Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☐ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☒ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **FORVIS MAZARS, LLP**

(2) EIN: **44-0160260**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year?..... ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) ☒ Yes ☐ No ☐ Not determined

If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year 551452.

Opinion

We have audited the financial statements of AT&T Pension Benefit Plan and AT&T Puerto Rico Pension Benefit Plan (Plans), employee benefit plans subject to the *Employee Retirement Income Security Act of 1974* (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023 and the related statements of changes in net assets available for benefits for the year ended December 31, 2024 and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plans as of December 31, 2024 and 2023, and the changes in their net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plans and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plans' ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plans, and determining that the Plans' transactions that are presented and disclosed in the financial statements are in conformity with the Plans' provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plans' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plans' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Plan Descriptions

These financial statements include the AT&T Pension Benefit Plan ("AT&T Plan") and the AT&T Puerto Rico Pension Benefit Plan ("PR Plan") (collectively, the Pension Plans) of AT&T Inc. ("AT&T" or the "Company") which participate in the SBC Master Pension Trust ("MPT"). The Plan Sponsor of the AT&T Plan and the PR Plan is AT&T Inc.

The following descriptions of the AT&T Plan and the PR Plan provide general information. The Pension Plans are summarized in the Summary Plan Descriptions, which have been distributed to all participants. Specific details of the Pension Plans' provisions are contained in the official plan documents, which may be examined without charge, by participants or beneficiaries at the Plan Administrator's office. Plan participants or beneficiaries may obtain copies of the plan document by writing to the Plan Administrator at the following address: AT&T Services, Inc., ATTN: Plan Documents, P.O. Box 132160, Dallas, TX 75313-2160. There may be a charge for copying the document. The Pension Plans are subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended ("ERISA").

Pursuant to the Mandatory Portability Agreement ("Agreement"), participants covered by the Agreement may transfer their accumulated interest in the Pension Plans to and from other plans sponsored by companies outside of the AT&T-controlled group that were part of the Bell System before its divestiture in 1984 and to successor companies.

AT&T Pension Benefit Plan

The AT&T Plan is a noncontributory qualified defined benefit pension plan that covers certain management and bargained employees of the Company and includes employees from various mergers and acquisitions.

The Plan is composed of two component parts, the AT&T Component Part and the WarnerMedia Component Part.

The WarnerMedia Component Part covered employees who had completed one year of eligible service prior to July 1, 2010 with WarnerMedia (formerly Time Warner) and/or its participating subsidiaries and who had otherwise satisfied the applicable participation rules. Benefits under the WarnerMedia Component Part were based on a participant's years of eligible service and eligible compensation, as defined in the WarnerMedia Component Part. Grandfathered benefits and different formula from various plans in effect prior to January 1, 2000 may apply.

On April 8, 2022, AT&T completed the separation and distribution of its WarnerMedia business, and merger of a wholly-owned subsidiary of AT&T formed to hold the WarnerMedia business, with a subsidiary of Discovery, Inc. There were no plan assets or liabilities transferred to any successor plan sponsored by the acquirer. All affected participants were fully vested in their benefit. Benefit obligations for the affected employees were retained in the AT&T Plan and subject to the distribution rights available from the AT&T Plan for any terminated employee. The effect of this transaction was reflected in the December 31, 2021 accumulated plan benefit obligation.

The AT&T Component Part covers the majority of all U.S. bargained and nonbargained employees of the participating subsidiaries of AT&T. Employees of participating subsidiaries are eligible to participate in the AT&T Component Part if they meet the eligibility requirements for the underlying applicable program, which are discussed below. The following descriptions of the AT&T Component Part provide general information. The AT&T Plan is summarized in the Summary Plan Descriptions, which have been distributed to all participants.

The AT&T Component Part maintains the following programs, under which participants' benefits are calculated based on the plan from which they were merged:

Bargained Cash Balance Program

The Bargained Cash Balance Program maintains benefits for various collective bargaining units that have negotiated for their members to receive this specific cash balance form of pension benefit, but excludes most new hires after various negotiated dates beginning August 8, 2009.

Under the Bargained Cash Balance Program, employee pension benefits are calculated using a cash balance formula applying a percentage of pay that is credited to a notional account that accrues interest at a market rate based on the yield on 30-year U.S. Treasury securities.

Employees of certain collectively bargained units become eligible to participate in the Bargained Cash Balance Program if they have completed one year of service and are vested after five years of service (effective January 1, 2010, for active employees, three years of service). Once vested and following a termination of employment, employees may elect to receive their benefit in the form of a lump sum, life annuity, or joint and survivor annuity in accordance with the terms of the AT&T Plan.

Bargained Cash Balance Program #2

The Bargained Cash Balance Program #2 maintains benefits for various collective bargaining units that have negotiated for their members to receive this specific cash balance form of pension benefit and includes a substantial majority of bargained employees hired after August 8, 2009.

Under the Bargained Cash Balance Program #2, employee pension benefits are calculated using a cash balance formula applying a percentage of pay based on age plus 2% supplemental credits of pay that exceeds the Social Security Wage Base, which is credited to a notional account that accrues 4.5% interest. Employees become eligible to participate in the Bargained Cash Balance Program #2 if they have completed one year of service and are vested after three years of service. Once vested and following a termination of employment, employees may generally elect to receive their benefit in the form of an annuity or a joint and survivor annuity (and for certain bargained groups a lump sum) in accordance with the terms of the AT&T Plan.

Southwest Program

The Southwest Program maintains benefits for various collective bargaining units that have negotiated for their members to receive this pension benefit and covers participants employed by a Southwest Participating Company, as defined by the AT&T Plan, but excludes most new hires after various negotiated dates beginning August 8, 2009.

Under the Southwest Program, employee pension benefits for bargained employees are generally calculated using a pension benefit formula based on a flat dollar amount per year of service according to job classification.

Employees of certain collectively bargained units become eligible to participate in the Southwest Program if they have completed one year of service and are vested after five years of service (effective January 1, 2010, for active employees represented by certain, but not all, collective bargaining agreements, three years of service). Once vested and following a termination of employment, employees may elect to receive their benefit in the form of a lump sum, life annuity, or joint and survivor annuity in accordance with the terms of the AT&T Plan.

Nonbargained Program

The Nonbargained Program maintains benefits of certain nonbargained participants (with the exception of those programs mentioned below, which cover nonbargained participants) of the AT&T Plan who are employed by a Nonbargained Participating Company, as defined by the AT&T Plan, and who were hired prior to January 1, 2007. The Nonbargained Program also contains benefits of certain individuals who were formerly employees of Ameritech Publishing Ventures, Inc. (APVI) and whose benefit was frozen in 1993.

On December 31, 2004, the nonbargained employees' pension calculation formula was a cash balance plan formula, with a minimum benefit based upon a stated percentage of employees' adjusted career income. A nonbargained

employee's pension benefit was the greater of the amount calculated under (i) the cash balance or defined lump sum formula or (ii) the traditional benefit formula. The Nonbargained Program was amended, effective January 15, 2005, to freeze benefit accruals under the cash balance and defined lump sum benefit formulas and to require that all future benefit accruals be based upon the plan's traditional pension formula (i.e., a stated percentage of an employee's adjusted career income). Each nonbargained employee's existing cash balance or defined lump sum will continue to earn interest at a variable annual market rate based on 30-year U.S. Treasury securities. On April 7, 2021, plan changes were adopted to reduce future accruals on the plan's traditional pension formula for the Nonbargained Program effective January 1, 2022.

The program is limited to eligible employees hired prior to January 1, 2007. Employees are vested after five years of service (effective January 1, 2010, for active employees, three years of service). Once vested and following a termination of employment, employees may elect to receive the portion of their previous pension benefit derived under the cash balance or defined lump sum as a lump sum or an annuity. The remaining pension benefit, if any, will be paid as a joint and survivor annuity, or life annuity if its value exceeds a stated monthly amount in accordance with the terms of the AT&T Plan. Effective January 1, 2018, employees terminating on or after May 25, 2018 who commence their benefit on or after June 1, 2018 are eligible to receive their total benefit as a lump sum.

Effective January 1, 2013, this program document was restructured to include benefits previously provided under the Midwest Publishing Ventures Program document which was eliminated.

West Program

The West Program maintains benefits for various collective bargaining units that have negotiated for their members to receive this pension benefit and covers participants employed by a West Participating Company, as defined by the AT&T Plan, but excludes most new hires after various negotiated dates beginning August 8, 2009.

Under the West Program, employee pension benefits are generally calculated using a pension benefit formula based on a flat dollar amount per year of service according to job classification.

Employees of certain collectively bargained units become eligible to participate in the West Program if they have completed one year of service and are vested after five years of service. Once vested and following a termination of employment, employees may elect to receive their benefit in the form of a lump sum if elected within the applicable time period specified under the AT&T Plan, life annuity, or joint and survivor annuity in accordance with the terms of the AT&T Plan.

East Program

The East Program maintains benefits for various collective bargaining units that have negotiated for their members to receive this pension benefit and covers participants employed by an East Participating Company, as defined by the AT&T Plan but excludes most new hires after various negotiated dates beginning August 8, 2009.

Under the East Program, employee pension benefits are generally calculated using a cash balance formula applying basic benefit credits determined based on pay and service category and promotion credits where applicable, which are credited to a notional account that accrues interest determined based on a negotiated interest crediting rate, the greater of 4% or the annual market rate based on 30-year U.S. Treasury securities.

Employees of certain collectively bargained units become eligible to participate in the East Program if they have completed one year of service and are vested after five years of service (effective January 1, 2010, for active employees, three years of service). Once vested and following a termination of employment, employees may elect to receive their benefit in the form of a lump sum, life annuity, joint and survivor annuity, life annuity with a lump sum to surviving spouse or estate, or a combination of lump sum and life annuity in accordance with the terms of the AT&T Plan.

Midwest Program

The Midwest Program maintains benefits for various collective bargaining units that have negotiated for their members to receive this pension benefit and covers participants employed by a Midwest Participating Company, as defined by the AT&T Plan, but excludes most new hires after various negotiated dates beginning August 8, 2009. The Midwest Program also contains benefits of certain individuals who were formerly employees of APVI and whose benefit was frozen in 1993.

Under the Midwest Program, employee pension benefits are generally calculated using a pension benefit formula based on a flat dollar amount per year of service according to job classification.

Employees of certain collectively bargained units become eligible to participate in the Midwest Program if they have completed one year of service after attaining age 21 and are vested after five years of service. Once vested and following a termination of employment, employees may elect to receive their benefit in the form of a lump sum, life annuity, or joint and survivor annuity in accordance with the terms of the AT&T Plan.

Effective January 1, 2013, this program document was restructured to include benefits previously provided under the Midwest Publishing Ventures Program document which was eliminated.

Mobility Program

The Mobility Program maintains benefits of (i) all U.S. nonbargained employees hired prior to January 1, 2006, employed by a Mobility Participating Company and (ii) bargained participants whose collective bargaining units have negotiated for their members to receive this pension benefit, and covers participants employed by a Mobility Participating Company, as defined by the AT&T Plan, but excludes most new hires after various negotiated dates beginning January 1, 2010.

Under the Mobility Program, employee pension benefits are generally calculated using a cash balance formula applying basic benefit credits determined based on pay, which are credited to a notional account that accrues interest at a market rate based on the yield on 30-year Treasury securities.

Employees of certain collectively bargained units, and certain management employees hired to a participating employer before January 1, 2006, become eligible to participate in the Mobility Program if they have completed one year of service and are vested after five years of service (effective January 1, 2010, for active employees, three years of service). Once vested and following a termination of employment, employees may elect to receive their benefit in the form of a lump sum, life annuity, or joint and survivor annuity in accordance with the terms of the AT&T Plan.

The Mobility Program also maintains benefits accrued under the Southern New England Telephone (SNET) bargaining units in the Communications Workers of America (CWA) District 1 and members of the Pacific Bell Wireless Facilities bargaining unit in the CWA District 9. Benefits accrued under District 1 ceased December 31, 2005, and benefits accrued under District 9 ceased December 31, 2002. Accrued benefits will be administered pursuant to the provisions of the AT&T Plan.

AT&T Legacy Management Program

The AT&T Legacy Management Program maintains benefits of certain nonbargained employees hired prior to January 1, 2007, employed by an AT&T Legacy Management Participating Company, as defined by the AT&T Plan.

Under the AT&T Legacy Management Program, employee pension benefits are generally calculated under a cash balance formula calculated as basic credits as a percentage of pay based on an age credit factor plus supplemental credits of pay (again based on an age credit factor) that exceeds the Social Security Wage Base, which is credited to a notional account that accrues interest at an annual rate of 4%. Active participants of a participating company at January 1, 1997, also participate in a frozen pension formula that provides for a minimum pension benefit based on a

formula that included pensionable compensation and net credit service through July 31, 1997, or a formula based on an average annual pensionable compensation for a three-year pay base averaging period through December 1996. Participants with a greater annuity benefit from prior plan formulas will receive the greater amount.

The program is limited to eligible employees hired prior to January 1, 2007. Employees are vested after five years of service (effective January 1, 2010, for active employees, three years of service). Once vested and following a termination of employment, employees may elect to receive their benefit in the form of a life annuity or joint and survivor annuity in accordance with the terms of the AT&T Plan. However, the participant can instead elect to receive a lump sum amount up to a certain threshold, with the remainder paid as an annuity. Effective January 1, 2018, employees terminating on or after May 25, 2018 who commence their benefit on or after June 1, 2018 are eligible to receive their benefit as a single lump sum payment. On April 7, 2021, plan changes were adopted to reduce future pension accruals for AT&T Legacy Management Program effective January 1, 2022.

Mobility Bargained Program

The Mobility Bargained Program maintains benefits for various collective bargaining units that have negotiated for their members to receive this pension benefit and covers participants employed by a Mobility Bargained Participating Company, as defined by the AT&T Plan, but excludes most new hires after various negotiated dates beginning January 1, 2009.

Under the Mobility Bargained Program, employee pension benefits are generally calculated using a pension benefit formula based on a flat dollar amount per year of service according to job classification. Employees of certain collectively bargained units become eligible to participate in the Mobility Bargained Program if they have completed one year of service and are vested after five years of service. Once vested and following a termination of employment, employees may elect to receive their benefit in the form of a life annuity or joint and survivor annuity, and in some limited cases, a lump sum, in accordance with the terms of the AT&T Plan.

Management Cash Balance Program

The Management Cash Balance Program maintains benefits of specified nonbargained employees of the AT&T Controlled Group, as defined by the AT&T Plan, generally hired on or after January 1, 2007 (except for certain AT&T Mobility Services, LLC employees hired on or after January 1, 2006). This Program was frozen to new hire managers effective January 1, 2015.

Under the Management Cash Balance Program, employee pension benefits are calculated using a cash balance formula applying basic credits as a percentage of pay based on an age credit factor, plus 2% supplemental credits of pay that exceeds the Social Security Wage Base, which is credited to a notional account that accrues 4.5% interest.

Employees become eligible to participate in the Management Cash Balance Program if they have completed one year of service and are vested after three years of service. Once vested and following a termination of employment, employees may elect to receive their benefit in the form of a life annuity or joint and survivor annuity in accordance with the terms of the AT&T Plan. Effective January 1, 2015, employees terminating after such date are eligible to receive their benefit as a single lump sum payment. Effective October 1, 2016, all employees regardless of termination date are eligible to receive their benefit as a single lump sum payment.

Southeast Management Program

The Southeast Management Program maintains benefits for certain nonbargained employees hired prior to January 1, 2007, employed by a Southeast Management Participating Company, as defined by the AT&T Plan.

Under the Southeast Management Program, employee pension benefits are generally calculated using a cash balance formula calculated as basic credits as a percentage of pay based on service plus 3% supplemental credits of pay that exceeds the Social Security Wage Base, which is credited to a notional account that accrues interest at the greater of 3.79% or a market rate based on the yield on 30-year Treasury securities. Certain specified participants as of

June 30, 1993, also participate in a frozen pension formula that provides a minimum pension benefit based on a formula that included pensionable compensation through June 30, 1993, and net credited service through December 31, 2005. Participants with an accrued benefit from the prior plan formula will receive the greater amount.

The program is limited to eligible employees hired prior to January 1, 2007. Employees are vested after three years of service. Once vested and following a termination of employment, employees may elect to receive their benefit in the form of a lump sum, life annuity or joint and survivor annuity in accordance with the terms of the AT&T Plan.

Southeast Program

The Southeast Program maintains benefits for various collective bargaining units that have negotiated for their members to receive this pension benefit and covers participants employed by a Southeast Participating Company, as defined by the AT&T Plan but excludes most new hires after various negotiated dates beginning August 8, 2009.

Under the Southeast Program, employee pension benefits are generally calculated using a cash balance formula based on credits, determined by reference to pension bands that are credited to a notional account that accrues interest at a market rate based on the yield on 30-year U.S. Treasury securities. Benefits prior to January 1, 1999, remain under the traditional dollar per year of service annuity pension formula.

Employees of certain collectively bargained units become eligible to participate in the Southeast Program immediately and are vested after five years of service (effective January 1, 2010, for certain active employees, three years of service). Once vested and following a termination of employment, employees may elect to receive their benefit in the form of a lump sum, life annuity, joint and survivor annuity, or a combination of lump sum and annuity in accordance with the terms of the AT&T Plan.

AT&T Legacy Bargained Program

The AT&T Legacy Bargained Program maintains benefits for various collective bargaining units that have negotiated for their members to receive this pension benefit and covers participants employed by an AT&T Legacy Bargained Participating Company, as defined by the AT&T Plan, but excludes most new hires after various negotiated dates beginning August 8, 2009.

Under the AT&T Legacy Bargained Program, employee pension benefits are generally calculated using a cash balance formula based on credits, determined by reference to pension bands that are credited to a notional account that accrues interest at the annual market rate based on the yield of 30 year US Treasury securities, and effective January 1, 2013, no less than 3.75%, depending upon the provisions of the applicable bargaining agreement. Certain participants who met certain eligibility requirements as of September 30, 1998, are generally eligible for a traditional dollar per year of service annuity pension formula (and receive the greater of this traditional formula and the cash balance benefit).

Employees of certain collectively bargained units become eligible to participate in the AT&T Legacy Bargained Program immediately upon attainment of age 21 and are vested after five years of service (effective January 1, 2010, for active employees, three years of service). Once vested and following a termination of employment, employees may elect to receive their benefit in the form of a lump sum, life annuity, or joint and survivor annuity in accordance with the terms of the AT&T Plan.

DIRECTV Program

The DIRECTV Program maintains benefits for certain nonbargained employees hired prior to January 1, 2016, employed by a DIRECTV Participating Company, as defined by the AT&T Plan.

The DIRECTV Program covers many of the employees of DIRECTV and certain subsidiary companies, provides benefits to be paid to eligible employees or their beneficiaries upon retirement. Certain participants, who elected to

contribute prior to July 1, 2010, are eligible to contribute and receive a contributory benefit, while all other participants are eligible for a noncontributory benefit. In addition, some participants are eligible for a cash balance benefit. In connection with the July 2015 merger, DIRECTV became a wholly-owned subsidiary of AT&T.

Effective December 1, 2001, the DIRECTV Program established a cash balance alternative. Employees with a noncontributory benefit will receive the greater of their existing noncontributory benefit or the new cash balance benefit. Effective December 1, 2006, all DIRECTV employees, including certain Customer Call Center employees who had not previously participated in the AT&T Plan, were eligible to become AT&T Plan participants and accrue cash balance benefits, after completing one year of service and are vested after three years of service. Effective December 1, 2007, the cash balance crediting rate for all new participants changed from a range of 2% to 4%; to rates of 3%, 3.5%, and 4% depending on years of vesting service. The DIRECTV Program was frozen to new entrants effective January 1, 2016. Effective November 30, 2019, all contributory and noncontributory benefits covered under the DIRECTV Program were frozen, and applicable employees began accruing a DIRECTV Program cash balance account.

AT&T Puerto Rico Pension Benefit Plan

The PR Plan is a noncontributory qualified defined benefit pension plan covering substantially all bargained and nonbargained employees (hired prior to certain dates, as discussed below) of the participating subsidiaries of AT&T who reside in the Commonwealth of Puerto Rico. Employees of participating subsidiaries are eligible to participate in the PR Plan if they meet the eligibility requirements for the underlying applicable program, which are discussed below.

At December 31, 2024 and 2023, the PR Plan's assets are invested in the MPT (see Note 8).

The PR Plan maintains the following programs, under which participants' benefits are calculated based on the plan from which they merged:

AT&T Legacy Management Program

The AT&T Legacy Management Program maintains benefits for management employees hired prior to January 1, 2007 who are residents of the Commonwealth of Puerto Rico. AT&T Corporation (ATTC) originally established the AT&T Management Pension Plan effective October 1, 1980, covering management employees of ATTC and its subsidiaries. Effective December 31, 2006, the participants in that plan, and their respective beneficiaries and alternate payees, who were residents of the Commonwealth of Puerto Rico were transferred to a new plan, which at the time was known as the AT&T Puerto Rican Pension Benefit Plan, AT&T Legacy Management Program, and AT&T became the Plan Sponsor. Effective January 1, 2009, this plan was renamed the AT&T Puerto Rico Pension Benefit Plan (PR Plan).

Under the AT&T Legacy Management Program, employee pension benefits are calculated under a cash balance formula calculated as basic credits as a percentage of pay based on an age credit factor plus supplemental credits of pay (again based on an age credit factor) that exceeds the Social Security Wage Base, which is credited to a notional account that accrues interest at an annual rate of 4%. Active participants of a participating company at January 1, 1997, also participate in a frozen pension formula that provides for a minimum pension benefit based on a formula that included pensionable compensation and net credit service through July 31, 1997, or a formula based on an average annual pensionable compensation for a three-year pay base averaging period through December 1996. Participants with a greater annuity benefit from prior plan formulas will receive the greater amount. On March 24, 2021, plan changes were adopted to reduce future pension accruals for AT&T Legacy Management Program effective January 1, 2022.

The program is limited to eligible employees hired prior to January 1, 2007. Employees are vested after five years of service (effective January 1, 2010, for active employees, three years of service). Once vested and following a

termination of employment, employees may elect to receive their benefit in the form of a life annuity, joint and survivor annuity, or as a lump sum up to a certain threshold with the remainder paid as an annuity in accordance with the terms of the PR Plan. Effective January 1, 2018, employees terminating on or after May 25, 2018 who commence their benefit on or after June 1, 2018 are eligible to receive their benefit as a single lump sum payment. Effective January 1, 2019, all employees regardless of termination date are eligible to receive their benefit as a single lump sum payment.

AT&T Legacy Bargained Program

The AT&T Legacy Bargained Program (formerly the AT&T Pension Plan) maintains benefits of specified bargained employees hired prior to August 9, 2009 who are residents of the Commonwealth of Puerto Rico of participating companies as defined by the PR Plan.

Under the AT&T Legacy Bargained Program, employee pension benefits are calculated under a cash balance formula based on credits, determined by reference to pension bands that are credited to a notional account that accrues interest at the annual market rate based on the yield of 30 year US Treasury securities, and effective January 1, 2013, no less than 3.75%. Certain participants who met certain eligibility requirements as of September 30, 1998, are generally eligible for a traditional dollar per year of service annuity pension formula (and receive the greater of this traditional formula and the cash balance benefit).

The program is limited to employees hired prior to August 9, 2009. Employees are vested after five years of service (effective January 1, 2010, for active employees, three years of service). Once vested and following a termination of employment, employees may elect to receive their benefit in the form of a lump sum, life annuity, or joint and survivor annuity in accordance with the terms of the PR Plan.

Mobility Program

The Mobility Program maintains benefits of all employees hired prior to January 1, 2006 for nonbargained employees and January 1, 2012 for bargained employees on the Puerto Rico payroll of a subsidiary of AT&T Mobility Services, LLC, formerly Cingular Wireless Services, LLC (Mobility).

Under the Mobility Program employee pension benefits are generally calculated as a percentage of pay, which is credited to a notional account that accrued interest at a market rate based on the yield on 30-year U.S. Treasury securities. The program is limited to eligible employees hired prior to January 1, 2006 for management employees and prior to January 1, 2012 for bargained employees. Employees are vested after five years of service; however, effective January 1, 2010, for active employees, three years of service. If a participant reaches normal retirement age, dies or becomes disabled while still employed by Mobility and prior to attaining vested status, the participant would become fully vested at that time.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP). GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Benefits are recorded when paid.

Investment Valuation

Investments in all trusts are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management believes that the portfolio is well-diversified with no significant concentrations of risk. See Note 3 for further discussion.

Investments in securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the year. If no sale was reported on that date, they are valued at the last reported bid price. Investments in securities not traded on a national securities exchange are valued using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. Over-the-counter (OTC) securities and government obligations are valued at the bid price or the average of the bid and asked price on the last business day of the year from published sources where available and, if not available, from other sources considered reliable. Depending on the types and contractual terms of OTC derivatives, fair value is measured using valuation techniques, such as the Black-Scholes option pricing model, simulation models or a combination of various models.

Common/collective trust funds, pooled separate accounts, non-publicly traded registered investment companies, partnership/joint venture interests, real estate funds and other interest bearing and commingled (103-12) investment entities are valued at the net asset values of units held at year-end.

Alternative investments not having an established market are valued at fair value as determined by the investment managers. Real estate and natural resource direct investments are valued either at amounts based upon appraisal reports prepared by independent third-party appraisers or at amounts as determined by internal appraisals performed by the investment manager. Real estate appraisals have been reviewed by an external valuation consultant.

Corporate, U.S. Government, and other bonds and notes are valued based upon pricing provided by an external pricing service when such pricing is available. In the event a security is too thinly traded or narrowly held to be priced by such a pricing service, or the price furnished by such external pricing services is deemed inaccurate, the managers will then solicit broker/dealer quotes (spreads or prices). In cases where such quotes are available, fair value will be determined based solely upon such quotes provided. Managers will typically use a pricing matrix for determining fair value in cases where an approved pricing service or a broker/dealer is unable to provide a fair valuation for specific fixed-rate securities such as many private placements. New fixed-rate securities will be initially valued at cost at the time of purchase. Thereafter, each bond and note will be assigned a spread from a pricing matrix that will be added to current Treasury rates. The pricing matrix derives spreads for each bond and note based on external market data, including the current credit rating for the bonds and notes, credit spreads to Treasuries for each credit rating, sector add-ons or credits, issue specific add-ons or credits as well as call or other options.

In substantiating the reasonableness of the pricing data provided by third parties, the general partner or fund manager evaluates a variety of factors including review of methods and assumptions used by external sources, recently executed transactions, existing contracts, economic conditions, industry and market developments and overall credit ratings. The Company meets with and monitors the performance of the fund managers on a periodic basis throughout the year. These estimated fair values may differ significantly from the values that would have been used had a ready market for these investments existed, and such differences could be material.

Purchases and sales of securities are recorded as of the trade date. Realized gains and losses on sales of securities are determined on the basis of average cost. Interest income is recognized on the accrual basis. Dividend income is recognized on the ex-dividend date.

Non-interest bearing cash and overdrafts are valued at cost, which approximates fair value.

Contributions and Actuarial Method

Contributions to the Pension Plans are determined on a going-concern basis by an actuarial cost method known as the unit credit method. Under this method, benefits are estimated at each decrement age using service and earnings as of the valuation date, such that accumulated net assets of the Pension Plans (including future investment earnings and contributions as estimated by the enrolled actuary) should be sufficient to pay all future benefits for current and former employees and their beneficiaries at the time those benefits become payable. The actual return on investments (when positive) of the Pension Plans serves to reduce future contributions that would otherwise be required to provide the defined level of benefits.

The Pension Plans have met the ERISA minimum funding requirements for 2024 and 2023. AT&T made a contribution of \$2,882 in 2025 for the 2024 plan year and a contribution of \$2,450 in 2024 for the 2023 plan year to the PR Plan. These amounts met or exceeded the minimum funding requirements for the PR Plan. AT&T made a voluntary contribution of \$400,000 in 2025 for the 2024 plan year for the AT&T Plan. No contribution was made or required for the 2023 plan year for the AT&T Plan.

Actuarial Present Values of Accumulated Plan Benefits

Accumulated plan benefits are those estimated future periodic payments, including lump sum distributions that are attributable under the Pension Plans' provisions to the service that employees have rendered to AT&T's participating subsidiaries as of the valuation date. Accumulated plan benefits include benefits expected to be paid to: (a) retired or terminated employees or their beneficiaries; (b) beneficiaries of deceased employees; and (c) present employees or their beneficiaries. The accumulated plan benefits for active employees are based on census data and the plan provisions in effect at the end of the plan year. Benefits payable upon retirement, death, disability, or withdrawal are included to the extent that they are deemed attributable to employee service rendered as of the valuation date.

