INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees, Participants and Plan Administrator of the St. Luke's Health Network Defined Contribution Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the St. Luke's Health Network Defined Contribution Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Plan management, having determined it is permissible in the circumstances, has elected to have the audits of the St. Luke's Health Network Defined Contribution Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the St. Luke's Health Network Defined Contribution Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's

election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the St. Luke's Health Network Defined Contribution Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the St. Luke's Health Network Defined Contribution Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the St. Luke's Health Network Defined Contribution Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

St. Luke’s Health Network Defined Contribution Plan
Notes to Financial Statements
As of and for the Years Ended December 31, 2024 and 2023

1. Description of Plan

The following description of the St. Luke’s Health Network Defined Contribution Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan sponsored by St. Luke’s University Health Network (the “Network”), a non-profit, multi-hospital system which provides tertiary care services and education to improve the health status of the greater Lehigh Valley region of Pennsylvania. The Plan’s effective date is January 1, 2009. The Plan covers eligible employees of the Network, and affiliated participating employers, as defined in the Plan document.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

The Plan is intended to cover non-collectively bargained employees of the St. Luke’s University Health Network who (i) are initially employed by the St. Luke’s University Health Network on or after January 1, 2009; or (ii) were initially employed prior to January 1, 2009, terminated employment at a time when they had no vested interest in the St. Luke’s Health Network Pension Plan, and are reemployed on or after January 1, 2009 under circumstances in which their prior service is disregarded upon re-employment with the Network. Effective January 1, 2014, employees of St. Luke’s Warren Hospital who meet the requirements as detailed in the Plan document are eligible to participate. Prior to January 1, 2015, no employee was permitted to be a participant in the Plan concurrent with participation in the St. Luke’s Health Network Pension Plan. Effective December 31, 2014, the St. Luke’s Health Network Pension Plan was frozen, and effective January 1, 2015, participants in the St. Luke’s Health Network Pension Plan were permitted to participate in the Plan. Effective January 1, 2015, employees of the St. Luke’s Miner’s Memorial Hospital who were previously covered by a collective bargaining agreement but who were no longer covered, were permitted to participate in the Plan. The provisions of the Plan shall apply to eligible employees who have at least one hour of service, as defined in the Plan document, on or after January 1, 2009. Eligible employees become participants on their date of employment. Effective August 26, 2018, the Plan was amended to allow for St. Luke’s Miners Memorial Hospital employees, who were previously covered by an active collective bargaining agreement and ineligible to participate in the Plan, to be eligible to participate in the Plan. Effective January 1, 2023, the Plan was amended to include employees who are employed by the Network as residents in a residency program as eligible employees (see Note 10).

Contributions

Subject to certain limitations, the Plan provides for an employer fixed contribution on behalf of eligible participants that is a percentage of eligible compensation based on the following schedule:

<u>Years of Vesting Service</u>	<u>Percentage of Compensation</u>
Less than 6 years	2.5%
6 years to 10 years	4.0%
11 years to 15 years	5.5%
16 or more years	7.0%

The employer fixed contribution will be allocated by September 15th of the following year to eligible participants who have completed one thousand (1,000) hours of service during the Plan year.

Rollovers are not permissible.

Vesting

Participants vest in their employer fixed contribution account after three years of vesting service, as defined in the Plan document. Participants also become fully vested upon attainment of normal retirement age or in the case of death.

Notes to Financial Statements
As of and for the Years Ended December 31, 2024 and 2023

Forfeitures

Forfeited amounts shall be applied to pay administrative expenses and/or reduce subsequent employer fixed contributions required under the Plan. A participant forfeits the nonvested portion of his or her employer fixed contribution account on the earlier of the date on which he or she receives a distribution under terms of the Plan or the date on which he or she incurs five consecutive one-year breaks in service. Unallocated forfeitures totaled \$180,000 and \$217,823 as of December 31, 2024 and 2023, respectively. During the years ended December 31, 2024 and 2023, \$428,939 and \$946, respectively, of forfeitures were used to reduce employer contributions. During the years ended December 31, 2024 and 2023, \$124,913 and \$24,736, respectively, of forfeitures were used to pay expenses. During 2025, \$549,511 of forfeitures were used to assist with funding the plan year 2024 employer contribution.

