To the management of BYK-Gardner USA 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit

We have performed an audit of the accompanying financial statements of the BYK-Gardner USA 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the BYK-Gardner USA 401(k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of December 31, 2024 and for the year then ended stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of BYK-Gardner USA 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about BYK-Gardner USA 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of BYK-Gardner USA 401(k) Plan's internal control. Accordingly, no opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about BYK -Gardner USA 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) - December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other

BYK-GARDNER USA 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. PLAN DESCRIPTION

Background - The BYK-Gardner USA 401(k) Plan (the "Plan"), as amended, is a defined contribution plan as described in the Internal Revenue Code ("IRC") section 401(k) sponsored by BYK-Gardner USA (the "Company"). The Plan was adopted on October 31, 1989 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). State Street Bank and Trust Company ("State Street Bank") is the trustee of the Plan and Transamerica Retirement Solutions ("Transamerica") is the recordkeeper of the Plan. CAPTRUST Financial Advisors provides investment advisory services to the Plan.

Amendments to the Plan - During 2021, the Company adopted amended and restated pre-approved plan documents which incorporated recent tax law changes and cumulative plan amendments. The effective date of such amended and restated documents is April 1, 2021.

The Plan has implemented certain provisions of the Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE Act"), which was signed into law on December 20, 2019. The SECURE Act raised the age for minimum distributions from 70 1/2 to 72 effective January 1, 2020. The SECURE 2.0 Act, which was signed into law during December 2022, raised the age for minimum distributions from 72 to 73 effective January 1, 2023.

During March 2020, the Plan implemented certain provisions of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"). For the year ended December 31, 2020, the CARES Act allowed certain eligible individuals to take coronavirus-related distributions, temporarily increased participant loan borrowing limits, allowed for the suspension of repayments on participant loans, and suspended required minimum distribution rules. Participants had the option of repaying distributions under the CARES Act within three years after the date the distribution was received; accordingly, such repayment period extended into 2023.

Written amendments to the Plan to reflect the operational changes in the SECURE 2.0 and CARES Acts will be adopted in accordance with applicable law and IRS guidance.

BYK-GARDNER USA 401(k) PLAN

1. PLAN DESCRIPTION (continued)

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

Eligibility - The Plan is available to all employees of the Company who have attained age 18 and completed two months of service, excluding employees of BYK USA (an affiliate with its own plan), independent contractors, foreign assignees from a subsidiary of ALTANA (the parent company of the plan sponsor), collectively bargained employees, nonresident aliens, leased employees, and employees of a controlled group or affiliated service group employer that does not adopt the Plan. An employee meeting eligibility requirements may elect participation in the Plan as of the first day of the following month.

Contributions and Vesting - Participants in the Plan may make pre-tax or Roth salary deferral contributions, referred to as employee deferral contributions, as defined in the Plan, or the section 401(k) maximum limitation (\$23,000 in 2024). Employees who attain age 50 are permitted to make catch-up contributions of up to \$7,500.

The Plan provides for an automatic enrollment feature, under which employee pre-tax deferral contributions are made at the rate of 3 percent of compensation for eligible employees, unless they elect not to contribute or to contribute a different percentage. This amount is automatically increased by 1 percent annually up to a maximum of 10 percent, unless the participant elects otherwise.

An eligible employee may also make a transfer to the Plan of a benefit from a qualified retirement plan of another employer with certain restrictions, referred to as employee rollover contributions.

Participants are fully and immediately vested in their own contributions and earnings thereon.

Employee contributions consisted of the following during the year ended December 31, 2024:

Employee pre-tax and Roth salary deferral contributions, including catch-up contributions	\$ 871,916
Employee rollover contributions	404,065
Total	<u>\$ 1,275,981</u>

BYK-GARDNER USA 401(k) PLAN

1. PLAN DESCRIPTION (continued)

The Plan provides for employer safe harbor matching contributions equal to 100 percent of the first 3 percent of salary deferral and catch-up contributions, plus 50 percent of the next 2 percent of salary deferral and catch-up contributions, up to a maximum of 4 percent of eligible compensation. Employer safe harbor matching contributions are remitted to the Plan on a payroll date basis and annualized with an aggregate true-up contribution remitted after year-end.