The actuarial present value of accumulated plan benefits is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant assumptions used to determine the actuarial present values of accumulated plan benefits as of December 31, 2024 and 2023 include (a) rates of retirement, withdrawal, and disability based on experience studies of participating subsidiary employees; (b) rates of mortality:

	2024	2023
Pre-commencement mortality	Pri-2012 mortality tables, projected generationally with Projection Scale MP-2021 with COVID endemic adjustments	Pri-2012 mortality tables, projected generationally with Projection Scale MP-2021 with COVID endemic adjustments

(1) All custom mortality tables are scaled versions of Pri-2012 tables, with AT&T-specific experience.

and (c) the following interest rates:

	<u>2024</u>	<u>2023</u>
Expected Return on Assets:		
AT&T Pension Benefit Plan	7.25%	7.25%
AT&T Puerto Rico Pension Benefit Plan	7.25%	7.25%

The foregoing actuarial assumptions are based on the presumption that the Pension Plans will continue. Were the Pension Plans to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

3. Fair Value Measurements

Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Pension Plans have the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets and liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted market prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement. Fair value is often based on internally developed models in which there are few, if any, external observations.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The valuation methodologies described in Note 2 may produce a fair value calculation that may not be indicative of net future realizable value or reflective of future fair values. The use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2024 and 2023.

The following table presents information about the AT&T Plan's assets and liabilities required to be carried at fair value on a recurring basis, as of December 31, 2024 and 2023. As of December 31, 2024 and 2023, there were no assets or liabilities outside of the MPT classified as Level 3.

	2024		
	Level 1	Level 2	Total
Assets			
Cash and cash equivalents	\$ 59	\$ —	\$ 59
Group annuity contract	—	37	37

Registered investment companies	1,285	—	1,285
Total assets	\$ 1,481	\$ 42	\$ 1,523

The following is a description of the valuation methodologies used for assets and liabilities measured at fair value.

Cash equivalents: Cash equivalents consist of investments in money market funds valued at net asset value per unit equal to one dollar and are classified as a Level 1 investment in the fair value hierarchy.

Group annuity contract: The Plan's group annuity contract is invested in a fixed-dollar deposit fund, is recorded at contract value at an amount that approximates fair value and is classified as a Level 2 investment in the fair value hierarchy.

Registered investment companies: Consist of mutual funds, which are valued at the closing price of shares held by the Plan at year end and are classified as Level 1 investments in the fair value hierarchy.

See Note 8 for the fair value hierarchy for the MPT investments.

4. Accumulated Plan Benefits

The Pension Plans' actuarial present value of accumulated plan benefits as of December 31, 2024 and 2023 presented below were determined using discount rates of 7.25% and 7.25%, respectively. The Pension Plans use the expected rate of return on plan assets as a basis for determining the interest rate assumption.

5. Tax Status

The AT&T Plan has received a determination letter from the Internal Revenue Service (“IRS”) dated February 5, 2021 stating that the AT&T Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. The PR Plan has received a determination letter from the IRS dated May 19, 2022. Subsequent to these determinations by the IRS, the plans were amended. Once qualified, the Pension Plans are required to operate in conformity with the IRC to maintain their qualification. Although the IRS no longer allows determination letter requests except in limited circumstances, the plan administrator has indicated that it will take the necessary steps, if any, to maintain the Pension Plans’ operations in compliance with the IRC, should any tax qualification issues arise.

The PR Plan has also received a determination letter from the Commonwealth of Puerto Rico’s Department of Treasury (Treasury) dated February 26, 2015, stating that the Plan is qualified under Section 1081.01 of the IRC for a New Puerto Rico (the Puerto Rico Code), and therefore, the related trust is exempt from taxation. Subsequent to this determination by the Treasury, this plan was amended and restated. Once qualified, the PR Plan is required to operate in conformity with Puerto Rico Code to maintain its qualified status. The plan administrator has indicated that it will take the necessary steps, if any, to maintain the PR Plan’s operations in compliance with the Puerto Rico Code, should any tax qualification issues arise.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Pension Plans. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS or Treasury. The plan administrator has analyzed the tax positions taken by the Pension Plans, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken. The Pension Plans have recognized no interest or penalties related to uncertain tax positions. The Pension Plans are subject to routine audits by taxing jurisdictions.

6. Risks and Uncertainties

The Pension Plans invest in various securities. Investment securities are exposed to various risks such as interest rate, liquidity, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits. The Pension Plans’ contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

7. Termination Priorities

Although it has not expressed any intention to do so, AT&T has the right under the Pension Plans to discontinue its contributions at any time and to terminate the Pension Plans subject to the provisions set forth by ERISA.

In the event that the Pension Plans are terminated, subject to conditions set forth by ERISA:

- the Pension Plans provide that the net assets available for plan benefits shall be allocated among the participants and beneficiaries of the Pension Plans in the order provided for by ERISA;
- to the extent unfunded vested benefits then exist, ERISA provides that such benefits are payable by the Pension Benefit Guaranty Corporation to participants, up to specified limitations, as described in ERISA; and
- to the extent that the net assets available for benefits exceed the amounts to be allocated as provided for by ERISA, the Pension Plans provide that such amounts will be used for any benefit purpose that does not contravene applicable law.

8. SBC Master Pension Trust (MPT)

The majority of the assets of the Pension Plans are maintained in the MPT. The purpose of the MPT is the collective investment of the assets of participating plans sponsored by AT&T. The assets are allocated among the participating plans by assigning to each plan those transactions that can be specifically identified, and allocating among all plans the net investment income, gains and losses, and expenses of the MPT, in proportion to the market value of the assets assigned to each plan.

At December 31, 2024 and 2023, JPMorgan Chase Bank N.A. was the trustee for the MPT. The following table sets forth, by percentage, each plans' participation in the MPT.

	2024	2023

- (1) This class includes both directional and nondirectional hedge fund strategies. These investments can be redeemed provided the funds have sufficient liquidity; otherwise, unredeemed amounts are rolled forward to the next period. It is estimated that the redemption from one fund, which the MPT has elected to exit, could occur over the next 3 years given favorable market conditions. The hedge fund asset class takes both long and short positions in stocks, bonds, ETFs, and other indices to reduce overall portfolio volatility.
- (2) This class includes four real estate funds that invest primarily in U.S. commercial real estate. These are open-ended funds with no final termination dates. These investments can be redeemed quarterly provided the funds have sufficient liquidity; otherwise, unredeemed amounts are rolled forward to the next quarter. It is estimated that the redemption from several funds, which the MPT has elected to exit, will occur over the next 1 - 3 years given favorable market conditions. Real estate funds seek out core and opportunistic real estate investments primarily in United States commercial assets that are return-seeking.
- (3) This class includes real estate and natural resource investment funds that invest in U.S. and international real assets. These investments can never be redeemed with the funds. Distributions from each fund will be received as the underlying investments of the funds are liquidated. It is estimated that the underlying assets of the funds will be liquidated over the next 10 - 15 years given favorable market conditions. There are no current plans to sell any of these funds. Real estate funds seek out core and opportunistic real estate investments primarily in United States commercial assets that are return-seeking.
- (4) This class includes private equity funds that invest in U.S. and international companies. These investments can never be redeemed with the funds. Distributions from each fund will be received as the underlying investments of the funds are liquidated. It is estimated that the underlying assets of the funds will be liquidated over the next 10 - 15 years given favorable conditions. There are no current plans to sell any of these funds. Private equity investments include a diversified mix of United States and international corporate finance and venture capital funds that are return-seeking.
- (5) This class includes several fixed income funds that invest primarily in U.S. fixed income securities, however may also invest in non-U.S. securities. These are open-ended funds with no final termination dates. These investments can be redeemed on a monthly or quarterly basis.

Redemptions are subject to available cash in the funds. These funds do not make regular distributions. Unless redeemed, assets are reinvested as the investments of the funds are liquidated or mature. There are no current plans to sell any of these funds. Funds may include both hedging and return-seeking United States fixed income funds.

- (6) This class includes several fixed income funds or funds of funds that invest primarily in mezzanine debt securities or distressed debt securities or funds. These funds invest primarily in U.S. fixed income securities but may also invest in non-U.S. securities. These investments can never be redeemed. Distributions from each fund will be received as the underlying investments of the funds are liquidated or matured. It is estimated that the underlying assets of the funds will be liquidated over the next 4 years given favorable market conditions. There are no current plans to sell any of these funds. These funds are return-seeking.
- (7) This class includes fixed income commingled funds that invest primarily in publicly traded fixed income securities. These funds are approved by AT&T for a manager to utilize on a discretionary tactical basis as part of a broad fixed income mandate. These are open-ended funds with no final termination dates.
- (8) This class includes equity commingled funds that invest primarily in publicly traded U.S. and non-U.S. equity securities. These funds are selected by AT&T, and AT&T determines the timing and amount of contributions/redemptions. These are open ended funds with no final termination dates.
- (9) This class includes funds that invest primarily in publicly traded short-term fixed income securities and emerging market equity securities. These funds are approved by AT&T. These are open ended funds with no final termination dates.

Real assets held by the MPT includes approximately 68 separate real estate properties totaling \$2,575,414 at December 31, 2024. These Level 3 investments are valued by an independent real estate appraiser in accordance with the Uniform Standards of Professional Appraisal Practice and in compliance with the Code of Professional Ethics and Standards of Professional Practice of the Appraisal Institute. The reports are reviewed and approved by a member of the Appraisal Institute with the professional designation MAI as well as an independent valuation consultant retained by the MPT.

Properties are appraised using common methods of analysis: the cost, sales comparison and income capitalization approach, with the final estimated fair value giving most consideration to the method(s) deemed most applicable to the specific characteristics of the property.

The cost approach includes analyzing comparable land sales to determine the underlying land value of the property, which is valued based upon its highest and best use. Replacement cost is estimated using actual cost comparison and/or the current version of a nationally recognized cost estimating service.

The sales comparison approach utilizes market comparable properties, and includes analysis of the properties, the nature of the buyers and sellers, and a description of the transaction including terms of the sale and the source of the data.

The income capitalization approach includes analysis of market rent, existing contract rent, competitive occupancy rates, existing property vacancy and forecast absorption, historical, current and market expenses, projected capital expenditures and the derived net operating income and cash flow. In this valuation, net operating income is converted to value under the direct capitalization and discounted cash flow methods. The following significant inputs were made available in the third-party appraisals of the MPT's real assets, the significant inputs by property type at December 31, 2024:

	Weighted-Average Discount Rate	Year-One Capitalization rate
Retail – Regional Mall	9.00%	6.20%
Retail – Non-Regional Mall	7.59%	5.15%
Office	7.95%	6.13%
Industrial	6.90%	2.63%
Residential	6.90%	4.74%

The estimated fair values may vary significantly from the prices at which the properties would actually sell, since market prices of the investments can only be determined by negotiation between a willing buyer and seller. Management believes these estimates to be reasonable approximations of market prices.

Activity, transfers into and out of Level 3 and the reasons for those transfers for the year ended December 31, 2024 are as follows:

- (9) This class includes funds that invest primarily in publicly traded short-term fixed income securities and emerging market equity securities. These funds are approved by AT&T. These are open ended funds with no final termination dates.

Real assets held by the MPT includes approximately 81 separate real estate properties totaling \$2,724,510 at December 31, 2023. These Level 3 investments are valued by an independent real estate appraiser in accordance with the Uniform Standards of Professional Appraisal Practice and in compliance with the Code of Professional Ethics and Standards of Professional Practice of the Appraisal Institute. The reports are reviewed and approved by a member of the Appraisal Institute with the professional designation MAI as well as an independent valuation consultant retained by the MPT.

Properties are appraised using common methods of analysis: the cost, sales comparison and income capitalization approach, with the final estimated fair value giving most consideration to the method(s) deemed most applicable to the specific characteristics of the property.

The cost approach includes analyzing comparable land sales to determine the underlying land value of the property, which is valued based upon its highest and best use. Replacement cost is estimated using actual cost comparison and/or the current version of a nationally recognized cost estimating service.

The sales comparison approach utilizes market comparable properties, and includes analysis of the properties, the nature of the buyers and sellers, and a description of the transaction including terms of the sale and the source of the data.

The income capitalization approach includes analysis of market rent, existing contract rent, competitive occupancy rates, existing property vacancy and forecast absorption, historical, current and market expenses, projected capital expenditures and the derived net operating income and cash flow. In this valuation, net operating income is converted to value under the direct capitalization and discounted cash flow methods. The following significant inputs were made available in the third-party appraisals of the MPT's real assets, the significant inputs by property type at December 31, 2023:

	Weighted-Average Discount Rate	Year-One Capitalization rate
Retail – Regional Mall	8.50%	6.88%
Retail – Non-Regional Mall	7.57%	4.92%
Office	8.13%	5.23%
Industrial	6.83%	2.56%
Residential	7.14%	4.81%

The estimated fair values may vary significantly from the prices at which the properties would actually sell, since market prices of the investments can only be determined by negotiation between a willing buyer and seller. Management believes these estimates to be reasonable approximations of market prices.

Activity, transfers into and out of Level 3 and the reasons for those transfers for the year ended December 31, 2023 are as follows:

	Corporate and Other Bonds and

Transfers in	\$ 12	\$ —	\$ —	\$ 12

Derivatives

In the normal course of operations, MPT assets and liabilities may include derivative financial instruments (futures, options, and foreign currency contracts). These derivatives may involve, in varying degrees, elements of credit and market risks in excess of more traditional investment holdings, such as equity and debt instruments. The contract or notional amounts disclosed in this footnote and the amounts of realized and unrealized gain and loss on derivative instruments during the period presented below provide a measure of the MPT's involvement in such instruments but are not indicative of potential loss. The intent is to use derivative financial instruments as investments to gain exposure to certain markets and as economic hedges to manage equity price and foreign currency exchange rate risk associated with the MPT's investments. The MPT's fiduciaries do not anticipate any material adverse effect on the MPT's financial position resulting from its involvement in these instruments.

The following tables show the gross amounts of recognized financial assets and liabilities (i.e. before offsetting) and the amounts offset in the MPT statement of net assets. Financial assets and liabilities are only offset when the MPT currently has a legally enforceable right to set off the recognized amounts and the MPT intends to either settle on a net basis or realize the asset and settle the liability simultaneously. A right of set off is the MPT's legal right to settle an amount payable to a creditor by applying against it an amount receivable from the same counterparty. The relevant legal jurisdiction and laws applicable to the relationships between the parties need to be considered when assessing whether a current legally enforceable right to set off exists. The MPT has collateral held at the futures clearing house related to futures contracts in the tables below.

Futures Contracts

On behalf of the Pension Plans, investment managers for the MPT enter into various futures contracts to economically hedge investments in domestic equity, international equity and fixed income securities. The futures contracts held in the MPT are used primarily for two reasons: 1) a cost-effective way to manage the overall asset allocation of the MPT, and 2) a cost-effective way to implement and manage duration and yield curve strategy in the fixed income portfolio. The investments in the MPT are subject to equity price risk and interest rate risk, in the normal course of pursuing investment objectives.

Futures contracts, which are considered derivatives under ASC Topic 815, *Derivative and Hedging*, are agreements between two parties to buy or sell a security at a set price on a future date and are standardized and exchange-traded. Upon entering into such a contract on behalf of the Pension Plans, the investment managers are required to pledge to the broker an amount of cash or securities equal to the minimum “initial margin” requirements of the exchange on which the contract is traded. Pursuant to the contract, the investment managers agree to receive from or pay to the broker an amount of cash or securities equal to the daily fluctuation in the value of the contract. Such receipts or payments are known as variation margin and are recorded on a daily basis by the trustee as a realized gain or loss equal to the difference in the value of the contract between daily closing prices. Upon entering into such contracts, the MPT bears the risk of interest or exchange rates or securities prices moving unexpectedly, in which case the MPT may not achieve the anticipated benefits of the futures contracts and may realize a loss. With futures, there is minimal counterparty credit risk to the MPT because futures are exchange-traded and the exchange’s clearinghouse, as counterparty to all exchange-traded futures, guarantees the futures against default.

The fair value of the open futures contracts disclosed below, includes cumulative appreciation/ (depreciation) of futures contracts including the current day’s variation margin receivable or payable is reported separately in the net assets of the MPT and are included in the statements of net assets available for benefits to the extent of each plan’s ownership in the MPT. Similarly, the gains and losses on open futures contracts are reflected in the net change in fair value of net assets for the MPT and are included within each plan’s net investment gain (loss) from Plan’s interest in the MPT.

Option Contracts

The primary risk managed by the Pension Plans using option contracts is the price risk associated with investments. On behalf of the Pension Plans, investment managers for the MPT have purchased and written various option contracts, which are agreements between two parties giving the owner, under a purchased option, the right, but not the obligation, to buy or sell a specified item at a fixed price (exercise or strike) during a specified period, and under a written option the obligation to sell or buy a specified item at a fixed price. These option contracts are intended to economically hedge the MPT's investments in foreign and domestic securities. When the investment manager buys or writes an option contract, a nonrefundable fee (the premium) is paid or received by the MPT and is recorded as an asset or liability and is subsequently adjusted to the current market value of the option purchased or written. The premiums paid or received from buying or writing options are recorded as realized gains or losses when the options expire. The difference between the premium and the amount paid or received on effecting a closing purchase or sale transaction is also treated as a realized gain or loss. If an option is exercised, the premium paid or received is recorded as a realized gain or loss if sold or as an adjustment to the cost of the underlying security if acquired upon exercise.

The fair value of the written and purchased option contracts is disclosed below, and is separately listed in the net assets of the MPT and is included in the statements of net assets available for benefits to the extent of each plan's ownership in the MPT. Similarly, the gains and losses on written and purchased option contracts are reflected in the net change in fair value of net assets for the MPT and are included within each plan's net investment gain (loss) from Plan's interest in the MPT.

As of December 31, 2024 and 2023 there were no written options held by the MPT.

Foreign Currency Contracts

The primary risk managed by the Pension Plans using foreign currency forward contracts is the foreign currency exchange rate risk associated with the Pension Plans' investments denominated in foreign currencies. On behalf of the Pension Plans, investment managers for the MPT entered into forward foreign currency contracts, which are agreements to exchange foreign currencies at a specified future date at a specified rate, the terms of which are not standardized on an exchange. These contracts are intended to minimize the impact of currency fluctuations on the performance of investments denominated in foreign currencies. All of the MPT's contracts address the currency risk of the U.S. dollar versus foreign currencies. Risk arises both from the possible inability of the counterparties to meet the terms of the contracts (credit risk) and from the movements in foreign currency exchange rates (market risk). Forward contracts are entered into only with major banks to minimize counterparty default risk. The contracts are recorded at fair value on the date the contract is entered into, which is typically zero.

The fair value presented in the table below is included in the net assets of the MPT as unrealized appreciation on foreign currency contracts (asset) for 2024 and 2023 and unrealized depreciation on foreign currency contracts (liability). The gains and losses on foreign currency contracts are reflected in the net change in fair value of net assets for the MPT and are included within each plan's net investment gain (loss) from Plan's interest in the MPT.

At December 31, 2024 and 2023, the foreign currency contracts held by the MPT were:

	Notional Value		Fair Value	
	2024	2023	2024	2023

Securities Lending

During 2024 and 2023, the MPT was authorized to engage in the lending of certain MPT assets. Securities lending is an investment management enhancement that utilizes the existing securities (domestic and international equities and fixed income investments) of the MPT to earn additional income. Securities lending involves the loaning of securities to a selected group of approved banks and broker-dealers. In return for the loaned securities, the trustee, prior to or simultaneous with delivery of the loaned securities to the borrower, receives collateral in the form of cash or U.S. Government securities as a safeguard against possible default of any borrower on the return of the loan. Each loan is initially collateralized, in the case of: (a) loaned securities denominated in U.S. dollars or whose primary trading market is located in the U.S. or sovereign debt issued by foreign governments to the extent of 102% of the market value of the loaned securities, or (b) loaned securities not denominated in U.S. dollars or whose primary trading market is not located in the U.S. to the extent of 105% of the market value of the loaned securities. The collateral is marked to market on a daily basis. In the event the counterparty is unable to meet its contractual obligation under the securities lending arrangement, the MPT may incur losses equal to the amount by which the market value of the securities differ from the amount of collateral held. The MPT mitigates credit risk associated with securities lending arrangements by monitoring the fair value of the securities loaned on a daily basis, with additional collateral obtained or refunded as necessary. None of the securities lending arrangements provide for offsetting.

The MPT classifies the loaned securities as investments because it maintains effective control over the transferred financial assets. Since the securities received as collateral may be repledged or sold, the MPT recognizes the amount of collateral received and a corresponding obligation to return such collateral on the statement of net assets available for benefits. Securities on loan and collateral held under this program at December 31, 2024 and 2023 are reported on the accompanying MPT statements of net assets available for benefits at December 31, 2024 and 2023. The fair value of securities on loan was \$1,567,666 and \$1,668,008 as of December 31, 2024 and 2023. The reported collateral includes non-cash holding of \$705,005 and \$780,736, and cash holding of \$898,949 and \$923,712 at December 31, 2024 and 2023, respectively. The amount of income earned for the year ended December 31, 2024 was \$3,304.

9. Related-Party Transactions

At December 31, 2024 and 2023, the MPT held \$75,122 and \$55,464 in AT&T common stock and \$102,971 and \$117,493 of bonds guaranteed by AT&T. Certain investments of the MPT are managed by JP Morgan Investment Management Inc., an affiliate of the AT&T Pension trustee, by The Bank of New York Mellon Corporation (BNY Mellon), an affiliate of the Time Warner trustee, and by Fidelity, an affiliate of the AT&T Pension recordkeeper, among other investment managers. These investments qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules of ERISA.

10. Subsequent Events

Management evaluated subsequent events for the Pension Plans through September 12, 2025, the date the financial statements were available to be issued.

Subsequent to December 31, 2024, the Plans entered into a series of derivative contracts as part of a new interest rate hedging strategy. In June 2025, the pension plans initiated a fixed-income futures program to better align asset duration with liabilities. The notional amount of futures contracts opened was approximately \$7,100,000. These derivatives were not held by the Plans as of the December 31, 2024 and therefore have no effect on the amounts reported in the 2024 financial statements.

On July 2, 2025, AT&T fully divested from DIRECTV, and retained the pension liabilities.

On July 25, 2025, AT&T purchased 3,027,963 shares of AT&T stock held by the pension plan for \$84,783.

AT&T Pension Benefit Plan
2024 Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

Description of Actuarial Assumptions and Methods

The following pages fully describe the actuarial assumptions and methods used to calculate the amounts shown in the Schedule SB.

Summary of Actuarial Assumptions

	2024	2023
Effective interest rates for minimum funding¹	5.14%	5.24%
Segment rates for minimum funding¹		
1st segment rate (years 0 to 4)	4.75%	4.75%
2nd segment rate (years 5 to 19)	4.87%	5.00%
3rd segment rate (years 20 and after)	5.59%	5.74%
Effective interest rates for purposes other than minimum funding²	4.44%	3.20%
Segment rates for purposes other than minimum funding²		
1st segment rate (years 0 to 4)	3.62%	1.41%
2nd segment rate (years 5 to 19)	4.46%	3.09%
3rd segment rate (years 20 and after)	4.52%	3.58%

¹ The interest rates for minimum funding are based on the IRS 24-month average segment rates with September look-back, adjusted to fall within the interest rate corridor under interest rate stabilization.

² The interest rates used for purposes other than minimum funding are based on the IRS 24-month average segment rates with September look-back, without regard to interest rate stabilization.

**Summary of Actuarial Assumptions
(continued)**

	2024	2023
30-year Treasury lump sum conversion rate¹	4.66%	3.99%
Cash balance crediting rate subject to 30-year Treasury rate¹		
Legacy AT&T CWA Contract	4.66%	3.99%
East	4.66%	4.00%
Southeast Management	4.66%	3.99%
All others	4.66%	3.99%
Cost of living adjustment (COLA)², if applicable	2.30%	2.40%
DIRECTV actuarial equivalence rate subject to PBGC interest rate	2.50%	2.50%

¹ Interest rate assumptions subject to the 30-year Treasury rate are based on the rate in effect for the month of November prior to the valuation date.

² The COLA assumption is based on the inflation assumption in the 4th Quarter Aon Capital Market Assumptions prior to the valuation date.

Summary of Actuarial Assumptions (continued)

Expected rate of salary increase

Assumed rates of salary increase for AT&T vary by age or service and bargained/nonbargained status. As of 1/1/2023, the rates are adjusted by +1% over the current assumption for nonbargained employees for 2023 and 2024. As of 1/1/2024, the rates are adjusted by +2% over the current assumption for 2024 and +1% over the current assumption for 2025 for nonbargained employees. Specific rates can be found in Exhibits A-1 and A-2.

Retirement rates

Retirement rates for AT&T are assumed to follow age and service graded tables and vary by bargained/nonbargained status and by gender. Prior to 1/1/2024, retirement rates for Warner Media are assumed to follow an age graded table and vary by grandfathered/nongrandfathered status. As of 1/1/2024, former Warner Media employees who remained at AT&T following the spin-off are treated as AT&T employees and are assumed to follow the nonbargained retirement rates. Specific rates can be found in Exhibits B-1 through B-3.

Withdrawal rates

Withdrawal rates for AT&T are assumed to follow age/service graded tables and vary by bargained/nonbargained status and by gender. Prior to 1/1/2024, withdrawal rates for Warner Media are assumed to follow an age and service graded table. As of 1/1/2024, former Warner Media employees who remained at AT&T following the spin-off are treated as AT&T employees and are assumed to follow the nonbargained withdrawal rates. Specific rates can be found in Exhibits C-1 through C-3.

Disability rates

Disability rates for AT&T are assumed to follow age graded tables and vary by bargained/nonbargained status and by gender. Prior to 1/1/2024, disability rates for Warner Media are assumed to follow age graded tables and vary by gender. As of 1/1/2024, former Warner Media employees who remained at AT&T following the spin-off are treated as AT&T employees and are assumed to follow the nonbargained disability rates. Specific rates can be found in Exhibits D-1 through D-5.

Decrements

Decrements are assumed to be mid-year.

Mortality

As of 1/1/2023, the mortality table, in accordance with Treasury regulations 1.430(h)(3)-1, is the prescribed 2023 static mortality table, with separate rates for annuitants and non-annuitants. As of 1/1/2024, the mortality tables, in accordance with Treasury regulation 1.430(h)(3)-1, are the prescribed 2024 generational mortality tables for annuitants and non-annuitants, projected with IRS 2024 Adjusted Scale MP-2021. Additionally, the disability mortality tables set forth in IRS Revenue Ruling 96-7 are used for disabled participants in the Southeast programs that currently are receiving a Social Security Disability benefit or previously received a Social Security Disability benefit immediately prior to normal retirement age. See Exhibits E-4 and E-5 for specific rates. 70% of future disabled retirees are assumed to receive Social Security Disability benefits. For future disableds, these tables are not used for the Southeast Management program due to the disability benefit being eliminated as of January 1, 2013.

Summary of Actuarial Assumptions (continued)

Mortality for lump sum option

Commencements in the first year of the valuation are valued explicitly with that year's 417(e)(3) PPA mortality table. DIRECTV Program participants are valued with GAR-1994 mortality. Future commencements reflect the valuation year's 417(e)(3) PPA mortality table.

Expected rate of return on plan assets

The expected rate of return on assets for purposes of determining the Value of Plan Assets is assumed to be 7.75% as of 1/1/2024 (7.50% as of 1/1/2023), which reflects arithmetic returns for a one-year period. The third segment rate limitation is 5.92% for 2022 and 5.74% for 2023.

Expenses included in target normal cost

The expenses included in the target normal cost are based on the expected administration expenses and PBGC premiums for 2024.

Form of payment election

Form of payment elections are assumed to vary by program. Specific rates can be found in Exhibits F-1 through F-3.

Percent married / Postretirement death benefit utilization

Active participants: 80% of males and 55% of females are assumed to be married.

Retirees: For postretirement death benefits, specific rates can be found in Exhibit G-1.

Spouse age

Actual if available, else husband is 3 years older than wife.