Investment Options

Upon enrollment in the Plan, and throughout the Plan year, a participant may direct the investment of their employer fixed contribution in selected mutual funds or a group annuity contract offered by the Plan. If an investment mix or investment fund is not elected, the employer fixed contribution made on behalf of such participant is invested in a qualified default investment alternative.

Participant Accounts

Each participant's account is credited with the employer's fixed contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan except for loan origination and other participant directed fees, which are charged directly to the respective participant's account. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefits to which a participant is entitled are the benefits that can be provided from the participant's vested account. Administrative expenses paid by participants include a quarterly allocation to an unallocated plan account used to assist with the payment of Plan expenses. The balance of this account totaled \$293,745 and \$147,267 as of December 31, 2024 and 2023, respectively. During 2024 and 2023, \$0 and \$68,400 were used to pay administrative expenses, respectively.

Payment of Benefits

Generally, a participant may request a benefit distribution upon severance from employment. A participant is entitled to receive the full amount credited to his or her individual retirement accounts in the form of a lump sum distribution. Generally, the participant's benefit payment date can be no later than: (1) 60 days after the participant attains his or her normal retirement age (65); (2) the participant's tenth anniversary of participation in the Plan; or (3) the participant's termination of employment, whichever occurs last. In addition, per the Internal Revenue Service ("IRS") regulations, participants are required to take their first required minimum distributions ("RMD") by April 1 of the year following the year they reach required minimum distribution age (73 in 2024 and 2023). Provisions are also made for death, disability and termination benefits. If a participant's vested account balance is less than \$7,000 (\$5,000 prior to modification allowed by the Setting Every Community Up for Retirement Enhancement 2.0 Act of 2022 ("SECURE 2.0")) upon termination, the Plan administrator may authorize the benefit payment without the participant's consent. In circumstances when a terminated participant has a vested account balance less than \$1,000, the participant's vested account balance shall be distributed in a lump sum. In circumstances when a terminated participant has a vested account balance greater than \$1,000 but less than \$7,000 (\$5,000 prior to modification allowed by the SECURE 2.0 Act of 2022), if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the Plan administrator will pay the distribution in a direct rollover to an individual retirement account designated by the Plan administrator.

2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The financial statements include the fully benefit-responsive investment contract and its related activity on a contract value basis (see Note 5).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's retirement committee determines the Plan's valuation policies utilizing information provided by trustees, custodians and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Employer fixed contributions from the Network are recorded in the year in which the participant's compensation is earned.

Payments of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

All reasonable administrative expenses and trustee fees necessary to operate and administer the Plan are paid by the Plan, unless otherwise paid by the Network. Expenses of maintaining the Plan that are paid directly by the Network are excluded from these financial statements. A participant's account may be charged for expenses associated with a specific optional feature elected by that participant, and are included in administrative expenses. Investment related expenses are included in the net appreciation in fair value of investments.

3. Information Certified by a Qualified Institution

The Plan administrator having determined that it is permissible in the circumstances elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) was obtained or derived from information obtained by the Plan administrator and certified as complete and accurate by State Street Bank and Trust Company, a qualified institution and trustee of the Plan, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

St. Luke's Health Network Defined Contribution Plan
Notes to Financial Statements
As of and for the Years Ended December 31, 2024 and 2023

- Investments, at fair value and fully benefit-responsive investment contract, at contract value, as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Investment activity, including net appreciation in fair value of investments, dividend income and interest income, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023.
- The information for all mutual funds and the guaranteed interest account listed in the schedule of assets (held at end of year) as of December 31, 2024, as shown in the ERISA-required supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Contract with Insurance Company

During 2024 and 2023, the Plan held a group annuity contract at New York Life Insurance Company ("NYL GIA"). This traditional investment contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings less participant withdrawals, and administrative expenses. The contract value of the investment contract was \$3,945,744 and \$3,416,918 as of December 31, 2024 and 2023, respectively.