During the year ended December 31, 2024, the Company elected to make additional discretionary matching contributions under the ALTANA Participation Plan ("APP"). The APP discretionary employer matching contribution is based on the financial performance of ALTANA, as communicated annually to Plan participants. Participants of an Altana Equity Plan are excluded from receiving the APP. Discretionary matching contributions under the APP for the year ended December 31, 2024, which amounted to 14 percent of participants' elective deferral contributions up to a maximum of \$500 per participant, were remitted to the Plan and allocated to participants during March 2025.

The Company may also make additional annual discretionary matching contributions in an amount to be determined at Plan year-end by the Board of Directors. Additional matching contributions, if any, are allocated to participant accounts on a pro-rata basis according to eligible compensation. The Company elected to make additional discretionary matching contributions of 5 percent of eligible compensation for the year ended December 31, 2024. Such amount aggregated \$457,491 and was allocated to participants during March 2025, as described above.

Participants are immediately 100 percent vested in employer safe harbor matching contributions and earnings thereon. Participants vest in APP discretionary matching contributions and additional discretionary matching contributions and earnings thereon at the rate of 25 percent after 1 year of continuous service, 50 percent after 2 years, 75 percent after 3 years and 100 percent after 4 years of continuous service.

Employer contributions consisted of the following during the year ended December 31, 2024:

Employer safe harbor matching contributions	\$	360,868
Employer discretionary match under APP		43,096
Additional employer discretionary matching contributions		457,491
Employer contributions - net	\$	<u>861,455</u>

BYK-GARDNER USA 401(k) PLAN

1. PLAN DESCRIPTION (continued)

Employer contributions receivable consisted of the following as of December 31, 2024 and 2023:

	December 31, 2024	Compiled December 31, 2023
Employer safe harbor matching contributions	\$ 29,278	\$ 16,476
Employer discretionary match under APP	43,096	37,298
Additional employer discretionary matching contributions	457,491	367,563
Total	<u>\$ 529,865</u>	<u>\$ 421,337</u>

Forfeitures - When participants terminate employment prior to full vesting, the nonvested amounts in their individual accounts, referred to as forfeitures, may be used to reduce future employer contributions or to pay administrative expenses of the Plan. The Plan was amended during May 2025 restricting the use of forfeitures only to reduce future employer contributions.

During 2024, forfeitures in the amount of \$4,741 were used to fund a portion of employer safe harbor matching contributions.

Distributions to Participants - Distributions to participants are available upon the following events: termination of employment, retirement, attainment of age 59 1/2, death, or disability. A participant's benefit, consisting of his/her entire account balance, is paid in the form of a lump sum payment. Payment shall be made as soon as administratively feasible following the date on which the event occurs, provided, however, that the participant's consent is obtained for distributions of amounts in excess of \$1,000. For terminated participants with account balances of \$5,000 or less, in the absence of a payment election by the participant, the plan administrator may elect to distribute their account balance to an individual retirement account set up in his or her name. A participant with an account balance in excess of \$5,000 may elect to defer payment until April 1 following the calendar year in which the participant attains age 73 or terminates employment, whichever is later. The Plan also provides for hardship withdrawals to participants meeting certain requirements as described in the Plan agreement.

BYK-GARDNER USA 401(k) PLAN

1. PLAN DESCRIPTION (continued)

Upon enrollment in the Plan, participants are directed to designate a beneficiary or beneficiaries by completing a designation form. If a married participant designates someone other than their spouse as primary beneficiary, then the spouse must consent to this designation by signing the form and his/her signature must be witnessed by a Plan representative or a notary public. A participant's entire account balance is payable to the designated beneficiary upon his/her death.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate, which is determined by the Plan administrator based on one percent over the prime rate, remains fixed for the duration of the loan. Interest rates ranged from 4.25 percent to 9.5 percent per annum on loans outstanding during the year ended December 31, 2024. Principal and interest is paid ratably through payroll deductions over periods of 1 to 5 years. The repayment period may be extended for loan proceeds used for the purchase of a primary residence.