Current year valuation earnings

For Bargained employees: Pension Compensation for the prior year, net of commissions and Success Sharing Plan (SSP) payments, increased for one year by the salary scale, plus prior year commissions increased for one year by 2.50%, plus Projected SSP Payments. Projected SSP Payments are the 3-year average of SSP payments based on the movement in the AT&T stock price, for contracts that received SSP payments.

For Management employees: Pension Compensation for the prior year, net of commissions and bonus payments, increased for one year by the salary scale, plus Target Commissions, plus Target Bonus.

Maximum earnings

For 2024: \$345,000.

Maximum benefit

The maximum benefit payable under IRC Section 415 at Normal Retirement Age.

Actuarial Methods

Valuation date

The valuation date is January 1, 2024.

Calculation of normal costs and liabilities

The method used to calculate the ERISA target normal cost and funding target is the unit credit cost method.

Under this method, benefits are estimated at each decrement age using service and earnings as of the valuation date. The present value of these estimated benefits using the applicable ERISA assumption is the ERISA funding target. The target normal cost is the present value of the benefits earned during the year.

For calculating the actuarial present value of vested benefits, benefits at each decrement age are determined in the same manner, but are then multiplied by each participant's vesting percentage as of the valuation date. The present value of these estimated vested benefits is determined without recognition of any benefit for which a participant will become entitled only through the advancement in service or age while actively employed. In addition, certain ancillary benefits have been treated as vested consistent with PBGC guidance.

Per Treasury regulation section 1.430(d)-1(f)(4)(iii), the liabilities for the funding valuation are determined using the annuity substitution method for benefits assumed to be paid as a lump sum and where the amounts are impacted by changes in lump sum interest rates or mortality. Accordingly, lump sums determined under 417(e) which are assumed to commence in the plan year reflect the interest rates applicable for the plan year and future lump sum commencements reflect annuity substitution using the interest rates under section 430(h)(2). Additionally, the liabilities for lump sum commencements are valued using the plan year's 417(e)(3) PPA mortality table, except for DIRECTV Program participants whose lump sums are valued with GAR-1994 mortality.

Value of plan assets

The value of plan assets is used to calculate contribution requirements under ERISA. The value of plan assets is determined by recognizing asset gains and losses over a period of three years. Asset gains and losses are defined as the difference between the expected return on the market value of assets, using a return assumption not to exceed the third segment rate, and the actual return on the market value of assets. This gain or loss is recognized over a period of three years at one-third per year, beginning in the current year. The value of plan assets must be within 10% of the market value of assets.

2024 Schedule SB, Line 3 — Description of Funding Target / Count Breakdown

Description of Funding Target / Count Breakdown

- Funding target liability/counts under line 3a are determined for the participants who are currently receiving or have received benefits.
- Funding target liability/counts under line 3b are determined for the retired/separated participants who are entitled to future benefits.

AT&T Pension Benefit Plan

**2024 Schedule SB, Line 7 — Explanation of Discrepancy in Prior Year
Funding Standard Carryover Balance or Prefunding Balance**

The 2023 Schedule SB (Form 5500) reported the AT&T Pension Benefit Plan as a Multiple-A type plan with AT&T Inc. and The CW Network, LLC. as participating employers.

During 2023, The CW Network, LLC ceased to be a participating employer in the plan and the benefit obligations associated with the employer were fully satisfied. Effective January 1, 2024, the AT&T Pension Benefit Plan is no longer a multiple employer plan. The Prefunding Balance at the beginning of the prior year reported on Line 7 of the 2024 Schedule SB (Form 5500), reflects the portion of the plan attributable to AT&T Inc. and excludes \$1,457,000 of prefunding balance attributable to The CW Network, LLC.

AT&T Pension Benefit Plan
2024 Schedule SB, Line 22 — Description of Weighted Average Retirement Age

Description of Weighted Average Retirement Age Calculation

The rates of retirement at each age depend on the following factors:

- age
- gender
- service
- bargained/nonbargained status

The detailed description of the exact rates that apply at each age for each of the various categories is contained in the attachment to Part V — Statement of Actuarial Assumptions/Methods.

In computing the weighted-average retirement age, the weight applied to each age is (a)/(b), where (a) and (b) are defined as follows:

(a) The number of participants expected to retire at the retirement age to which the weight is being applied. The number of participants expected to retire is estimated by applying the assumed rates of decrement to the current active population.

(b) The total number of participants expected to retire. The number of participants expected to retire is estimated by applying the assumed rates of decrement to the current active population.

AT&T Pension Benefit Plan
2024 Schedule SB, Part V — Statement of Plan Provisions

Description of Plan Provisions

The following pages fully describe the plan provisions used to calculate the amounts shown in the Schedule SB.

Summary of Plan Provisions AT&T Pension Benefit Plan

Background

Effective December 31, 2019, the AT&T Pension Benefit Plan merged into the AT&T/WarnerMedia Pension Benefit Plan. The merged plan added an overall Umbrella Document which contains plan-wide rules. After the merger, the former AT&T Pension Benefit Plan became a Component Part (AT&T Component Part) under the Plan. The former Warner Media, LLC Pension Plan also became a Component Part (the WarnerMedia Component Part) under the Plan. All accrued benefits earned under the Component Parts prior to the merger are protected and will be provided under the AT&T Pension Benefit Plan following the merger.

Benefits under the Plan are provided through the AT&T Component Part (formerly the AT&T Pension Benefit Plan) or the WarnerMedia Component Part (formerly the Warner Media, LLC Pension Plan), as applicable, or both. Benefits under the Plan are provided through separate programs under each Component Part. A program is a portion of the Plan that provides benefits to a particular group of participants or beneficiaries.

The plan was last restated effective January 1, 2020.

Effective January 1, 2021, the name of the merged plan changed to the AT&T Pension Benefit Plan and AT&T Inc. became the plan sponsor.

Effective January 1, 2024, the mandatory cash-out limit changed to a plan-wide \$7,000. If the present value of all benefits under the plan is less than \$7,000, the plan will distribute the benefits to the participant as soon as administratively practicable.

Summary of Plan Provisions

AT&T Component Part of the AT&T Pension Benefit Plan

Effective date

The original effective date of the Plan was January 1, 1984 as a successor to the Bell System Management Pension Plan. The provisions reflected in this report were used to value the Plan and may, in some instances, differ from the Plan.

Definitions

Merger

All assets and liabilities for participants of the SBC Pension Plan (SBCPP) were merged into the SBC Pension Benefit Plan (SBCBPB) as of July 1, 1994. As of January 1, 1999, all assets and liabilities for participants of the PTG Cash Balance Pension Plan for Salaried Employees were merged into the SBC Pension Benefit Plan (SBCBPB). As of January 1, 2000, all assets and liabilities for participants of the SNET Management Pension Plan (SNET MPP) were merged into the SBC PBP. As of December 31, 2004, all assets and liabilities for participants of the PTG Pension Plan (PTG PP), SNET Pension Plan (SNET PP), Ameritech Pension Plan (APP), and Ameritech Management Pension Plan (AMPP) were merged into the SBC PBP. The plan was renamed the AT&T Pension Benefit Plan (ATT PBP) after the merger with AT&T Corp. As of December 31, 2006, assets and liabilities for the US domestic participants in the Cingular Wireless Pension Plan and the AT&T Management Pension Plan were merged into the ATT PBP. As of December 31, 2007, all assets and liabilities for participants of the Cingular Wireless Bargained Pension Plan (CWBPP) and the Employee's Pension Plan of Ameritech Publishing Ventures, Inc. (APVI) were merged into the ATT PBP. As of November 1, 2008, all assets and liabilities for participants in the BellSouth Pension Plan and BellSouth Personal Retirement Account Pension plan and assets and liabilities for US domestic plan participants in the AT&T Pension Plan were merged into the ATT PBP. As of November 30, 2016, all assets and liabilities for participants of the DIRECTV Pension Plan (DTVPP) were merged into the ATT PBP. Effective December 31, 2019, the AT&T Pension Benefit Plan merged into the AT&T/WarnerMedia Pension Benefit Plan and became the AT&T Component Part of the AT&T/WarnerMedia Pension Benefit Plan. Effective January 1, 2021, the name of the merged plan changed to the AT&T Pension Benefit Plan (Plan).

Plan year

January 1 through December 31.

Contributions

The Company will pay to the Trustee such sums of money as the enrolled actuary shall certify as the amounts necessary to provide the retirement income benefits specified by the Plan and to prevent the Plan from having an accumulated funding deficiency within the meaning of IRC Section 430. The Company may also provide, from time to time, additional sums of money to the Trustee as deemed appropriate. Employee contributions are neither required nor permitted under the Plan.

Expenses

All expenses incurred in connection with the administration of the Plan and the Trust are paid by the fund to the extent they are not paid by the Company.

Changes reflected in the valuation as of December 31, 2023

- On April 26, 2023, a commitment agreement was signed to purchase nonparticipating group annuity contracts for certain participants receiving single life annuity benefits of \$2,200 or less per month and also for current and former employees of The CW Network, LLC.
- Effective January 1, 2024, the mandatory cash-out payment limit increased from \$5,000 to \$7,000.

Summary of Plan Provisions

Nonbargained Program of the AT&T Component Part of the AT&T Pension Benefit Plan

Employees eligible for participation

Any nonbargained employee who was regularly employed by a former SBC Communications Inc. Participating Company before January 1, 2007 will become a participant the day after completing one year of Participation Service. Benefits in excess of the IRC Section 415 limits and IRC Section 401(a)(17) limits are provided under the unfunded Pension Benefit Makeup Plan. This program was closed to new hires and rehires hired on or after January 1, 2007.

Definitions

Vesting service

Vesting service is computed on an elapsed time basis. For actives on January 1, 2010, accrued benefits will now be vested after three years.

Pension calculation service

For purposes of determining the participant's Accrued Benefit, Pension Calculation Service shall include employment with a Participating Company and effective January 1, 1994 includes employment with Bell Communications Research, Inc. during a rotational assignment. Under Interchange Agreements, service with certain Interchange Companies is also credited.

Pension eligibility service

For determining eligibility for benefits, Pension Eligibility Service is Pension Calculation Service including employment with any non-participating member of the AT&T controlled group and employment with companies which are subsequently acquired by or merged with any company that is a member of the AT&T controlled group, provided the employee was employed by the acquired or merged company at any time within the 90 days immediately prior to the acquisition and the employee is hired by a member of the AT&T controlled group within 90 days after the date of acquisition or merger. Prior service with PTG, SNET or AIT is included in Pension Eligibility Service.

Pension compensation

The sum of a participant's base wages, group incentive award (i.e. Team Award aka Annual Bonus), Key Contributor Award (fka individual discretionary award), and nondiscretionary incentive compensation (i.e. commissions and "SPA" pay). Pension Compensation also includes any nonqualified deferred compensation or Stock Savings plan deferrals. (Prior to cash balance implementation, nonqualified deferred compensation and Stock Savings plan deferrals were excluded from pension compensation.) Also includes Lump Sum Special Payment effective January 1, 2004. Pension Compensation is limited to the IRC Section 401(a)(17) compensation limits. Payments under the Short Term Incentive Plan paid on or after January 1, 2010 are eligible pay for participants promoted to officer level on or after January 1, 2009.

CAM Income Pre-2022

CAM Income Pre-2022 is the sum of the following for the averaging period that produces the highest benefit: (1) the product of average annual compensation earned in the averaging period and Pension Calculation Service as of the end of the averaging period and (2) the sum of all Pension Compensation earned after the end of the averaging period and on or before December 31, 2021. The most recent averaging period is the five-year period beginning on January 1, 1995 and ending on December 31, 1999.

CAM Income Post-2021

CAM Income Post-2021 is the total Pension Compensation earned after December 31, 2021.

Grandfathered accrued benefit (SBC Participants)

Equal to the greater of the following:

- A monthly benefit of one-twelfth of 1.6% of CAM Income Pre-2022, or
- For SBC company employees eligible for the Enhanced Management Pension (EMP), a monthly benefit determined as of December 30, 1991 based on five additional years of age and service and a 5-year averaging period from January 1, 1986 to December 31, 1990.

Grandfathered benefit accruals ceased on May 31, 2002, at which point the Grandfathered Accrued Benefit was frozen. Employees hired after June 1, 1997, are not eligible for the Grandfathered Accrued Benefit.

Updated career average minimum (CAM)

The monthly CAM is equal to one-twelfth of 1.6% of CAM Income Pre-2022 and 1.0% of CAM Income Post-2021.

For a Participant eligible for a Service Pension, the CAM is reduced for commencement prior to age 55. With less than 30 years of service, the reduction is $\frac{1}{2}\%$ for each month that the distribution precedes age 55; with 30 or more years of service, the reduction is $\frac{1}{4}\%$ for each month prior to age 55. For a Participant not eligible for a Service Pension, the CAM is actuarially reduced for commencement prior to age 65, based on factors contained in the plan document.

Pension Band Minimum (PBM)

Employees eligible for the Pension Benefit Minimum Benefit must be promoted into the Nonbargained Program on or after June 13, 2001 and be a former participant in the Southwest Program, West Program, or Midwest Program participating companies.

The benefit is equal to the greater of the following:

- Benefit calculated as if the participant remained in the Bargained Program using the same Pension Band in effect on the transfer date plus the supplement benefit accrued to the date of transfer, or
- Accrued benefit from Bargained Program as of the transfer date plus 1.2% of Pension Compensation on or before December 31, 2021 and 0.75% of Pension Compensation after December 31, 2021 in the Nonbargained Program.

Adjusted monthly compensation (PTG Participants)

The sum of a Participant's monthly base salary before IRC Section 401(k) deferrals and bonuses paid under the Short Term Incentive Plan (STIP). The Adjusted Monthly Compensation for each year is limited by law to the IRC Section 401(a)(17) compensation limit.

Adjusted average annual compensation (PTG Participants)

The average of Adjusted Monthly Compensation for the sixty-month period ending June 30, 1996. Adjusted Average Annual Compensation is limited by law to the IRC Section 401(a)(17) compensation.

Cash balance account

As of June 1, 1997 for SBC participants, July 1, 1996 for PTG participants and January 1, 1996 for SNET participants the Cash Balance Account is set equal to the account opening balance of the respective predecessor plans. As of January 14, 2005, all future accruals for nonbargained participants are eliminated. The Cash Balance Account earns interest credits, pay credits and transition credits (if applicable) as follows:

■ **Interest credits**

Interest is credited to the Cash Balance Account monthly, and the effective annual rate is based on the average 30-year Treasury bond yield for the middle month of the prior quarter.

■ **Pay credits**

Pay credits equal to 5% of a participant's Pension Compensation are credited monthly to the Cash Balance Account. As of January 14, 2005, pay credits are eliminated.

■ **Transition credits (SBC participants)**

The transition account (if any) is credited to the Cash Balance Account on a monthly basis. The amount of the monthly credit is equal to the remaining value of the Transition Benefit Account divided by the number of months remaining in the transition period. The transition period ended on June 1, 2002.

Special ATB account balance (PTG Participants)

The Special ATB Account Balance is equal to the Special ATB Opening Balance with interest until December 31, 2001 at which time it was frozen. Interest is credited to the Special ATB Opening Balance monthly, based on the average 30-year Treasury bond yield for the middle month of the prior quarter. The Special ATB Opening Balance is equal to the lump sum value of the Accelerated Transition Benefit with reductions as of January 1, 1999. The Accelerated Transition Benefit is converted to a lump sum based on GATT mortality (IRS Applicable Mortality Table pursuant to IRS RR2001-62) and an interest rate equal to the average 30-year Treasury bond yield for November 1998.

Additional cash balance credits for promotions

For all participants hired prior to January 1, 1997 and promoted on or after April 1, 1997, Additional Cash Balance Credits equal to a percentage of a participant's Pension Compensation based on pension eligibility service are credited to the Cash Balance Account. The contribution is credited to the participant's account 50% on the latter of January 1, 1999 or date of promotion and the remaining 50% on the one-year anniversary of the date of promotion. As of January 14, 2005, Additional Cash Balance Credits are eliminated.

Basic account opening balance (SBC participants)

Equal to the product of the following (1) 1.6% times Pension Calculation Service as of May 31, 1997 times 1996 Cash Balance Conversion Pay and (2) an age 65 deferred lump sum factor computed using 6.69% interest and the GAM83 (50/50) mortality table (the GATT mortality table as of June 1, 1997).

Transition benefit account (SBC Participants)

The initial value of the Transition Benefit Account is equal to the excess (if any) of the Cash Balance Conversion Pay times an enhanced opening balance factor (described below) over the Basic Account Opening Balance. Cash Balance Conversion Pay is 1996 Pension Compensation modified to include Basic Rate of Pay amounts deferred as a result of participation in nonqualified deferred compensation plans and to credit full-time Basic Rate of Pay for part-time service.

The enhanced opening balance factor is equal to the sum of the following:

- A factor representing the hypothetical account balance the employee would have accumulated since date of hire based on the following assumptions: 5% of pay credits, 8% interest credits and a 4% salary increase assumption.
- A transition factor based on points (i.e., age + service) at June 1, 1997. The factor is .01 for each point in excess of 25, plus an additional .02 for each point in excess of 40, plus an additional .02 for each point in excess of 50. The maximum transition factor is 1.25.

Each month, the Transition Benefit Account is credited with interest and is decreased by the amount of transition credit transferred to the Cash Balance Account.

Opening account balance (PTG participants)

The percentage factor from the Accumulation Table in Appendix A of the Plan based on service as of June 30, 1996 multiplied by a Participant's Adjusted Monthly Compensation for the 12 month period ending June 30, 1996.

Accelerated transition benefit (PTG participants)

■ **Eligibility**

A Participant who was employed on March 22, 1996.

■ **Benefit**

A monthly pension equal to 2% of the sum of the Participant's Adjusted Average Annual Compensation determined as of June 30, 1996 multiplied by Years of Credited Service as of June 30, 1996.

■ **Reductions**

The Accelerated Transition Benefit (ATB) is reduced for a Participant who is neither age 55 with 20 years of Pension Eligibility Service nor age 65 with 5 years of Pension Eligibility Service at Termination of Employment. The reduction for early commencement is 2% per year from Termination of Employment to age 50, 4% per year from age 50 to age 45 and 8% per year prior to age 45.

■ **Special pension account (SPA)**

Effective December 31, 1999, a special pension account (SPA) was created for all SBC participants eligible to retire. The SPA was set equal to the lump sum value of the participant's December 31, 1999 retirement benefit assuming they retire on that date. Most participants accrued the SPA with interest to December 31, 2000.

■ **Enhanced pension benefit (former SNET participants)**

A minimum lump sum benefit provided to employees who were participants in the SNET Pension Plan on July 1, 1995 equal to the sum of the following: (1) annualized core pension benefit as of July 1, 1995 increased by 10%, reduced for commencement prior to age 55, times an immediate lump sum factor, and (2) the cash balance account with interest credits under plan provisions as of July 1, 1995, increased by 10%.

Pension compensation (former AIT participants)

The sum of a Participant's base wages, shift differentials, lump sum merit wage payments, Management Team Incentive Compensation incentive awards, and sales commissions determined without regard to any deferrals made. Pension Compensation is limited to the IRC Section 401(a)(17) compensation limit (\$230,000 in 2008), subject to annual increases and in accordance with EGTRRA provisions.

Final average compensation (former AIT participants)

Highest consecutive 36 months of Pension Compensation earned during the most recent 60 months, divided by three. For purposes of calculating the Transition Benefit, the Final Average Compensation is equal to the highest consecutive 60 months of Pension Compensation earned during the most recent 120 months, divided by five.

Excess final average compensation (former AIT participants)

Portion of the Final Average Compensation that exceeds the average of the Social Security wage bases during the last five completed calendar years of Service.

Special pension account (former AIT participants)

Effective December 31, 1999, a special pension account (SPA) was created for all participants eligible to retire. The SPA was set equal to the lump sum value of the participant's December 31, 1999 retirement benefit assuming they retire on that date. Most participants accrued the SPA with interest to December 31, 2000 as of January 1, 2001. Interest was credited during 2000 based on the plan's lump sum conversion rate. Effective January 1, 2001, AMPP participants accrued the SPA with interest to December 31, 2001 based on the plan's lump sum conversion rate. As of December 31, 2001, the SPA lump sum was frozen.

Aggregate lump sum percentage (former AIT participants)

Equal to the sum, for each month, of the product of the following:

- the monthly Benefit Service Fraction,
- 1/12, and
- the Applicable Service Percentage.

Benefit service fraction (former AIT participants)

Equal to the total monthly hours of service, divided by 170.

Applicable service percentage (former AIT participants)

The following table presents the Applicable Service Percentage used in the calculation of the Defined Lump Sum.

Ages at which benefit service is earned	Applicable percentage
Under 30	6%
30 to 34	7%
35 to 39	8%
40 to 44	10%
45 to 49	12%
50 to 54	15%
55 and Over	20%

Defined lump sum account (former AIT participants)

Final Average Compensation multiplied by the Aggregate Lump Sum Percentage. As of January 14, 2005, all future accruals are eliminated. The Defined Lump Sum Account will receive interest credits monthly, based on the average 30-year Treasury bond yield for the middle month of the prior quarter.

Transition benefit (former AIT participants)

Available to Participants who were within 5 years of Service Pension Eligibility on May 1, 1995. Single life annuity calculated as the sum of the following, multiplied by years of Service:

- 1.4% of the Final Average Compensation, and
- 0.1% of the Excess Final Average Compensation.

Service pension eligibility (for transition benefit and SPA only): Termination of employment after attaining age 65 with 10 years of Service, age 55 with 20 years of Service, age 50 with 25 years of Service or 30 years of Service.

Service pension

Eligibility

Termination of employment after attaining age 65 with 10 years of Pension Eligibility Service, age 55 with 20 years of Pension Eligibility Service, age 50 with 25 years of Pension Eligibility Service or 30 years of Pension Eligibility Service.

Lump sum benefit

A lump sum benefit is available equal to the greater of the following, as applicable:

- the Cash Balance Account.
- the Defined Lump Sum Account.
- the Grandfathered Accrued Benefit or the AIT Transition Benefit, reduced for distribution prior to age 55, times an immediate lump sum factor. For a participant with less than 30 years of service, the reduction for distribution prior to age 55 is $\frac{1}{2}\%$ for each month which distribution precedes age 55; with 30 or more years of service, the reduction is $\frac{1}{4}\%$ for each month prior to age 55.
- the SPA.
- the ATB, times an immediate lump sum factor.
- the Special ATB.
- the Enhanced Pension Benefit.

Participants terminating on or after May 25, 2018 that elect to receive their benefit beginning on or after June 1, 2018 are eligible to receive a full lump sum payment. The amount of the lump sum is the actuarial equivalent of the CAM formula or the Pension Band Minimum Formula, or any other winning Alternate Formula payable under the program.

Annuity benefit

The excess of the greater of the CAM benefit or PBM benefit, over the lump sum benefit expressed as an annuity will be paid as an annuity if it is greater than \$400 per month. If the excess is less than \$400 per month, then the greater of the CAM benefit or PBM benefit, is available as a lump sum.

A participant may receive an immediate monthly pension, payable for life, equal to the greater of the Grandfathered Accrued Benefit or the AIT Transition Benefit, reduced for commencement prior to age 55, the SPA, the ATB, the Special ATB, the Cash Balance Account, and the Defined Lump Sum Account converted to an annuity.

Date payments begin

If a monthly pension is elected, the benefit commences on the first day of the month following the date of retirement, or a later date elected by the participant, not later than age 65. If a lump sum benefit is elected, payment is made upon retirement, or a later date elected by the participant, not later than age 65.

Disability pension

Eligibility

A Disability Pension is no longer offered effective June 1, 1997. An employee who terminates due to disability will be paid either a Service Pension or a Deferred Vested Pension, depending on which benefit the employee is eligible for upon disability.

Deferred vested pension

Eligibility

Effective January 1, 2010, a Deferred Vested Pension is payable upon termination of employment after completing at least 3 years of Vesting Service and before reaching Service Pension Eligibility. All SBC non-bargained employees hired prior to April 1, 1997 are considered fully vested. All PTG nonbargained employees hired prior to January 1, 1999 are considered fully vested. All SNET participants hired prior to January 1, 2000 are considered fully vested. All Ameritech non-bargained employees hired prior to January 15, 2005 and those rehired after January 15, 2005 without five one year breaks in service are considered fully vested. Notwithstanding the preceding, all participants are fully vested as of the date of a qualified IRC Section 420 transfer.

Lump sum benefit

A lump sum benefit is available equal to the greater of the following, as applicable:

- the Cash Balance Account.
- the Defined Lump Sum Account.
- the Grandfathered Accrued Benefit or the AIT Transition Benefit times a deferred to age 65 lump sum factor.
- the ATB, times an immediate lump sum factor.
- the Special ATB.
- the Enhanced Pension Benefit.

Participants terminating on or after May 25, 2018 that elect to receive their benefit beginning on or after June 1, 2018 are eligible to receive a full lump sum payment. The amount of the lump sum is the actuarial equivalent of the CAM formula or the Pension Band Minimum Formula, or any other winning Alternate Formula payable under the program.

Annuity benefit

The excess of the greater of the CAM benefit or PBM benefit, over the lump sum benefit expressed as an annuity will be paid as an annuity if it is greater than \$400 per month. If the excess is less than \$400 per month, then the greater of the CAM benefit or PBM benefit, is available as a lump sum.

A participant may receive an immediate monthly pension, payable for life, equal to the greater of the Grandfathered Accrued Benefit or the AIT Transition Benefit, actuarially reduced for commencement prior to age 65, the ATB, the Special ATB, the Cash Balance Account, and the Defined Lump Sum Account converted to an annuity.

Date payments begin

If a monthly pension is elected, the benefit commences on the first day of the month following the date of termination, or a later date elected by the participant, not later than age 65. If a lump sum benefit is elected, payment is made upon termination, or a later date elected by the participant, not later than age 65. However, for PTG participants, if the ATB is the greater benefit, a lump sum election must be made within 90 days of termination.

Surviving spouse's benefit

Eligibility

Surviving spouse of an active vested or deferred vested participant in the event of the participant's death.

Lump sum benefit

The eligible spouse of an active participant who dies prior to Normal Retirement Age and before benefit payments commence is entitled to one of the following benefits:

A vested participant with less than 15 years of pension eligibility service and not eligible for a service person

A lump sum benefit equal to the greater of the following, as applicable:

- the Cash Balance Account or the Defined Lump Sum Account.
- the lump sum value of 45% of the Grandfathered Accrued Benefit or the AIT Transition Benefit, assuming commencement would have occurred on the date the participant would have reached eligibility for a Service Pension.
- 45% of the Special ATB.
- the lump sum value of 45% of the ATB, assuming commencement would have occurred on the date of the participant's death.

With 15 years of pension eligibility service and eligible for a service person

A lump sum benefit equal to the greater of the following, as applicable:

- the Cash Balance Account or the Defined Lump Sum Account.
- 45% of the Special ATB.
- the lump sum value of 45% of the Grandfathered Accrued Benefit, the AIT Transition Benefit or ATB, assuming commencement would have occurred on the first date of the month following the participant's date of death (without reductions for early commencement).
- 45% of the SPA.

Annuity benefit

An eligible spouse may receive a monthly pension equal to the greater of 1) the Cash Balance Account, the Defined Lump Sum Account, 45% of the Special ATB, or 45% of the SPA, converted to a monthly annuity, or 2) 45% of the Grandfathered Accrued Benefit, the AIT Transition Benefit, or ATB commencing as described above.

CAM or PBM benefit

As an additional annuity benefit, 45% of the excess of the greater of the CAM benefit or PBM benefit, over the lump sum benefit expressed as an annuity will be paid as an annuity. Surviving spouses of participants that die on or after May 25, 2018 that elect to receive their benefit beginning on or after June 1, 2018 are eligible to receive a full lump sum payment.

Death benefit if no surviving spouse

Eligibility

Death of an active vested or deferred vested participant that does not have a surviving spouse.

Lump sum benefit

A lump sum actuarially equivalent to the Surviving Spouse Benefit, based on the employee's date of birth.

Lump sum death benefit

A frozen lump sum death benefit is payable to an "Eligible Beneficiary" (spouse, dependent child, dependent parent, or registered domestic partner) upon the death of certain eligible active employees who die due to sickness or non-job-related injury, or upon the death of certain Disability or Service Pensioners. In some cases, this lump sum death benefit will be eliminated. Effective December 31, 2012, retiree death benefits will not be paid from the pension trust.

