## Report of Independent Auditors

Administrative Committee  
Friedkin Savings and Investment Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of Friedkin Savings and Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

**Shape the future  
with confidence**

## **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

**Shape the future  
with confidence**

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

**Shape the future  
with confidence**

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

## **Other Matter**

### *Supplemental Schedule Required by ERISA*

The supplemental schedule of assets (held at end of year) as of December 31, 2023 (referred to as the “supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

**Shape the future  
with confidence**

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# Friedkin Savings and Investment Plan

## Notes to Financial Statements

December 31, 2024

### 1. Description of Plan

The following description of the Friedkin Savings and Investment Plan (the Plan) is provided for general information purposes only. Participants should refer to the *Summary Plan Description* for more complete information, a copy of which is available from The Friedkin Group, Inc. (the Plan Sponsor).

#### General

The Plan is a defined contribution plan with salary deferral contributions as provided under Section 401(k) of the Internal Revenue Code (IRC) covering all eligible employees employed by the Plan Sponsor and its affiliates that have adopted the Plan (collectively known as the Company). The Plan allows immediate participation on the employee's date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

#### Contributions

An employee who is hired or rehired shall be automatically enrolled in the Plan as a participant and will be deemed to have elected to defer 3% of their compensation starting on the first paycheck following 15 days of employment, unless the participant elects to opt out of the Plan or to defer an alternative amount. Participants who are automatically enrolled in the Plan will have their automatic deferred percentage (Qualified Percentage) automatically increased by 1% each year on the first day of the first payroll period after their initial eligibility date until such deferral percentage equals 10%.

Participants may elect to contribute a whole percentage from 1% to 50% of eligible pretax compensation as defined by the Plan. The Company matches 100% of all participants' contributions, up to 4% of each participant's eligible compensation. The Plan allows Roth 401(k) contributions pursuant to Section 402A of the IRC. Participants may also contribute rollover contributions representing distributions from other qualified defined benefit and defined contribution plans.

The Company may also make an additional discretionary contribution to the Plan each year, as determined at the sole discretion of the Company's Board of Directors. There were no discretionary contributions made for the year ended December 31, 2024.

# Friedkin Savings and Investment Plan

## Notes to Financial Statements (continued)

### **1. Description of Plan (continued)**

Each participant may direct the trustee to invest both the participant's and the Company's contributions in one or more of the investment options offered by the Plan. If a participant is automatically enrolled, their contributions are invested in one of the age-based Fidelity Freedom funds until the participant changes their election.

#### **Benefit Payments**

Upon retirement, death, disability, or termination of employment for any reason, participants are entitled to the full amount of their account as of the benefit commencement date. A participant who is entitled to a benefit may elect to have the benefit paid as soon as administratively feasible in a lump-sum amount or in periodic installments. Participants may also receive a distribution in the event of financial hardship, as defined by the Plan. Benefits greater than \$1,000 can be deferred until retirement age (65). Participants who have attained age 59½ may receive in-service withdrawals from the Plan.

#### **Vesting**

Participants are immediately vested in their contributions plus actual earnings thereon. Participants become fully vested in their employer contribution account balances after completing two years of service.

#### **Forfeitures**

Upon termination of employment, participants forfeit their non-vested balances. Forfeited balances of terminated participants' non-vested accounts are used to reduce future Company contributions or pay plan expenses. Unallocated forfeited balances as of December 31, 2024 and 2023, were \$69,014 and \$221,602, respectively, and forfeitures used to reduce Company contributions during 2024 were \$418,043.

#### **Plan Termination**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants will become 100% vested in their accounts.

### Notes to Financial Statements (continued)

#### **1. Description of Plan (continued)**

##### **Participant Loans**

Each participant may borrow from their account a minimum of \$1,000, up to a maximum of the lesser of \$50,000 or 50% of their account balance. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participants' account and bear interest at prime plus 1%. Principal and interest are paid ratably through regular payroll deductions. Participants may have only one general purpose loan and one primary residence loan outstanding at any time. Participants may also initiate only one new loan per year.

##### **Administrative Expenses**

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Expenses that are paid by the Company are excluded from these financial statements.

#### **2. Summary of Accounting Policies**

##### **Basis of Accounting**

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (U.S. GAAP).

##### **Payment of Benefits**

Benefit payments are recorded when paid.

##### **Use of Estimates**

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and schedule. Actual results could differ from those estimates.

### **2. Summary of Accounting Policies (continued)**

#### **Notes Receivable From Participants**

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

#### **Investment Valuation and Income Recognition**

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned, and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought, sold, and held during the year.

#### **Risks and Uncertainties**

The Plan provides for investments in various investment securities, which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participants' account balances.

### **3. Investments**

Certain investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2024 and 2023, and net appreciation in fair value of investments, investment income and interest on notes receivable from participants for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (Fidelity), the trustee of the Plan.