Administrative Expenses - A substantial portion of administrative expenses incurred in connection with the management of the Plan are paid by the Company. In accordance with Plan provisions, the Company may, at any time, elect to have some or all of such expenses paid by the Plan. Administrative expenses in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024 include certain trustee fees paid from plan forfeitures, fees charged by Transamerica related to plan administrative services, distributions to participants, administration of notes receivable from participants, and certain other transaction fees, which are charged directly to the participant's account. Investment income on mutual funds and the collective investment trust funds is reported net of investment related expenses.

Termination - The Company intends to continue the Plan indefinitely, but reserves the right to modify or discontinue it at its discretion, subject to applicable provisions of ERISA.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation - The Plan's policy is to prepare financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America for defined contribution plans.

BYK-GARDNER USA 401(k) PLAN

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in assets and liabilities, as well as disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further information regarding fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) in fair value include the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Risks and Uncertainties - The Plan provides for various participant-directed investment options in securities including mutual funds, interest-bearing cash accounts and collective investment trust funds. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. As a result of the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

Subsequent Events - The Plan has evaluated subsequent events through September 17, 2025, the date the financial statements were available to be issued (see Note 8).

BYK-GARDNER USA 401(k) PLAN

3. INCOME TAX STATUS

In June 2020, the Internal Revenue Service ("IRS") stated in an opinion letter that the prototype plan adopted by the Plan administrator was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter, however, the Plan administrator and management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Accordingly, they believe that the Plan was qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that would not likely be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. INVESTMENTS CERTIFIED BY THE TRUSTEE

The following information included in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023, and the supplemental schedule of assets (held at end of year) - December 31, 2024 was obtained from data that has been prepared and certified to as complete and accurate by State Street Bank, the trustee of the Plan:

	December 31, 2024	Compiled December 31, 2023
Investments, at fair value:		
Interest-bearing cash	\$ 2,226	\$ 4,742
Mutual funds	6,001,088	4,496,262

Notes receivable from participants	<u>\$ 248,195</u>	<u>\$ 117,061</u>

BYK-GARDNER USA 401(k) PLAN

4. INVESTMENTS CERTIFIED BY THE TRUSTEE (continued)

The following information included in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024 was obtained from data that has been prepared and certified to as complete and accurate by State Street Bank, the trustee of the Plan:

	Year Ended December 31, 2024
Investment income:	
Dividends on mutual funds	\$ 85,036
Net appreciation in fair value of mutual funds	\$ 794,071
Net investment gain on collective investment trust funds	\$ 1,878,896
Interest on interest-bearing cash	\$ 57
Other interest income:	
Interest income on notes receivable from participants	\$ 18,942

Interest-bearing cash - The State Street Bank & Trust Cash Reserve Account holds the Plan's unallocated forfeitures and cash reserve account.

Investments in mutual funds - The participant-directed mutual funds offer various investment options ranging from conservative funds which principally seek to preserve capital and provide fixed income to aggressive funds invested principally in common stocks which seek growth of capital over the long term.

Investment in collective investment trust funds - As of December 31, 2024 and 2023, the Plan's investments included collective investment trust funds as follows:

	December 31, 2024	Compiled December 31, 2023
BlackRock Lifepath Target Index Funds	\$ 10,154,241	\$ 10,278,697
BlackRock Lifepath Index Retirement O	3,575,409	2,873,222
Harbor Capital Appreciation CIT Class R	1,898,116	1,320,899
MFS Mid Cap Val Class CT	329,276	300,302
Reliance Trust/New York Life Anchor Account Class 0	1,303,198	1,233,810
State Street Real Asset Non-Lending Series Fund Class C	841,954	847,175
	<u>\$ 18,102,194</u>	<u>\$ 16,854,105</u>