Forms of payment

The normal form of payment for a Participant who is married at the benefit commencement date is a reduced qualified joint and survivor annuity equal to 90% of the Accrued Benefit, with 45% of the Accrued Benefit continuing to the surviving spouse upon the earlier death of the Participant. If the spouse predeceases the participant that retired from the plan, the 10% reduction factor is removed for future payments. The normal form with respect to all other participants is a single life annuity. Cash Balance Accounts, Defined Lump Sum Accounts, the Special ATB, or the SPA will be converted to an annuity based on GATT mortality (IRS Applicable Mortality Table pursuant to IRS RR2001-62) and the average 30-year Treasury bond yield for the middle month of the quarter preceding commencement. Effective January 1, 2012, the applicable mortality table used for conversion will be the 417(e)(3) PPA mortality. The applicable interest rate used for conversion will be the 417(e)(3) PPA Interest Rate phased-in at 25% per year over four years beginning January 1, 2012. The applicable interest rate lookback month will be the middle month of the quarter preceding distribution.

In lieu of the normal form of retirement benefit, a married Participant may elect, with the proper spousal consent, to waive the qualified joint and survivor annuity and to receive an actuarial equivalent retirement benefit in the form of single life annuity, a 75% joint and survivor annuity, or a 100% joint and survivor annuity. J&S options are with pop-up if service pension eligible.

A Participant may also elect to receive a lump sum. Grandfathered Accrued Benefits, the AIT Transition Benefit, or the ATB will be converted to lump sums based on GATT mortality and an interest rate equal to the average 30-year Treasury bond yield for the middle month of the quarter preceding distribution. Effective January 1, 2012, the applicable mortality table used for conversion will be the 417(e)(3) PPA mortality. The applicable interest rate used for conversion will be the 417(e)(3) PPA Interest Rate phased-in at 25% per year over four years beginning January 1, 2012. The applicable interest rate lookback month will be the middle month of the quarter preceding distribution.

For determining the minimum lump sum under 417(e)(3), the interest rate lookback month will be November of the year preceding distribution.

A Lump Sum Offer (LSO) was provided to participants meeting the Modified Rule of 75 as of December 30, 2013, provided they terminate employment by December 30, 2013 unless they are metered. The amount of the LSO lump sum was based on the full accrued benefit and calculated using an August 2012 lookback month for the lump sum conversion basis, if greater than the plan actuarial equivalence.

An Enhanced Pension Offer (EPO) was provided to participants who are Management Employees as of December 10, 2014, as long as they do not become a Bargaining Unit Employee prior to termination and meet the Modified Rule of 75 as of March 31, 2015. Participants who elect the EPO must terminate employment by March 31, 2015 and elect an Annuity Starting Date of April 1, 2015, unless they are metered. The amount of the EPO benefit is their normal pension benefit under the Plan, increased by 10%. In addition, a full lump sum option was added for anyone who elected the EPO.

Participants terminating on or after May 25, 2018 that elect to receive their benefit beginning on or after June 1, 2018 are eligible to receive a full lump sum payment. The amount of the lump sum is the actuarial equivalent of the CAM formula or the Pension Band Minimum Formula, or any other winning Alternate Formula payable under the program.

For participants that terminate employment on or after November 1, 2018 and elect an annuity starting date on or after January 1, 2019 but on or before April 1, 2019, the greater of the 2018 and 2019 actuarial equivalent factors shall be used to calculate the lump sum amount.

Benefits not valued

No benefits are excluded that would materially affect the liabilities.

Summary of Plan Provisions

Southwest Program of the of the AT&T Component Part of the AT&T Pension Benefit Plan

Employees eligible for participation

Any bargained employee who is regularly employed by a Southwestern Bell region Participating Company will become a participant on the day after completing one year of Participation Service. Effective April 1, 2010 this program was closed to new hires and rehires in the CWA District 6 (Southwest Core) contracts hired on or after August 9, 2009. Effective June 1, 2011 this program was closed to new hires and rehires in the CWA Southwestern Bell Yellow Pages contract hired on or after June 1, 2011.

Definitions

Vesting service

Vesting Service is calculated on an elapsed time basis. For actives on January 1, 2010 of Southwest Core, and AT&T Operations – CWA District 6, accrued benefits will now be vested after three years. For actives on June 1, 2011 of Southwestern Bell Yellow Pages – CWA, accrued benefits will now be vested after three years. For all other participants, effective January 1, 2010, if any part of the accrued benefit is determined as a Cash Balance Account or DLS Account then the participant is vested after 3 years.

Pension calculation service

For purposes of determining the participant's Accrued Benefit, Pension Calculation Service shall include employment with a Participating Company. Under Interchange Agreements, service with certain Interchange Companies is also credited.

Pension eligibility service

For determining eligibility for benefits, Pension Eligibility Service is Pension Calculation Service including employment with any non-participating member of the AT&T controlled group. Prior service with PTG, SNET or AIT is included in Pension Eligibility Service.

Supplemental pay

The sum of a Participant's in charge allowances, extra payments for temporary promotions, shift differentials and job differentials, including bonus payments of \$250 in 2006, \$375 in 2007, and \$375 in 2008. Effective June 1, 2010 and November 1, 2010 respectively, target incentive compensation and success sharing plan payments that are not contributed to an HRA are also eligible compensation.

Special pension account (SPA)

Effective December 31, 1999, a special pension account (SPA) was created for all participants eligible to retire. The SPA was set equal to the lump sum value of the participant's December 31, 1999 retirement benefit assuming they retire on that date. Most participants accrued the SPA with interest to December 31, 2000 as of January 1, 2001. Interest was credited during 2000 based on the plan's lump sum conversion rate. Effective December 31, 2000, the SPA was set equal to the greater of the participant's SPA balance at December 31, 2000 and the lump sum value of the participant's December 31, 2000 retirement benefit assuming they retire on that date. During 2001, bargained participants accrued the SPA with interest to December 31, 2001 based on the plan's lump sum conversion rate. As of December 31, 2001, the SPA lump sum balance is frozen.

Service pension

Eligibility

Termination of employment after attaining age 65 with 10 years of Pension Eligibility Service, age 55 with 20 years of Pension Eligibility Service, age 50 with 25 years of Pension Eligibility Service or 30 years of Pension Eligibility Service.

Accrued benefit

A monthly benefit equal to the greater of the SPA, converted to an annuity, and the sum of the following:

- the Pension Band Amount shown in the tables for the pension band which applies to the participant's job title times Pension Calculation Service.
- the Supplemental Monthly Pension.

Supplemental monthly pension

The product of .001 times Supplemental Pay during the last 36 months of employment divided by 36, times Pension Calculation Service.

Reduction

After meeting eligibility for a Service Pension, a participant receives an immediate monthly pension, payable for life, equal to the Accrued Benefit, reduced for commencement prior to age 55. The reduction is ½% for each month prior to age 55 with less than 30 years of service and is unreduced with 30 or more years of service.

Lump sum benefit

A lump sum benefit is available equal to the Accrued Benefit, converted to a lump sum.

Date payments begin

The monthly pension commences on the first day of the month coinciding with or next following the date of retirement, subject to the provisions of IRC Section 411(a)(11) and notice and election requirements under IRC Section 417.

Disability pension

Eligibility

An employee who has at least 15 years of Pension Eligibility Service and who becomes totally disabled prior to age 65.

Benefit

The participant receives an immediate monthly pension, payable for life, equal to the Accrued Benefit based on service and compensation as of the date of termination, without reduction for commencement prior to age 65.

Date payments begin

Benefits begin immediately following termination of employment due to total disability. If disability occurs after attaining service pension eligibility, the benefit is paid from the qualified trust. If disability occurs prior to attaining service pension eligibility, the benefit is paid from company operating funds until the participant turns age 65, at which time the benefit is converted to a service pension and paid from the qualified trust.

Deferred vested pension

Eligibility

Termination of employment after completing at least 3 years of Vesting Service, and before reaching eligibility for Service Pension. Notwithstanding the preceding, all participants are fully vested as of the date of a qualified IRC Section 420 transfer.

Benefit

The monthly benefit, payable as a straight life annuity starting on the participant's Normal Retirement Age (the later of age 65 or the third anniversary of plan participation), equals the participant's Accrued Benefit on the date of termination. The benefit is actuarially reduced if commenced prior to Normal Retirement Age.

Date payments begin

A participant who terminates employment with three or more years of Vesting Service receives a Deferred Vested Pension commencing at Normal Retirement Age or at termination of service, if later. If the participant has sufficient service for early retirement eligibility, the Deferred Vested Pension may commence early when the participant later meets the age requirements. The amount payable upon early retirement is equal to the Accrued Benefit, actuarially reduced based on commencement prior to age 65. A table of actuarial reduction factors is in the plan document.

Surviving spouse's benefit

Eligibility

Surviving spouse of an active vested or deferred vested participant in the event of the participant's death.

Benefit

The eligible spouse of an active participant who dies prior to Normal Retirement Age and before benefit payments commence is entitled to one of the following benefits:

- If a vested participant dies with less than 15 years of Pension Eligibility Service, and is not eligible for a Service Pension, the eligible spouse receives a deferred monthly survivor benefit for life beginning on the date the participant would have reached earliest eligibility to commence a Deferred Vested Pension. The benefit is computed as though the participant had left service on the date of death, survived until the earliest eligibility to commence a Deferred Vested Pension, retired at that time with the qualified survivor annuity option, and died the next day. In lieu of the monthly survivor benefit, a surviving spouse of a Participant employed by Southwest Core, or Southwestern Bell Yellow Pages may elect to receive a lump sum equivalent to the deferred monthly survivor benefit.
- If the participant dies eligible for a Service Pension or with 15 years of Pension Eligibility Service, a surviving spouse receives a monthly survivor pension payable for life equal to 45% of the Accrued Benefit. The spouse's benefit will commence on the first day of the month following the participant's date of death. In lieu of the monthly survivor benefit, a surviving spouse of a Participant employed by Southwest Core or Southwestern Bell Yellow Pages may elect to receive a lump sum equivalent to the monthly survivor benefit.

The surviving spouse of a participant who was receiving a nonqualified disability benefit and who dies before age 65 will receive a survivor annuity beginning at the time the participant would have attained earliest retirement age, unless the spouse elects to delay payments until the time the participant would have attained age 65. For vested participants not satisfying the Modified Rule of 75 who die on or after April 1, 2011, a Pre-Retirement Survivor Annuity may be paid immediately.

Death benefit if no surviving spouse

Eligibility

Death of an active vested or deferred vested participant employed by SWBT, SYP, SMSG, SOPS, SASI, STCOM, or SS that does not have a surviving spouse.

Lump sum benefit

A lump sum actuarially equivalent to the surviving spouse benefit based on the employee's date of birth.

Lump sum death benefit

For participants hired prior to January 1, 1990, the Plan provides a Lump Sum Death Benefit equal to the wages earned in the 12 month period ending on December 31, 1989, or date of termination if earlier. This benefit is paid if an eligible active employee dies due to sickness or non-job-related injury and is survived by an "Eligible Beneficiary" (spouse, dependent child, dependent parent, or registered domestic partner). The benefit is also paid if an eligible Disability or Service Pensioner dies and is survived by an Eligible Beneficiary. Effective December 31, 2012, retiree death benefits will not be paid from the pension trust for participants terminated prior to January 1, 2009. Effective December 31, 2016, retiree death benefits will not be paid from the pension trust for participants terminated prior to January 1, 2013. Effective December 31, 2020, retiree death benefits will not be paid from the pension trust for participants terminated between January 1, 2013 and January 1, 2017 and that died on or after December 31, 2020.

Forms of payment

The normal form of payment for a participant who is married at the benefit commencement date is a reduced qualified joint and survivor annuity equal to 90% of the Accrued Benefit, with 45% of the accrued benefit continuing to the surviving spouse upon the earlier death of the participant. If the spouse predeceases the participant that retired from the plan, the 10% reduction factor is removed for the future payments. The normal form with respect to all other participants is a single life annuity.

In lieu of the normal form of retirement benefit, a married participant may elect, with the proper spousal consent, to waive the qualified joint and survivor annuity and to receive an actuarial equivalent retirement benefit in the form of a single life annuity, a 75% joint and survivor annuity or a 100% joint and survivor annuity. J&S options are with pop-up if service pension eligible.

For the Southwest Core bargaining group and former Southwestern Bell Yellow Pages, a lump sum benefit option is available for those service pension eligible effective January 1, 2010. Accrued benefits will be converted to lump sums based on GATT mortality (IRS Applicable Mortality Table pursuant to IRS RR2001-62) and an interest rate equal to the average 30-year Treasury bond yield for the November of the prior year. Effective January 1, 2012, the applicable mortality table used for conversion will be the 417(e)(3) PPA mortality. The applicable interest rate used for conversion will be the 417(e)(3) PPA Interest Rate phased-in at 25% per year over four years beginning January 1, 2012. The applicable interest rate lookback month will be the November of the prior year. For certain contracts, including the core contract, conversion based on the prior lump basis will be available for retirement eligible employees with payment commencing prior to March 31, 2012.

For determining the minimum lump sum under 417(e)(3), the interest rate lookback month will be November of the year preceding distribution.

Benefits not valued

No benefits are excluded that would materially affect the liabilities

Summary of Plan Provisions

West Program of the AT&T Component Part of the AT&T Pension Benefit Plan

Employees eligible for participation

Any bargained employee who is regularly employed by a Pacific Telesis region Participating Company will become a Participant on the day after completing one year of Participation Service. Effective January 1, 2009 this program was closed to new hires and rehires in the IBEW Local 2139 (Pacific Bell Directory South) contract. Effective January 1, 2010 this program was closed to new hires and rehires in the West Core CWA, and IBEW Local 1269 (Pacific Bell Telephone Company) contracts hired on or after August 9, 2009. Effective June 1, 2011 this program was closed to new hires and rehires in the IBEW Local 1269 (Pacific Bell Directory North) contract hired after January 1, 2011.

Definitions

Vesting service

Vesting Service is calculated on an elapsed time basis. Effective January 1, 2010, for active employees if any part of the accrued benefit is determined as a Cash Balance Account or DLS Account then the participant is vested after 3 years.

Pension calculation service

For purposes of determining the Participant's Accrued Benefit, Pension Calculation Service shall include employment with a Participating Company. Under Interchange Agreements, service with certain Interchange Companies is also credited. However, Pension Calculation Service shall not include any period of employment for which benefits accrue under the PTG Cash Balance Pension Plan for Salaried Employees or a similar plan.

Pension eligibility service

For determining eligibility for benefits, Pension Eligibility Service is Pension Calculation Service including employment with any non-participating member of the AT&T controlled group. Prior service with SBC, SNET or AIT is included in Pension Eligibility Service.

Average annual differentials

The sum of a Participant's in charge allowances, extra payments for temporary promotions, shift differentials and job differentials averaged over the most recent 36-month period, including bonus payments of \$250 in 2006, \$375 in 2007, \$375 in 2008, and 2.5% of pay in 2008, 3.0% of pay in 2009, and 3.0% of pay plus \$250 in 2010 for PacBell Directory South employees effective September 1, 2008. Effective June 1, 2010 and November 1, 2010 respectively, target incentive compensation and success sharing plan payments that are not contributed to an HRA are also eligible compensation.

Special pension account (SPA)

Effective December 31, 1999, a special pension account (SPA) was created for all participants eligible to retire. The SPA was set equal to the lump sum value of the participant's December 31, 1999 retirement benefit assuming they retire on that date. Most participants accrued the SPA with interest to December 31, 2000 as of January 1, 2001. Interest was credited during 2000 based on the plan's lump sum conversion rate. Effective December 31, 2000, the SPA was set equal to the greater of the participant's SPA balance at December 31, 2000 and the lump sum value of the participant's December 31, 2000 retirement benefit assuming they retire on that date. During 2001, bargained participants accrued the SPA with interest to December 31, 2001. Interest was credited during 2001 based on the plan's lump sum conversion rate. As of December 31, 2001, the SPA lump sum was frozen.

Early retirement benefit (ERB)

Additional early retirement supplements offered from time to time to eligible Participants who voluntarily retire during a specified window of time. The benefits typically include an additional four years of age and four years of service used in determination of the Service Pension, plus an additional temporary annuity equal to 10% to 30% of pay until age 62. This benefit is not valued until elected for ASC 715-30 (FAS 87), ASC 960 (FAS 35) and contribution purposes.

Service pension

Eligibility

Termination of employment after attaining age 65 with 10 years of Pension Eligibility Service, age 55 with 20 years of Pension Eligibility Service, age 50 with 25 years of Pension Eligibility Service or 30 years of Pension Eligibility Service.

Accrued benefit

A monthly benefit equal to the greater of the SPA (if eligible), converted to an annuity, and the sum of the following:

- the Pension Band Amount shown in the tables for the pension band which applies to the Participant's job title times Pension Calculation Service.
- the Supplemental Monthly Pension.

Supplemental monthly pension

The product of .001 times Average Annual Differentials during the last 36 months of employment divided by 36, times Pension Calculation Service.

Reduction

After meeting eligibility for a Service Pension, a Participant receives an immediate monthly pension, payable for life, equal to the Accrued Benefit, reduced for commencement prior to age 55. The reduction is ½% for each month prior to age 55 with less than 30 years of service and is unreduced with 30 or more years of service.

Lump sum benefit

A lump sum benefit is available equal to the Accrued Benefit, converted to a lump sum.

Date payments begin

The monthly pension shall commence on the day following a Participant's retirement.

Disability pension

Eligibility

An employee who has at least 15 years of Pension Eligibility Service who becomes totally disabled prior to age 65.

Benefit

The Participant receives an immediate monthly pension, payable for life, equal to the Accrued Benefit based on service and compensation as of the date of termination, without reduction for commencement prior to age 65.

Date payments begin

Benefits begin immediately following termination of employment due to total disability. If disability occurs after attaining service pension eligibility, the benefit is paid from the qualified trust. If disability occurs prior to attaining service pension eligibility, the benefit is paid from company operating funds until the Participant turns age 65, at which time the benefit is converted to a service pension and paid from the qualified trust.

Deferred vested pension

Eligibility

Termination of employment after completing at least 5 years of Vesting Service, and before reaching eligibility for Service Pension. However, effective January 1, 2010, if any part of the accrued benefit is determined as a Cash Balance Account or DLS Account then the Participant is eligible after 3 years of Vesting Service.

Benefit

The monthly benefit, payable as a straight life annuity starting on the Participant's Normal Retirement Age (the later of age 65 or the fifth anniversary of plan participation), equals the Participant's Accrued Benefit on the date of termination. The benefit is actuarially reduced if commenced prior to Normal Retirement Age.

Date payments begin

A Participant who terminates employment eligible for a Deferred Vested Pension receives a benefit commencing at Normal Retirement Age or at termination of service, if later. If the Participant has sufficient service for early retirement eligibility, the Deferred Vested Pension may commence early when the Participant later meets the age requirements.

Surviving spouse's benefit

Eligibility

Surviving spouse of an active vested or deferred vested Participant in the event of the Participant's death.

Benefit

The eligible spouse of an active Participant who dies prior to Normal Retirement Age and before benefit payments commence is entitled to one of the following benefits:

- If the Participant dies with 3 or more years of Vesting Service, has less than 15 years of Pension Eligibility Service, and is not eligible for a Service Pension, the eligible spouse receives a deferred monthly survivor benefit for life beginning on the date the Participant would have reached earliest eligibility to commence a Deferred Vested Pension. The benefit is computed as though the Participant had left service on the date of death, survived until the earliest eligibility to commence a Deferred Vested Pension, retired at that time with the qualified survivor annuity option, and died the next day.
- If the Participant dies eligible for a Service Pension or with 15 years of Pension Eligibility Service, a surviving spouse receives a monthly survivor pension payable for life equal to 45% of the Accrued Benefit. The spouse's benefit will commence on the first day following the Participant's date of death.

Death benefit if no surviving spouse

Eligibility

Death of an active vested or deferred vested participant employed by PB, NB, SASI, STCOM, SS, PBIS, or PDIR that does not have a surviving spouse.

Lump sum benefit

A lump sum actuarially equivalent to the Surviving Spouse Benefit, based on the employee's date of birth.

Lump sum death benefit

The Plan provides a Lump Sum Death Benefit equal to the wages earned in the 12-month period ending on the date of death. This benefit is paid if an eligible active employee dies due to sickness or job-related injury and is survived by an "Eligible Beneficiary" (spouse, dependent child, dependent parent, or registered domestic partner). The benefit is also paid if a Disability or Service Pensioner who was eligible or had already retired as of January 1, 1987, dies and is survived by an Eligible Beneficiary. Effective December 31, 2012, retiree death benefits will not be paid from the pension trust for participants terminated prior to January 1, 2009. Effective December 31, 2016, retiree death benefits will not be paid from the pension trust for participants terminated prior to January 1, 2013. Effective December 31, 2020, retiree death benefits will not be paid from the pension trust for participants terminated between January 1, 2013 and January 1, 2017 and that died on or after December 31, 2020,

Forms of payment

The normal form of payment for a Participant who is married at the benefit commencement date is a reduced qualified joint and survivor annuity equal to 90% of the Accrued Benefit, with 45% of the Accrued Benefit continuing to the surviving spouse upon the earlier death of the Participant. If the spouse predeceases the Participant that retired from the plan, the 10% reduction factor is removed for the future payments. The normal form with respect to all other Participants is a single life annuity.

In lieu of the normal form of retirement benefit, a married Participant may elect, with the proper spousal consent, to waive the qualified joint and survivor annuity and to receive an actuarial equivalent retirement benefit in the form of a single life annuity, a 75% joint and survivor annuity, or a 100% joint and survivor annuity. J&S options are with pop-up if service pension eligible.

A Participant may also elect to receive a lump sum. Benefits will be converted to lump sums based on GATT mortality (IRS Applicable Mortality Table pursuant to IRS RR2001-62) and an interest rate equal to the average 30-year Treasury bond yield for the November of the prior year. Effective January 1, 2012, the applicable mortality table used for conversion will be the 417(e)(3) PPA mortality. The applicable interest rate used for conversion will be the 417(e)(3) PPA Interest Rate phased-in at 25% per year over four years beginning January 1, 2012. The applicable interest rate lookback month will be the November of the prior year. For Pacific Bell Directory South, effective January 1, 2012, the applicable interest rate will be 100% of the 417(e)(3) PPA Interest Rate. For certain contracts, including the core contract, conversion based on the prior lump basis will be available for retirement eligible employees with payment commencing prior to March 31, 2012.

For determining the minimum lump sum under 417(e)(3), the interest rate lookback month will be November of the year preceding distribution.

Benefits not valued

No benefits are excluded that would materially affect the liabilities.

Summary of Plan Provisions

East Program of the AT&T Component Part of the AT&T Pension Benefit Plan

Employees eligible for participation

Any bargaining unit employee who is regularly employed by SNET will become a participant on the day after completing one year of Participation Service. Effective January 1, 2011 this program was closed to new hires and rehires hired on or after August 9, 2009. Effective December 27, 2020, CWA District 1 (AT&T East Core Contract) participants became CWA (AT&T Corp. Core Contract) participants.

Definitions

Participation service

Participation Service is calculated on an elapsed time basis

Vesting service

Vesting Service is calculated on an elapsed time basis. For actives on January 1, 2010, accrued benefits will now be vested after three years.

Credited service

For purposes of determining the participant's accrued benefit, Credited Service is computed based on elapsed time since date of hire and includes employment with a Participating Company. Under Interchange Agreements, service with certain Interchange Companies is also credited.

Pay

The sum of a participant's annualized base wage rate, differential pay, and commissions as of October of the previous Plan Year (or date of hire/rehire if later) during the current contract. The Eligible Pay for each year is limited by law to the IRC Section 401(a)(17) compensation limit. Lump sum awards added in 2004, 2006, 2007, 2008, and 2009 are Eligible Pay. Target incentive compensation and success sharing plan payments that are not contributed to an HRA are eligible pay effective November 1, 2010.

Accrued benefit

A monthly benefit, commencing at Normal Retirement Age, which is the actuarial equivalent of the Participant's Cash Balance Plan Account (CBPA).

Cash balance plan account (CBPA)

As of July 1, 1995, the Cash Balance Plan Account is set equal to the Opening Cash Balance Plan Account. Thereafter, the Cash Balance Plan Account earns interest credits, service credits and pay credits as follows:

■ **Interest credits**

Interest is credited to the Cash Balance Plan Account monthly. Prior to April 30, 2009, interest credits were based on the greater of i) an effective annual rate of 7% and ii) the GATT rate plus 150 basis points. For periods after April 30, 2009 and before December 1, 2010, the effective annual interest crediting rate was 4%. For periods after December 1, 2010 and before October 1, 2013, the effective annual interest crediting rate was the average 30-year Treasury bond yield for the month of November preceding the plan year. For periods after October 1, 2013, the effective annual interest crediting rate will be the greater of i) the average 30-year Treasury bond yield for the month of November preceding the plan year and ii) 4.00%.

■ **Service credits**

Service credits based on applicable Pay and Service Category are credited at the end of each month to the Cash Balance Plan Account. The Service Category is determined as of the beginning of each month. The Credited Service is only adjusted at year-end to reflect any additional service credited under the service bridging provisions of the Plan. For purposes of determining service credits, the determination is made by calculating actual years, months and days and raising any fractional days to a month.

■ **Additional credits**

An additional credit is credited during 2012 and 2013 to the Cash Balance Plan Account of certain participants based on Pay and Service Category.

Opening cash balance plan account

Equal to the sum of the cash balance account under prior plan provisions and the product of the following: (1) annualized core pension benefit as of July 1, 1995 and (2) an early retirement factor, if less than 30 years of service and (3) the applicable Cash Balance Plan Account conversion factor based on the participant's age as of July 1, 1995.

Enhanced pension benefit

Equal to the sum of the following: (1) annualized core pension benefit as of July 1, 1995 increased by 10% and (2) the cash balance account with interest credits under plan provisions as of July 1, 1995, increased by 10% and converted to an annuity. For a non-disabled participant with less than 30 years of service, the core pension benefit is reduced for commencement prior to age 55.

Service pension

Eligibility

Termination of employment after attaining age 65 with 10 years of Pension Eligibility Service, age 55 with 20 years of Pension Eligibility Service, age 50 with 25 years of Pension Eligibility Service or 30 years of Pension Eligibility Service, if terminated after September 17, 1998, otherwise termination of employment after attaining 90 age and service points. For purposes of determining benefit eligibility, the determination is made by summing actual years, months and days and raising any fractional days of the sum to a month.

Benefit

A lump sum benefit equal to the greatest of the Enhanced Pension Benefit times an immediate lump sum factor, the Cash Balance Plan Account, and the actuarial present value of the Accrued Benefit. In lieu of a lump sum benefit, a participant may receive an immediate monthly pension, payable for life, equal to the greater of the Enhanced Pension Benefit and the Accrued Benefit, reduced for commencement prior to Normal Retirement Age.

The Enhanced Pension Benefit is converted to a lump sum based on GATT mortality (IRS Applicable Mortality Table pursuant to IRS RR2001-62) and an interest rate equal to the average 30 year Treasury bond yield for the month of November of the preceding calendar year, not to exceed 7.5%. The minimum lump sum benefit is the Enhanced Pension Benefit calculated as of July 1, 2001 based on an interest rate of 5.78%, GATT mortality, and the employee's age as of July 1, 2001.

For an employee who has completed either 30 years of service or is age 55 or older with 20 or more years of service, the immediate single life annuity monthly pension benefit is to be equal to the greater of the Enhanced Pension Benefit and the Cash Balance Plan Account converted to a lifetime annuity commencing at the participants Normal Retirement Age using the applicable plan factor at age 65. This provision was made permanent with the collectively bargained contract that was agreed to in 2004.

Date payments begin

The benefit commences no later than the 60th day following the end of the plan year of retirement, unless the participant elects otherwise.

Deferred vested pension

Eligibility

A Deferred Vested Pension is payable upon termination of employment after completing at least 3 years of Vesting Service, and before reaching eligibility for Service Pension.

Benefit

A lump sum benefit equal to the greatest of the Enhanced Pension Benefit times a deferred to age 65 lump sum factor, the Cash Balance Plan Account, and the actuarial present value of the Accrued Benefit. In lieu of a lump sum benefit, a participant may receive an immediate monthly pension, payable for life, equal to the greater of the Enhanced Pension Benefit, reduced for commencement prior to age 65 and the Accrued Benefit, reduced for commencement prior to Normal Retirement Age.

Date payments begin

Unless the participant elects otherwise, the benefit commences no later than the 60th day following the end of the plan year in which the participant reaches Normal Retirement Age or termination of service, if later.

