0.75% |

For participants covered under the Lexington Plan, the sum of (A) and (B) below:

(A) \$4.00 multiplied by the number of years of credited service earned before January 1, 1989.

(B) The benefit rate in effect on the date the participant terminates multiplied by the number of years of credited service earned after December 31, 1988, with a maximum of 40 years. The benefit rate is \$8.00 for each participant who terminates employment on or after January 1, 1994. Earlier benefit rates are provided under the terms of the plan in effect at that time.

Accrued benefits were frozen as of December 31, 2006 for highly compensated employees who attained age 50.

For participants who were not at least age 50 as of January 1, 2007, accrued benefits were phased out as follows:

| Year of service | Percentage |
|-----------------|------------|
| 2007 | 0.65% |
| 2008 | 0.55% |
| 2009 | 0.45% |
| 2010 | 0.35% |
| 2011 | 0.25% |
| 2012+ | 0.00% |

Early retirement benefit

Age Attained age 60. For those who became a participant in the Hekman Salaried Plan before May 16, 1991, attained age 55.

Service Completed five years of service. For those who became a participant in the Hekman Salaried Plan before May 16, 1991, completed ten years of service.

Form Same as normal retirement benefit.

Amount Accrued benefit on early retirement date reduced by 6 2/3% for each year that the early retirement date precedes normal retirement date.
 For those who became a participant in the Hekman Salaried Plan before May 16, 1991 and elects payment beginning earlier than age 60, accrued benefit on early retirement date reduced by 6 2/3% for each year up to five and 3 1/3% for each year between five and ten that the early retirement date precedes normal retirement date.

Late retirement benefit

Age No maximum age.

Form Same as normal retirement benefit.

Amount Greater of accrued benefit on late retirement date or accrued benefit on normal retirement date actuarially increased to late retirement date.

Termination benefit

| | |
|---------------------------|--|
| Vesting percentage | 20% after three years of vesting service, increased by 20% for each subsequent year of vesting service up to 100%. |
| Form | Same as normal retirement benefit with income deferred until normal retirement date. |
| Amount | Accrued benefit on date of termination multiplied by the vesting percentage. |

Disability benefit

| | |
|--------------------|---|
| Eligibility | Permanently and totally disabled. For those who are covered under the Alexis Plan or Lexington Plan, the participant must be at least age 45 and have at least 15 years of credited service. |
| Form | Monthly income payable until normal retirement, death, or recovery and a deferred annuity payable at the normal retirement date. |
| Amount | Accrued benefit on date of disability, reduced for early retirement with a minimum of 25% of the participant's accrued benefit. For those who are covered under the Alexis Plan or Lexington Plan, the minimum of the participant's accrued benefit and \$50. |

Survivor annuity death benefit (a vested benefit)

| | |
|--------------------|--|
| Eligibility | Qualified married participant fully or partially vested in an accrued benefit. |
| Form | Monthly annuity payable to spouse, deferred to participant's earliest retirement date if later than the date of death. |
| Amount | If death occurs, the amount paid to the surviving spouse is equal to the amount that would have been paid had the participant terminated employment on the date of death and survived to his/her earliest retirement age, retired with a qualified joint and 50% survivor annuity in effect, then died the next day. |

Definitions

Average monthly compensation

The monthly average of the participant's compensation for the five consecutive plan years that yields the highest average during the 10-year period preceding the earliest of normal retirement date, termination of employment, or the date the participant becomes a frozen participant.

Optional forms of benefit payments

The optional forms of benefit payments are:

- Monthly annuity payable for life, or 5, 10, or 15 years certain and life.
- Monthly annuity payable as a survivorship life annuity with survivorship percentages of 66 2/3, 75, or 100.
- Single sum payment equal to the actuarially equivalent present value of a participant's vested accrued benefit.

The optional form conversion basis is 7.0% interest and the UP 1984 mortality table for payments other than lump sums.

Lump sum provisions

Small amount force out (SAFO) – allowed up to \$5,000.

Lump sums in excess of SAFO - are allowed up to \$10,000 at termination of employment and retirement.

Conversion – deferred rate based on the applicable interest rate and applicable mortality table as set forth in Code Section 417. The applicable interest rate uses the fourth calendar month preceding the first day of the stability period which is the plan year.

Changes in Principal Eligibility or Benefit Provisions

The actuarial valuation for this plan year recognized the following eligibility and/or benefit changes:

The report reflects a short plan year due to the plan termination date of 02/29/2024.

Significant Event

The following significant event occurred during the plan year:

The plan terminated effective February 29, 2024.

Certain non-prescribed assumptions have been changed since last year. These assumptions were changed to better reflect the anticipated experience of your plan. See the attachment, Part V – Statement of Actuarial Assumptions/Methods, for the rationale for each assumption.

The assumed asset return for the current year has decreased from 6.50% to 5.00%. This rate is used in the calculation of the actuarial value of plan assets.

Statement by Enrolled Actuary
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