#### 4. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets or liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in markets that are not active;
- Observable inputs other than quoted prices that are used in the valuation of the assets or liabilities (i.e., interest rate and yield curve quotes at commonly quoted intervals);
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

The following is a description of the valuation techniques and inputs used for each general type of assets measured at fair value:

*Mutual funds* – Valued at published market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end.

## Friedkin Savings and Investment Plan

### Notes to Financial Statements (continued)

#### 4. Fair Value Measurements (continued)

*Common/collective trust fund (CCT)* – Valued at the NAV of units held by the Plan at year-end as reported by the fund manager.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by fair value hierarchy level, the Plan’s assets carried at fair value:

	<b>Assets at Fair Value as of December 31, 2024</b>			
	Level 1	Level 2	Level 3	Total
Plan investments:				
Mutual funds	\$ 180,128,163	\$ –	\$ –	\$ 180,128,163
Total assets in the fair value hierarchy	\$ 180,128,163	\$ –	\$ –	
Investments measured at NAV <sup>(a)</sup>				221,974,062
Total Plan investments				\$ 402,102,225

	<b>Assets at Fair Value as of December 31, 2023</b>			
	Level 1	Level 2	Level 3	Total
Plan investments:				
Mutual funds	\$ 157,286,489	\$ –	\$ –	\$ 157,286,489
Total assets in the fair value hierarchy	\$ 157,286,489	\$ –	\$ –	
Investments measured at NAV <sup>(a)</sup>				194,881,504
Total Plan investments				\$ 352,167,993

- (a) This includes a common collective trust fund that is primarily invested in guaranteed investment contracts and synthetic investment contracts. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the fund. In addition to this CCT, this includes Target Date funds, a type of common collective trust fund that allocates investment assets based on maturity date in order to coincide with the eligible participant’s date of retirement. These funds hold a mix of international equity, bond, and real estate index funds. Participant-directed redemptions have no restrictions.

## Friedkin Savings and Investment Plan

### Notes to Financial Statements (continued)

#### **5. Tax Status**

The Plan has received a determination letter from the IRS dated December 3, 2013, stating that the Plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the IRC.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### **6. Related-Party and Party-in-Interest Transactions**

Certain investments of the Plan are managed by Fidelity, the trustee of the Plan. As described in Note 1, the Plan paid certain expenses related to plan operations to various service providers. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

#### **7. Subsequent Events**

The Company has evaluated subsequent events through October 2, 2025, which is the date the accompanying financial statements were available to be issued.

## Report of Independent Auditors

Administrative Committee  
Friedkin Savings and Investment Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of Friedkin Savings and Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

**Shape the future  
with confidence**

## **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

**Shape the future  
with confidence**

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

**Shape the future  
with confidence**

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

## **Other Matter**

### *Supplemental Schedule Required by ERISA*

The supplemental schedule of assets (held at end of year) as of December 31, 2023 (referred to as the “supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

**Shape the future  
with confidence**

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Notes to Financial Statements

December 31, 2024

### 1. Description of Plan

The following description of the Friedkin Savings and Investment Plan (the Plan) is provided for general information purposes only. Participants should refer to the *Summary Plan Description* for more complete information, a copy of which is available from The Friedkin Group, Inc. (the Plan Sponsor).

#### General

The Plan is a defined contribution plan with salary deferral contributions as provided under Section 401(k) of the Internal Revenue Code (IRC) covering all eligible employees employed by the Plan Sponsor and its affiliates that have adopted the Plan (collectively known as the Company). The Plan allows immediate participation on the employee's date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

#### Contributions

An employee who is hired or rehired shall be automatically enrolled in the Plan as a participant and will be deemed to have elected to defer 3% of their compensation starting on the first paycheck following 15 days of employment, unless the participant elects to opt out of the Plan or to defer an alternative amount. Participants who are automatically enrolled in the Plan will have their automatic deferred percentage (Qualified Percentage) automatically increased by 1% each year on the first day of the first payroll period after their initial eligibility date until such deferral percentage equals 10%.

Participants may elect to contribute a whole percentage from 1% to 50% of eligible pretax compensation as defined by the Plan. The Company matches 100% of all participants' contributions, up to 4% of each participant's eligible compensation. The Plan allows Roth 401(k) contributions pursuant to Section 402A of the IRC. Participants may also contribute rollover contributions representing distributions from other qualified defined benefit and defined contribution plans.

The Company may also make an additional discretionary contribution to the Plan each year, as determined at the sole discretion of the Company's Board of Directors. There were no discretionary contributions made for the year ended December 31, 2024.

## Friedkin Savings and Investment Plan

### Notes to Financial Statements (continued)

#### **1. Description of Plan (continued)**

Each participant may direct the trustee to invest both the participant's and the Company's contributions in one or more of the investment options offered by the Plan. If a participant is automatically enrolled, their contributions are invested in one of the age-based Fidelity Freedom funds until the participant changes their election.