Survivor spouse's benefit

Eligibility

Surviving spouse of an active vested participant in the event of the participant's death.

Benefit

The eligible spouse of an active participant who dies prior to Normal Retirement Age and before benefit payments commence is entitled to a lump sum benefit equal to the Cash Balance Account or the Enhanced Pension Benefit. Effective July 1, 2001, the Enhanced Pension Benefit will be converted to a lump sum based on GATT mortality and an interest rate equal to the average 30 year Treasury bond yield for the month of November of the preceding calendar year, not to exceed 7.5%. The minimum lump sum benefit will be the Enhanced Pension Benefit calculated as of July 1, 2001 based on an interest rate of 5.78%, GATT mortality, and the employee's age as of July 1, 2001.

In lieu of a lump sum, the eligible spouse may elect a life annuity equal to the greater of the following:

- a monthly pension equal to 45% of the Accrued Benefit or the Enhanced Pension Benefit as of March 31, 1995, reduced for commencement prior to the participant's Normal Retirement Age, or
- the actuarial equivalent of the Cash Balance Plan Account paid as a monthly annuity, based on the surviving spouse's age as of the date of death.

Death benefit if no surviving spouse

Eligibility

Death of an active vested participant that does not have a surviving spouse.

Benefit

The participant's estate is paid a lump sum death benefit equal to the Cash Balance Plan Account.

Lump sum death benefit

For participants hired prior to September 17, 1989, the Plan provides a Lump Sum Death Benefit equal to the annual basic rate of pay earned in the 12 month period ending on December 31, 1991, or date of retirement if earlier. This benefit is paid if an eligible active employee dies due to sickness or injury and is survived by an "Eligible Beneficiary" (spouse, dependent child, dependent parent, or registered domestic partner). The benefit is also paid if an eligible Disability or Service Pensioner dies and is survived by an Eligible Beneficiary. The benefit is not paid, however, if the eligible Disability or Service Pensioner has elected any portion of the pension benefit payable in the form of a lump sum. Effective December 31, 2012, retiree death benefits will not be paid from the pension trust for participants terminated prior to January 1, 2009. Effective December 31, 2016, retiree death benefits will not be paid from the pension trust for participants terminated prior to January 1, 2013. Effective December 31, 2020, retiree death benefits will not be paid from the pension trust for participants terminated between January 1, 2013 and January 1, 2017 and that died on or after December 31, 2020.

Forms of payment

The normal form of payment for a participant who is married at the benefit commencement date is a reduced qualified joint and survivor annuity equal to 90% of the Accrued Benefit, with 45% of the Accrued Benefit continuing to the surviving spouse upon the earlier death of the Participant. If the spouse predeceases the participant that retired from the plan, the 10% reduction factor is removed for the future payments. The normal form with respect to all other participants is a single life annuity. Cash Balance Plan Accounts are converted to an annuity using the applicable plan factors.

In lieu of the normal form of retirement benefit, a married Participant may elect, with the proper spousal consent, to waive the qualified joint and survivor annuity and to receive a single life annuity or a 75% joint and survivor annuity. J&S options are with pop-up if service pension eligible.

In addition, in lieu of the normal form of retirement benefit, a participant may elect to receive a lump sum, partial lump sum or lump sum certain benefit.

Summary of Plan Provisions

Midwest Program of the AT&T Component Part of the AT&T Pension Benefit Plan

Employees eligible for participation

Any bargained employee who is regularly employed by Ameritech will become a Participant on the latter of attaining age 21 or the day after completing one year of Service. Effective January 1, 2010 this program was closed to new hires and rehires in the Midwest Core CWA, Midwest Core IBEW, and CWA AT&T Corp. (includes former SBC Global Services, Inc.) contracts hired on or after August 9, 2009. Effective April 1, 2010 this program was closed to new hires and rehires in the IBEW AT&T Corp. (includes former SBC Global Services, Inc.) (Local 21, 58, 134) contracts hired on or after August 9, 2009. Effective June 1, 2011 this program was closed to new hires and rehires in the CWA Ameritech Publishing contract hired after January 1, 2011.

Definitions

Year of service

A Participant who completes 1,000 or more hours of service during a plan year, or during the first twelve months of employment, will be credited with a year of Service. Years of Service are used for determining participation and eligibility for benefits. Effective January 1, 2010, for active employees if any part of the accrued benefit is determined as a Cash Balance Account or DLS Account then the participant is vested after 3 years.

Years and months of service

For purposes of determining the Participant's Accrued Benefit, Years and Months of Service shall include employment with a Participating Company. Under Interchange Agreements, service with certain Interchange Companies is also credited.

Basic monthly pension benefit

Dollar amount corresponding to the Pension Band number shown in the Monthly Benefit Table for the pension band which applies to the Participant's job title, multiplied by the Participant's Years and Months of Service.

Supplemental pay

Bonus payments of \$250 in 2006, \$375 in 2007, and \$375 in 2008 will be included effective January 1, 2005.

Supplemental monthly pension benefit

Equal to the product of the following:

- average annual differentials, Supplemental Pay, Target incentive compensation (effective June 1, 2010), Success sharing plan payments that are not contributed to an HRA (for Ameritech Publishing effective June 1, 2011, for Midwest Core CWA effective January 1, 2013, and for Midwest Core IBEW effective January 1, 2014), and special payment for the last 36 months (include in charge allowances, extra payments for temporary assignments or temporary promotions, evening and night differentials, job differentials, and commissions for final account collection specialists),
- 0.001, and
- the employee's Years and Months of Service.

Special pension account (SPA)

Effective December 31, 1999, a special pension account (SPA) was created for all participants eligible to retire. The SPA was set equal to the lump sum value of the participant's December 31, 1999 retirement benefit assuming they retire on that date. Most participants accrued the SPA with interest to December 31, 2000 as of January 1, 2001. Interest was credited during 2000 based on the plan's lump sum conversion rate. Effective December 31, 2000, the SPA was set equal to the greater of the participant's SPA balance at December 31, 2000 and the lump sum value of the participant's December 31, 2000 retirement benefit assuming they retire on that date. During 2001, bargained participants accrued the SPA with interest to December 31, 2001 based on the plan's lump sum conversion rate. As of December 31, 2001, the SPA lump sum was frozen.

Service pension

Eligibility

Termination of employment after attaining age 65 with 10 years of Service, age 55 with 20 years of Service, age 50 with 25 years of Service or 30 years of Service.

Accrued benefit

A monthly benefit equal to the greater of the SPA, converted to an annuity, and the sum of the following:

- the Basic Monthly Pension Benefit, and
- the Supplemental Monthly Pension Benefit.

If the Participant was eligible for a Service Pension on December 31, 2000, the value of the Special Pension Account (SPA) is a minimum benefit.

Reduction

After meeting eligibility for a Service Pension, a Participant receives an immediate monthly pension, payable for life, equal to the Accrued Benefit, reduced for commencement prior to age 55. The reduction is ½% for each month prior to age 55 with less than 30 years of Service and is unreduced with 30 or more years of Service.

Lump sum benefit

A lump sum benefit is available equal to the Accrued Benefit, converted to a lump sum.

Date payments begin

The monthly pension commences on the first day of the month coinciding with or next following the date of retirement, unless the Participant elects otherwise, but no later than the month he turns 65.

Disability pension

Eligibility

An employee who has at least 15 years of Service and who becomes totally disabled prior to age 65.

Benefit

The Participant receives an immediate monthly pension, payable for life, equal to the Accrued Benefit based on Service and compensation as of the date of termination, without reduction for commencement prior to age 65

Date payments begin

Benefits begin immediately following termination of employment due to total disability. If disability occurs, after attaining Service Pension eligibility, the benefit is paid from the qualified trust. If disability occurs prior to attaining Service Pension eligibility, the benefit is paid from company operating funds until the Participant turns age 65, at which time the benefit is converted to a Service Pension and paid from the qualified Trust.

Deferred vested pension

Eligibility

Termination of employment after completing at least 5 years of Service, and before reaching eligibility for Service Pension. However, effective January 1, 2010, if any part of the accrued benefit is determined as a Cash Balance Account or DLS Account then the Participant is eligible after 3 years of Vesting Service.

Benefit

The monthly benefit, payable as a straight life annuity starting on the Participant's Normal Retirement Age (the later of age 65 or the fourth anniversary of plan participation), equals the Participant's Accrued Benefit on the date of termination. The benefit is actuarially reduced if commenced prior to Normal Retirement Age.

Date payments begin

A Participant who terminates employment eligible for a Deferred Vested Pension receives a benefit commencing at Normal Retirement Age or at termination of service, if later. If the Participant has sufficient Service for early retirement eligibility, the Deferred Vested Pension may commence early when the Participant later meets the age requirements.

Surviving spouse's benefit

Eligibility

Surviving spouse of an active vested or deferred vested Participant in the event of the Participant's death.

Benefit

The eligible spouse of an active participant who dies prior to Normal Retirement Age and before benefit payments commence is entitled to one of the following benefits:

- If the participant dies with 3 or more years of Vesting Service, has less than 15 years of Pension Eligibility Service, and is not eligible for a Service Pension, the eligible spouse receives a deferred monthly survivor benefit for life beginning on the date the participant would have reached earliest eligibility to commence a Deferred Vested Pension. The benefit is computed as though the participant had left service on the date of death, survived until the earliest eligibility to commence a Deferred Vested Pension, retired at that time with the qualified survivor annuity option, and died the next day. In lieu of the monthly survivor benefit, a surviving spouse will have the option of electing to receive a lump sum actuarially equivalent to the deferred monthly survivor benefit.
- If the participant dies eligible for a Service Pension or with 15 years of Pension Eligibility Service, a surviving spouse receives a monthly survivor pension payable for life equal to 45% of the Accrued Benefit. The spouse's benefit will commence on the first day of the month following the participant's date of death. In lieu of the monthly survivor benefit, a surviving spouse will have the option of electing to receive a lump sum actuarially equivalent to the monthly survivor benefit.

Death benefit if no surviving spouse

Eligibility

For CWA or IBEW members under the core contracts and API and APIL bargaining units, death of an active vested or deferred vested Participant that does not have a surviving spouse.

Lump sum benefit

A lump sum actuarially equivalent to the surviving spouse benefit based on the employee's date of birth.

Lump sum death benefit

The Plan provides a Lump Sum Death Benefit equal to the wages earned in the 12-month period ending on the month of death. This benefit is paid if an eligible active employee dies due to sickness or non-job-related injury and is survived by an "Eligible Beneficiary" (spouse, dependent child, dependent parent, or registered domestic partner). The benefit is also paid if an eligible Disability or Service Pensioner dies and is survived by an Eligible Beneficiary. API employees hired on or after January 1, 1991 will not be entitled to any death benefits while active or upon retirement. All other company employees hired on or after January 1, 1993 will not be entitled to any death benefits upon retirement. Effective December 31, 2012, retiree death benefits will not be paid from the pension trust for participants terminated prior to January 1, 2009. Effective December 31, 2016, retiree death benefits will not be paid from

the pension trust for participants terminated prior to January 1, 2013. Effective December 31, 2020, retiree death benefits will not be paid from the pension trust for participants terminated between January 1, 2013 and January 1, 2017 and that died on or after December 31, 2020.

Forms of payment

The normal form of payment for a Participant who is married at the benefit commencement date is a reduced qualified joint and survivor annuity equal to 90% of the Accrued Benefit, with 45% of the Accrued Benefit continuing to the surviving spouse upon the earlier death of the Participant. If the spouse predeceases the Participant that retired from the plan, the 10% reduction factor is removed for the future payments. The normal form with respect to all other Participants is a single life annuity.

In lieu of the normal form of retirement benefit, a married Participant may elect, with the proper spousal consent, to waive the qualified joint and survivor annuity and to receive an actuarial equivalent retirement benefit in the form of a single life annuity, a 75% joint and survivor annuity, or a 100% joint and survivor annuity. J&S options are with pop-up if service pension eligible.

A Participant may also elect to receive a lump sum. Benefits will be converted to lump sums based on GATT mortality (IRS Applicable Mortality Table pursuant to IRS RR2001-62) and an interest rate equal to the average 30-year Treasury bond yield for the month of November of the preceding year. Effective January 1, 2012, the applicable mortality table used for conversion will be the 417(e)(3) PPA mortality. The applicable interest rate used for conversion will be the 417(e)(3) PPA Interest Rate phased-in at 25% per year over four years beginning January 1, 2012. The applicable interest rate lookback month will be the November of the prior year. For certain contracts, including the core contract, conversion based on the prior lump basis will be available for retirement eligible employees with payment commencing prior to March 31, 2012.

For determining the minimum lump sum under 417(e)(3), the interest rate lookback month will be November of the year preceding distribution.

Benefits not valued

No benefits are excluded that would materially affect the liabilities.

Summary of Plan Provisions

AT&T Legacy Bargained Program of the AT&T Component Part of the AT&T Pension Benefit Plan

Employees eligible for participation

Any (i) U.S. employee represented by a union which agrees to the pension plan, (ii) U.S. nonsalaried employee whose position is subject to wage progression or who is paid weekly or biweekly, (iii) U.S. nonsalaried employee temporarily promoted to a salaried management position, (iv) salaried-graded employee, or (v) occupational employee in a sales commission plan, who is employed by an AT&T Corp. Participating Company becomes a participant immediately upon attaining at least age 21. Effective January 1, 2010 this program was closed to new hires and rehires in the IBEW AT&T Core Contract hired on or after August 9, 2009. Effective April 1, 2010 this program was closed to new hires and rehires in the CWA AT&T Core Contract hired on or after August 9, 2009.

Definitions

Vesting service

A year of Vesting Service is earned for every calendar year in which an employee is credited with 1,000 hours of service. Vesting Service does not begin until the year of the employee's 18th birthday. An employee is credited with 50 hours of service for any week in which the employee completes at least one hour. For actives on January 1, 2010, accrued benefits will be vested after three years.

Term of Employment (also known as Net Credited Service)

Term of Employment, also known as Net Credited Service (NCS), includes years, months and days of employment with a Participating Company. Under Interchange Agreements, service with certain Interchange Companies is also credited.

Service pension eligible

Attainment of age 65 with 10 years of Net Credited Service, attainment of age 55 with 20 years of Net Credited Service, attainment of age 50 with 25 years of Net Credited Service, or attainment of any age with 30 years of Net Credited Service.

Pension band formula

Under the pension band formula, the benefit is frozen as of September 30, 1998 unless a participant has 15 or more years of Net Credited Service on June 30, 1998 and was on the active roll of a Participating Company on May 10, 1998. The pension band formula benefit is the sum of a basic monthly pension benefit and a supplemental monthly pension benefit, if applicable. The basic monthly pension benefit is the monthly benefit factor from the Pension Band Amount shown in the tables for the pension band which applies to the participant's job title multiplied by Net Credited Service. Special rules apply for certain promotions and demotions. The supplemental monthly pension benefit is (i) x (ii) x (iii), where (i) is average annual supplemental pay for the final three years prior to termination or freeze, (ii) is 0.001, and (iii) Net Credited Service at termination or freeze. Success Sharing Plan Payments that are not contributed to an HRA are included in supplemental pay for CWA employees as of January 1, 2013 and for IBEW employees as of January 1, 2014.

Crediting period

Under the Cash Balance formula, the crediting period is the calendar year commencing January 1, 2000. The initial crediting period was July 1, 1998 through June 30, 1999. The six-month period July 1, 1999 through December 31, 1999 was used as a crediting period. When a pension begins, the last crediting period ends the last day of the month prior to benefit commencement.

Cash balance account

For active participants on both May 10, 1998 and July 1, 1999, the conversion credit is equal to $\{[(i) \times (ii)] + (iii)\} \times (iv)$, where (i) is the pension band amount as of July 1, 1998, (ii) is Net Credited Service as of June 30, 1998, (iii) is any supplemental pension benefit as of June 30, 1998, and (iv) is the conversion factor. The Cash Balance Account as of July 1, 1999 is the conversion credit plus an interest credit of 7% for July 1, 1998 through June 30, 1999 and the pension band credit and differential pay credit, if any, for July 1, 1998 through June 30, 1999. The Cash Balance Account earns interest credits, pension band credits, differential pay credits (if applicable), special promotion credits (if applicable), and additional credits (if applicable) as follows:

■ **Interest credits**

Effective January 1, 2010 for CWA employees (and CWA NMNUs) active on August 8, 2009, interest is to be credited to the Cash Balance Account at the 30-year Treasury annual rate as of the November preceding the plan year. For July 1, 1998 through December 31, 2002, the interest crediting rate was 7%, for 2003 the interest crediting rate was 5.5%, for 2004 through 2005 the interest crediting rate was 4.5%, and for 2005 through 2009 the interest crediting rate was 4%. IBEW employees continue to earn 4% interest. Effective January 1, 2013, the Interest Crediting Rate for participants represented by the CWA and nonmanagement nonunion participants shall not be less than 3.75%.

■ **Pension band credits**

The Pension Band Credit is based on the pension band credit amounts shown in the tables and Net Credited Service (in whole years) as of the end of the crediting period. The pension band credit will be adjusted for part-time work, less than 12 months of work or changes in pension band during a crediting period.

■ **Differential pay credits**

The Differential Pay Credit equals a credit for each \$100 of differential pay, if any, received during a crediting period. Effective June 1, 2010 target incentive compensation is included. Effective December 31, 2012, Success Sharing Plan Payments that are not contributed to an HRA are included. The credit is shown in the following table:

NCS (in whole years)	Differential pay credit
0-4	\$3.00
5-9	\$3.50
10-14	\$4.00
15-19	\$5.00
20-24	\$6.00
25-29	\$7.00
30-34	\$8.50
35 & over	\$10.00

■ **Special promotion credits**

The Special Promotion Credit is added to an account on June 30 or December 31 (special promotion crediting date) for promotions if the participant works in the higher pension band until the next special promotion crediting date that is at least six months after the promotion. The credit is the difference between the higher pension band credit and the lower pension band credit multiplied by Net Credited Service on the special promotion crediting date.

■ **Additional credits**

On January 1, 2013, an additional credit was added to the account of certain participants represented by the Communications Workers of America. The additional credit is \$9,900 for those at least age 60 with at least 15 years of service as of April 8, 2012; \$8,400 for those at least age 55 and less than 60 with at least 15 years of service as of April 8, 2012; and \$2,400 for all others eligible for the credit.

Participants represented by the CWA (AT&T Corp. Core Contract) who are at least age 55 with 15 years of service on January 1, 2016 shall receive a one-time credit in the amount of \$3,700, provided that these participants did not receive an additional 2013 Cash Balance Credit in the amount of \$6,000 or \$7,500.

Pension benefit

The pension benefit is, in general, determined under the Cash Balance formula. For participants with a Pension Band formula benefit, the pension benefit is the greater of this benefit or the Cash Balance formula benefit, based on age at commencement and the form of benefit elected.

Cash balance formula benefit

The Cash Balance formula monthly accrued benefit is calculated by projecting the current Cash Balance Account to the Normal Retirement Date using the current schedule of Interest Crediting Rates and then dividing by the applicable Simplified Monthly Payment Factor at the Normal Retirement Age. For benefit commencement prior to Normal Retirement Age, early retirement factors based on benefit commencement age and calendar year of commencement from the plan document are applied.

- **Eligibility**

Upon termination if vested.

- **Date payments begin**

At or after termination but not later than Normal Retirement Date. Any annuity form must commence at the same time the Cash Payment option if elected.

Pension band formula benefit

The Pension Band Formula monthly benefit is unreduced if it commences at or after age 55. Prior to age 55, it is reduced 0.5% each month commencement is prior to age 55 if Net Credited Service is less than 30 years. There is no reduction if commencement is prior to age 55 if Net Credited Service is at least 30 years.

- **Eligibility**

Upon termination if vested.

- **Date payments begin**

At or after termination but not later than Normal Retirement Age.

Surviving spouse's benefit

Eligibility

Surviving spouse of an active vested or deferred vested participant in the event of the participant's death.

Annuity benefit if participant active at death

Greatest of (i) Single life annuity derived from the Cash Balance Account, (ii) 50% of the greater of the Pension Band Formula Benefit reduced as though the participant had terminated on the date of death and elected the 50% J&S or (iii) the same as (ii) without reduction if active participant as of May 10, 1998 and as of June 30, 1999 had at least 15 years of Net Credited Service or was Service Pension Eligible.

Annuity benefit if participant not active at death

Greater of (i) Single life annuity derived from the Cash Balance Account or (ii) 50% of the greater of the Pension Band Benefit reduced as though the participant had terminated on the date of death and elected the 50% J&S. Benefits paid to a surviving spouse on behalf of participants who terminated employment before September 30, 1998 will be reduced for each year of pre-retirement death coverage, unless coverage has been waived.

Death benefit if no surviving spouse

Eligibility

Death of an active vested or deferred vested participant that does not have a surviving spouse.

Lump sum benefit

The full balance of the Cash Balance Account is paid to the estate.

Pensioner death benefit

Eligibility

Death of a former employee who retired before July 1, 1999 or was active as of May 10, 1998, who retires prior to January 1, 2008 and is Service Pension Eligible, who has at least 15 years of Net Credited Service, who has an Eligible Beneficiary, and who is receiving monthly benefits at death. Special rules apply to transfers and rehires. Effective December 31, 2012, retiree death benefits will not be paid from the pension trust.

Lump sum benefit

One times base pay plus pension-includable differentials in effect as of the earlier of termination and June 30, 1999.

Forms of payment

The normal form of payment for a Participant who is married at the benefit commencement date is a reduced qualified joint and survivor annuity equal to 92% of the Accrued Benefit, with 46% of the Accrued Benefit continuing to the surviving spouse upon the earlier death of the Participant. If the spouse predeceases the Participant that retired from the plan, the 8% reduction factor is removed for the future payments. The normal form with respect to all other Participants is a single life annuity.

In lieu of the normal form of retirement benefit, a married Participant may elect, with the proper spousal consent, to waive the qualified joint and survivor annuity and to receive an actuarial equivalent retirement benefit in the form of a single life annuity, a 75% or 100% joint and survivor annuity or single life annuity with 10-years certain J&S options are with pop-up.

The cash balance account can also be received as a lump sum, subject to IRC Section 417(e).

Benefits not valued

No benefits are excluded that would materially affect the liabilities.

Summary of Plan Provisions

Southeast Program of the AT&T Component Part of the AT&T Pension Benefit Plan

Eligibility

Any bargained employee who is regularly employed by a BellSouth Participating Company is eligible to participate in the Plan provided the employee is not younger than age 18. Effective January 1, 2011 this program is closed to new hires and rehires in any non-NDCA contract hired on or after August 9, 2009. Individuals employed as Wire Technician Employees are not eligible for the plan.

Effective June 1, 2016, current employees hired on or before Aug. 8, 2009 in BellSouth Utility Operations will cease to participate in the program.

Definitions

Hour of service

An hour for which an employee is paid or entitled to payment.

Vesting service

A participant who completes 1,000 or more Hours of Service during a plan year will be credited with a year of Vesting Service. For actives (except NDCA and Utility Ops) on January 1, 2010, accrued benefits will now be vested after three years. For NDCA and Utility Ops employees, accrued benefits are vested after five years unless a part of their accrued benefit is a cash balance.

Term of Employment (also known as Net Credited Service)

For purposes of determining the participant's Accrued Benefit, Net Credited Service shall include continuous employment with a participating Company. Under Interchange Agreements, service with certain Interchange Companies is also credited.

Pre-99 pension band benefit

The Pre-99 Pension Band Benefit is equal to the sum of the following:

- **Basic monthly pension benefit**
Dollar amount corresponding to the Pension Band number shown in the Pension Band table, for the Pension Band that such participant has been assigned as of the date of the calculation, multiplied by the participant's Net Credited Service as of December 31, 1998.

Supplemental monthly pension benefit

- Equal to the product of the following:
 - Average annual amount of differential pay for the last 36 months,
 - .001, and
 - Such participant's Net Credited Service as of December 31, 1998.

Cash balance account

As of January 1, 1999, the opening Cash Balance Account was equal to the greater of (i) such participant's Cash Balance Account under the Plan as of December 31, 1998, or (ii) \$3,000. Thereafter, the Cash Balance Account earns Pension Band Credits and Interest Credits as follows:

- **Pension band credit**

A Pension Band Credit is credited to the Cash Balance Account on an annual basis. The amount of the annual credit is equal to 60 times the pension band amount.

- **Interest credit**

Interest is credited to the Cash Balance Account, based on the average 30-year Treasury bond yield for the month of November preceding the plan year. The historical interest credits are shown on the interest credits table.

Accrued benefit

A monthly benefit, payable at age 65, equal to the sum of the following:

- Pre-99 Pension Band Benefit multiplied by 1.06, and
- The Actuarial Equivalent of the Cash Balance Account, based on the average 30-year Treasury bond yield for the month of November preceding the plan year.

The cash balance account portion of the accrued benefit is the cash balance account, effective January 1, 2010.

Special provisions apply to employees classified as Utility Operations Employee, Cable Placing Operations Employee or National Directory and Customer Assistance Employee.

Service pension benefit

Eligibility

Termination of employment after age 65 with 10 years of Net Credited Service, age 55 with 20 years of Net Credited Service, age 50 with 25 years of Net Credited Service, or any age with 30 years of Net Credited Service.

Benefit

A participant may elect to have the Accrued Benefit payable in reduced amounts upon meeting eligibility for a Service Pension. The Pre-99 Service Pension Benefit is reduced for commencement prior to age 62 using the factor shown in the early retirement factors table. The Cash Balance portion is actuarially reduced if commenced prior to age 65.

Date payments begin

The monthly pension commences on the first day of the month coinciding with or next following the date of retirement, unless the participant elects otherwise, but no later than the month the participant turns age 65.

Deferred vested pension benefit

Eligibility

Termination of employment after completing at least 3 years of Vesting Service (5 years for NDCA and Utility Ops unless they have a cash balance account), and before reaching eligibility for Service Pension.

Benefit

A participant may elect to have the Accrued Benefit payable in reduced amounts upon attaining age 55 with more than 20 years of Net Credited Service, or upon attaining age 50 with 25 or more years of Net Credited Service. The Pre-99 Deferred Vested Pension Benefit is reduced using early retirement reduction factors shown in the deferred vested early retirement factors table, if commenced prior to age 65. The Cash Balance portion is actuarially reduced if commenced prior to age 65.

Date payments begin

A participant with 25 or more years of Net Credited Service may commence monthly pension payments upon attainment of age 50. A participant with 20, but less than 25, years of Net Credited Service may commence monthly pension payments upon attainment of age 55. A participant with less than 20 years of Net Credited Service will commence pension payments upon attainment of age 65.

Survivor benefit

Eligibility

Surviving beneficiary of a vested participant not yet receiving payments.

Benefit

The eligible beneficiary of a participant who dies before benefit payments commence is entitled to receive one of the following benefits:

- In the case of death of a deferred vested participant or an active participant eligible for a Deferred Vested Pension, the eligible beneficiary is entitled to receive a deferred or immediate benefit. The immediate benefit is the sum of the current Cash Balance Account converted to an immediate annuity based on the participant's age at death, plus the actuarially reduced Pre-99 Benefit calculated as if the participant had terminated and elected a life annuity payable at age 65 then adjusted to the actuarial equivalent life annuity payable immediately, based on the participant's age at death. The deferred benefit is the sum of the Cash Balance Account grown with interest to the date the participant would have obtained age 65 and converted to an immediate annuity based on the participant's age 65, plus the Pre-99 Benefit calculated as if the participant had terminated and elected a life annuity payable at age 65.

- In the case of death of a Service Pension eligible participant who has not commenced receipt of payments, the eligible beneficiary is entitled to receive an immediate benefit. The immediate benefit is the sum of the current Cash Balance Account converted to an immediate annuity based on the participant's age at death plus the reduced Pre-99 Benefit calculated as if the participant had retired and elected a life annuity. The pre-retirement survivor benefit was payable to eligible beneficiaries upon the participant's death prior to 2005. For deaths occurring on or after January 1, 2005, the pre-retirement survivor benefit will be payable to (1) an eligible spouse, or (2) if there is no eligible spouse, the participant's estate in the form of a lump sum.

Date payments begin

The beneficiary of a deceased participant may elect to commence pension payments on the first day of the month following the participant's death. Absent such an election, the payments shall commence on the date on which the participant would have attained age 65 had he or she survived.