With a traditional investment contract, the Plan owns only the contract itself. Traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers. Participants do not have contracts; instead, they have a beneficial interest in the group annuity contract of the Plan. There are not any specific securities in the general account that back the liabilities of this annuity contract. The Plan owns a promise to pay interest at crediting rates that are announced in advance and guaranteed for a specific period of time as outlined in the group annuity contract. The contract issuer is contractually obligated to repay the principal and interest at a specified rate that is guaranteed to the Plan.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. In addition, certain events (including but not limited to the Plan ceasing to meet the requirements of the Internal Revenue Code (the "IRC"); misrepresentation of material information; or the Plan providing for a similar investment vehicle offered by another insurance company or similar entity) allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value.

The guaranteed minimum interest rate ranges from 1% to 3% and is reviewed semi-annually for resetting. The credited rate for the NYL GIA is based on the six-month average of the five-year constant maturity treasury rate as reported by the Federal Reserve, but will never be less than 1%. There are no reserves against the NYL GIA for credit risk of the contract issuer or otherwise.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the NYL GIA at contract value on a daily basis. Direct transfers to competing investment options are not permitted. Any transfers out of the NYL GIA must first go through a non-competing investment option and reside there for a minimum of ninety days before transferring to a competing investment option. Certain events (including but not limited to the sale or closing of the plan sponsor's operations, the complete or partial termination of the plan, or the merger or consolidation of the plan into another plan) might limit the ability of the Plan to transact at contract

St. Luke's Health Network Defined Contribution Plan
Notes to Financial Statements
As of and for the Years Ended December 31, 2024 and 2023

value with the contract issuer. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with participants.

The Plan or New York Life Insurance Company can terminate the contract by providing written notice to the other party 30 days prior to the termination date. If the contract was terminated by the Plan or New York Life Insurance Company, interest would not be less than the minimum interest rate established in the investment contract. There may be a market value adjustment upon the Plan's election to terminate the contract with a lump-sum distribution, which may result in a distribution that is less than or in excess of contract value. If the Plan elects to terminate the contract without a market value adjustment, New York Life Insurance Company may require amounts to be paid in up to six annual installments.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Related-Party Transactions and Party-In-Interest Transactions

Plan investments include a money market fund managed by State Street Bank and Trust Company, the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA. Fees incurred by the Plan for investment management services are included in the net appreciation in fair value of investments. Fees paid directly from participant accounts are included in administrative expenses. Fees paid by the Plan for the administrative services were \$662,324 and \$600,710 for the years ended December 31, 2024 and 2023, respectively. The Plan is interpreted, administered and operated by an Administrative Committee comprised entirely of representatives of the Network.

8. Plan Termination

Although it has not expressed any intent to do so, the Network has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated or upon complete discontinuance of contributions, the rights of the participants in the Plan at the date of termination or discontinuance shall be nonforfeitable.

9. Tax Status

The IRS has determined and informed the Network by a letter dated October 14, 2014, that the Plan was designed as a qualified trust in accordance with the applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

10. Plan Amendments

Effective January 1, 2023, the Plan was amended and restated to include employees who are employed by the Network as residents in a residency program as eligible employees, to incorporate past Plan amendments, and to make other general administrative changes.

11. Subsequent Events

Effective January 1, 2025, the Plan was amended to change the Plan name to the St. Luke's Health Network 401(a) Plan.

Effective June 24, 2025, the Plan was amended to add St. Luke's Hospital – Grand View Campus as a participating employer.

Effective August 8, 2025, the Plan was amended to make changes to the use of forfeitures under the Plan.

The Plan has evaluated subsequent events through October 7, 2025, the date the financial statements were available to be issued.