#### **Benefit Payments**

Upon retirement, death, disability, or termination of employment for any reason, participants are entitled to the full amount of their account as of the benefit commencement date. A participant who is entitled to a benefit may elect to have the benefit paid as soon as administratively feasible in a lump-sum amount or in periodic installments. Participants may also receive a distribution in the event of financial hardship, as defined by the Plan. Benefits greater than \$1,000 can be deferred until retirement age (65). Participants who have attained age 59½ may receive in-service withdrawals from the Plan.

#### **Vesting**

Participants are immediately vested in their contributions plus actual earnings thereon. Participants become fully vested in their employer contribution account balances after completing two years of service.

#### **Forfeitures**

Upon termination of employment, participants forfeit their non-vested balances. Forfeited balances of terminated participants' non-vested accounts are used to reduce future Company contributions or pay plan expenses. Unallocated forfeited balances as of December 31, 2024 and 2023, were \$69,014 and \$221,602, respectively, and forfeitures used to reduce Company contributions during 2024 were \$418,043.

#### **Plan Termination**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants will become 100% vested in their accounts.

# Friedkin Savings and Investment Plan

## Notes to Financial Statements (continued)

### **1. Description of Plan (continued)**

#### **Participant Loans**

Each participant may borrow from their account a minimum of \$1,000, up to a maximum of the lesser of \$50,000 or 50% of their account balance. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participants' account and bear interest at prime plus 1%. Principal and interest are paid ratably through regular payroll deductions. Participants may have only one general purpose loan and one primary residence loan outstanding at any time. Participants may also initiate only one new loan per year.

#### **Administrative Expenses**

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Expenses that are paid by the Company are excluded from these financial statements.

### **2. Summary of Accounting Policies**

#### **Basis of Accounting**

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (U.S. GAAP).

#### **Payment of Benefits**

Benefit payments are recorded when paid.

#### **Use of Estimates**

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and schedule. Actual results could differ from those estimates.

# Friedkin Savings and Investment Plan

## Notes to Financial Statements (continued)

### **2. Summary of Accounting Policies (continued)**

#### **Notes Receivable From Participants**

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

#### **Investment Valuation and Income Recognition**

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned, and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought, sold, and held during the year.

#### **Risks and Uncertainties**

The Plan provides for investments in various investment securities, which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participants' account balances.

### **3. Investments**

Certain investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2024 and 2023, and net appreciation in fair value of investments, investment income and interest on notes receivable from participants for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (Fidelity), the trustee of the Plan.

#### 4. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets or liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in markets that are not active;
- Observable inputs other than quoted prices that are used in the valuation of the assets or liabilities (i.e., interest rate and yield curve quotes at commonly quoted intervals);
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

The following is a description of the valuation techniques and inputs used for each general type of assets measured at fair value:

*Mutual funds* – Valued at published market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end.

#### 4. Fair Value Measurements (continued)

*Common/collective trust fund (CCT)* – Valued at the NAV of units held by the Plan at year-end as reported by the fund manager.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by fair value hierarchy level, the Plan’s assets carried at fair value:

	<b>Assets at Fair Value as of December 31, 2024</b>			
	Level 1	Level 2	Level 3	Total
Plan investments:				
Mutual funds	\$ 180,128,163	\$ –	\$ –	\$ 180,128,163
Total assets in the fair value hierarchy	\$ 180,128,163	\$ –	\$ –	
Investments measured at NAV <sup>(a)</sup>				221,974,062
Total Plan investments				\$ 402,102,225

	<b>Assets at Fair Value as of December 31, 2023</b>			
	Level 1	Level 2	Level 3	Total
Plan investments:				
Mutual funds	\$ 157,286,489	\$ –	\$ –	\$ 157,286,489
Total assets in the fair value hierarchy	\$ 157,286,489	\$ –	\$ –	
Investments measured at NAV <sup>(a)</sup>				194,881,504
Total Plan investments				\$ 352,167,993

- (a) This includes a common collective trust fund that is primarily invested in guaranteed investment contracts and synthetic investment contracts. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the fund. In addition to this CCT, this includes Target Date funds, a type of common collective trust fund that allocates investment assets based on maturity date in order to coincide with the eligible participant’s date of retirement. These funds hold a mix of international equity, bond, and real estate index funds. Participant-directed redemptions have no restrictions.

#### **5. Tax Status**

The Plan has received a determination letter from the IRS dated December 3, 2013, stating that the Plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the IRC.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### **6. Related-Party and Party-in-Interest Transactions**

Certain investments of the Plan are managed by Fidelity, the trustee of the Plan. As described in Note 1, the Plan paid certain expenses related to plan operations to various service providers. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

#### **7. Subsequent Events**

The Company has evaluated subsequent events through October 2, 2025, which is the date the accompanying financial statements were available to be issued.