Disability pension benefit

Eligibility

An employee who becomes totally disabled and who has at least 15 years of Net Credited Service prior to age 65.

Benefit

The Pre-99 Pension Band Benefit is not reduced for early commencement. The Cash Balance Account is projected to age 62 and divided by an age 62 immediate annuity factor.

Date payments begin

Benefits may commence at date of disability.

Death benefits

The Plan provides a single sum Death Benefit equal to the wages earned in the 12-month period ending on the month of death, not less than \$500. This benefit is paid if an eligible active employee dies due to sickness or accidental injury and is survived by a beneficiary (spouse, dependent child, or dependent parent). The beneficiary may elect to receive this benefit in monthly installments in lieu of a lump sum.

The sickness or accidental death benefit became a frozen benefit for all active participants as of December 31, 2004. Any employee hired or rehired on or after January 1, 2005 will not have a sickness or accidental death benefit payable upon death. Pension death benefits are not paid from the pension trust.

A Death Benefit is also paid if a Service Pensioner, with at least 10 years of Net Credited Service as of December 31, 1989, dies and is survived by a beneficiary. The Death Benefit for a Service Pensioner with 10 to 19 years of Net Credited Service is a single sum equal to 50% of the wages earned in the 12-month period ending on December 31, 1989. The Death Benefit for a Service Pensioner with 20 or more years of Net Credited Service is equal to 100% of the wages earned in the 12-month period ending on December 31, 1989.

Non-decreasing lump sum guarantee

Beginning December 31, 1999, BellSouth implemented a non-decreasing lump sum feature that protects the lump sum value of a participant's Pre-99 Benefit in case of rising interest rates. The lump sum value is calculated on each December 31st for Service Pension Eligible participants. It is based on the current pension band amount, current interest rate, and service as of December 31, 1998, and will become a guaranteed minimum lump sum value of the Pre-99 Benefit at retirement.

Forms of payment

The normal form of payment for a Participant who is married at the benefit commencement date is a reduced qualified joint and survivor annuity equal to 90% of the Accrued Benefit, with 45% of the Accrued Benefit continuing to the surviving spouse upon the earlier death of the Participant. If the spouse predeceases the Participant that retired from the plan, the 10% reduction factor is removed for the future payments. The normal form with respect to all other Participants is a single life annuity.

A married Participant may elect to waive the qualified 50% joint and survivor annuity with the proper consent of the eligible spouse and to receive an actuarial equivalent benefit in the form of a single life annuity or a 75% joint and survivor annuity. J&S options are with pop-up.

A Participant, eligible for a Service Pension, may also elect to receive a lump sum. Pre-99 Benefits are converted to a lump sum based on GATT mortality (IRS Applicable Mortality Table pursuant to IRS RR2001-62) and an interest rate equal to the average 30-year Treasury bond yield for the month of November preceding the Plan Year. Effective January 1, 2012, the applicable mortality table used for conversion will be the 417(e)(3) PPA mortality. The applicable interest rate used for conversion will be the 417(e)(3) PPA Interest Rate phased-in at 25% per year over four years beginning January 1, 2012. The applicable interest rate lookback month will be the November of the prior year. Cash Balance lump sum benefits shall equal the participant's account balance. A participant, eligible for a Deferred Vested Pension, who terminates employment with all Participating Companies and affiliates on or after January 1, 2004, may elect to receive the Cash Balance Account as a lump sum.

For determining the minimum lump sum under 417(e)(3), the interest rate lookback month will be November of the year preceding distribution.

Benefits not valued

No benefits are excluded that would materially affect the liabilities.

Summary of Plan Provisions

AT&T Legacy Management Program of the AT&T Component Part of the AT&T Pension Benefit Plan

Employees eligible for participation

Any salaried management employee who is employed by an AT&T Corp. Participating Company becomes a participant immediately upon attaining at least age 21. This program was closed to new hires and rehires hired on or after January 1, 2007.

Definitions

Vesting service

A year of Vesting Service is earned for every calendar year in which an employee is credited with 1,000 hours of service. Vesting Service does not begin until the year of the employee's 18th birthday. The first year of Vesting Service (after attaining age 18) is the earlier of:

- the first 12 months after hire, or subsequent 12 months, in which the employee is credited with 1,000 hours of service, or
- the first calendar year in which the employee is credited with 1,000 hours of service.

For actives on January 1, 2010, accrued benefits will now be vested after three years.

Term of Employment (also known as Net Credited Service)

Term of Employment, also known as Net Credited Service (NCS), includes years, months and days of employment with a Participating Company. Under Interchange Agreements, service with certain Interchange Companies is also credited.

Eligible pay

Eligible pay is used in computing Pay Credits and Supplemental Pay Credits, if any, to a participant's Cash Balance Account and in determining the Cash Payment Option. Eligible pay is the sum of a participant's basic pay, shift and temporary work differential pay, lump sum merit wage payments, Team Management incentive compensation plan awards (APA), incentive compensation for directory or marketing employees, and area differential pay. Payments under the Short Term Incentive Plan paid on or after January 1, 2010 are eligible pay for participants promoted to officer level on or after January 1, 2009.

Compensation

Compensation is used to determine pension benefits under the terms of the Plan prior to January 1, 1998. Compensation is the sum of a participant's basic pay, shift and temporary work differential pay, lump sum merit wage payments, Team Management incentive compensation plan awards (APA), incentive compensation for marketing management employees, special project allowances for assignments begun before December 1, 1983, and area differential pay. Compensation is limited to the IRC Section 401(a)(17) compensation limits.

Special update

Active participants as of January 1, 1997 were eligible for the Special Update. The monthly pension benefit under the Special Update is $(i) \times (ii) \times .016 / 12$ where (i) is the average annual compensation for the period January 1, 1994 through December 31, 1996 and (ii) is the years of Net Credited Service through December 31, 1996 plus the special enhancement. The special enhancement is 5% of Net Credited Service but not more than 1.

Frozen accrued benefit

The Frozen Accrued Benefit is calculated as of July 31, 1997 and equals one-twelfth of $\{[(i) \times (ii) \times (iii)] + [(iv) \times .016]\}$ where

- (i) is average annual compensation for the Pay Base Averaging Period,
- (ii) is Net Credited Service through the end of the Pay Base Averaging Period,
- (iii) is .015 for the January 1, 1984 through December 31, 1986 or January 1, 1987 through December 31, 1989 Pay Base Averaging Periods and .016 for other Pay Base Averaging Periods, and
- (iv) is total compensation for all years of Net Credited Service after the Pay Base Averaging Period and through July 31, 1997.

The Pay Base Averaging Period is January 1, 1987 through December 31, 1992, January 1, 1987 through December 31, 1989, January 1, 1984 through December 31, 1986, January 1, 1978 through June 30, 1985, October 1, 1977 through September 30, 1982, October 1, 1976 through September 30, 1981, or January 1, 1975 through December 31, 1979, whichever produce the largest Frozen Accrued Benefit.

Cash balance account

For active participants as of January 1, 1998, the conversion credit is equal to $(i) \times (ii)$, where (i) is the greater of the monthly pension under the Special Update or the Frozen Accrued Benefit as of December 31, 1996 and (ii) is the conversion factor. The initial Cash Balance Account as of January 1, 1998 is the conversion credit plus an interest credit of 7% for 1997 and the pay credit and supplemental pay credit, if any, for 1997. The Cash Balance Account earns interest credits, pay credits, supplemental pay credits (if applicable), and other pay credits as follows:

■ **Interest credits**

Interest has been credited to the Cash Balance Account monthly at 4% since January 1, 2003. For January 1, 1998 through December 31, 2000, the interest credit was 7% and for the January 1, 2001 through December 31, 2002, the effective annual interest credit was 5.5%.

■ **Pay credits**

The Pay Credit equals Eligible Pay multiplied by the Pay Factor. The Pay Factor is based on age (in whole years) as of December 31 from the following Pay Factor table:

Prior to 1/1/2022	
Attained age	Pay factor
under 30	3.00%
30-34	3.50%
35-39	4.25%
40-44	5.00%
45-49	6.50%
50-54	8.00%
55 & over	10.00%

Effective 1/1/2022	
Attained age	Pay factor
under 30	3.00%
30-34	3.50%
35-39	4.25%
40-44	5.00%
45-49	6.50%
50 & over	7.00%

■ **Supplemental pay credits**

The Supplemental Pay Credit equals Eligible Pay in excess of the Social Security Wage Base, if any, multiplied by the Pay Factor above based on age. Effective 1/1/2022, the Supplemental Pay Credit is calculated using a 3.00% Pay Factor for all participants.

- **Other pay credits (change in control)**

If a participant is involuntarily terminated or terminates for “Good Reason” within two years of a Change In Control, a Pay Credit equal to 5% of Eligible Pay per year of Net Credited Service (not in excess of 100% of Eligible Pay) is credited to the Cash Balance Account. Eligible Pay for this purpose is Eligible Pay for the calendar year preceding the calendar year in which the Change In Control occurs. Net Credited Service for this purpose is as of the last day of the month in which the Change In Control occurs.

Pension benefit

The pension benefit is, in general, determined under the Cash Balance formula. For participants with a Frozen Accrued benefit or Special Update benefit, the pension benefit is the greater of these benefits or the Cash Balance formula benefit, based on age at commencement and the form of benefit.

Cash balance formula benefit

The Cash Balance formula monthly accrued benefit is calculated by projecting the current Cash Balance Account to the Normal Retirement Date using the current schedule of Interest Crediting Rates and then dividing by the applicable Simplified Monthly Payment Factor at the Normal Retirement Age. For benefit commencement prior to Normal Retirement Age, early retirement factors based on benefit commencement age and calendar year of commencement from the plan document are applied.

- **Eligibility**

Upon termination if vested.

- **Date payments begin**

First day of any month after termination but not later than Normal Retirement Date. Any annuity form must commence at the same time the Cash Payment option if elected.

Special update formula benefit

The Special Update Formula monthly benefit is unreduced if it commences at or after age 55. Prior to age 55, it is reduced 0.5% per month commencement is prior to age 55 if Net Credited Service is less than 30 years and 0.25% per month commencement is prior to age 55 if Net Credited Service is at least 30 years.

- **Eligibility**

Upon termination if vested.

- **Date payments begin**

First day of any month after termination but not later than Normal Retirement Age.

Frozen accrued formula benefit

The Frozen Accrued Formula monthly benefit is unreduced if it commences at or after age 55. Prior to age 55, it is reduced 0.5% per month commencement is prior to age 55 if Net Credited Service is less than 30 years and 0.25% per month commencement is prior to age 55 if Net Credited Service is at least 30 years.

■ **Eligibility**

Attainment of age 65 with 10 years of Net Credited Service, attainment of age 55 with 20 years of Net Credited Service, attainment of age 50 with 25 years of Net Credited Service, or attainment of any age with 30 years of Net Credited Service (Service Pension Eligible).

■ **Date payment begins**

At or after eligibility but not later than Normal Retirement Age.

Deferred vested pension (frozen accrued benefit only)

Eligibility

Completion of 3 years of Vesting Service. Notwithstanding the preceding, all participants are fully vested as of the date of a qualified IRC Section 420 transfer.

Annuity benefit

The Frozen Accrued Benefit reduced for commencement prior to age 65 based on Early Commencement Factors.

Date payment begins

Age 65 but can commence earlier: age 55 or later with 20 years Net Credited Service or age 50 or later with 25 years of Net Credited Service.

Surviving spouse's benefit

Eligibility

Surviving spouse of an active vested or deferred vested participant in the event of the participant's death.

Annuity benefit if participant active at death

Greatest of (i) Single life annuity derived from the Cash Balance Account, (ii) 50% of the greater of the Special Update or Frozen Accrued Benefit reduced as though the participant had terminated on the date of death and elected the 50% J&S or (iii) the same as (ii) without reduction if active participant as of January 1, 1998 and had 15 years of Net Credited Service or was Service Pension Eligible as of December 31, 1997.

Annuity benefit if participant not active at death

Greater of (i) Single life annuity derived from the Cash Balance Account or (ii) 50% of the greater of the Special Update or Frozen Accrued Benefit reduced as though the participant had terminated on the date of death and elected the 50% J&S. Benefits paid to a surviving spouse on behalf of participants who terminated employment before September 30, 1998 will be reduced for each year of pre-retirement death coverage, unless coverage has been waived.

Surviving spouses of participants that die on or after May 25, 2018 that elect to receive their benefit beginning on or after June 1, 2018 are eligible to receive a full lump sum payment.

Death benefit if no surviving spouse

Eligibility

Death of an active vested or deferred vested participant that does not have a surviving spouse.

Lump sum benefit

The full balance of the Cash Balance Account is paid to the estate.

Pensioners death benefit

Eligibility

Non-job-related death before January 1, 2008 of an active participant (other than employees of AT&T of Puerto Rico, Inc. or AT&T of the Virgin Islands, Inc.) who was active as of January 1, 1998 and who has an Eligible Beneficiary. Death of a former employee (not Puerto Rico or Virgin Islands) who was active as of January 1, 1998, who retires prior to January 1, 2008, who is eligible for postretirement welfare benefits, who has an Eligible Beneficiary, and who is receiving monthly benefits at death. Special rules apply to transfers and rehires. A potential eligible participant is also eligible for this death benefit if they satisfy the Rule-of-65 at termination under Change-in-Control provisions. Effective December 31, 2012, retiree death benefits will not be paid from the pension trust.

Lump sum benefit

One times wages in effect as of December 31, 1997.

Forms of payment

The normal form of payment for a Participant who is married at the benefit commencement date is a reduced qualified joint and survivor annuity equal to 92% of the Accrued Benefit, with 46% of the Accrued Benefit continuing to the surviving spouse upon the earlier death of the Participant. If the spouse predeceases the Participant that retired from the plan, the 8% reduction factor is removed for the future payments. The normal form with respect to all other Participants is a single life annuity.

In lieu of the normal form of retirement benefit, a married Participant may elect, with the proper spousal consent, to waive the qualified joint and survivor annuity and to receive an actuarial equivalent retirement benefit in the form of a single life annuity, a 75% or 100% joint and survivor annuity or single life annuity with 10-years certain. J&S options are with pop-up.

The cash balance account can also be received as a lump sum, subject to IRC Section 417(e) but limited to the Highest Eligible Pay (for years prior to year of termination) with remainder paid in an annuity form. If cash balance account is less than or equal to the Highest Eligible Pay plus \$30,000, the entire cash balance account can be paid as a single cash payment. Corresponding residual annuities are calculated in accordance with final IRS partial lump sum regulations released September 8, 2016. Participants terminating on or after May 25, 2018 that elect to receive their benefit beginning on or after June 1, 2018 are eligible to receive a full lump sum payment with no limit.

A Lump Sum Offer (LSO) was provided to participants meeting the Modified Rule of 75 as of December 30, 2013, provided they terminate employment by December 30, 2013 unless they are metered. The amount of the LSO lump sum was based on the full accrued benefit and calculated using an August 2012 lookback month for the lump sum conversion basis, if greater than the plan actuarial equivalence.

An Enhanced Pension Offer (EPO) was provided to participants who are Management Employees as of December 10, 2014, as long as they do not become a Bargaining Unit Employee prior to termination and meet the Modified Rule of 75 as of March 31, 2015. Participants who elect the EPO must terminate employment by March 31, 2015 and elect an Annuity Starting Date of April 1, 2015, unless they are metered. The amount of the EPO benefit is their normal pension benefit under the Plan, increased by 10%. In addition, a full lump sum option was added for anyone who elected the EPO.

For participants that terminate employment on or after November 1, 2018 and elect an annuity starting date on or after January 1, 2019 but on or before April 1, 2019, the greater of the 2018 and 2019 actuarial equivalent factors shall be used to calculate the lump sum amount.

Benefits not valued

No benefits are excluded that would materially affect the liabilities.

Summary of Plan Provisions

Southeast Management Program of the AT&T Component Part of the AT&T Pension Benefit Plan

Eligibility

Any employee who is classified as a salaried employee and who is a non-represented employee for a BellSouth Participating Company is eligible to become a participant on the date of hire by a Participating Company. This program was closed to new hires and rehires on or after January 1, 2007.

Compensation

The sum of basic pay, team awards, differentials, marketing incentive payments and commissions, and salary transition payments that are paid by a BellSouth Participating Company. Compensation is limited to the IRC Section 401(a)(17) compensation limits.

Definitions

Hour of service

An hour for which an employee is paid or entitled to payment.

Vesting service

A participant's Vesting Service is the number of years the participant has at least 1,000 hours in a Plan Year. For actives on January 1, 2008, accrued benefits will now be vested after three years.

Term of Employment (also known as Net Credited Service)

A participant's Net Credited Service is the number of years and fractions thereof the participant has been continuously employed by Participating Companies.

Adjusted career income

Total career Compensation, adjusted for periodic updates.

BSMPP

BellSouth Management Pension Plan, the predecessor plan to the current plan.

BSMPP basic benefit

Equal to 1.6% of Adjusted Career Income.

BSMPP supplemental benefit

Equal to 0.3% of the following, times the lesser of Vesting Service or 35 years:

- The average annual Adjusted Career Income, in excess of,
- The lesser of the Social Security Wage Base and twice Social Security Covered Compensation projected to age 65.

BSMPP accrued benefit

The BSMPP Accrued Benefit is equal to the sum of the BSMPP Base Benefit and the BSMPP Supplemental Benefit

PRA balance

The PRA Balance was established for participants in the BSMPP on July 1, 1993. The opening balance equaled the present value of the participant's BSMPP Accrued Benefit as of June 30, 1993, based on the Plan's interest and annuity factors at that time.

Basic service credit

On the last day of each Plan Year, each participant's PRA Balance is credited with Basic Service Credits equal to the participant's Compensation for the Plan Year multiplied by the Basic Service Credits percentage. The Basic Service Credits are shown on the Basic Service Credits table.

Supplemental credit

On the last day of each Plan Year, the PRA Balance for each participant whose Compensation is in excess of the Social Security Wage Base is credited with a supplemental credit equal to the amount of such excess multiplied by 3%.

Interest credit

On the last day of each Plan Year, interest is credited on the beginning-of-year PRA Balance, based on the average 30-year Treasury bond yield for the month of November preceding the Plan Year. The historical interest credits are shown on the interest credits table.

Additional credit

On the last day of each Plan Year, an Additional Credit may be applied to each participant's PRA Balance. This Additional Credit is equal to the participant's Compensation multiplied by zero, one or two percent, as determined by BellSouth's Board of Directors. The historical additional credits are shown on the interest credits and additional credits table. As of December 31, 2007, the additional credits were removed on an ongoing basis.

PRA accrued benefit

A participant's PRA Balance is the accrued benefit effective January 1, 2010.

Service pension

Eligibility

Effective January 1, 2009 for participants who were not already Service Pension Eligible, termination of employment after age 65 with 10 years of Net Credited Service, age 55 with 20 years of Net Credited Service, age 50 with 25 years of Net Credited Service, or any age with 30 years of Net Credited Service. Prior to January 1, 2009, termination of employment after attainment of any combination of whole years and whole months of age and whole years and whole months of Net Credited Service, with a minimum of 10 years of Net Credited Service, which totals at least 75 years as of the date of retirement. For participants entitled to an LM Berry Prior Plan Benefit at December 31, 1995, termination of employment after attainment after age 62 with 5 years of Net Credited Service or age 55 with 10 years of Net Credited Service.

Benefit

If a participant retires with a Service Pension before 2006, the participant will receive the greater of the BSMPP Accrued Benefit and the PRA Accrued Benefit, converted to an actuarially equivalent annuity. If a participant is eligible to retire with a Service Pension before 2006 but does not, the participant will receive the greater of the BSMPP Accrued Benefit at December 31, 2005 and the current PRA Accrued Benefit, converted to an actuarially equivalent annuity. If a participant is not eligible to retire with a Service Pension before 2006, the participant will receive the greater of the BSMPP Accrued Benefit frozen as of December 31, 1993, and the current PRA Accrued Benefit, converted to an actuarially equivalent annuity.

The benefit is reduced for commencement prior to age 65. For a participant with less than 30 years of Net Credited Service, the BSMPP Accrued Benefit is reduced ½% for each calendar month which distribution precedes age 60. For a participant with more than 30 years of Net Credited Service, the reduction is ¼% for each calendar month prior to age 60. The unreduced age from which reductions commence will increase from 60 to 61 on January 1, 2003, then to 62 on January 1, 2006.

Date payments begin

The monthly pension commences on the first day of the month following the date of retirement, unless the participant elects otherwise, but no later than the month the participant turns age 65.

Deferred vested pension

Eligibility

Termination of employment after completing at least 3 years of Vesting Service after age 18, and before reaching eligibility for Service Pension.

Benefit

The benefit is equal to the current PRA Accrued Benefit, converted to an actuarially equivalent annuity.

Date payments begin

A participant may elect to commence pension payments on the first day of the month following such termination of employment. Absent such an election, the pension is payable upon attainment of age 65.

Survivor benefit

Eligibility

Surviving beneficiary or estate of a vested participant not yet receiving payments.

Benefit

The benefit is equal to the greater of (i) 100% of the participant's current PRA Accrued Benefit, converted to an actuarially equivalent annuity and (ii) 45% of the BSMPP Accrued Benefit, unreduced for early retirement.

Date payments begin

The beneficiary of the deceased participant may elect to commence pension payments on the first day of the month following the participant's death. Absent such an election, the payments shall commence on the date on which the participant would have attained age 65 had he or she survived. In the absence of a beneficiary, the deceased participant's estate will receive the payment in a lump sum.

Disability pension

Eligibility

An employee who becomes totally disabled and who has at least 15 years of Credited Service prior to age 65. Participants who terminate employment on or after January 1, 2013 will not be eligible for a disability pension.

Benefit

A participant, who has not attained age 62 upon expiration of short-term disability benefits, receives an annuity payable immediately equal to the participant's PRA Balance projected to age 62 and divided by an age 62 immediate annuity factor. A participant, who has attained age 62 upon expiration of short-term disability benefits, receives an immediate payable annuity equal to the greater of the BSMPP Accrued Benefit and the PRA Accrued Benefit, converted to an actuarially equivalent annuity.

Date payments begin

Benefits may begin the first of the month following expiration of short-term disability.

Death benefits

If an eligible active employee dies due to sickness or a non-job-related injury, the Plan provides a single sum Death Benefit equal to the wages earned in the 12-month period ending on the month of death. This benefit is paid if the employee is survived by an eligible beneficiary (spouse, dependent child, or dependent parent). The beneficiary may elect to receive this benefit in monthly installments in lieu of a lump sum.

A Death Benefit is also paid if a Service Pensioner, with at least 10 years of Credited Service as December 31, 1987, dies and is survived by a beneficiary. The Death Benefit for a Service Pensioner with 10 to 19 years of Credited Service is a single sum equal to 50% of the wages earned in the 12-month period ending on December 31, 1987. The Death Benefit for a Service Pensioner with 20 or more years of Credited Service is a single sum equal to 100% of the wages earned in the 12-month period ending on December 31, 1987. Effective December 31, 2012, retiree death benefits will not be paid from the pension trust.

Effective January 1, 2016, Accidental Death Benefit and Sickness Death Benefit are eliminated.

Non-decreasing lump sum guarantee

Beginning December 31, 1999, BellSouth implemented a non-decreasing lump sum feature that protects the lump sum value of a participant's BSMPP Benefit in case of rising interest rates. The lump sum value is calculated on each December 31st. It is based on the current salary, interest rate, and service, and will become a guaranteed minimum lump sum benefit at retirement. Service will be frozen at December 31, 2005 for the calculation of the guaranteed minimum lump sum.

Forms of payment

The normal form of payment for a Participant who is married at the benefit commencement date is a reduced qualified joint and survivor annuity equal to 90% of the Accrued Benefit, with 45% of the Accrued Benefit continuing to the surviving spouse upon the earlier death of the Participant. If the spouse predeceases the Participant that retired from the plan, the 10% reduction factor is removed for the future payments. The normal form with respect to all other Participants is a single life annuity.

A married Participant may elect to waive the qualified 50% joint and survivor annuity, with the proper consent of the eligible spouse, and receive an actuarial equivalent benefit in the form of a single life annuity or 75% joint and survivor annuity. J&S options are with pop-up.

A Participant, eligible for a Service Pension or a Deferred Vested Pension, may also elect to receive a lump sum. The benefit is equal to the greater of the BSMPP Accrued Benefit, converted to a lump sum, and the participant's PRA Balance. Lump sums conversions are based on GATT mortality (IRS Applicable Mortality Table pursuant to IRS RR2001-62) and an interest rate equal to the average 30-year Treasury bond yield for the month of November preceding the Plan Year. Effective January 1, 2012, the applicable mortality table used for conversion will be the 417(e)(3) PPA mortality. The applicable interest rate used for conversion will be the 417(e)(3) PPA Interest Rate phased-in at 25% per year over four years beginning January 1, 2012. The applicable interest rate lookback month will be the November of the prior year.

For determining the minimum lump sum under 417(e)(3), the interest rate lookback month will be November of the year preceding distribution.

An Enhanced Pension Offer (EPO) was provided to participants who are Management Employees as of December 10, 2014, as long as they do not become a Bargaining Unit Employee prior to termination and meet the Modified Rule of 75 as of March 31, 2015. Participants who elect the EPO must terminate employment by March 31, 2015 and elect an Annuity Starting Date of April 1, 2015, unless they are metered. The amount of the EPO benefit is their normal pension benefit under the Plan, increased by 10%.

Normal retirement age

Age 65.

Benefit compensation

The sum of a participant's W-2 wages, excluding certain amounts such as discretionary bonuses, plus any elective deferral not included in W-2 wages. Benefit Compensation is limited to the IRC section 401(a)(17) compensation limits. Effective September 30, 2015, Success Sharing Plan Payments that are not contributed to an HRA are included in benefit compensation.

SBC career-average benefit

For SBC Transferred Participants hired before June 1, 1997, a monthly benefit of one-twelfth of 1.6% of the adjusted career income as determined under the SBC Plan plus 1.6% of the Benefit Compensation paid to the participant through June 1, 2002. The SBC Career-Average Benefit was frozen as of June 1, 2002.

Special pension account (SPA)

For a SBC Transferred Participant eligible to retire as of December 31, 1999, a special pension account (SPA) was created at SBC equal to the lump sum value of the participant's December 31, 1999 retirement benefit assuming they retire on that date increased with interest to December 31, 2000 at 6.15%, and then frozen.

PTG accelerated transition benefit

For a SBC Transferred Participant who was a participant in the Pacific Telesis Group Pension Plan for Salaried Employees on March 22, 1996, the accelerated transition benefit to which the participant was entitled under the SBC Plan on December 31, 2001.

PTG special ATB

For a SBC Transferred Participant who was a participant in the Pacific Telesis Group Pension Plan for Salaried Employees on March 22, 1996, the actuarial equivalent single life annuity of the lump sum value of the Accelerated Transition Benefit to which the participant was entitled under the SBC Plan on January 1, 1999 increased with interest for the period from January 1, 1999, through December 31, 2001.

BellSouth management pension plan benefit

For a BellSouth Transferred Participant who was a participant in the BellSouth Management Pension Plan on July 1, 1993 and who would have been eligible for a service pension under the BellSouth Plan if he had remained an active participant in that plan through December 31, 2005, the continuation of the career average formula through December 31, 2005. The career average formula provides a monthly benefit equal to one-twelfth of the sum of 1.6% of the BellSouth Transferred Participants adjusted career income determined under the BellSouth Plan as of the transfer date plus 1.6% of all Benefit Compensation paid to the participant through January 1, 2006 plus 0.3% of the adjusted career income plus compensation through January 1, 2006 divided by the corresponding service which is in excess of the Average Social Security Covered Wage Base multiplied by the corresponding service.

BellSouth pension plan benefit (combo benefit)

For a BellSouth Transferred Participant who was a bargained participant in the BellSouth Pension Plan and whose accrued benefit under the BellSouth Pension Plan was transferred to the BellSouth Personal Retirement Account Pension Plan, the accrued benefit shall never be less than the following. The accrued benefit attributable to service under the BellSouth Pension Plan based on the pension band multiplier in effect as of December 31, 2001 plus the accrued benefit based on service since transfer from the BellSouth Pension Plan as of the earlier of termination of employment or December 31, 2006.

BellSouth management pension plan minimum lump sum benefit

For a BellSouth Transferred Participant, the largest of the actuarial equivalent lump sum value of the BellSouth Management Pension Plan Benefit on December 31, 1999, December 31, 2000 or December 31, 2001 calculated at the interest rate applicable at the given date.