BYK-GARDNER USA 401(k) PLAN

4. INVESTMENTS CERTIFIED BY THE TRUSTEE (continued)

The BlackRock Lifepath Index and other funds with varied retirement target dates invest in a variety of asset classes including global stocks, U.S. bonds, real assets and commodities. The Harbor Collective Investment Trust and the MFS Fund invest primarily in equity securities. The Reliance Trust/New York Life Anchor Account Class 0 has underlying investments which include a guaranteed insurance contract issued by New York Life. Reliance Trust Company, the trustee of such account, issues annual audited financial statements for the account, which describe how net asset value is determined for each class of the account. The State Street Real Asset Non-Lending Series Fund Class C invests in a diversified portfolio which includes commodities, global natural resource stocks, U.S. Real Estate Investment Trusts and U.S. Treasury Inflation Protected Securities. See Note 5 for a description of the collective investment trust funds stated at fair value.

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- * quoted prices for similar assets or liabilities in active markets;
- * quoted prices for identical or similar assets or liabilities in inactive markets;
- * inputs other than quoted prices that are observable for the asset or liability;
- * inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

BYK-GARDNER USA 401(k) PLAN

5. FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Interest-bearing cash - Interest-bearing cash is stated at the reconciled balance of the State Street Bank Cash Reserve Account held by the Plan.

Mutual funds - Investments in mutual funds are valued at the daily closing price (NAV) as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset NAV and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust funds - Investments are valued at the net asset value of units of the collective investment trusts. The net asset value is used as a practical expedient to estimate the fair value. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) in such collective investment trust funds may occur daily. If the Plan initiates a full redemption of the Reliance Trust/New York Life Anchor Account Class 0, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

BYK-GARDNER USA 401(k) PLAN

5. FAIR VALUE MEASUREMENTS (continued)

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023 (compiled):

	Assets at Fair Value as of December 31, 2024			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Interest-bearing cash	\$ 2,226	\$ -	\$ -	\$ 2,226
Mutual funds	6,001,088	-	-	6,001,088
Total assets in the fair value hierarchy	<u>\$ 6,003,314</u>	<u>\$ -</u>	<u>\$ -</u>	<u>6,003,314</u>
Investments measured at net asset value (a)				<u>18,102,194</u>
Investments at fair value				<u>\$ 24,105,508</u>

	Assets at Fair Value as of December 31, 2023 (compiled)			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Interest-bearing cash	\$ 4,742	\$ -	\$ -	\$ 4,742
Mutual funds	4,496,262	-	-	4,496,262
Total assets in the fair value hierarchy	<u>\$ 4,501,004</u>	<u>\$ -</u>	<u>\$ -</u>	<u>4,501,004</u>
Investments measured at net asset value (a)				<u>16,854,105</u>
Investments at fair value				<u>\$ 21,355,109</u>

(a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amount presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

BYK-GARDNER USA 401(k) PLAN

6. PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments include a cash reserve account managed by the trustee, State Street Bank, and a collective investment trust fund managed by State Street Global Advisors, an affiliate of the trustee. Administrative expenses in the accompanying statement of changes in assets available for benefits consist of fees paid to Transamerica in connection with its recordkeeping services. Amounts paid as indirect compensation to Transamerica are treated as a reduction of the investment income on the related mutual funds and collective investment trust funds. Transactions with the trustee, affiliates of the trustee, and service providers qualify as party-in-interest transactions; however, they are exempt from prohibited transaction rules under ERISA.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500, on which contributions are recorded on the cash basis:

	December 31, 2024	Compiled December 31, 2023
Net assets available for benefits per the financial statements	\$ 24,914,215	\$ 21,893,511

8. SUBSEQUENT EVENTS

The SECURE 2.0 Act of 2022 contains numerous provisions that impact 401(k) plans. These provisions, which will continue to take effect in years subsequent to 2024, address various issues including financial incentives to contribute to a retirement plan, automatic enrollment, required minimum distribution age, contribution limits and part-time worker access.