Ameritech transition account

For an Ameritech Transferred Employee, a bookkeeping account which as of December 31, 2001 is equal to the greater of a projected transition shortfall after 5 years or \$500. The Ameritech Transition Account shall be reduced at the end of each month by a monthly credit amount equal to the current balance divided by the number of whole months until December 31, 2006. The account shall receive interest credits at the end of each month at the same rate as the Cash Balance Account. The balance of the Ameritech Transition Account will be zero as of January 1, 2007.

Cash balance account

The cash balance account is a bookkeeping account which will periodically receive service credits, interest credits and transition credits (if applicable) as follows.

▪ **Transferred account balance**

For a Transferred Participant, the Cash Balance Account is set equal to the cash balance account under the SBC Plan or the BellSouth Plan at the time of transfer to Cingular Wireless.

▪ **Interest credits**

Interest is credited to the Cash Balance Account monthly, and the effective annual rate is based on the average 30-year Treasury bond yield for the middle month of the prior quarter.

- **Service credits**

Service Credits equal to 5% of a participant's Benefit Compensation are credited monthly to the Cash Balance Account.

- **BellSouth basic transition service credits**

As of the last day of each month ending prior to January 1, 2007, a Service Credit shall be credited to the Cash Balance Account of each Transferred Participant who was a participant in the BellSouth Plan equal to a percent of Benefit Compensation based on Years of Vesting Service Credit completed at the beginning of the plan year. The applicable percentage is 0% for service less than 10 years, 1% for service from 10 to 15 years, 2% for service from 15 to 20 years, 3% for service from 20 to 25 years, 4% for service from 25 to 30 years, 2% for service from 30 to 35 years and 0% for service on or in excess of 35 years.

- **BellSouth supplemental transition service credits**

As of the last day of each month ending prior to January 1, 2007, a Service Credit shall be credited to the Cash Balance Account of each Transferred Participant who was a participant in the BellSouth Plan equal to 3% of Benefit Compensation in excess of the Social Security taxable wage base.

- **Ameritech transition service credits**

The monthly credit from the Ameritech Transition Account (if any) is credited to the Cash Balance Account.

- **Initial account balance**

Upon participation in the plan, new participants, that are not Transferred Participants, receive retroactive service and interest credits back to the later of their date of employment with AT&T Mobility or 12 months prior to becoming a participant in the Plan.

Service pension

Eligibility

For a SBC Transferred Participant, termination of employment after attaining age 65 with 10 years of Net Credited Service, age 55 with 20 years of Net Credited Service, age 50 with 25 years of Net Credited Service or 30 years of Net Credited Service. For a BellSouth Transferred Participant, termination of employment after attaining age plus Net Credited Service of 75 and at least 10 years of Net Credited Service.

Lump sum benefit

A lump sum benefit is available equal to the greater of the following, as applicable:

- the Cash Balance Account.
- the SBC Career-Average Benefit, reduced for distribution prior to age 55, times an immediate lump sum factor. Reduction is $\frac{1}{2}\%$ for each month the participant's age on the commencement date is prior to age 55. If the participant has attained 30 Years of Net Credited Service, then reduction is $\frac{1}{4}\%$ for each month the participant's age on the commencement date is prior to age 55.
- the SPA.
- the Accelerated Transition Benefit, reduced for distribution prior to age 55, times an immediate lump sum factor.
- the Special ATB.

- the BellSouth Management Pension Plan benefit, reduced for distribution prior to age 60 (age 61 for terminations during 2004, 2005 or age 62 for termination during 2006 or later) times an immediate lump sum factor. Reduction is $\frac{1}{2}\%$ for each month the participant's age on the commencement date is prior to the applicable age based on year of termination. If the participant has attained 30 Years of Net Credited Service, then reduction is $\frac{1}{4}\%$ for each month the participant's age on the commencement date is prior to applicable age based on year of termination.
- the BellSouth Pension Plan Benefit, reduced for commencement prior to age 56, times an immediate lump sum factor. Reduction is $\frac{1}{2}\%$ for each month the participant's age on the commencement date is prior to age 56. If the participant has attained 30 Years of Net Credited Service, then the benefit is not reduced for early commencement.
- the BellSouth Management Pension Minimum Lump Sum benefit.

Annuity benefit

In lieu of a lump sum benefit, a participant may receive an immediate monthly pension, payable for life, equal to the actuarial equivalent of the lump sum benefit.

Date payments begin

If a monthly pension is elected, the benefit commences on the first day of the month following the date of retirement, or a later date elected by the participant, not later than age 65. If a lump sum benefit is elected, payment is made upon retirement, or a later date elected by the participant, not later than age 65.

Termination benefit

Eligibility

Termination while vested, and for Transferred Participants, termination prior to eligibility for a Service Pension. All Cingular nonbargained employees, or bargained employees that bargained to participate in the Plan, hired prior to January 1, 2002 are considered fully vested. For those Cingular employees hired after December 31, 2001, a Termination Benefit is payable upon termination of employment after completing at least 3 years of Net Credited Service. A participant who terminates employment due to disability will be considered fully vested.

Lump sum benefit

A lump sum benefit is available equal to the greater of the following, as applicable:

- the Cash Balance Account.
- the SBC Career-Average Benefit multiplied by a deferred to age 65 lump sum factor.
- the Accelerated Transition Benefit reduced for distribution prior to age 55, multiplied by an immediate lump sum factor.
- the Special ATB.
- the BellSouth Management Pension Plan Benefit multiplied by a deferred to age 65 lump sum factor.
- the BellSouth Management Pension Plan Benefit reduced for early commencement multiplied by an immediate lump sum factor.
- the BellSouth Management Pension Minimum Lump Sum Benefit.

Annuity benefit

In lieu of a lump sum benefit, a participant may receive an immediate monthly pension, payable for life, equal to the greater of the SBC Career-Average Benefit, the Accelerated Transition Benefit, the Special ATB, the BellSouth Management Pension Plan Benefit and the Cash Balance Account converted to an annuity. All annuity benefits are reduced as applicable for early commencement.

Date payments begin

If a monthly pension is elected, the benefit commences on the first day of the month following the date of termination, or a later date elected by the participant, not later than age 65. If a lump sum benefit is elected, payment is made upon termination, or a later date elected by the participant, not later than age 65.

Surviving spouse benefit

Eligibility

Surviving spouse of an active participant, regardless of net credited service amount, or deferred vested participant in the event of the participant's death.

Annuity benefit

The monthly benefit that would have been payable to the surviving spouse if the participant had retired or terminated his active employment on the earlier of his date of death or most recent termination of employment, commenced benefits in the form of a qualified joint and survivor annuity and died on the day of commencement, or the actuarial equivalent of the participant's Cash Balance Account.

Lump sum benefit

The eligible spouse of an active participant who dies prior to Normal Retirement Age and before benefit payments commence is entitled to a lump sum benefit which is the largest of the actuarial equivalent of the annuity benefit commencing at either the date of death or the participant's normal retirement date and the participant's cash balance account.

Death benefit if no surviving spouse

Eligibility

Death of an active participant, regardless of Net Credited Service amount, or deferred vested participant that does not have a surviving spouse.

Lump sum benefit

A lump sum death benefit equal to the Cash Balance Account is paid in accordance with the Cingular rules for employee beneficiary designation.

Forms of payment

The normal form is a straight life annuity. The automatic form of payment for a Participant who is married at the benefit commencement date is a reduced qualified 50% joint and survivor annuity. If a participant retires from the plan this option includes a pop-up provision that returns the benefit to the single life annuity amount if the beneficiary predeceases the participant.

In lieu of the automatic form of payment, a married Participant may elect, with the spousal consent, to waive the qualified joint and survivor annuity and to receive an actuarial equivalent retirement benefit in the form of a single life annuity or 75% joint and survivor annuity. J&S options are with pop-up if service pension eligible.

A Participant may also elect to receive a lump sum. Benefits will be converted to lump sums based on an interest rate equal to the average 30-year Treasury bond yield for the middle month of the quarter preceding distribution and the mortality rates in Revenue Ruling 2001-62. Effective January 1, 2012, the applicable mortality table used for conversion will be the 417(e)(3) PPA mortality. The applicable interest rate used for conversion will be the 417(e)(3) PPA Interest Rate phased-in at 25% per year over four years beginning January 1, 2012. The applicable interest rate lookback month will be the middle month of the calendar quarter preceding distribution.

For determining the minimum lump sum under 417(e)(3), the interest rate lookback month will be November of the year preceding distribution.

An Enhanced Pension Offer (EPO) was provided to participants who are Management Employees as of December 10, 2014, as long as they do not become a Bargaining Unit Employee prior to termination and meet the Modified Rule of 75 as of March 31, 2015. Participants who elect the EPO must terminate employment by March 31, 2015 and elect an Annuity Starting Date of April 1, 2015, unless they are metered. The amount of the EPO benefit is their normal pension benefit under the Plan, increased by 10%.

Benefits not valued

No benefits are excluded that would materially affect the liabilities.

Summary of Plan Provisions
Mobility Bargained Program of the AT&T Component Part
of the AT&T Pension Benefit Plan (CWA District 6)

Employees eligible for participation

Any bargained employee who is regularly employed by a Participating Company and represented by CWA – District 6 will become a participant on the day after completing one Year of Service. This program was closed on January 1, 2009 to new hires and rehires.

Contributions

The Company will, from time to time, pay to the Trustee such sums of money as the enrolled actuary shall certify as the amounts necessary to provide the retirement income benefits specified by the Plan and to prevent the Plan from having an accumulated funding deficiency within the meaning of IRC Section 412. The Company may also provide additional sums of money to the Trustee as deemed appropriate.

Employee contributions are neither required nor permitted under the Plan.

Expenses

All expenses incurred in connection with the administration of the Plan and the Trust are paid by the fund to the extent they are not paid by the Company.

Definitions

Transferred employee

A former participant in the SBC Plan whose accrued benefit under the SBC Plan was transferred to the Plan.

Years of service

The Years of Service will be calculated on an elapsed time basis. For a Transferred Employee, vesting service credited under the SBC Plan shall be taken into account in determining Years of Service for vesting and participation.

Pension calculation service

For purposes of determining the participant's Accrued Benefit, Pension Calculation Service shall include employment with a Participating Company. A Transferred Employee's Pension Calculation Service credited under the SBC Plan shall be taken into account as Pension Calculation Service.

Term of Employment (also known as Net Credited Service)

The number of whole and fractional 12-month periods of employment in the service of a Participating Company. A Transferred Employee's pension eligibility service credited under the SBC Plan shall be taken into account as Net Credited Service.

Average supplemental earnings

The sum of a participant's commissions, in charge allowances, extra payments for temporary promotions, shift differentials and job differentials over the 36-month period divided by 3 that produces the highest annual average. Effective September 30, 2015, Success Sharing Plan Payments that are not contributed to an HRA are included in average supplemental earnings.

Special pension account (SPA)

For a SBC Transferred Participant eligible to retire as of December 31, 1999, a special pension account (SPA) was created at SBC equal to the lump sum value of the participant's December 31, 1999 retirement benefit assuming they retire on that date increased with interest to December 31, 2000 at 6.15%, and then frozen.

Service pension

Eligibility

Termination of employment after attaining age 65 with 10 years of Net Credited Service, age 55 with 20 years of Net Credited Service, age 50 with 25 years of Net Credited Service or 30 years of Net Credited Service.

Accrued benefit

A monthly benefit equal to the sum of the following:

- the Pension Band Amount shown in the tables for the pension band which applies to the participant's job title times Pension Calculation Service.
- the Supplemental Monthly Pension.

Supplemental monthly pension

.08% of Average Supplemental Earnings multiplied by Pension Calculation Service.

Reduction

After meeting eligibility for a Service Pension, a participant receives an immediate monthly pension, payable for life, equal to the Accrued Benefit, reduced for commencement prior to age 55. The reduction is ½% for each month prior to age 55 with less than 30 years of Net Credited Service and is unreduced with 30 or more years of Net Credited Service.

Date payments begin

The monthly pension commences on the first day of the month coinciding with or next following the date of retirement, subject to the provisions of IRC section 411(a)(11) and notice and election requirements under IRC section 417.

Termination benefit

Eligibility

Termination of employment after completing at least 5 Years of Service or five years of Net Credited Service, and before reaching eligibility for a Service Pension. However, effective January 1, 2010, if any part of the accrued benefit is determined as a Cash Balance Account or DLS Account then the Participant is eligible after 3 years of Vesting Service. Notwithstanding the preceding, all participants were fully vested as of the date of a qualified IRC section 420 transfer at SBC.

Benefit

The monthly benefit, payable as a straight life annuity starting on the participant's Normal Retirement Age (the later of age 65 or the fifth anniversary of plan participation), equals the participant's Accrued Benefit on the date of termination. The benefit is reduced if commenced prior to Normal Retirement Age.

Date payments begin

A participant who terminates employment and is eligible for the Termination Benefit receives a benefit commencing at Normal Retirement Age or at termination of service, if later. If the participant has sufficient service for early retirement eligibility, the Termination Benefit may commence early when the participant later meets the age requirements. The amount payable upon early retirement is equal to the Accrued Benefit, reduced based on commencement prior to age 65. A table of reduction factors is in the plan document.

Participants who transfer to the nonbargained plan

A participant who is transferred to the nonbargained plan continues to earn Years of Service under the plan for vesting and eligibility purposes. The pension band amount used in the determination of the participant's accrued benefit is frozen as of the date of transfer.

Surviving spouse benefit

Eligibility

Surviving spouse of an active vested participant or deferred vested participant in the event of the participant's death.

Benefit

The eligible spouse of an active participant who dies prior to Normal Retirement Age and before payments commence is entitled to one of the following benefits:

- If the participant dies with 3 or more Years of Service, has less than 15 years of Net Credited Service, and is not eligible for a Service Pension, the eligible spouse receives a deferred monthly survivor benefit for life beginning on the date the participant would have reached earliest eligibility to commence a Termination Benefit. The benefit is computed as though the participant had left service on the date of death, survived until the earliest eligibility to commence a Termination Benefit, retired at that time with the qualified survivor annuity option, and died the next day.
- If the participant dies eligible for a Service Pension or with 15 years of Net Credited Service, a surviving spouse receives a monthly survivor pension payable for life equal to 45% of the Accrued Benefit. The spouse's benefit will commence on the first day following the participant's date of death.

Effective March 28, 2008, these benefits are available as an actuarially equivalent lump sum.

Lump sum death benefit

For participants hired prior to January 1, 1990, the Plan provides a Lump Sum Death Benefit equal to the wages earned in the 12 month period ending on December 31, 1989. This benefit is paid if an eligible active employee dies due to sickness or non-job-related injury and is survived by an "Eligible Beneficiary" (spouse, dependent child, or dependent parent). The benefit is also paid if an eligible Service Pensioner dies and is survived by an Eligible

Beneficiary. Effective December 31, 2012, Grandfathered Special Death Benefits will not be paid from the pension trust for participants terminated prior to January 1, 2009. Effective December 31, 2016, Grandfathered Special Death Benefits will not be paid from the pension trust for participants terminated prior to January 1, 2013. Effective December 31, 2020, retiree death benefits will not be paid from the pension trust for participants terminated between January 1, 2013 and January 1, 2017 and that died on or after December 31, 2020.

Forms of payment

The normal form is a straight life annuity. The automatic form of payment for a Participant who is married at the benefit commencement date is a reduced qualified 50% joint and survivor annuity. If a participant retires from the plan this option includes a pop-up provision that returns the benefit to the single life annuity amount if the beneficiary predeceases the participant. The normal form with respect to all other participants is a single life annuity.

In lieu of the automatic form of retirement benefit, a married Participant may elect, with the spousal consent, to waive the qualified joint and survivor annuity and to receive an actuarial equivalent retirement benefit in the form of a single life annuity, a 75% joint and survivor annuity, or a 100% joint and survivor annuity. J&S options are with pop-up if service pension eligible. Effective January 1, 2009, retirement eligible participants have the option to receive a lump sum payment. For purposes of converting benefits to an annuity on an actuarial equivalent basis, the interest rate equals to the average 30-year Treasury bond yield for the middle month of the quarter preceding distribution.

Certain employees who transferred from a non-mobility bargained pension plan may be eligible for a lump sum form of payment in lieu of the normal form of retirement benefit with the appropriate spousal consent. Effective March 31, 2008, retirement eligible employees also have a lump sum option. Benefits will be converted to lump sums based on an interest rate equal to the average 30-year Treasury bond yield for the middle month of the quarter preceding distribution and the mortality rates in Revenue Ruling 2001-62. Some of these employees have a SPA which will be paid in the event that it is greater than the present value of their accrued benefit at termination. Effective January 1, 2013, the applicable mortality table used for conversion will be the 417(e)(3) PPA mortality and the applicable interest rate used for conversion will be the 417(e)(3) PPA Interest Rate at phased-in at the minimum required rate. The applicable interest rate lookback month will be the middle month of the calendar quarter preceding distribution.

For determining the minimum lump sum under 417(e)(3), the interest rate lookback month will be November of the year preceding distribution.

Benefits not valued

No benefits are excluded that would materially affect the liabilities.

Summary of Plan Provisions

Bargained Cash Balance Program of the AT&T Component Part of the AT&T Pension Benefit Plan

Employees eligible for participation

Any bargaining unit employee who is a member of a collective bargaining unit that has agreed to the terms of the BCB. If not a member at the time of agreement, the employee will become a participant on the day after completing one year of Period of Service.

Current bargaining units that have employees in the BCB program: AT&T Corp. (includes former SBC Global Services Inc.) (CA/NV and Customer Operations Specialists), AT&T Services, Inc. (National Internet Contract) - Tier 2.

Definitions

Period of service

The period from date of hire to severance from employment.

Vesting service

Vesting service is calculated on an elapsed time basis. For actives on January 1, 2010, accrued benefits will now be vested after three years.

Pension compensation

The sum of a participant's:

- Actual base pay
- Group incentive compensation (e.g., Team Award, STIP, etc.)
- Individual nondiscretionary incentive compensation (e.g., commissions)
- Individual Discretionary Awards (IDA)
- Success Sharing Plan payments that are not contributed to an HRA

Additional compensation (e.g., shift differentials, lump wages, etc.) is included for certain bargaining units.

Cash Balance benefit

The Cash Balance benefit earns benefit credits and interest credits as follows:

■ **Benefit credits**

5% of monthly pension compensation credited monthly.

■ **Interest credits**

Interest is credited to the Cash Balance Account monthly, and the effective annual rate is based on the average 30-year Treasury bond yield for the middle month of the prior quarter.

Forms of payment

If a participant terminates for any reason with at least 3 years of vesting service, they are eligible to receive their cash balance account in one of the available payment forms.

The normal form is a straight life annuity. The automatic form of payment for a Participant who is married at the benefit commencement date is a reduced qualified joint and survivor annuity, with 50% of the benefit continuing to the surviving spouse upon the earlier death of the Participant.

In lieu of the automatic form of payment, a Participant may elect, with the proper spousal consent, to receive an actuarial equivalent retirement benefit in the form of a single life annuity, a 75% joint and survivor annuity or, alternatively, a single lump sum payment of their cash balance account.

Cash balance accounts are converted to an annuity using the GATT mortality table (IRS Applicable Mortality Table pursuant to IRS RR2001-62) and the interest crediting rate at the time of conversion.

In case of death, the beneficiary can receive the cash balance amount at time of death in form of a lump sum payment.

Benefits not valued

No benefits are excluded that would materially affect the liabilities.

Summary of Plan Provisions
DIRECTV Program of the AT&T Component Part of the AT&T Pension Benefit Plan
Contributory Benefits of the DIRECTV Program

Employees eligible for participation

Any hourly or salaried U.S. employee of DIRECTV hired before August 2, 1990 is eligible to participate provided the employee completes one year of service and elected in writing by December 21, 1990 to participate in the contributory benefits structure set forth in this section.

No Contributory benefits will accrue after November 30, 2019. All Contributory participants will accrue under the Cash Balance benefit starting December 1, 2019.

Definitions

Benefit accrual service

For purposes of determining the participant's Accrued Benefit, Benefit Accrual Service shall include each month that the participant is employed by the company and contributes to the plan. As of July 1, 2010, contributions are no longer required to be made for purposes of determining Benefit Accrual Service.

Continuous service

For purposes of determining the participant's eligibility for benefits, Continuous Service is uninterrupted employment with DIRECTV or a member of the parent-subsidary group within the controlled group.

Vesting service

Vesting service is based on Continuous Service beginning with the participant's hire date. Accrued benefits are vested after completing three years of Vesting Service. Participant contributions, with interest, are always vested.

Projected benefit accrual service

Projected Benefit Accrual Service is calculated by projecting the Benefit Accrual Service to the participant's Normal Retirement Date.

Primary insurance amount

The Primary Insurance Amount for a Plan Year is the amount of the participant's primary Social Security benefit at age 65, projected as if the law in effect as of the end of the Plan Year remains in effect until the participant's date of termination.

Pensionable Pay

For purposes of determining the accrued benefit, Pensionable Pay includes base pay, company-paid time off (including vacation, holidays, bereavement, sick leave, jury duty, and military training), shift differential, overtime, bonuses, sales commissions, and certain company incentives.

Participant contributions

For a participant to earn Benefit Accrual Service, a Participant Contribution defined as 3.0% of Pensionable Pay is required to be made to the plan on an after-tax basis. As of July 1, 2010, Participant Contributions are no longer required or allowed.

Rule of 75

A participant has reached the Rule of 75 when the sum of the participant's whole years of continuous service and whole years of age is at least 75, and the participant is at least 55 years of age as of their separation from service.

Final average monthly compensation

For purposes of determining the accrued benefit, a participant's Final Average Monthly Compensation is defined as the average monthly Pensionable Pay during the highest-paid five years, out of the last 10 consecutive years worked. If the participant has less than 5 years of employment, Final Average Monthly Compensation means the average monthly Pensionable Pay for all years worked.

Final average compensation benefit

A monthly benefit, equal to the following:

- The product of 1.75% of Final Average Monthly Compensation and Benefit Accrual Service, reduced by
- The product of 1.50% of the monthly Primary Insurance Amount, Projected Benefit Accrual Service limited to 33-1/3 years, and the ratio of Benefit Accrual Service over Projected Benefit Accrual Service

Minimum benefit

A monthly benefit, equal to the product of the following:

- the sum of \$13.00 and 0.50% of Final Average Monthly Compensation
- Benefit Accrual Service

Career average benefit

A monthly benefit, equal to the sum of the following:

- Monthly accrued benefit as of December 31, 1985,
- 1/12th of 1.0% of Annual Pensionable Pay up to \$3,600 for each plan year after December 31, 1985,
- 1/12th of 2.0% of Annual Pensionable Pay in excess of \$3,600 for each plan year after December 31, 1985.

Retirement benefit

Eligibility

Termination from employment with a vested benefit and at least age 55.

Accrued Benefit

Monthly benefit equal to the greater of:

- the Final Average Compensation Benefit.
- the Minimum Benefit.
- the Career Average Benefit.

Reduction

After meeting eligibility for a Retirement Benefit, a participant receives a monthly pension, payable for life, equal to the sum of the Actuarially Equivalent amount of the Accrued Benefit at age 65 attributable to employer contributions, and the participant's contributions, with interest. The benefit is unreduced if the participant has reached the Rule of 75.

Withdrawal of contributions

At any time after termination from employment and prior to the commencement of a benefit, a participant may withdraw contributions made to the plan, with interest. Withdrawal of contributions and interest will reduce the monthly benefit received at commencement. Spousal consent is required for withdrawal of contributions.

Date payments begin

The benefit commences on the first day of the month following (if not coincident with) the date of retirement, or a later date if elected by the participant, no later than age 65.

Refund of participant contributions

In the event of a participant's death after the commencement of the Retirement Benefit, the designated beneficiary shall receive an amount equal to the excess, if any, of the participant's contributions, with interest, over the aggregate of all Retirement Benefit payments made until date of death.

Cost of Living Adjustment (COLA)

For participants terminating from employment on or after age 55, the monthly benefit amount received after commencement will be adjusted annually based on changes in the cost of living. The Cost of Living Adjustment (COLA) is based on the Consumer Price Index for September of the previous plan year, and is made each January 1st. The COLA can be either positive or negative, but can never increase or decrease more than 4.0%. Additionally, the benefit received can never be less than the amount originally received at commencement. A participant must commence by December 1 to be eligible for a COLA for the following January 1.

Deferred vested pension**Eligibility**

Termination of employment after completing at least 3 years of Vesting Service, but prior to reaching eligibility for a Retirement Benefit. Eligibility for the Accrued Benefit derived by contributions made by the participant is not subject to the Vesting Service requirement.

Benefit

The monthly benefit, payable as a single life annuity starting at age 65, equals the participant's Accrued Benefit on the date of termination from employment.

Date payments begin

A participant who terminates employment and is eligible for a Deferred Vested Pension receives a benefit commencing at age 65, or starting on or after age 55, subject to actuarial reduction.

Survivor benefit**Eligibility**

Surviving spouse or designated beneficiary of an active vested or deferred vested participant in the event of the participant's death.

Benefit

The monthly Accrued Benefit as of the date of the participant's death. The spouse of a participant whose death came before early retirement eligibility shall receive a benefit calculated as if the participant retired at the earliest possible date, elected to receive the 50% joint and survivor annuity form of payment and died the next day. The spouse of a participant whose death came when already eligible for early retirement shall receive a benefit calculated as if the participant elected to retire and receive a 100% joint and survivor annuity form of payment on the date prior to death. If commencement is prior to the participant's 65th birthday, and before the date the participant would have become eligible for retirement benefits, the benefit is actuarially reduced.

If the participant was not married or not vested at time of death, the participant's contributions, with interest, are to be paid in a lump sum to the designated beneficiary.

Forms of payment

The normal form of payment is a single life annuity. The automatic form of payment for a participant who is married at the benefit commencement date is a 50% joint and survivor annuity.

In lieu of the automatic form of payment, a married participant may elect, subject to the consent of the spouse, to receive an actuarial equivalent retirement benefit in the form of a single life annuity, 75% or 100% joint and survivor annuity, 5-year temporary modified cash refund, 5-year or 10-year certain and life annuity, 5-year or 10-year period certain annuity, or a social security adjustment option annuity.

The portion of the benefit attributed to Participant Contributions, with interest, may be taken as a lump sum.

Summary of Plan Provisions
DIRECTV Program of the AT&T Component Part of the AT&T Pension Benefit Plan
Non-Contributory Benefits of the DIRECTV Program

Employees eligible for participation

Any U.S. employee of DIRECTV is eligible to become a participant after one year of service. Those hired before August 1, 1990 were eligible on January 1, 1991, provided they never contributed to the plan for the benefits described in the Contributory benefits section above. Employees hired on or after December 1, 2001 are only eligible for the Cash Balance Benefit described below.

Employees hired or rehired on or after January 1, 2016 are not eligible to participate in the Plan.

The accrued benefits of bargained participants in the DIRECTV Program ceasing to be eligible for the DIRECTV Program and transferring to BCB2 will be frozen on the effective date of their transfer to BCB2. Interest credits will continue for their DIRECTV Program accrued benefits.

Any bargained employee from a participating bargaining unit (and associated NMNUs) hired/rehired according to the dates below will cease to be eligible for the DIRECTV Program.

- IBEW (DIRECTV Techs) (effective January 1, 2017)
- IBEW (DIRECTV Call Center – Mobility Yellow) (effective January 1, 2017)
- CWA District 3 (DIRECTV – Southeast Core Contract) (effective June 1, 2017)
- CWA District 4 (DIRECTV – Midwest Core Contract) (effective June 1, 2017)
- CWA District 6 (DIRECTV – Southwest Core Contract) (effective June 1, 2017)
- CWA (except Districts 3 and 6) (DIRECTV Call Center – Mobility Orange) (effective June 1, 2017)
- CWA District 3 (DIRECTV Call Center – Mobility Black) (effective June 1, 2017)
- CWA District 6 (DIRECTV Call Center – Mobility Purple) (effective June 1, 2017)
- CWA National Internet Contract – Tier 2 (DIRECTV Technical Support) (effective June 1, 2017)
- CWA AT&T Core Contract (DIRECTV OOR Techs) (effective June 1, 2017)
- CWA District 9 (DIRECTV – West Core Contract) (effective January 1, 2018)

Definitions

Benefit accrual service

For purposes of determining the participant's Accrued Benefit, Benefit Accrual Service shall include each month that the participant is employed by the company.

Continuous service

For purposes of determining the participant's eligibility for benefits, Continuous Service is uninterrupted employment with DIRECTV or a member of the parent-subsidary group within the controlled group.

Vesting service

Vesting service is based on Continuous Service beginning with the participant's hire date. Accrued benefits are vested after completing three years of Vesting Service.

Pensionable Pay

For purposes of determining the accrued benefit, Pensionable Pay includes base pay, company-paid time off (including vacation, holidays, bereavement, sick leave, jury duty, and military training), shift differential, overtime, bonuses, sales commissions, and certain company incentives.

Final average monthly compensation

For purposes of determining the accrued benefit, a participant's Final Average Monthly Compensation is defined as the average monthly Pensionable Pay during the highest-paid five years, out of the last 10 consecutive years worked. If the participant has less than 5 years of employment, Final Average Monthly Compensation means the average monthly Pensionable Pay for all years worked.

Social Security retirement age

For purposes of determining retirement benefit eligibility, a participant's Social Security Retirement Age is 65 if born prior to 1938, 66 if born between 1938 and 1954, and 67 if born after 1954.

Non-Contributory benefit

A monthly benefit, equal to the following:

- The sum of 1.50% of Final Average Monthly Compensation multiplied by Benefit Accrual Service up to 35 years, and 0.50% of Final Average Monthly Compensation multiplied by Benefit Accrual Service in excess of 35 years, reduced by
- The product of 0.60% of the lesser of monthly Social Security Covered Compensation and Final Average Monthly Compensation, and Benefit Accrual Service up to 35 years.

No Non-Contributory benefits will accrue after November 30, 2019. All Non-Contributory participants will only accrue benefits under the Cash Balance benefit starting December 1, 2019.

Cash Balance Benefit

A cash balance account where the opening account balance is equal to the following:

- Zero for Contributory and Non-Contributory participants on December 1, 2019
- 3.0% of Pensionable Pay from date of hire to date of participation, for employees who participate on or after July 1, 2010.
- 3.0% of monthly base pay on the date of participation multiplied by the number of whole months between hire date and participation date, for employees who participate on or after December 1, 2007, and before July 1, 2010.
- 2.0% of monthly base pay on the date of participation multiplied by the number of whole months between the later of December 1, 2006 and date of hire, and participation date, for employees who participate on or after December 1, 2006 and before December 1, 2007
- The sum of annual base pay and calendar year 2000 bonus or result-sharing paid in 2001, multiplied by the sum of service used to calculate the Non-Contributory Benefit through November 30, 2001 and up to one year of service before plan participation began, for employees who participate before December 1, 2001
- Employees who participate on or after December 1, 2001 and before December 1, 2006 do not receive an opening account balance since they receive company contribution credits upon their hire date.

The initial account balance of the Cash Balance Benefit is further increased by Company Contribution Credits and Interest Credits as follows:

▪ **Company contribution credit**

Company contributions to the Cash Balance Benefit account are made on a monthly basis and are equal to a percentage of monthly Pensionable Pay.

The percentage amount is based on years of service and participation date as follows:

- For participation dates on or after December 1, 2007:
 - 3.0% for year of service between 1 and 3,
 - 3.5% for years of service between 3 and 5, and
 - 4.0% for years of service 5 and after
 - For participation dates on or after December 1, 2006, and before December 1, 2007:
 - 2.0% for year of service between 1 and 3,
 - 3.0% for years of service between 3 and 5, and
 - 4.0% for years of service 5 and after
 - For participation dates before December 1, 2006: 4.0% for all years of service.
- **Interest credit**
- Interest is credited monthly to the account balance of the Cash Balance Benefit, at a rate based on the lesser of the 30-year Treasury bond yield for the month of August or October, prior to the plan year.

▪ **Retirement enhancement**

Participants eligible to receive the Cash Balance Benefit are subject to an enhancement of the Cash Balance Benefit account balance if the participant terminates employment within 3 years of Social Security Retirement Age, with at least 10 years of Continuous Service.

Retirement benefit

Eligibility

Termination from employment with a vested benefit and at least age 55.

Accrued benefit

For participants hired before December 1, 2001, the Accrued Benefit is the greater of:

- the Non-Contributory Benefit
- the Cash Balance Benefit.

For participants hired after November 30, 2001, the Accrued Benefit is the Cash Balance Benefit.

Reduction for Non-Contributory benefit

After meeting eligibility for a Retirement Benefit, a participant receives a monthly pension, payable for life, equal to the greater of the Actuarially Equivalent of the Accrued Benefit, or the Accrued Benefit, reduced by $\frac{1}{2}\%$ for each month that the commencement date precedes the participant's Social Security Retirement Age. The benefit is unreduced if the participant is within 3 years of Social Security Retirement Age and has at least 10 years of Continuous Service.

Date payments begin

The benefit commences on the first day of the month following (if not coincident with) the date of retirement, or a later date if elected by the participant.

Deferred vested pension

Eligibility

Termination of employment after completing at least 3 years of Vesting Service, but prior to reaching eligibility for a Retirement Benefit.

Benefit

The monthly benefit, payable as a single life annuity, equals the participant's Accrued Benefit on the date of termination from employment.

Date payments begin

A participant who terminates employment and is eligible for a Deferred Vested Pension may receive a benefit prior to age 65. The Non-Contributory Benefit is subject to actuarial reduction for commencement prior to Social Security Retirement Age.

Survivor benefit

Eligibility

Surviving spouse of an active vested or deferred vested participant in the event of the participant's death.

Benefit

The monthly Accrued Benefit as of the date of the participant's death. The spouse of a participant whose death came before early retirement eligibility shall receive a benefit calculated as if the participant retired at the earliest possible date, elected to receive the 50% joint and survivor annuity form of payment and died the next day. The spouse of a participant whose death came when already eligible for early retirement shall receive a benefit calculated as if the participant elected to retire and receive a 100% joint and survivor annuity form of payment on the date prior to death. If commencement is prior to the participant's 65th birthday, and before the date the participant would have become eligible for retirement benefits, the benefit is actuarially reduced.

If the Accrued Benefit as of the date of the participant's death would be the Cash Balance Benefit, the surviving spouse is eligible to receive a lump sum of the account balance or a corresponding annuity payment option.

Forms of payment

The normal form of payment is a single life annuity. The automatic form of payment for a participant who is married at the benefit commencement date is a 50% joint and survivor annuity.

In lieu of the automatic form of payment, a married participant may elect, subject to the consent of the spouse, to receive an actuarial equivalent retirement benefit in the form of a single life annuity, 75% or 100% joint and survivor annuity, 10-year certain and life annuity, 10-year period certain annuity, or a lump sum.

The lump sum benefit under the Cash Balance Benefit is equal to the Cash Balance Account.

Definitions

Vesting service

Vesting service is calculated on an elapsed time basis. Accrued benefits will now be vested after three years. Effective August 1, 2021, any participant who transitioned to DIRECTV Entertainment Holdings LLC from AT&T is 100% vested in their benefit.

Eligible compensation

The sum of a participant's:

- Actual base pay
- Group incentive compensation (e.g., Team Award, STIP, etc.)
- Individual nondiscretionary incentive compensation (e.g., commissions)
- Individual Discretionary Awards (IDA)
- Lump sum special payments
- Success Sharing Plan payments that are not contributed to an HRA
- Target Incentive Compensation

Cash balance benefit

After completing one year of Participation Service, the Cash Balance benefit earns basic credits, interest credits and supplemental credits as follows:

■ Basic credits

The basic credit equals eligible compensation multiplied by the age credit factor. The age credit factor is based on attained age at the end of the month in which credits are applied from the following age credit factor table (except as specified below):

Attained age	Age credit factor
under 30	1.75%
30-36	2.25%
37-43	2.75%
44-49	3.25%
50 & over	4.00%

- Effective January 1, 2015, for the participants represented by the following: CWA (AT&T Services, Inc. (National Internet Contract), Tier 1), and CWA (AT&T Services, Inc. (National Internet Contract), Tier 2)

■ **Interest credits**

Interest is credited to the cash balance account monthly at an effective annual rate of 4.5%.

■ **Supplemental credits**

The Supplemental credits equals eligible compensation in excess of the Social Security Wage Base, if any, multiplied by 2%.

Forms of payment

If a participant terminates for any reason with at least 3 years of vesting service, they are eligible to receive their cash balance account in one of the available payment forms.

The normal form is a straight life annuity. The automatic form of payment for a Participant who is married at the benefit commencement date is a reduced qualified joint and survivor annuity, with 50% of the benefit continuing to the surviving spouse upon the earlier death of the Participant. Cash balance accounts are converted to an annuity based on GATT mortality (IRS Applicable Mortality Table pursuant to IRS RR2001-62) and a 5% interest crediting rate.

In lieu of the automatic form of payment, a Participant may elect, with the proper spousal consent, to receive an actuarial equivalent retirement benefit in the form of a single life annuity or a 75% joint and survivor annuity. Effective January 1, 2010, if allowed under their current contract, participants may elect to receive a lump sum benefit.

In case of death, the beneficiary receives 50% of the benefit, as if the participant had elected a 50% qualified joint and survivor at the time of death. If allowed under the current contract, the beneficiary may elect a lump sum equal to the cash balance account.

Benefits not valued

No benefits are excluded that would materially affect the liabilities.

Summary of Plan Provisions

Management Cash Balance Program of the AT&T Component Part of the AT&T Pension Benefit Plan

Employees eligible for participation

Any US domestic management employee hired/rehired on or after January 1, 2006 for AT&T Mobility and January 1, 2007 for all other participating companies will become a participant the day after completing one year of Participation Service. This program was closed to new hires and rehires on or after January 1, 2015.

DIRECTV management employees with hire dates prior to January 1, 2016 transferring to an AT&T management position after July 24, 2015 will become an eligible employee under this program.

Definitions

Vesting service

Vesting service is calculated on an elapsed time basis. Accrued benefits are vested after three years.

Eligible compensation

The sum of a participant's:

- Actual base pay
- Group incentive compensation (e.g., Team Award, STIP, etc.)
- Individual nondiscretionary incentive compensation (e.g., commissions)
- Individual Discretionary Awards (IDA)
- Lump sum special payments
- Short Term Incentive Plan payments, paid on or after January 1, 2010, for participants promoted to officer level on or after January 1, 2009

Cash balance benefit

After completing one year of Participation Service, the Cash Balance benefit earns basic credits, interest credits and supplemental credits as follows:

■ **Basic credits**

The basic credit equals eligible compensation multiplied by the age credit factor. The age credit factor is based on attained age at the end of the month in which credits are applied from the following age credit factor table:

Attained age	Age credit factor
under 30	1.75%
30-36	2.25%
37-43	2.75%
44-49	3.25%
50 & over	4.00%

■ **Interest credits**

Interest is credited to the cash balance account monthly at an effective annual rate of 4.5%.

■ **Supplemental credits**

The Supplemental credits equals eligible compensation in excess of the Social Security Wage Base, if any, multiplied by 2%.

Forms of payment

If a participant terminates for any reason with at least 3 years of vesting service, they are eligible to receive their cash balance account in one of the available payment forms.

The normal form is a straight life annuity. The automatic form of payment for a Participant who is married at the benefit commencement date is a reduced qualified joint and survivor annuity, with 50% of the benefit continuing to the surviving spouse upon the earlier death of the Participant.

In lieu of the automatic form of payment, a Participant may elect, with the proper spousal consent, to receive an actuarial equivalent retirement benefit in the form of a single life annuity or a 75% joint and survivor annuity or lump sum.

Cash balance accounts are converted to an annuity based on GATT mortality (IRS Applicable Mortality Table pursuant to IRS RR2001-62) and a 5% interest crediting rate.

In case of death, the beneficiary receives 50% of the benefit, as if the participant had elected a 50% qualified joint and survivor at the time of death. The beneficiary may elect a lump sum equal to the cash balance account.

A Lump Sum Offer (LSO) was provided to participants meeting the Modified Rule of 75 as of December 30, 2013, provided they terminate employment by December 30, 2013 unless they are metered. The amount of the LSO lump sum was based on the full accrued benefit and calculated using an August 2012 lookback month for the lump sum conversion basis, if greater than the plan actuarial equivalence.

An Enhanced Pension Offer (EPO) was provided to participants who are Management Employees as of December 10, 2014, as long as they do not become a Bargaining Unit Employee prior to termination and meet the Modified Rule of 75 as of March 31, 2015. Participants who elect the EPO must terminate employment by March 31, 2015 and elect an Annuity Starting Date of April 1, 2015, unless they are metered. The amount of the EPO benefit is their normal pension benefit under the Plan, increased by 10%.

Benefits not valued

No benefits are excluded that would materially affect the liabilities.

Summary of Plan Provisions

WarnerMedia Component Part of the AT&T Pension Benefit Plan

Effective date

The original effective date of the Plan was January 1, 1954 established as the Time Employees' Pension Plan under predecessor Time Incorporated. The plan was renamed the Time Warner Employees' Pension Plan effective June 15, 1990. As of January 1, 2000, all assets and liabilities for participants of the Retirement Income Plan for Employees of Book-of-the-Month Club, Inc., the Southern Progress Pension Plan, the Sunset Publishing Corporation Pension Plan, the Time Distribution Services Retirement Plan, the Turner Entertainment Co. Frozen Defined Benefit Retirement Plan, the TWI/Music Pension Plan, the Warner Publishing Pension Plan, and the WEA Manufacturing Pension Plan were merged into the Time Warner Employees' Pension Plan and the plan was renamed the Time Warner Pension Plan – TWI. Effective Jan. 11, 2001, AOL Time Warner Inc. became the plan sponsor and the plan was renamed the Time Warner Pension Plan – AOLTW. On January 1, 2004, the Time Warner Pension Plan – TWE was merged into the Time Warner Pension Plan – AOLTW and the plan was renamed the Time Warner Pension Plan. As a result of the merger of Time Warner into AT&T, the plan was renamed the Warner Media, LLC Pension Plan in August 2018. On October 29, 2019, the name of the plan was changed to the AT&T/WarnerMedia Pension Benefit Plan. Effective December 31, 2019, the AT&T Pension Benefit Plan merged into the AT&T/WarnerMedia Pension Benefit Plan and the former Warner Media, LLC Plan became the WarnerMedia Component Part of the Plan. Effective January 1, 2021, the name of the merged plan changed to the AT&T Pension Benefit Plan (Plan). The provisions reflected in this report were used to value the Plan and may, in some instances, differ from the Plan.

Plan year

January 1 through December 31

Contributions

The Company will, from time to time, pay to the Trustee such sums of money as the enrolled actuary shall certify as the amounts necessary to provide the retirement income benefits specified by the Plan and to prevent the Plan from having an accumulated funding deficiency within the meaning of IRC Section 430. The Company may also provide additional sums of money to the Trustee as deemed appropriate.

Employee contributions are neither required nor permitted under the Plan.

Expenses

All reasonable expenses incurred in connection with the administration of the Plan and the Trust are paid by the fund to the extent they are not paid by the Company.

Employees eligible for participation

Any regular salaried full-time or part-time employee of an Employing Company paid on the U.S. payroll and not covered by a collective bargaining agreement (unless the agreement provides for participation) is eligible to participate in the Plan. Temporary and hourly employees who work at least 1,000 hours a year are eligible to participate in the Plan. Employees hired after June 30, 2009 and all others who were not participants by June 30, 2010 are not eligible to participate in the Plan. Effective April 8, 2022, participants impacted by the sale of WarnerMedia to Warner Bros. Discovery are treated as terminated employees (excluding employees of The CW Network, LLC) and have the right to commence their benefits, if they are eligible to do so under the terms of the plan.

Definitions**Vesting service**

Vesting service is computed on an elapsed time basis from date of hire by an Employing Company or Affiliate and includes any period for which severance payments from an Employing Company or Affiliate are received. Temporary and hourly employees are credited with a year of Vesting Service for each calendar year that 1,000 hours are worked.

Benefit service

For purposes of determining the participant's Accrued Benefit, Benefit Service includes the years and partial years (measured in months) of service with any Employing Company calculated from date of hire. A month of service is credited for any month the employee completes an hour of service. Temporary and hourly employees are credited with a year of Benefit Service for each calendar year that 1,000 hours are worked. Benefit Service is frozen as of June 30, 2010.

Compensation

For purposes of determining the Accrued Benefit, Compensation includes regular earnings including any bonus paid pursuant to a regular program, overtime or shift differential, commissions, elective 401(k) deferrals, contributions to a transportation reimbursement account and pre-tax contributions to an IRC section 125 plan. Compensation excludes any extra or additional compensation, deferred compensation, severance payments, and any compensation paid after December 31, 2013. Compensation is limited to the IRC Section 401(a)(17) compensation limits. Compensation shall not include any amounts attributable to services provided prior to the date an Employee became a Participant in the Plan.

Average Compensation

A participant's Average Compensation is the average of the highest five consecutive full calendar years of Compensation (or all years and partial years if fewer than five years available). Compensation in the final partial calendar year will be used instead of Compensation in the first of the five years if it results in a higher average. Average Compensation is frozen as of December 31, 2013.

Covered Compensation

Average of the Social Security Taxable Wage Bases (without indexing) in effect for each calendar year during the 35-year period ending in the calendar year of attainment of Social Security Retirement Age. Covered compensation is frozen as of December 31, 2013.

Normal Retirement Age

The later of (a) age 65 and (b) the earlier of (1) the completion of five years of Vesting Service and (2) the fifth anniversary of participation.

ERISA Grandfathered Participant

A participant who as of December 31, 1999 was an employee and had an accrued benefit under a Merged Plan.

Rule of 50 Participant

A participant who as of July 1, 2008 was an employee, had completed at least five years of Vesting Service, and for whom the sum of age (in years and months) and Vesting Service as of July 1, 2008 equaled or exceeded 50 years but was less than 65 years.

Rule of 65 Participant

A participant who as of July 1, 2008 was an employee, had completed at least five years of Vesting Service, and for whom the sum of age (in years and months) and Vesting Service as of July 1, 2008 equaled or exceeded 65 years.

65 Points Grandfathered Participant

A participant who as of December 31, 1999 was an employee and participant in a Merged plan, had a minimum of ten years of Benefit Service, and whose age plus Benefit Service (in years and months) at January 1, 2000 equaled or exceeded 65 years.

As of October 15, 2007, includes each participant in the Time Warner Employees' Pension Plan who was an employee on December 31, 1999, received no more than \$95,000 of compensation in 2006, and for whom the sum of age plus vesting service (in years and months) at January 1, 2000 equaled or exceeded 60 years.

Accrued Benefit – January 1, 2000 Formula

A monthly annuity benefit equal to one-twelfth of the sum of 1.25% of Average Compensation up to Covered Compensation and 1.67% of Average Compensation in excess of Covered Compensation, multiplied by Benefit Service, maximum of 30 years.

Frozen Accrued Benefit – June 30, 2008

A monthly annuity benefit calculated under the Accrued Benefit – January 1, 2000 Formula determined with Average Compensation, Covered Compensation and Benefit Service determined as of June 30, 2008.

The Frozen Accrued Benefit – June 30, 2008 for participants of the Sunset Publishing Corporation Pension Plan equals the sum of the benefit calculated under the Accrued Benefit – January 1, 2000 Formula as of June 30, 2008 with Benefit Service credited from the later of date of hire and January 1, 2000 plus the accrued benefit calculated under the terms of the Sunset Publishing Corporation Pension Plan as of December 31, 1999.

Future Service Lump Sum Benefit

For each participant who was an employee on June 30, 2008, a lump sum benefit equal to the sum of 10% of Average Compensation up to Covered Compensation and 13% of Average Compensation in excess of Covered Compensation multiplied by Benefit Service earned after June 30, 2008. In no event shall such Benefit Service exceed the greater of: 30 years minus the years of Benefit Service as of June 30, 2008, or 10 years.

The Future Service Lump Sum Benefit for Rule of 50 Participants includes an additional 2% of Average Compensation (i.e. replace 10% with 12% and replace 13% with 15% in the above formula).

The Future Service Lump Sum Benefit for Rule of 65 Participants includes an additional 3% of Average Compensation (i.e. replace 10% with 13% and replace 13% with 16% in the above formula).

The Future Service Lump Sum Benefit for a participant who was not an employee on June 30, 2008 is zero.

Total Service Lump Sum Benefit

For each participant who earns Benefit Service after June 30, 2008, a lump sum benefit equal to the sum of 10% of Average Compensation up to Covered Compensation and 13% of Average Compensation in excess of Covered Compensation multiplied by the participants full and partial years of Benefit Service, maximum 30 years.

The Total Service Lump Sum Benefit for Rule of 50 Participants includes an additional 2% of Average Compensation (i.e. replace 10% with 12% and replace 13% with 15% in the above formula).

The Total Service Lump Sum Benefit for Rule of 65 Participants includes an additional 3% of Average Compensation (i.e. replace 10% with 13% and replace 13% with 16% in the above formula).

The Total Service Lump Sum Benefit for a participant who does not earn Benefit Service after June 30, 2008 is zero.

Profit-Sharing Offset

The Profit-Sharing offset applies to participants who were employees as of December 31, 1977. The offset is the equivalent of the life annuity payable at age 60 which could be purchased for the participant with one-half of the balance attributable to Employing Company contributions in the participant's accounts in the Savings Plan as of December 31, 1977.

1975 Insurance Annuity Contracts

The Insurance Annuity Contracts No. 2281 between the Company and John Hancock Mutual Life Insurance Company and No. 1504 between the Company and Metropolitan Life Insurance Company, both effective March 1, 1975.

Retirement benefit

Eligibility

Termination from employment with a vested benefit and at least age 55 and 10 years vesting service.

Accrued Benefit

The Accrued Benefit is a monthly annuity equal to the greater of the following:

- the actuarial equivalent of the Total Service Lump Sum Benefit.
- the sum of:
 - the Frozen Accrued Benefit – June 30, 2008, and
 - the actuarial equivalent of the Future Service Lump Sum Benefit.

and is reduced by the following (if any):

- Profit-Sharing Offset.
- Benefits accrued and payable under the 1975 Insurance Annuity Contracts.

The Accrued Benefit of an ERISA Grandfathered Participant shall not be less than the benefit accrued as of December 31, 1999 under the provisions of the Merged Plan then in effect.

65 Point Grandfathered Participants receive an Accrued Benefit which is a monthly annuity equal to the greater of the following:

- the benefit determined under the applicable provisions of the Merged Plan prior to January 1, 2000.
- the Accrued Benefit - January 1, 2000 Formula.
- the sum of:
 - the benefit determined as of June 30, 2008 under the applicable provisions of the Merged Plan, and
 - the actuarial equivalent of the Future Service Lump Sum Benefit.

Reduction

For benefit commencement prior to Normal Retirement Age, early retirement factors are applied based on benefit commencement age and, if applicable, the Merged Plan for which the employee participated in. Generally, the reduction applied to the Future Service Lump Sum Benefit and the Total Service Lump Sum Benefit is $\frac{1}{3}$ of 1% for each month benefit commencement precedes age 62 (or age 65 depending on the Merged Plan the employee participated in). The reduction applied to the Frozen Accrued Benefit – June 30, 2008 and the Accrued Benefit – January 1, 2000 Formula is generally 6 $\frac{2}{3}$ % per year for the first 5 years and 3 $\frac{1}{3}$ % per year thereafter from age 62 (or age 65 depending on the Merged Plan the employee participated in).

Disability pension

Eligibility

An employee who prior to Normal Retirement Age has a permanent and total disability as defined by the Social Security Administration or who becomes eligible for the company's Long Term Disability Plan.

Benefit

Participants with fewer than 5 years Vesting Service receive their Accrued Benefit based on service and compensation as of the date of disability. Participants with 5 or more years Vesting Service receive their Accrued Benefit based on continued service through the period of disability up to the June 30, 2010 benefit service freeze date and continued compensation through the period of disability up to the December 31, 2013 compensation freeze date. The benefit is reduced for commencement prior to age 65.

Date payments begin

Benefits may begin the first of the month coincident or next following disability. Alternatively, participants can elect to defer commencement until benefits cease under the company's Long Term Disability Plan or any other date.

Termination benefit

Eligibility

Termination after completing at least 5 years of Vesting Service and before reaching Retirement Eligibility. All employees are fully vested at Normal Retirement Age. Special vesting rules apply to participants of the Plan prior to January 1, 2000 whose termination is due to a reduction in staff size, restructuring, or elimination of a job due to automation. A participant who terminates employment due to disability will be considered fully vested.

All participants who were transferred as part of the sale of the music manufacturing operations to Cinram (U.S.) Holdings, Inc., or an affiliate, are fully vested effective October 24, 2003. All "Post-Separation TWCable Employees" as defined in the May 20, 2008 Separation Agreement are fully vested as of the "separation date" as defined in the agreement. All "Post-Separation AOL Employees" as defined in the November 16, 2009 Employee Matters Agreement are fully vested as of the "distribution date" as defined in the agreement. All "Post-Separation Time Inc. Employees" are fully vested as of the "separation date" of Time Inc. from the company's controlled group.

Reduction

For benefit commencement prior to Normal Retirement Age, reduction factors from the plan document are applied based on benefit commencement age. The reduction applied to the Future Service Lump Sum Benefit and the Total Service Lump Sum Benefit is $\frac{1}{3}$ of 1% for each month benefit commencement precedes age 65. The reduction applied to the Frozen Accrued Benefit – June 30, 2008 and the Accrued Benefit – January 1, 2000 Formula is $6\frac{2}{3}\%$ per year for the first 5 years and $3\frac{1}{3}\%$ per year for the next 5 years from age 65. The portion of the Accrued Benefit (if any) determined under a Merged Plan is subject to reduction factors from that plan.

Date payment begins

Age 65 but can commence as early as age 55. ERISA Grandfathered Participants who participated in the Time Warner Employee's Pension Plan and had either 10 years of Vesting Service or whose termination is due to a reduction in staff size, restructuring, or elimination of a job due to automation, may commence the first day of any month following termination.

Death benefit**Eligibility**

Surviving spouse or designated beneficiary of a vested participant in the event of the participant's death.

Lump sum benefit

The surviving spouse or designated beneficiary is entitled to a lump sum benefit equal to 60% of the lump sum that would have been payable to the participant. The benefit is 100% of the lump sum that would have been payable for deaths after July 1, 2010 while either active or if the terminated participant was eligible for immediate commencement of benefits at termination. Payments commencing prior to the participant's age 55 are reduced by the applicable interest rate. In no event will the lump sum benefit to a surviving spouse be less than the actuarial equivalent of the annuity benefit described below.

Annuity benefit

The surviving spouse or designated beneficiary is entitled to a single life annuity equal to the actuarial equivalent of the lump sum benefit described above. In no event will the annuity benefit to a surviving spouse be less than the monthly benefit that would have been payable to the surviving spouse if the participant had retired or terminated his active employment on the earlier of his date of death or most recent termination of employment, commenced benefits in the form of a qualified 50% joint and survivor annuity and died on the day of commencement.

Forms of payment

The normal form is a straight life annuity. The automatic form of payment for a Participant who is married at the benefit commencement date is a reduced qualified 50% joint and survivor annuity.

In lieu of the automatic form of payment, a Participant may elect, with the proper spousal consent, to waive the qualified joint and survivor annuity and to receive an actuarial equivalent retirement benefit in the form of a single life annuity, a 50%, 75% or 100% joint and survivor annuity available to a non-spouse beneficiary, or a 5, 10, or 20-year certain and life annuity.

An employee participating in the plan on or after July 1, 2008 may also elect to receive a lump sum. Annuity formula benefits will be converted to lump sums based on the 417(e)(3) PPA mortality and applicable interest rate using a lookback month of November of the year preceding distribution.

Benefits not valued

No benefits are excluded that would materially affect the liabilities.

AT&T Pension Benefit Plan

2024 Schedule SB, Line 24 — Change in Non-Prescribed Actuarial Assumptions

Effective January 1, 2024, the changes in non-prescribed actuarial assumptions are as follows:

- The salary increase rates were adjusted by +2% over the current assumption for 2024 and +1% over the current assumption for 2025 for nonbargained employees to reflect future expectations. Previously, the salary increase rates for nonbargained employees were adjusted by +1% over the current assumption for 2023 and 2024.
- The assumed cost of living increase attributable to contributory DIRECTV retirees was changed from 2.4% to 2.3% to be consistent with expectations for long-term inflation.
- The expected long-term rate of return on assets for determining the Value of Plan Assets was changed from 7.50% to 7.75%. This change had no impact on the 2024 actuarial valuation results.
